## Sylvanus Thayer Regular Stamp

A nine-cent Great Americans Series stamp depicting Sylvanus Thayer, considered the father of technical education in America for his pioneering reforms at the United States Military Academy, will be issued June 7 in his birthplace of Braintree, Massachusetts.

The dedication ceremony will be held in Frothingham Hall at Thayer Academy, which was founded with funds from Thayer's estate. The stamp will be available for sale nationwide on the following day.

A Phi Beta Kappa graduate and valedictorian at both Dartmouth and the United States Military Academy, Thayer was appointed superintendent of the Academy in 1817.

Under his guidance, the Academy became the first purely technological school in the nation, and the curriculum and teaching techniques which he developed had nationwide influence.

Thayer retired with the rank of Brigadier General in 1863 after serving an apparent record 55 years without leave in the U.S. Army. He later established and endowed the Thayer School of Engineering at Dartmouth College and provided

funds for a public library in his home town. He died in 1872.

A 3.4-cent coil stamp featuring a 1920s school bus will be issued June 8 in Arlington, Virginia, at the NAPEX show. It is being issued as part of the Transportation Series which was initiated in 1981. The stamp will be available in post offices nationwide the next business day, June 10.

The 3.4-cent denomination meets the new basic minimum per-piece rate for carrier route third-class bulk mailings by nonprofit organizations effective February 17.

Buses are used as a major mode of public transportation throughout the world, particularly by nations with advanced road and highway systems. In the United States, thousands of buses are used in intercity service and for local and suburban transit as a convenient and economical means of transportation.

A substantial portion of the nation's bus fleet is comprised of school buses which are used to transport approximately 50 percent of the nation's students. Millions of students have been transported for educational purposes since a school district first hired a farmer to convey children to school in a wagon in 1859.

The School Bus stamp will be available in pre-canceled form for qualified bulk mailers.

Procedures for ordering first day cancellations are as follows:

Customers are encouraged to buy stamps at their post offices and affix them to their own envelopes. All envelopes must be addressed on the right side at least  $\frac{5}{8}$  of an inch from the bottom. Insert a filler in each envelope and mail covers no later than July 8 to Customer-Affixed Envelopes, Postmaster, Arlington, VA 22210-9991. No remittance is required, but customers are reminded to affix at least 18.6 cents additional postage to meet the minimum First-Class letter rate of 22 cents.

The Postal Service will affix stamps when requested to do so. Mail orders no later than July 8 to School Bus Stamp, Postmaster, Arlington, VA 22210-9992.
