The stamps are the third issue in the American Architecture Series which began in 1979. Stamps in this series feature examples of outstanding American architecture and the architects who designed the structure. The buildings featured represent architecture of enduring beauty, strength and usefulness.

*ELM Revision***Military Leave**

Public Law 96-431, approved October 10, 1980, amended title 5, U.S. Code, to make military leave available to Federal employees on a fiscal (rather than a calendar) year basis. Although this law does not apply to postal employees, the Postal Service will adopt this provision as follows:

1. Effective the first full pay period in fiscal year 1982, military leave will accrue on a fiscal year basis, rather than a calendar year basis. Therefore, the 15 days of military leave allowable for FY 82 will be available to eligible full-time employees as of October 3, 1981.

2. Part-time employees will continue to earn one hour of military leave for each 26 hours in a pay status in the preceding year. However, the period for earning leave will change from the preceding calendar year to the preceding fiscal year. Thus, part-time employees will begin a new earning period as of October 3, 1981.

3. To facilitate conversion from a calendar year basis to a fiscal year basis, military leave not used by eligible full-time employees by the end of FY 81 (October 2, 1981) will be carried over to FY 82. Since part-time employees' leave is based on hours in a pay status in the preceding year, the year for earning FY 82 military leave will be from October 4, 1980 to October 2, 1981. The provisions in this paragraph are to be observed for the first year of change only. All future accrual will be on a fiscal year basis.

These changes will be added to the *EMPLOYEE & LABOR RELATIONS MANUAL* in a future revision.—*Employee Relations Dept.*, 7-30-81.

Gasoline and Diesel Fuel Payments

The time lapse between approval of a price change and the date payment is received at the new price has been the subject of complaints from minority and small business contractors. Former payment instructions required the servicing Postal Data Center (PDC) to wait for the Defense Fuel Supply Center (DFSC) notification of a price change before paying the new price. This procedure delayed payment to the contractor and increased the clerical work at the PDC.

This procedure was changed in Management Instruction AS-710-81-10 dated 6-17-81 in Section V.B.1.

- Blanket Purchase Arrangements (BPA) * * * Separate BPA's are issued for each line item in accordance with terms of the DFSC Contract Bulletin and PCM 6-112. Include instructions stating that the contractor must forward a copy of the DFSC "price change authorization" with the first invoice at the new price.

In order to expedite this change and enable the data centers to pay the correct amount promptly, all managers of Procurement Services Offices will modify existing BPAs to include the above instructions in addition to including the instruction in all future BPAs for vehicle fuel.—*Procurement & Supply Dept.*, 7-30-81.

*ELM Revision***Temporary Assignments of EAS Employees**

Management Instruction EL-430-80-3, Section VI.A. and *EMPLOYEE AND LABOR RELATIONS MANUAL (ELM)*, 417.53d, currently prohibit temporary assignments (details) of FLSA exempt EAS employees to FLSA non-exempt positions, except on an emergency basis and with higher level approval. These sections are hereby rescinded. A pen and ink deletion should be made to both documents.

Higher level temporary assignments of FLSA exempt EAS employees to FLSA non-exempt positions are now authorized in accordance with ELM 417. When possible, the functions of any vacant position should be assumed by the immediate supervisor or other qualified employees who can absorb the duties. However, when efficient operations preclude having these duties absorbed by others, an employee may be relieved from his permanent position and temporarily assigned to perform the major responsibilities and primary duties of the vacant position.—*Employee Relations Dept.*, 7-30-81.

*DMM Revision***Express Mail Service—Rural Deliveries**

Effective immediately, the service guarantee for Express Mail Next Day Service, which has been restricted to city delivery areas, is changed to permit postage refunds for late Next Day Service shipments delivered to rural addresses.

Therefore, *DOMESTIC MAIL MANUAL (DMM)*, 224.22, is revised to delete the word "city," and now reads as follows:

224.22 Post Office to Addressee Service. Items tendered in accordance with 224.1 will be delivered to an addressee within the delivery area of the destination facility by 3:00 p.m. of the next day.

Handbook M-68, *Express Mail Service*, is also revised to delete the word "city" as follows:

522.1. Post offices offering Next Day Service will provide delivery, within the entire delivery area by 3:00 p.m., of Next Day Express Mail articles mailed Post Office-to-Addressee."

522.2. Delete the entire section.

These changes will be incorporated in the next revision of M-68 and in a future issue of the *DMM*.—*Customer Services Dept.*, 7-30-81.

Prevent bulk stamp shipment delays—Verify that item number and quantity entered on bulk stamp requisitions are correct.

DMM Revision

Record Retention

The record retention requirement for the mailing record for a mailer using the optional acceptance procedure described in DOMESTIC MAIL MANUAL (DMM) 145.8 is changed from three years to one year.

Therefore, effective immediately, DMM 145.883 is revised to read as follows:

145.883 Record Retention. The mailer must prepare a mailing record for each mailing and maintain it at a central location for **one year**. This requirement enables the Postal Service to audit the accuracy of the computations for individual mailings as well as for the aggregate of all mailings. Each mailing record must contain:

- a. A sample of the mailing piece.
- b. The mailing statement.
- c. Sufficient source documents to permit reconciliation with the mailing statement.

This change will be included in a future issue of the DMM.—*Rates & Classification Dept., 7-30-81*

Treasury Department Checks

The Treasury Department advised that August Supplemental Security Income and VA Compensation and Pension checks are to be delivered on Friday, July 31. The envelopes for both of these payments will bear the following endorsement:

POSTMASTER: Requested Delivery Date is the 31st Day of the Month

Treasury also advised that August Civil Service Annuity, Public Debt Interest and Railroad Retirement checks are to be delivered on Saturday, August 1. These check envelopes will be endorsed as follows:

POSTMASTER: Requested Delivery Date is the 1st Day of the Month or the First Delivery Date Thereafter

Postmasters and supervisors are asked to plan to complete delivery of these checks on the dates specified above.—*Mail Processing Dept., 7-30-81.*

DUPLICATE HEALTH BENEFITS REGISTRATION

According to the Government-Wide Service Benefit Plan (Blue Cross/Blue Shield) 150,000 of SF-2809, *Health Benefit Registration Form*, were printed with carrier control numbers that were previously used on other SF-2809's.

Employing offices should check their supplies of this form and discard any that are in stock with carrier control numbers 26709081 through 26859081.

The Plan, upon receipt of one of the SF-2809's with a duplicate carrier control number, is taking the following actions in order to avoid having to return the form.

1. A new number is substituted when a duplicate carrier control number is detected.
2. The enrollment transaction is processed and the identification card prepared using the carrier new control number.
3. The employing office is sent a copy of the SF-2809 corrected by The Plan, with an attached memorandum:

Your office submitted this 2809 form with a pre-printed carrier control number of _____. This number was a duplicate. We assigned the carrier control number shown in the upper right corner of the attached form. Please substitute the photo-

copy for your file copy of this Health Benefits Registration Form.

Identify and discard those forms with duplicate carrier control numbers, to avoid a delay in processing by the Plan.—*Employee Relations Dept., 7-30-81.*
