15-Cent Windmills Booklet

Description. The 15-cent Windmills booklet will be placed on sale February 7, 1980, at Lubbock, TX 79408. The Windmills booklet contains two panes of ten 15-cent stamps which will sell for \$3.00. This booklet will only be sold over the counter.

Do Not Sell Before February 8, 1980

Copyright U.S. Postal Service 1979

Size: .57 x .72 inches.

Color: Brown on yellow stock.

Books: 2 panes of 10 15-cent stamps.

Designer: Ronald C. Sharpe.

Collectors. First-day cover cancellations may be obtained by one of the following methods:

a. Customer Affixing Stamps. Customers are encouraged to purchase stamps or panes of stamps at local post offices and affix them to their own envelopes. A size 10 envelope (4 1/8 x 9 1/2 inches) is required for the pane stamps. All envelopes must be addressed. Peelable address labels are recommended and a filler card of postal card thickness should be inserted in each cover. Orders must be postmarked by February 22, 1980, and should be addressed to: First Day Cancellations, Postmaster, Lubbock, TX 79408. No remittance is required.

b. Postal Service Affixing Stamps. Request first day cancellations from Windmills Stamp, Postmaster, Lubbock, TX 79408 (see POM 244.53). The request must be postmarked not later than February 22, 1980. Only full panes removed from books will be serviced and affixed at customer request. A size 10 envelope (4 1/8 x 9 1/2 inches) is required for pane stamps. Remittance is required for the face value of each stamp.

Select United States mint stamps will be available at the Philatelic Sales Branch, Washington, DC 20265, beginning February 8, 1980.

Supply. All post offices under the automatic distribution will receive an initial supply of the Windmills booklet. Stamp distribution offices will receive approximately 1,200 books (4 boxes) for each package of 5,000 commemorative stamps, excluding four-position. Post offices with over 949 revenue units will receive approximately 900 books (3 boxes) for each package of 5,000 commemorative stamps, excluding four position. There will be no automatic distribution by stamp distribution offices. Post offices requiring additional stock should submit requisitions (Form 3356, *Stamp Requisition—Bulk Quantities*) to the Bureau of Engraving and Printing on their next scheduled requisitioning date, using item **639**. Orders should be for quantities of 300, 600, 900, 1,500, 3,000, and 4,500 and multiples of 4,500 to a maximum of 135,000 booklets per requisition. The current \$3.60 (Holmes) and \$2.40 (Rose) stamp booklets will be phased out of production with the issuance of this item. Therefore, postmasters should sell any excess inventories of the current books before stocking a full supply of the Windmills booklets.

Less-than-bulk Quantities. Offices requiring less-than-bulk quantities of books may requisition these items from their designated stamp distribution office using a separate Form 17, *Stamp Requisition—Customer Services Dept.*, 12-27-79.

Installation of Additional Lockboxes

This emphasizes the communications that ensure timely installation of additional lockboxes. Generally, the services of the Field Real Estate and Buildings Office (FREBO) are required when the project cost exceeds \$2,000 and/or involves rearrangement or extensive modification of the lockbox lobby.

1. The request for services for lobby modification is initiated by the postmaster/installation head through the sectional center manager to the district manager.

2. If the request is disapproved or must be budgeted for a future year, the postmaster is promptly notified of the decision.

3. If the request is approved, the district manager submits the request for services to the FREBO. The FREBO advises the district manager of the schedule for project completion within 30 calendar days.

4. The district manager transmits the schedule to the postmaster and simultaneously advises the Procurement Services Office of the schedule.

5. Any changes in the schedule are reported by the FREBO to the district manager, who informs the postmaster.—*Real Estate & Buildings Dept.*, 12-27-79.

Designer: Jerry Pinkney.

Collectors. First-day cover cancellations may be obtained by one of the following methods:

a. Customers Affixing Stamps. Customers are encouraged to purchase stamps at post offices and affix them to their envelopes. All envelopes must be addressed. Peelable address labels are recommended and a filler card of postal card thickness should be inserted in each cover. Orders must be postmarked by March 1, 1980, and should be addressed to: First Day Cancellations, Postmaster, Annapolis, MD 21401. No remittance is required.

b. Postal Service Affixing Stamps. Request first-day cancellations from: Benjamin Banneker Stamp, Postmaster, Annapolis, MD 21401 (see

International Mail—Country Name Change

The area formerly known as the Gilbert Islands has been renamed Kiribati. Effective immediately, postal union mail and parcel post may be accepted for mailing to Kiribati and should be addressed to show the country name as *Kiribati*.

Conditions for mailing and postal rates presently prescribed in Publication 42, *International Mail*, in the entry in Appendix B for the Gilbert Islands are applicable for mail sent to Kiribati. Pending revision of Publication 42, make a write-in change on the entry in Appendix B for the Gilbert Islands to indicate the country name change.—*Rates & Classification Dept.*, 12-27-79.

POM 244.53). Requests must be postmarked no later than March 1, 1980. Remittance is required for the face value of each stamp.

Selected United States mint stamps will be available at the Philatelic Sales Branch, Washington, DC 20265 beginning February 16, 1980.

Supply. All post offices under the automatic distribution system will receive an initial supply of Benjamin Banneker, item 479. Before requisitioning additional stamps consider that the stock should be depleted prior to April 15, 1980, at all post office outlets—except designated philatelic windows and postal stores.

Post offices with 950 or more revenue units requiring additional bulk quantities: immediately submit Form 17, Stamp Requisition, to your regional accountable paper depository. **Do not submit** Form 3356, Stamp Requisition—Bulk Quantities, to the Bureau of Engraving and Printing.

All post offices requiring additional stamps in less than bulk quantities: requisition on separate Form 17, *Stamp Requisition*, from stamp distribution office.

Panels. A limited number of 8½ by 11¼-inch commemorative series stamp panels will only be available through mail order from the Philatelic Sales Branch, Washington, DC 20265. The panels are printed on heavy art paper suitable for mounting.—*Customer Services Dept.*, 12-27-79.

Third-Class Carrier Route Presort

On December 4, 1979, the Governors of the Postal Service rejected the Recommended Decision of the Postal Rate Commission in Docket No. MC78-2, issued on November 28, 1979. The Board of Governors authorized the Postal Service to resubmit the request for a third-class carrier route presort subclass to the Postal Rate Commission for reconsideration and a further recommended decision.

The Postal Service resubmitted its request at 4:12 p.m. on December 4, 1979. As authorized by the Board of Governors, and pursuant to 39 U.S.C. § 3641(e), the temporary changes initially published in the Federal Register on January 18, 1979 (44 FR 3797), which have been in effect since January 28, 1979, and which will continue through December 28, 1979, will again take effect at 4:12 p.m. (EST) on January 3, 1980, if the Postal Rate Commission has not transmitted its further recommended decision by that time.—*Rates & Classification Dept.*, 12-27-79.

Publication 65 Disposal

Postmasters, Management Sectional Center managers, and all other postal installations should immediately dispose of all remaining 1979 National ZIP Code and Post Office Directories, Publication 65, in stock.

We recommend that MSC Managers recall all 1979 copies of the Directory from associate offices, classified stations and branches and dispose of them as trash. When practical, remove directory covers before disposal to eliminate re-use. Outdated ZIP Code directories are never to be sold or distributed.

Postmasters/MSC Managers should discontinue immediately the sale of the 1979 edition of Publication 65 (NZC&POD) in all retail units. The 1980 Directory will be shipped to postal installations after the Christmas holiday.

Retail managers and employees should record the name and phone number of customers requesting directories during this moratorium, and contact them when the 1980 edition is available in January.—*Delivery Services Dept.*, 12-27-79.

Rate Retention for Non-Bargaining Employees

With establishment of a single salary schedule for all non-bargaining employees, the rate retention procedures contained in 410 of the Employee and Labor Relations Manual (ELM) are being changed. The rules applicable to protected rates and saved rates are being combined. Indefinite salary protection will apply to all cases of nondisciplinary, involuntary reductions to lower grade positions.

Effective January 12, 1980, the rate retention procedures contained in ELM 410 are revised, and all EAS employees with a saved rate or a 104-week protected rate will have that rate converted to an **indefinite protected rate**, in accordance with the following procedures:

1. Full-Time Position

When an employee, who is not demoted, is involuntarily placed by management in an established position of lower grade, the employee continues to be paid the annual salary received in the higher grade as a **protected rate**, even though the employee may be reduced further in grade at a later date.

2. Part-Time Position (including EAS A-E postmasters)

a. When an employee, who is not demoted, is involuntarily changed by management from a full-time to a lower grade part-time position or from one part-time position to another part-time position of equivalent or lower grade with fewer established hours of service, the employee continues indefinitely to receive the hourly rate in effect prior to the change. After a period of 104 weeks, the annual salary is then adjusted to compensate for the change in service hours, as follows:

$$(1) \frac{\text{Old Annual Salary}}{\text{Old Service Hours}} = \text{Hourly Rate}$$

$$(2) \text{Hourly Rate} \times \text{New Service Hours} = \text{New Annual Salary}$$

b. The hourly rate, as determined above, becomes the **protected hourly rate** which continues indefinitely regardless of the assigned hours of service in the future.

c. When a part-time employee with a protected rate is reduced further in grade within 104 weeks of the previous reduction, the annual salary in effect prior to the first reduction con-

tinues for the balance of the initial 104 week period. It is then adjusted in accordance with 2.a. to the annual rate applicable to the assigned hours of the first reduction for the balance of the second 104 week period. The salary is then further adjusted to compensate for the assigned hours of service of the final position.

3. Involuntary placement

The nondisciplinary placement of an employee by management into a lower grade is neither a disciplinary action nor a demotion. It is, however, an adverse action and must be handled in accordance with the grievance and appeals procedures in 650.

4. Voluntary Changes in Assignment

Rate retention is not applicable to changes made voluntarily by the employee for personal convenience.

5. Effect on Promotion

If an employee who has a protected rate is assigned to a different position, the assignment is not a promotion for purposes of pay adjustment unless the assignment is to a position with a grade higher than the grade on which the protected rate was established. On such a reassignment, the employee is placed at a salary in the new grade equal to the existing salary.

6. Termination of Protected Rate

a. *Reason for Termination.* A protected rate ceases at the beginning of the pay period following a determination that the employee is no longer entitled to rate retention for any one of the following reasons:

(1) A break in service of 1 work day or more.

(2) A demotion or voluntary change to a lower grade position.

(3) A promotion or assignment change to a salary rate in a grade or range equal to or above the Protected Rate.

(4) A change in compensation of the employee, for any reason, to a rate equal to or higher than the protected rate.

(5) The employee refuses a reasonable assignment to a higher-grade position.

b. *Salary Adjustment.* When a protected rate is terminated for reasons other than those described in 6.a.(3) and (4), above, the employee's salary

Lockbox Security Fix

Some lockboxes manufactured by Auth Electric Company have a potential deficiency. The boxes, manufactured under contract number 104230-78-H-301, are 1800 and 2900 series. All number 3 modules (4 boxes per module) and many number 2 modules (8 boxes per module) are affected.

The problem can be corrected by the installation of plastic stops to secure mail sorted into these boxes. Retrofit Kits will be available to area maintenance offices (AMOs) in March 1980. The Maintenance Technical Support Center will issue a Maintenance Bulletin to give AMO personnel necessary instructions for requisitioning and installing the kits.

Every facility that has these lockboxes should prepare a work order, giving the total quantity of number 2 and number 3 modules in the facility, so that enough Retrofit Kits are available.—*Delivery Services Dept., 12-27-79.*

is reduced to that which would be in effect if it had been reduced by the initial action to the same relative percentile point (adjusted to the next higher step, if appropriate) in the new grade as the former salary was in the previous grade.

c. *Same Relative Percentile Point.* An employee's salary, which is reduced to the same relative percentile point by a change to lower grade, is calculated in the following manner:

(1) Subtract the minimum of the higher grade from the employee's salary.

(2) Subtract the higher grade minimum from the higher grade maximum.

(3) Divide (1) by (2) to determine the percentile point of the employee's salary in the higher grade.

(4) Subtract the lower grade minimum from the lower grade maximum and multiply the difference by the percentile point determined in (3).

(5) Add the result determined in (4) to the lower grade minimum. This sum is the salary in the lower grade which is at the same relative percentile point as the salary in the higher grade.—*Employee Relations Dept., 12-27-79.*

ALIEN ADDRESS REPORT—1980

Section 265 of the Immigration and Nationality Act of 1952 requires aliens residing in the United States on January 1, 1980, to report their current addresses to the Commissioner of the Immigration and Naturalization Service (INS) within the period January 1-31, 1980.

All post offices throughout the United States, Guam, Puerto Rico, and the U.S. Virgin Islands will participate in the annual Alien Address Report Program by distributing Forms I-53, Alien Address Report Cards, to aliens from January 1 through January 31, 1980. The responsibility for completing and signing a card, placing a stamp on the address side, and dropping it in a mail box rests with the alien. Form AR-11, *Change of Address Card*, cannot be used to comply with the requirements of Section 265 of the Act.

1. Distribution. INS has mailed to each postmaster a quantity of Forms I-53 based on estimates of the alien population of the area served by the post office. MSC managers have received an additional quantity to be used for emergency distribution to associate offices on request. Postmasters who failed to receive a supply of cards or whose supplies become exhausted during the reporting period should request additional cards from their MSCs. MSCs can obtain additional supplies from the nearest INS office.

The cards must not be handed out to aliens prior to January 1, 1980 or after January 31, 1980

2. Availability. Forms I-53 will be available at service windows of main post offices, classified stations, and classified branches.

3. Responsibility. Postal employees advise customers requesting Forms I-53 that 10¢ in postage must be affixed to each card before it is mailed and offer to sell customers the necessary stamps. Employees must not instruct customers on how to fill out Form I-53; all inquiries should be referred to the nearest INS regional or district office.

4. Delayed Registration. The official reporting period is January 1-31, 1980. Direct any alien who attempts to file a report after January 31 to the nearest INS office. On Feb-

ruary 1, 1980, dispose of all unused Forms I-53 as waste.

5. Lobby Display. INS has distributed posters M-82 for display in the lobbies of all classified units. Postmasters must display these posters January 1-31, 1980.

6. Reporting Overages and Shortages. All retail units which experience shortages or significant overages of Forms I-53 notify their MSCs by February 15, 1980, specifying the amount of the shortage or overage. MSCs compile lists of all shortages or significant overages in their areas and send them to the Facilities and Equipment Branch, USPS Headquarters, Washington, DC 20260, by February 28, 1980.

7. INS Field Offices. The following are the mailing addresses for the regional and district offices of the Immigration and Naturalization Service:

Express Mail Delivery

When Express Mail cannot be delivered on weekends or holidays, the article is redelivered by carrier on the regular delivery trip on the next delivery day. The employee attempting delivery on weekends or holidays completes Form 3849-A, *Delivery Notice or Receipt*, for Express Mail. The name and address of the unit where the article is being held **must** be shown on the form (see example below).

If initial delivery is attempted from a facility other than the usual delivery facility for the delivery address, the article should be kept at the initial delivery facility until the latest opportunity for its transfer to the usual delivery facility. This will enable the

addressee to call for the article before its redelivery. A record of the article should be kept at the initial delivery facility, even after the article is transferred, so that the addressee can learn the article's whereabouts if a call is received.

When completing Form 3849-A, draw a line through the words "For special delivery articles" and place checks in the Express Mail block and the block for the notation "If not called for at Post Office before carrier begins his regular trip, he will deliver it to you." See example below:

Appropriate changes will be made in Handbook M-68, *Express Mail Service*, Form 3849-A, and Form 3849-B, *Delivery Reminder Receipt*.

Accident Log

Form 1772, *Accident Log*, is now available from the Eastern and Western Area Supply Centers. Offices that need the form may order it from their area supply center on Form 7380, *Requisition for Supplies*, in accord-

ance with established requisitioning procedures. The form is to be used by each office, i.e., MSC, associate office, station, branch, etc., to record accident experience.—*Employee Relations Dept.*, 12-27-79.

Release of Information—Annual Report

The U.S. Postal Service is required by 39 C.F.R., 265.9 to submit to the U.S. Congress a report concerning the administration of the *Freedom of Information Act* (FOIA) for each calendar year.

Who Must Submit a Report?

A Records Custodian must submit a report if he has declined to release information requested under the Freedom of Information Act.

A Records Custodian is a postmaster, or head of an activity or of a group or department of Headquarters, who is responsible for maintaining official USPS records.

Submission of Reports

Reports are to be submitted to the Records Officer, USPS Headquarters, 475 L'Enfant Plaza, SW, Washington, DC 20260, on or before January 25, 1980. The report will be clearly marked **FOIA Annual Report**.

Contents of the Report

1. Reason for Denial—Reference a specific section(s) of the regulation in the Administrative Support Manual 352. Only sections 352.42 through 352.47 are to be referenced.
2. Give name and title or position of USPS records custodian responsible for denial.
3. Give number of determinations not to comply with FOI requests made during Calendar Year 1979.

Please submit the required information in the following format:

Sample Report Format

Reason for denial (1)	Name and title of custodian (2)	Denials (3) ¹
352.42b.....	Mr. John Doe Postmaster Little Ark., MO	3
352.42c(6)....	Mr. John Doe Postmaster Little Ark., MO	7
352.451.....	Mr. John Doe Postmaster Little Ark., MO	1

¹ Number of denials based on this reference.

VACANT REGULAR RURAL ROUTES LISTING NO. 80-4

The vacant rural routes listed below will be posted for bid in accordance with the USPS-NRLCA 1978 National Agreement, Article 30.5, nine calendar days after the date of this POSTAL BULLETIN. Those rural carriers having special bidding rights as defined in the USPS-NRLCA 1978 National Agreement, Article 30.1.D, may apply for vacant rural routes by submitting their bids to the post office where the vacancy occurs on or prior to the closing date of the posting. Rural carriers with special bidding rights may request additional information from the post office where the vacancy occurs.
