## 18-Cent Remington Commemorative Stamp

The 18-cent Frederic Remington commemorative postage stamp will be placed on sale October 9, 1981, at Oklahoma City, OK 73125. The design focuses attention on Remington's classic Western sculpture "Coming Through the Rye."

Do Not Sell Before October 10, 1981

Copyright U.S. Postal Service 1981

Issued in panes of 50. Collector information will be found on page 9.

**Supply.** All post offices under the automatic distribution system will receive a supply of this stamp. However, some post offices will receive less than the normal distribution quantities automatically furnished on a 50-subject commemorative. Since the total quantity of this stamp is being distributed automatically, no supplemental requisitions will be honored at the Bureau of Engraving and Printing for item 404.

Post offices requiring additional stamps in less-than-bulk quantities should immediately requisition on a separate Form 17, *Stamp Requisition*, from their stamp distribution office.—*Customer Services Dept., 9-3-81.*

## Domestic Orders

False Representation. Enforced by Postmaster at city listed.

State/city	Name(s) covered
MA, Boston 02110	S & S Distributors, 310 Franklin Street, Box 351.

—*Judicial Officer, 9-3-81.*

## Wanted Circular Canceled

Destroy the wanted circular issued July 27, 1981 for Ernest Felix Iuliano.—*Inspection Service, 9-3-81.*

## Revenue Verification U.S. POSTAL SERVICE

Effective immediately, Handbook F-1, *Financial Handbook for Post Offices*, 654.4, is revised to provide further audit verification.

### 654.4 Revenue Verification

.41 At the close of each Postal Quarter, rule off each Form 3610 and total the column 6 entries. Add the column 6 total to the ending control total (column 8) for the previous Postal Quarter. This amount must equal the ending control total for the current Postal Quarter.

.42 The total of all column 6 entries and Contract Station Forms 3609-PO must equal the total amount entered to AIC 111 on the statements of account for the Postal Quarter. Should there be a difference, the account book unit will compare unit totals with station statistics.

.43 Total the Postage Collected column on Forms 3609-PO and compare to the amount entered in AIC 110 on the statement of account.

This information will be incorporated in the next change to Handbook F-1.—*Finance Dept., 9-3-81.*

## Money Orders, List of Missing U.S. and Canadian

Whenever USPS and Canadian Money Orders are lost or stolen, the entire list of missing or stolen money orders is printed in the *POSTAL BULLETIN*. On future infrequent occasions, only those money orders stolen since the last *BULLETIN* will be listed. These interim lists will be used to supplement the last complete list and will appear in the upper right corner of the first page.

Interim lists will never be printed in two successive *BULLETINS* and the complete list will always appear in the first *BULLETIN* after an interim list is used.—*Inspection Service, 9-3-81.*

## POST OFFICE PROFILE SURVEY

Within the next few days, the 1981 Delivery and Customer Services Post Office Profile Survey (DCSPOPS) forms will be mailed to all post offices and classified stations and branches. These forms are: 4327-AX (R), 4327-DX (Y) and 4327-EX (D).

The information collected by this survey is of vital importance to postal managers as well as other government agencies. This program has been used for such projects as distribution of selective service registration packets, updating ZIP Code county data files and to determine lockbox availability.

The survey forms are designed and specifically identified for completion by the managers of each individual retail or delivery unit in the Postal Service, with the exception that the contract unit survey form (4327-DX, "Y") will be completed by the postmaster who administers that unit. That form is not to be given to the contract unit operator.

**Distribution and Completion of Survey Forms.** Each post office and classified station or branch will receive two forms; an R form, 4327-AX and a D form, 4327-EX. All questions that pertain to your particular post office or classified station or branch will be answered appropriately. Any questions which do not pertain to your unit will be left blank unless otherwise directed by the form (if none, enter "0"). Postmasters should ensure that the manager of each unit has a copy of this POSTAL BULLETIN.

**Responsibilities of Unit Office Managers.** Unit managers of classified stations and branches must return the completed survey forms to their postmasters. Postmasters will monitor their units to ensure that all of them have responded and then forward all completed surveys in one package to their management sectional center.

Postmasters with no stations or branches will promptly forward the completed surveys directly to their management sectional center.

All surveys must be completed and returned by postmasters to the management sectional centers within one week of receipt.

### IMPORTANT:

On the "R" form:

**Question #2:** This refers to physical window positions where a place for a cash drawer is provided in the screenline.

**Question #10c:** See DOMESTIC MAIL MANUAL 144.35 for explanation of on-site meter settings.

If you have a three-tiered philatelic merchandiser in your lobby, draw a circle around the "R" on this form.

Postmasters and managers who have not received properly identified survey forms for each unit or ZIP Code area by September 15, 1981, should advise their MSC immediately so that the necessary forms may be obtained from Headquarters. Do not reproduce any forms. Forms received for units not in operation should be endorsed accordingly and returned with all other completed forms.

**Responsibilities of the MSC Manager.** Management sectional centers have the primary responsibility for timely and accurate completion of the Delivery and Customer Services Post Office Profile Survey

forms. A printed checklist of units to be surveyed and additional instructions will be supplied to each sectional center manager.

Completed surveys for each sectional center must be mailed to Headquarters no later than September 30, 1981. MSC managers must ensure that all units in their sectional center have responded with properly completed forms. Survey forms should be sorted into the three types (R, D and Y), bundled and mailed in one package to:

Operations Data Systems Division  
ATTN: Program Manager—DCSPOPS  
USPS Headquarters—Room 7417  
475 L'Enfant Plaza, SW  
Washington, DC 20260-7233

Sectional center managers are expected to contact slow reporting offices to be sure they have responded before the September 30 shipping date. Managers who encounter problems with the survey which cannot be solved locally, may contact William Messitt by phone, FTS 245-5714 or non-FTS 202-245-5714.

Detailed reports of the survey results will be distributed to each region, district and MSC. Requests for special reports should be channeled through the regional offices.—*Delivery Services Dept., 9-3-81.*

## Stock Levels for Postal Supplies

To ensure that adequate supplies are available to meet operational requirements, the authorized stock level of postal supplies is increased from three months plus one month safety level to three months plus two months safety level.

Postal installations shall determine their requirements and establish minimum (reorder point quantity) and maximum stock levels for each supply item not to exceed the above level.

This change will be included in a future revision to Handbook AS-701, Supply Management, and the ADMINISTRATIVE SUPPORT MANUAL.—*Procurement & Supply Dept., 9-3-81.*

## Publication 17 Revision

On page 8 of Publication 17, *Apartment House Mail Receptacles*, change the name and address of Allcom-Florence Corporation, 848 N. Larabee Avenue, Chicago, IL 60610 to Florence Corporation, 2101 North Elston Avenue, Chicago, IL 60614.

Please make the appropriate pen and ink change before issuing this publication.—*Delivery Services Dept., 9-3-81.*

### Correction

## Domestic First Flight Cachet

Due to the Air Traffic Controllers' strike, American Airlines has rescheduled its first flight round trip service between Dallas/Fort Worth, TX, and Denver, CO, to October 25, 1981, instead of September 9, as published in POSTAL BULLETIN 21309 (7-30-81).—*Customer Services Dept., 9-3-81.*

## **The Federal Government Owes Some People Some Money. Are You One of Them?**

If you are, or know of, an illegitimate child of a federal government worker who has died, you or that child may be eligible for government benefits each month.

### **Who is eligible for benefits?**

Children of federal government workers are eligible for benefits after the government worker dies. The children do not have to have lived with the federal government worker to receive benefits.

In the past, the Government refused to give benefits to illegitimate children who did not live with their Civil Service parent. A recent Court decision says that the Government cannot do this anymore. If you, or any child you know of, were denied benefits for this reason, you or the child should apply for benefits again. If you or the child never applied for benefits before, you or the child can still apply now if the Civil Service parent died on or after February 24, 1972.

### **What does a child need to show to get benefits?**

All the child must show is that he or she was really the child of the federal government worker who died on or after February 24, 1972 but before January 2, 1980. He or she can show this with a birth certificate or with some other kind of proof, such as a Court Order of Support.

### **How can the child apply for benefits?**

The child or his or her parent should write to the Office of Personnel Management, Post Office Box 16, Washington, DC 20044. When the child or parent applies, he or she should furnish copies of the birth certificate or court support order or other proof.

### **How much money will the child get?**

If the child is eligible, he or she will get monthly benefits payments which could be as much as \$200 per month. Usually, the child will get benefits until he or she becomes 18 years old.

### **How can you obtain additional information?**

Additional information may be obtained by writing to the Office of Personnel Management at the address shown above or by calling: (area code 202) 632-7700.

### **Notice:**

Under the Civil Service law, in addition to the matters described above, people who are related to Civil Service employees who have died may receive survivor benefits. These people include husbands, wives, children and others. Such people may file applications for benefits for a number of years after the Civil Service employee's death.

If you or anyone you know may be eligible for these benefits, call or write the Office of Personnel Management.

**Post in public area of post offices for 60 days**

## POST OFFICE CHANGES NO. 14

(Supplemental to 1981 National ZIP Code and Post Office Directory.)

**Abbreviations:** B=Branch, C=City Delivery, Conv.=Converted, CPO=Community Post Office, Disc.=Discontinued, Estab.=Established, F=Finance, Fac.=Facility, I=Independent Post Office, IC=Independent City, MOU=Money Order Unit, MPO=Main Post Office, MR=Mailing Restrictions (from Part 125 DMM) apply, NP=Nonpersonnel, NZCD=National ZIP Code and Post Office Directory, P=Postal facility discontinued, name retained for address purposes, Rec.=Reopened, S=Station, x=Classified. (Contract stations and branches do not have the symbol "x" following the symbol of type of installation.)  
**Symbols:** (1)=Officially closed on date shown. Notice is for administrative record purposes. (2)=Officially established on date shown. Notice is for administrative record purposes. (3)=All services previously terminated. Date shown is official discontinued date for administrative purposes.

## DMM Revision

## INDEMNITY CLAIMS

Effective immediately, two changes are being made to the DOMESTIC MAIL MANUAL.

Section 149.252i (as printed in POSTAL BULLETIN 21295, 4-23-81) is deleted, and 149.252j-s are re-lettered 149.252i-r. Any parcel that is packaged in such a way as to be mailable is insurable. If such a parcel is damaged, deleting section 149.252i will clarify that any resultant claim will not be denied for inadequate packaging.

In addition, DMM 149.352a is revised to allow customers to file duplicate indemnity claims by telephone.

## 149 Indemnity Claims

## .352 Inquiries and Duplicate Claims

*a. Initiating Post Office.* If a customer inquires, in person or by telephone, about the status of a claim, first ensure that the required time has elapsed for a duplicate claim (45 days). If the required time has elapsed, prepare and process a duplicate claim as follows:

## (1) For Duplicate Claims Filed In Person.

(a) Check to see that the original mailing receipt has been properly annotated to indicate an original claim was filed. If it does not so indicate, a duplicate claim *cannot* be filed, and original claim procedures must be followed.

(b) Use the information on the original Form 3841 to complete as much of the duplicate Form 3812 as possible. Enter the same claim number, date mailed, and claim date that appeared on the original Form 3812. Obtain the signature of the customer who initiated the original claim.

## (2) For Duplicate Claims Filed By Telephone.

(a) Obtain mailing particulars from the customer and check your Form 3841 file for a record of an original claim. If a Form 3841 is found, complete a duplicate claim using all of the same information contained on the Form 3841. Endorse item 18, "Signature of the Mailer", or item 19, "Signature of Addressee", as appropriate, with the words "accepted by telephone" and the date the duplicate was initiated. It is not necessary to verify the customer's original mailing receipt.

(b) If a Form 3841 is not on file, call the customer and advise that there is no record of a claim having been filed. Ask the customer to come into the post office with the original mailing receipt (a copy is not acceptable). When the customer comes into the post office, see if the receipt has been annotated to show that an original claim was filed. If it is annotated, complete a duplicate claim. If the receipt is not annotated, a duplicate claim cannot be accepted and original claim procedures must be followed.

## (3) Procedures For Completing All Duplicate Claims.

(a) Mark the top of the Form 3812 *Duplicate*. Date stamp Item 20 and sign.

(b) Annotate the original Form 3841 "Duplicate Claim Initiated on (date)." Do not detach the Forms 1510-A or 3841 from the duplicate claim form set.

(c) Forward the entire package to the post office which serves the second customer. APO/FPO claims must be sent to the Post Post Offices. (See 149.341 for locations.)

(d) On claims for loss of insured articles, it is not necessary to again obtain evidence that the addressee had not received the article. This was provided when the original claim was filed.

These changes will be included in a future issue of the DMM.—*Rates & Classification Dept., 9-3-81.*

## DMM Revision

## On-Site Meter Setting Fees

The Postal Service provides meter setting services at a customer's place of business. The fees established in DOMESTIC MAIL MANUAL (DMM) 144.351 are based on costs incurred by the Postal Service in sending a Postal Service employee to the mailer's premises for the purpose of setting postage in meters. Effective immediately, the Postal Service will set postage meters at the premises of the mailer without requiring a fee under certain conditions.

Therefore, new section 144.354c is added to the DMM as follows:

144.354c Do not collect on-site meter setting fees when a postal employee qualified to set postage meters is regularly assigned to the premises of a customer for postal administrative duties. Employees are not to be detailed to a customer's premises solely to justify a waiver of on-site meter setting fees. Incidental visits by postal employees for purposes other than regular mail acceptance or revenue protection duties must not be used to waive collection of on-site meter setting fees.

This change will be included in a future issue of the DMM.—*Rates & Classification Dept., 9-3-81.*

## DMM Revision

## Temporary Change of Address

If a customer has filed a temporary change of address order, the temporary address must *not* be provided to a mailer requesting address correction service. The endorsement *Address Correction Requested* should be ignored for a temporary change of address.

Therefore, effective immediately, DOMESTIC MAIL MANUAL (DMM) Exhibit 159.151, sections 392.12, 392.2d, and 492.1, and parts 693 and 793 are revised as follows:

In Exhibit 159.151 (Key), add the sentence, "Do not provide temporary change of address." to items C, G, and H.

Insert the sentence, "Temporary changes of address are not provided." in the following locations:

—Sections 392.12, 392.2d, and 492.1, immediately before the last sentence of each section;

—Parts 693 and 793, immediately before the sentence, "The following conditions govern these services."

These changes will be included in a future issue of the DMM.—*Rates & Classification Dept., 9-3-81.*

*All installations with postage meters***POSTAGE METER REPAIR**

This notice revises the cost schedule for repair/rebuilding of Pitney Bowes (PB) postage meters. The new cost schedule will be implemented effective September 13, 1981. In addition, this notice removes the previous distinction between service charges to diagnose whether the postage meter head or base is malfunctioning and charges for repair of the base. This distinction caused confusion and has been changed so that the same rate is charged for a service call or base repair.

1. When a postage meter malfunctions, try to determine whether the head or base is causing the problem. Request maintenance personnel assistance to isolate the malfunction. If the problem is in the meter machine base, then request repair from your maintenance office, or Pitney Bowes. When the problem is in the meter head, remove it from service and follow the procedure described in paragraph 2.

If it is necessary to contact a Pitney Bowes branch office for assistance in determining whether the problem is in the head or in the base, Pitney Bowes will charge for a service call at the GSA hourly rate that is in effect at the time the service call is made. The current rate is \$48 per hour for locations within 25 miles of a Pitney Bowes service point. This rate expires on June 30, 1982. There is a minimum one hour charge for a service call. This same rate applies if it is necessary to contact Pitney Bowes for postage meter or base repair.

2. Package defective meter heads in a reusable shipping container and send by registered mail to:

Pitney Bowes, Inc.  
Return Goods Section  
55 Garden Street  
Stamford, CT 06904

Enclose a pre-addressed penalty registered mail label for return, a short note requesting the work, and the name and phone number of an individual who can be contacted by Pitney Bowes, if required.

3. Repair or rebuilding cost varies, depending on the meter head model. The cost to repair or rebuild the Model 5315 or 5316 meter head has been increased to \$205. Repair or rebuilding of Model 2286 or 2287 (RT or RF) meter has increased to \$520.

4. Short term replacement meter heads can be obtained from Pitney Bowes at the current rental rate of \$75 for the first 30 days, or fraction thereof. Meter head rentals that extend beyond 30 days (or over 60 days) will be billed the 60-day rate of \$100.

5. When you receive a repaired or rebuilt meter head, you are responsible for returning it to service.

6. Payment for service calls, base repair, meter head repair or rebuilding, and rental is made only after the repaired or rebuilt meter head or base is installed. Payments will be made directly to the local Pitney Bowes branch office.

Treat payments as local disbursements when repairs and services are within authorized local disbursement fund limitations. Submit Form 7381, *Requisition for Services, Supplies or Equipment*, to the Procurement Services Office for approval when repairs are expected to exceed authorized local disbursement limitations.

The Procurement Services Office will prepare Form 7334, *Order-Invoice Voucher*, to authorize the repairs and services. The address of the local Pitney Bowes branch office must be shown in the Contractor/Vendor block of Form 7334.—*Delivery Services Dept., 9-3-81.*

*DMM Revision***ZIP Codes on Second- and Third-Class Mail**

Rules governing the mandatory use of a ZIP Code in the address of second- and third-class mail are revised effective immediately to indicate that second-class mail sent at the transient rate and third-class mail sent at the single piece rate need not bear a ZIP Code in the address. This is not a change in Postal Service policy, but a clarification of the regulations to reflect existing policy.

The text of new section 464.31, DMM (formerly 462.3) was published on page 6 of POSTAL BULLETIN 21284 (2-12-81). That new section is further revised to read as follows:

**464.3 Addressing**

.31 Each piece including the top copy of a firm package (see 467.111) must bear the name and address of the subscriber. The address must include either the ZIP + 4 code or the five-digit ZIP Code. A ZIP Code may be omitted from pieces mailed at the transient rate in 411.42; pieces bearing a simplified address in accordance with 122.41; pieces presorted and bundled by the mailer to city, rural or highway contract carrier routes; and pieces presorted to five-digit ZIP Code destinations consisting of either a post office having one five-digit ZIP Code or the five-digit ZIP Code delivery unit in multi five-digit ZIP Code post offices.

\* \* \* \* \*

Section 661.2 is revised to read as follows:

661.2 ZIP Code. Each piece including the top copy of a firm package (see 667.121a) must bear the name and address of the addressee. The address must include either the ZIP + 4 code or the five-digit ZIP Code. Exception: A ZIP Code may be omitted from pieces bearing a simplified address in accordance with 122.41 and from pieces mailed at the rates in 611.11 and 611.4.

These changes will appear in a future issue of the DMM.—*Rates & Classification Dept., 9-3-81.*

**Transfer Reimbursement**

The Comptroller General has ruled that federal agencies that hire Postal Service employees are not authorized to pay relocation expenses for such employees. For relocation purposes Postal Service transferees are treated as new employees.

The Comptroller General's ruling does not affect the reimbursement of Postal Service employees for expenses incurred in connection with transfers from one postal installation to another, or the reimbursement of new employees hired by the Postal Service.—*Employee & Labor Relations Group, 9-3-81.*

# Frederic Remington Commemorative Stamp

A commemorative stamp honoring Frederic Remington will be issued October 9 in Oklahoma City, Oklahoma. The first day of issue ceremony is being held at the Cowboy Hall of Fame.

Remington, an American painter, author, and sculptor, was noted for his realistic portrayals of the Old West. His favorite subjects included Indians, cowboys, soldiers, horses, and other representatives of life on the plains. His work documented and captured the spirit of the American frontier, both historically and geographically.

Paul Calle based his design for this stamp on Remington's famous bronze statue "Coming Through the Rye." A large replica of this statue executed by Jane and Franco Vianello is being unveiled October 9 on the grounds of the Cowboy Hall of Fame, after the first day of issue ceremony.

## Procedures for ordering first day cancellations are as follows:

Customers are urged to buy stamps and affix them to their own covers. All covers must be addressed on the right side of envelopes at least  $\frac{5}{8}$  of an inch up from the bottom. Insert a filler in each envelope and mail to: Customer Affixed Envelopes, Postmaster, Oklahoma City, OK 73125-9991 by October 24. There is no charge.

The Postal Service will affix stamps when requested to do so. Mail orders by October 24 to Frederic Remington Stamp, Postmaster, Oklahoma City, OK 73125-9992. The cost is 18 cents per stamp to be affixed, and personal checks in the exact amount will be accepted for orders up to the limit of 50 covers. Postage stamps and cash are unacceptable as payment.

A stock list of stamps available at face value may be obtained by a request to the Philatelic Sales Division, Washington, DC 20265-9997.

Please Post on Bulletin Board
