17-Cent Electric Car Coil Stamp

The 17-Cent Electric Car coil stamp will be placed on sale June 25, 1981, at Greenfield Village, MI 48120.

DO NOT SELL BEFORE JUNE 26, 1981

COPYRIGHT U.S. POSTAL SERVICE 1981

Issued in coils of 500 and 3,000. Collector information will be found on page 9.

Supply. There is no automatic distribution being made of this stamp. Post offices are to order sufficient quantities to meet philatelic demand. Please refer to Section 163.523, Domestic Mail Manual, for the sales policy regarding coil stamps for philatelic purposes.

Bulk quantities. Post offices with 950 or more revenue units requiring more than 30 coils of 500 and 5 coils of 3,000 of this issue should order from the Bureau of Engraving and Printing on Form 3356, Stamp Requisition-Bulk Quantities. Order in the following quantities: coils of 500—50, 100, 150, 200, 400, and multiples of 400 to maximum of 2,000 using item 767; coils of 3,000—8, 16, 24, 32, 64, and multiples of 64 to maximum of 128, using item 768.

Less than bulk quantities. Post offices with 950 or more revenue units requiring 30 coils or less of this issue and all other offices should immediately submit a separate Form 17, Stamp Requisition, to their designated stamp distribution office.—*Customer Services Dept., 6-4-81.*

Congressional Bulk Mailings

Congressional Districts in many states are in the process of being adjusted. Under the law, when a redistricting plan is proposed, a Congressman may mail to any new territory to be added to his district as well as to the area constituting the district from which he was elected. This may result in situations where more than one Member of Congress will be entering bulk mailings for delivery to the same postal customers. All post offices should be aware of this possibility and particular care must be taken to ensure delivery in every case. When sent by any Member of Congress under franking privilege, delivery must be effected for all Congressional bulk mailings according to the facing slips accompanying such mailings.—*Government Relations Dept., 6-4-81.*

Preventing Damage to Philatelic Mail

Increasing numbers of stamp collectors are obtaining postal covers—envelopes and post cards—bearing first day of issue, first flight, pictorial, and special die hub cancellations. Postal employees responsible for the processing and delivery of all mail need to be aware that these philatelic pieces require and deserve extra care in handling. Precautions must be taken to avoid any damage to the covers, or any markings (backstamping, delivery endorsements, or pen and dauber marks) being applied other than the requested cancellation.

Postmarking equipment should be maintained in operable condition, cleaned regularly, and properly dated so that sharp legible cancellations are provided for philatelic mail. The postmark should lightly touch the stamp, with just enough pressure to cancel it.

Proper inking is essential—too much ink, as well as too little, can spoil a cover. Black ink only should be used except when the customer requests another color in use for regular postmarking at the processing facility.

Philatelic pieces should not be used as the top or bottom piece in a bundle of mail, wrapped tightly with a rubber band, bent, folded, or rolled. Covers which are wrinkled or creased and those with torn or ragged edges lose their attractiveness and value.

Further details on the proper procedures for philatelic postmarking, including types of postmarks, permissible canceling devices, and hand back service regulations, are in the *Domestic Mail Manual* (Section 164) and the *Postal Operations Manual* (Section 244).—*Customer Services Dept. 6-4-81.*

P-6 Revision

EMPLOYEE SUGGESTION PROGRAM

Safety is of paramount concern to the Postal Service. It is appropriate to use the suggestion program to obtain good safety ideas and practices from our employees and to increase employee awareness of safety. Installation heads are encouraged to make use of the suggestion program to the maximum extent possible to improve safety performance. To emphasize this, make pen and ink changes in Handbook P-6, *Employee Suggestion Program*. The bold type indicates the changes.

Section II,A,2—"A description of a weakness in the present way of doing things, documenting existence of the problem in the U.S. Postal Service, and estimating the cost of the present system in terms of **safety**, service, time, money, materials, tools, public relations or what-

ever measure is appropriate."

Section II,A,3—"A recommendation for change to:

a. Improve safety performance, personal, industrial and vehicle

b. Improve service to the public

c. Do a job better, faster or cheaper

d. Simplify or improve tools, methods, or procedures

e. Conserve materials, money, manpower or property

f. Move the mail faster or easier"

This information will be incorporated in a future revision of Handbook P-6.—*Employee Relations Dept., 6-4-81.*

National Letter Mail Index

PO-869-1, *National Letter Mail Index Sample Design*, was recently issued with a misprinted cover; the identifier on it was PO-861-1 rather than PO-869-1. New covers with the correct identifier will be distributed to the organizations that received the initial distribution. In the meantime, change the present cover to read PO-869-1.—*Information Resource Management, 6-4-81.*

Carrier Timecard Analysis Forms

Revised Form 1840-B, *Carrier Timecard Analysis*, February 1981, is available in the area supply centers, and may be ordered on Form 7380, *Requisition for Supplies*. Destroy unused forms of the previous issues of the 1840-B upon receipt of the February 1981 edition.

Instructions for the completion and use of Form 1840-B are found in the 1981 edition of Handbook M-39, *Management of Delivery Services*.—*Delivery Services Dept., 6-4-81.*

ASM Revision

Nonmetered Heating Fuel

Effective June 5, 1981, offices with nonmetered fuel requirements estimated not to exceed 2000 gallons annually may purchase their requirements locally, using local purchasing authority. For heating fuel only, the dollar limitation is the total price for filling the tank (not to exceed 2000 gallons annually). The Procurement Services Office will continue to buy quantities exceeding 2000 gallons annually—locally if between 2000 and 10,000, or from Defense Fuel Supply Center if over 10,000 gallons. Consideration should be given to filling tanks during the summer months when better prices may be obtained.

This change will be included in a future revision to the ADMINISTRATIVE SUPPORT MANUAL.—*Procurement & Supply Dept., 6-4-81.*

UNIFORM PROGRAM—LICENSED VENDOR LIST

Each of the following uniform vendors has received a vendor's license since distribution of Publication 136,

Licensed Vendor Listing. These lists must be posted where they are readily available for employees to read.

18-Cent International Year of Disabled Persons Commemorative Stamp

The 18-cent Disabled Persons commemorative postage stamp will be placed on sale June 29, 1981, at Milford, MI 48042.

DO NOT SELL BEFORE JUNE 30, 1981

COPYRIGHT U.S. POSTAL SERVICE 1981

Issued in Panes of 50.

Collector information will be found on page 11.

Supply. All post offices under the automatic distribution system will receive a supply of this stamp. However, some post offices will receive less than the normal distribution quantities automatically furnished on a 50-subject commemorative. Since the total quantity of this stamp is being distributed automatically, *no supplemental requisitions will be honored at the Bureau of Engraving and Printing for item 492. Post offices may not receive this stamp before first day.* Distribution will be made as fast as production facilities will permit.

Post offices requiring additional stamps in less than bulk quantities should immediately requisition on a separate Form 17, Stamp Requisitions, from their stamp distribution office.—*Customer Services Dept., 6-4-81.*

Official Mail Postage Meters

Post offices serving Federal government agencies using Official Mail postage meters should watch for postage deficiencies as well as irregularities in preparation and dating, and take corrective actions required by DOMESTIC MAIL MANUAL (DMM) 144.534 and .54. When checking for the proper amount of postage, note that Federal government agencies are not entitled to use non-profit rates or Fourth-Class Library Rate.

Delivery post offices must collect postage due on short-paid metered Official Mail which originates at another post office and is addressed to a private business, organization or individual in accordance with DMM 137.273a (9) and 146.13. The situations in which postage due is not to be collected on metered short-paid Official Mail are described in DMM 146.4.

Regulations governing all aspects of Official Mail postage meters are found in DMM 137.273a and 144.—*Finance Dept., 6-4-81.*

International First Flight Cachet

On July 1, 1981, Northwest Orient Airlines will begin first flight service between New York, NY and the following cities:

Washington, DC
Chicago, IL
Tokyo, Japan
Taipei, Taiwan
Kuala Lumpur, Malaysia

Official cachet and philatelic treatment are authorized as outlined in POSTAL OPERATIONS MANUAL 244.63.

To prepare and send covers for official philatelic treatment for this service, observe the following procedures:

1. Address all covers.
2. Applicable rate of postage per cover is 40 cents per half ounce.
3. Allow a clear space, 2½ by 2½ inches, on the lower portion of the envelope and to the left of the address for the cachet.
4. Provide an additional clear space of 1½ inches to the left of the innermost stamp to permit a clear postmark.
5. Include in each envelope a uniform enclosure of the approximate thickness of a postal card to assure a good impression.
6. Enclose the prepared covers in another envelope and address as follows:

Cachets to be applied by:	Send covers to:
New York City Post Office	Postmaster General Post Office New York, NY 10001
United Nations Post Office	Superintendent United Nations Post Office Room 1B-26 United Nations Headquarters New York, NY 10017
Kennedy International Airport Mail Facility	Philatelic Mail Clerk Airport Mail Facility Kennedy International AMF Jamaica, NY 11430
Washington City Post Office	Postmaster Washington, DC 20013
Dulles International Airport Mail Facility	Operations Manager Dulles AMF Washington, DC 20041
Chicago City Post Office	Postmaster Chicago, IL 60607
O'Hare Airport Mail Facility	Operations Manager Airport Mail Facility O'Hare International Airport Chicago, IL 60666

7. Endorse the lower left corner of the outer envelope containing the covers with the words *First Flight Covers* for easy identification.

8. Mail the covers to reach the office applying the cachet no later than three days prior to the scheduled date of the flight.

9. Aerogrammes and postal cards will not be accepted. Covers bearing previous postmarks and those not properly prepared in accordance with these instructions will not receive cachets or cancellations.

There will be a limit of 50 covers per customer.—*Customer Services Dept., 6-4-81.*

POM Revision

HANDLING OF MAIL

A new section 424.14 is being added to the POSTAL OPERATIONS MANUAL (POM), effective immediately. It will be included in a future revision.

424.14 Handling of Employees' Personal Mail Addressed to Their Work Location.

.141 Policy. Postal employees must not receive personal mail at their place of employment. Mail addressed to an employee at any postal facility's address is generally considered to be addressed to and intended for the Postal Service rather than the employee.

.142 Personal Mail to Employee. Any item of mail addressed to an employee at a postal facility's address, which is known or appears to be intended for the employee personally, may be refused, but must not be opened. (See 424.144.)

.143 Mail to Employee in an Official Capacity. Any item of mail addressed to an employee at a postal facility's address, which is known or appears to be intended for the Postal Service or for the employee in his or her official capacity, may be opened by the Postal Service, without the employee's knowledge or consent, after it is delivered to that facility. (See 424.144.)

.144 Exceptions.

a. Official USPS mail or circulars and other mail or circulars that appear to relate to postal employment (such as mail or circulars from the employee unions or from postal uniform vendors) and are intended for individual employees, must be delivered without being opened.

b. In the case of an apparent emergency, the Postal Service must accept delivery of personal mail addressed to an employee, and the head of the facility must attempt to deliver the mail to the employee.

424.15 Requests for Employees' Names and Work Location Addresses.

.151 Policy. Upon written request, the Postal Service must, to the extent required by law, provide a list of postal employees working at a particular postal facility.

.152 Handling Requests. The head of the facility receiving a request must immediately forward the request to the USPS Records Officer, 475 L'Enfant Plaza, SW, Washington, DC 20260, for processing.—*Operations Group, 6-4-81.*

INTERNATIONAL MAIL—NEW REGULATIONS AND FEES

In order to cover increases in services costs and in accordance with actions taken at the 1979 Congress of the Universal Postal Union the following new regulations and fees applicable to international mail will be effective July 1, 1981.

The new fees and charges are to be collected effective July 1, 1981.

New Regulations

a. Registered Mail—Indemnity. The maximum indemnity payable on a registered item mailed after July 1, 1981 is \$25.20. The maximum indemnity payable on registered items mailed to Canada will remain at \$200.

b. Indemnity—Theft or Damage. Most postal administrations will pay indemnity for total theft or total damage to the contents of registered mail. The following countries have taken exception to this new provision and will not pay.

Bangladesh	Mauritania
Belgium	Mexico
Benin	Niger
India	Senegal
Ivory Coast	Togo
Madagascar	Turkey
Mali	Upper Volta

Brazil will not pay indemnity for total damage on registered mail.

c. Computer Printers. Printed Matter reproduced by computer printers will be acceptable at the international printed matter postage rates.

d. Customs-Douane C-1 Preprinted Facsimile. Postal customers may use envelopes or wrappers bearing a preprinted facsimile of the Customs-Douane C-1 label.

The preprinted facsimile must be the same size as the C-1 label (Form 2976) provided by the Postal Service. The declaration of contents, gift or merchandise, value and weight may also be preprinted. Below is a same-size facsimile of the Customs-Douane C-1.

PS Form 2976
Jan. 1980

New Fees

a. International Reply Coupons. The selling price of international reply coupons will increase to 65 cents each. The new coupons have the selling price printed on them. Stamp distribution offices must submit a Form 17, *Stamp Requisition*, to their regional accountable paper depository for a three accounting period supply of the new 65 cent coupons.

All other post offices must requisition international reply coupons from their designated stamp distribution office. The quantity requisitioned should not exceed a six weeks supply. A separate postal bulletin notice will provide instructions for disposing of the 42 cent coupons.

b. Customs Clearance and Delivery Fee. The customs clearance and delivery fee will increase to \$2.50. This fee must be collected from the addressee of every postal union article and international parcel on which customs duty is collected.

c. Recall or Change of Address Fee. The fee for recalling or changing an address on international mail is increased to \$1.65.

d. Shortpaid Mail—Handling Charge. The handling charge on incoming foreign shortpaid mail (T-Mail) is increased to 42 cents. International surface and airmail exchange offices will apply this charge when they compute the shortpaid amount.

e. Storage Charges. The following new storage charges will be effective July 1, 1981.

For Values Under \$10,000:

First 10 days..... \$0.30 per day
 After First 10 days..... .55 per day

For Values Over \$10,000:

Number of storage charge days	Rate per day	Total
1.....	\$0.30	\$0.30
2.....	.30	.60
3.....	.30	.90
4.....	.30	1.20
5.....	.30	1.50
6.....	.30	1.80

58.....	7.65	201.00
59.....	7.80	208.80
60.....	7.95	216.75

These new regulations and fees will be included in the new International Mail Manual.—Rates & Classification Dept., 6-4-81.

International Mail—Thailand

The postal administration of Thailand has advised that it will not accept small packets or parcels addressed to P.O. Box 11-1360 and to refugee camps in Thailand. The International Committee of the Red Cross, which acts as intermediary, has had to suspend the forwarding of such items to refugees.—Rates & Classification Dept., 6-4-81.

GREEN SECURITY POUCHES MUST BE RETURNED TO CONCENTRATION POINTS—NOT STORED IN HAMPERS

DOMESTIC MAIL MANUAL (DMM) REVISIONS

Establishment of New Branches

This notice rescinds DMM 113.123 (a) and (b), which specified a 20-mile limit and 1,500 minimum population rule for establishment of new branches outside the corporate limits of cities where a main post office is located.

Eliminating these restrictions permits increased use of MSC managers' judgment about cost effective facility deployment—for example, in establishing branches to serve high growth suburban areas, or in consolidating offices, where a classified branch or community post office would be well suited to community mailing needs.

Effective immediately, DMM 113.123 is revised as follows:

.123 Branches. Classified, contract and rural personnel and nonpersonnel branches are established where needed within the service limits of an independent post office. Units established outside the corporate limits of the city, town, or village where the main post office is located are designated as *branches*. If the parent post office is located in an unincorporated city, town, or community, all postal units administratively attached to that post office are designated as branches. (*Operations Group*.)

Prohibition of Special Services With Business Reply Mail

Questions have been raised concerning Special Services available on business reply mail. No special services may be used in conjunction with business reply mail. In order to avoid confusion, DMM 917.1 is amended to state that fact specifically, as follows:

917.1 Description. Business reply service enables mailers to receive mail back from individuals by paying postage and fees on only the mail that is returned to them from their original mailings. Postage and fees for such mail are collected at the post office to which the business reply mail is addressed before it is delivered to the original distributor. Specially printed business reply cards, envelopes, cartons, and labels are distributed by mailers for use in sending mail to the distributor without prepayment of postage. **No special services may be used in conjunction with business reply mail.**

Postage Refund Procedures for Unused Meter Stamps

Internal Postal Service procedures concerning the processing of postage refund applications, which were announced in POSTAL BULLETIN 21183 (3-29-79), were inadvertently omitted from the DMM. Therefore, effective immediately, DMM 147.26 is renumbered as 147.28. Sections 147.26 and 147.27, as follows, are inserted in the DMM:

.26 Processing Refund Applications for Postage and Fees Paid by Postage Stamps, Meter Impressions, or Permit Imprints

.261 At offices with 950 or more revenue units, the accepting employee will:

- a. Review the application and supporting papers.

- b. If a refund is due, complete the *Verification of Refund* on Form 3533, *Application For Voucher For Refund of Postage and Fees*.

- c. Pay the applicant in cash from official funds on hand, if practicable to do so and the refund is made in person.

- d. Have the payee sign the receipt on Form 3533.

- e. If requested, or if refund is to be mailed, pay by Treasury check, or, if less than \$400.00, by no fee money order in accordance with 662.43, *Fiscal Handbook F-1, Financial Handbook for Post Offices*. Record the check or money order number on the receipt portion of Form 3533 instead of obtaining the payee's signature. When the amount of the refund is less than \$2.00, a check or money order will not be issued unless the payee or his representative is physically unable to come to the post office.

- f. Retain the receipted copy of Form 3533 in the files to support the office copy of the statement of account.

- g. Destroy envelopes, wrappers, or other evidence submitted with the application, as provided in 147.272.a (4).

- h. If the application is not approved, return it to the applicant with the supporting papers and an explanatory statement.

- i. Enter the amount refunded in AIC 536(D), *Postage and Fees Refund*, as specified in Handbook F-1.

.262 At other offices, the accepting employee will:

- a. Handle the application in accordance with provisions in 147.261.

- b. If no witness is available for signature in part II, *Verification of Refund*, Form 3533, have the payee sign in the appropriate space.

- c. Record the refund as a write-in entry on a blank line in the disbursements section of the cashbook, and show AIC 536(d), *Postage and Fees Refund*, for the number and title of the account as specified in Handbook F-1.

- d. If the amount to be paid is greater than the \$400 limit for money orders, and the processing post office does not issue Treasury checks, send Form 3533 with all supporting papers and a statement certifying the claim to the management sectional center (MSC).

- e. The MSC will process the application as specified in 147.261 and pay by Treasury check. If the application is disapproved, return the complete file to the postmaster at the office of application with a written explanation. The application office will forward the explanation to the applicant.

.27 Processing Refund Applications for Metered Postage

.271 For Meters Checked Out of Service

a. Verification at All Offices

The accepting employee will:

- (1) Verify the amount by examining meter registers.
- (2) Fill out part V, Form 3533, if a refund is due.
- (3) If the manufacturer's meter checkout form has all the required documentation, it may be used instead of Form 3533.

- (4) Refund the full value of the unused postage in accordance with 147.271b (1) or (2).

b. Refund

(1) At Offices With 950 or More Revenue Units. Handle the refund of metered postage in accordance with 147.261.

(2) At Other Offices. Handle refund of metered postage in the manner prescribed in 147.262.

.272 For Unused Meter Stamps

a. At Offices With 950 or More Revenue Units

(1) Review the application and examine the meter stamps submitted.

(2) Handle refund as outlined in 147.261. Provide a partial refund as specified in 147.222.

(3) When the customer requests a receipt and verification cannot be made at the time of presentation, furnish a receipt on Form 3210, *Interim Receipt For Stock Submitted For Redemption*, appropriately amended.

(4) The postmaster must designate an employee, other than the certifying and witnessing employees completing part II of Form 3533, to destroy the stamps for which refund has been approved. After destruction, the employee must certify part VI of Form 3533. The certifying and witnessing employee must observe the actual destruction of the meter stamps.

b. At Other Offices

(1) Verify the amount claimed.

(2) If the refund is due, certify the correctness of the amount on part II, Form 3533, or on a separate attached sheet.

(3) Handle refunds for unused meter stamps in accordance with 147.262. Provide a partial refund as specified in 147.222.

(4) Send unused meter stamps with Form 3533 when the application for refund is sent to the MSC for payment.

(5) For refunds paid at your office, send the redeemed stamps to the MSC for destruction on the schedule established by the MSC Manager. Prepare meter stamps for shipment in the same manner as other non-saleable stamp stock, but mark the envelopes *Metered Postage instead of Nonsaleable Stock*.

(6) Do not prepare a destruction certificate for meter stamps sent to the MSC for meter stamp refunds paid at your office. Send the receipted Form 3533 and a transmittal memorandum along with the meter stamps. Keep a copy of the transmittal memorandum in your files.

(7) The MSC will destroy the meter stamps and certify the destruction on Form 3533 in the manner prescribed in 147.272a, except that he will not make or account for any refund. After the destruction has been certified, the completed Form 3533 will be returned to the originating postmaster who will keep it with other supporting documents.

.273 Evidence of Unused Meter Stamps at Office of Meter Setting. Instead of submitting bulky evidence of unused meter stamps, postmasters at the office of meter setting may certify the amount and destruction of these stamps in part IV of Form 3533 and forward the application to the post office where the meter is licensed.

.274 Computing Fraction of a Cent. In computing the amount to be refunded for unused meter stamps, resolve a fraction of a cent in favor of the Postal Service. *Example:* if 90 percent of the postage value of impression is \$4.187, the amount refunded is \$4.18.

These changes will be included in a future issue of the DMM.—*Rates & Classification Dept., 6-4-81.*

 Plate Number: One
 Stamps Per Coil: 100, 500 & 3,000

Electric Auto Regular Stamp

A 17-cent regular issue coil stamp featuring a 1917 Detroit Electric Auto will be issued June 25 in Greenfield Village, Dearborn, Michigan. The 17-cent denomination meets the new First-Class rate for the second ounce of mail.

This is the first stamp design for artist Chuck Jacquays who based his pen and ink drawing on a photograph he took of an actual 1917 Detroit Electric Coupe owned by Edgar E. Rohrs of Manassas, Virginia. This stamp is the second issue in the Transportation Series of coil stamps. The series began in May with the issuance of a stamp featuring an 1890s surrey.

Procedures for ordering first day cancellations are as follows:

Customers are urged to buy stamps and affix them to their own covers. All covers must be addressed on the right side of envelopes at least $\frac{5}{8}$ of an inch up from the bottom. Insert a filler in each envelope and mail them to: "Customer

Affixed Envelopes, Postmaster, Greenfield Village, MI 48120." Customers must add one cent in additional postage with the 17-cent stamp in order to meet the First-Class mailing rate. Because of the timing of the announcement, the deadline for ordering first day cancellations will be extended for 45 days beyond the first day of issue date. Orders must be postmarked no later than August 9. There is no charge.

The Postal Service will affix stamps when requested to do. Mail orders by August 9 to: "Electric Auto Stamp, Postmaster, Greenfield Village, MI 48120." The cost is 18 cents for each cover requested. Cash and postage stamps are unacceptable as payment. The Postal Service will add a one-cent Inkwell & Quill Americana stamp to the 17-cent electric auto stamp in order to meet the 18-cent First-Class mailing rate.

For a stock list of stamps available at face value write the Philatelic Sales Division, Washington, DC 20265.

International Year of Disabled Persons Commemorative Stamp

The United Nations General Assembly at its 31st Session in 1976 designated 1981 as the International Year for Disabled Persons (IYDP) and urged all nations to give their attention to measures and programs which would help the disabled.

An 18-cent commemorative stamp honoring the International Year of Disabled Persons will be issued June 29 in Milford, Michigan. The stamp is intended to reinforce programs that encourage and assist the 450 million disabled persons in the world. The design by Martha Perske features a man in a wheelchair operating a sophisticated microscope and is strengthened by the words "Disabled doesn't mean unable." This is Ms. Perske's first stamp design.

Procedures for ordering first day cancellations are as follows:

Customers are urged to buy stamps and affix them to their own covers. All covers must be addressed on the right side of envelopes at least $\frac{5}{8}$ of an inch up from the bottom. Insert a filler in each envelope and mail them to: "Customer Affixed Envelopes, Postmaster, Milford, MI 48042" by August 13. Because of the timing of the announcement, the deadline for ordering first day cancellations will be extended for 45 days beyond the first day of issue date. There is no charge.

The Postal Service will affix stamps when requested to do so. Mail orders by August 13 to: "International Year of Disabled Persons Stamp, Postmaster, Milford, MI 48042." The cost is 18 cents per stamp to be affixed, and personal checks in the exact amount will be accepted for orders up to the limit of 50 covers. Postage stamps and cash are unacceptable as payment.

A stock list of stamps available at face value may be obtained by a request to the Philatelic Sales Division, Washington, DC 20265.

Warning Notice—Unrecovered Stolen Canadian Money Order Forms

(To be posted and used by window clerks. As directed destroy previous notices. Insert any interim notices in sequence.)

The following money orders are void and should not be cashed: (1) All card type orders. (2) New style orders 000,000,001—307,999,999. Advise holders to send them to Canada Post Office, Ottawa, Canada, K1A 0B1.

The new money order serial numbers consist of the first nine digits. The 10th digit is a check digit only. Destroy the PB 21298 article.

SUPPLY ITEMS DISCONTINUED

Due to program changes, low demand and local availability, the supply items listed below are scheduled for discontinuance from the area supply centers.

Limited quantities of these items are still available from supply center stocks. Requisitions will be filled until stocks are exhausted, at which time they will be discontinued as supply center stocked items. Thereafter, non-FEDSTRIP offices will be authorized to purchase their requirements from local sources. Offices having FEDSTRIP authority will continue to requisition their requirements from GSA as appropriate.
