Seat Belt Decal, Label 166

In May 1982, the Postal Service began installing bumper stickers on postal-owned and -leased vehicles to reduce motor vehicle accidents and to promote energy conservation. A new Label 166 (May 1987 edition), with the message "Buckle-up America," replaces the current sticker, "We Drive as If We Care, Because We Do."

The Eastern and Western Area Supply Centers will stock the new label. Vehicle Maintenance Facilities should order the quantities they need. Fleet Management Bulletin V-48-82, *Decal Installation*, outlines the installation instructions.

Postage Stamp Affixer Decentralization

POSTAL BULLETIN 21629, 7-23-87 (page 9), included the article, "Postage Stamp Affixer Decentralization." The section labeled Accountability, 2. Main Stock, instructs accounting units to use AIC 171, Postage Stock—Revaluation, in the Account-book. Effective A/P 12, August 1, 1987, AIC 171 is a receipt entry only. (See POSTAL BULLETIN 21631, 8-6-87, page 2.)

Post Offices must report any Postage Stamp Affixers removed from the main stock after August 1 in AIC 509, Postage Stock Revaluation—Decrease, as a disbursement entry. AIC 509 will decrease AIC 805, Postage Stock.—*Dept. of the Controller, 8-13-87.*

Handbook F-1 Revision

Foreign Coins

Foreign coins are unacceptable for the purchase of postal products and services. Post offices should turn in for redemption by the bank any foreign coins found with bank-wrapped coins.

Because a few customers use foreign coins in vending machines and include them with bank-wrapped coins, offices should use the following procedures, which the next revision of Handbook F-1, *Post Office Accounting Procedures*, will include.

324 Foreign Coins

324.1 Value. Give foreign coins the same value as the U.S. coin of the same size. For instance, a foreign coin the size of a U.S. 25-cent piece must be valued at 25 cents.

324.2 Redemption and Storage

.21 Submit foreign coins as support for an entry of the total amount to AIC 761, General Miscellaneous-Suspense, on the stamp credit holder's Form 1412, *Daily Financial Report*.

.22 Foreign coins will be stored at the account-book unit until disbursed.

324.3 Disbursement. Foreign coins must be disbursed at least once each Postal Quarter in accordance with DMM 159.42b: (1) Canadian coins to the Postmaster, Buffalo, NY 14203-9998, or (2) other foreign coins to the Superintendent, Claims and Inquiry, Room 2029A, J. A. Farley Building, New York, NY 10119-9543. Should there be sufficient volume, wrap similar coins for shipment. Send the package by registered mail if the coins are worth more than \$10.

324.4 Clearance. Enter the total amount in AIC 361, Miscellaneous Suspense Cleared, and AIC 624, Refund of Miscellaneous Nonpostal Revenue.—*Dept. of the Controller, 8-13-87.*

SELECTIVE SERVICE REGISTRATION REQUIREMENTS FOR EMPLOYMENT

On November 8, 1985, the President signed into law the Defense Authorization Act of 1986. Section 1622 of the Act added a new section to the United States Code (USC), prohibiting any male born after December 31, 1959, from appointment to a position in an executive agency if he was required to register with the Selective Service System (SSS) and knowingly and willfully did not comply. The intent of this provision is to ensure that all individuals required by law to register with the SSS do so. The government has used similar legislation successfully in connection with the Federal student aid programs of the Departments of Labor and Education.

To ensure compliance with the legislation, the Postal Service must determine the eligibility of registration-age applicants under consideration for appointment to Postal Service positions. Appointment means any personnel action that brings a person onto the rolls of the Postal Service (career or noncareer), including, but not limited to, selection from a register of eligibles, reinstatement of a former career postal or Federal service employee, transfer-in of career Federal service employees, and individuals selected under the student casual program.

All postal installations with hiring authority must implement the following guidelines when processing male applicants from the target age group for appointment effective on or after August 13, 1987.

Certification of Registration Status

All employing offices must request a written statement of Selective Service registration status from each male applicant born after December 31, 1959, during the "consideration process" prior to appointment. For those individuals who do not reach age 18 until after appointment, employing offices must request a written statement of Selective Service registration within 30 days after the employee's 18th birthday.

Local offices must reproduce Form 2591-A, *Applicant's Statement of Selective Service Registration Status* (see page 5), and have all male applicants in the targeted age group complete it. *Exception:* In lieu of Form 2591-A, an individual may submit a copy of his Acknowledgment Letter or other proof of registration or exemption issued by the SSS. He must sign and date the document (using ink) and add a note stating he submits it as proof of Selective Service registration or exemption. Offices must retain these documents with each applicant's Form 2591, *Application for Employment*.

Applicants in the targeted age group who fail to provide the information requested on their registration status will be considered "not available" and will receive no further consideration for employment.

An office considering employing someone in the targeted age group who is a former postal employee or a current or former Federal service employee need not request a statement of registration status when the individual's Official Personnel Folder contains evidence indicating his registration or current exemption from registration.

Adjudication of Registration Status

Offices should resolve conflicts of information and other questions about an individual's registration status before appointment. They should verify an individual's registration status by asking him for proof of registration or exemption issued by the SSS and/or by contacting the Selective Service System (toll-free, 800-621-5388).

If an applicant is under 26 and not registered, offices should advise him to register promptly and to complete a new Form 2591-A if he wishes further consideration for postal employment. The applicant's name then goes into the inactive register in accordance with Handbook P-11, *Personnel Operations*, 265.8, with the annotation on the register card, "NA (not available) not registered with Selective Service." The office should send written notice to the individual that he is ineligible for appointment because he failed to register with the SSS, in accordance with Section 3 of the Military Selective Service Act, and that he will receive no further consideration for employment. The office can restore an applicant's name to the active register if his eligibility has not expired and if he later provides proof of registration or exemption with the SSS.

Applicants who are 26 or over and not registered are considered not available and their names go into the inactive register. Offices should send written notice to the individual that according to postal regulations he is ineligible for appointment because of his failure to register with the SSS, as required by Section 3 of the Military Selective Service Act, unless failure to register was neither knowing nor willful. They must advise the applicant to submit a written request for reconsideration within 15 days, explaining his failure to register and including supporting documentation, to the installation head at the office considering him for employment.

Offices should review the applicant's request for reconsideration, the explanation of his failure to register, and any other papers pertinent to his registration status, to determine whether failure to register was knowing and willful. The burden of proof is on the individual to show by a preponderance of evidence that failure to register was neither knowing nor willful. Offices may consult the SSS as necessary to make determinations. They should direct requests for advisory opinions to the Director of Selective Service, Attn: GCAO, Selective

Service System National Headquarters, 1023 31st Street NW, Washington, DC 20435-0001.

The installation head will notify the individual in writing of the determination. An adverse determination is final, with no further right to an administrative review.

When an adverse determination is made, the office should remove the applicant's name from all known registers and annotate the register cards "ineligible for appointment, failed to register with SSS (show date of decision letter)." Offices should maintain a copy of the decision letter with the Hiring Worksheet and/or prehire screening file.

Applicants receiving a favorable determination will be restored to the active register and their eligibility extended for the period of temporary ineligibility in accordance with Handbook P-11, 252.9.

Advising Potential Male Applicants

Offices may reproduce locally the Notice to Male Applicants for Postal Employment that follows to give to all persons applying to take a Postal Service examination, along with Form 2479-A/B, *Application Card/Admission Card*.

Reminder

International Mail—Insured Parcels

Post offices *must* ensure that all international parcel post packages are sealed. INTERNATIONAL MAIL MANUAL (IMM) section 274.32 specifies that senders must seal their own parcels. They may use gummed-paper tape, nails, screws, wire, metal bands, or other materials to seal parcels. The seal must be sufficient to allow detection of tampering.—*Rates & Classification Dept., 8-13-87.*

IMM Revision

Philippines—Prohibition

The Philippines Postal Service prohibits the insertion of coins, banknotes, currency notes, travelers checks, or securities of any kind payable to bearer in *ordinary* mail. The Service permits such articles only in registered mail. Officials should make a handwritten entry in the prohibitions section in the country sheet for the Philippines in the INTERNATIONAL MAIL MANUAL.

A future issue of the INTERNATIONAL MAIL MANUAL will reflect this information.

NOTICE TO MALE APPLICANTS FOR POSTAL EMPLOYMENT

To be eligible for appointment to a position in the Postal Service, males born after December 31, 1959, must (subject to certain exemptions) register with the Selective Service System in accordance with Section 3 of the Military Selective Service Act.

If you have not registered and are between 18 and 26 years old (*have not reached your 26th birthday*), you can register at any U.S. Post Office, or consular office if you are outside the United States.

If you have reached your 26th birthday, were born after December 31, 1959, and did not register, contact the Registration Information Bureau, Selective Service System National Headquarters, 1023 31st Street NW, Washington, DC 20435-0001, toll-free telephone number 800-621-5388, for information.

A future transmittal letter to Handbook P-11 will publish these requirements.

Apartment Mail Receptacles

POSTAL BULLETIN 21605, 2-5-87 (page 3), provided options for using apartment mail receptacles. They are repeated below along with instructions for final disposition:

1. Use as needed for spare parts for existing equipment.
2. Transfer the equipment to another office.
3. Give the boxes to military installations.
4. Sell the receptacles back to the supplier or manufacturer.

After exhausting all four options, offices may dispose of the equipment as obsolete equipment, that is, sold by auction, sealed bid, or destroyed.

Applicant's Statement of Selective Service Registration Status

If you are a male born after December 31, 1959, and are at least 18 years of age, US Postal Service regulations require that you must be registered with the Selective Service System, unless you meet certain exemptions under

Selective Service law. If you are required to register but knowingly and willfully fail to do so, you are ineligible for appointment to a position in the US Postal Service.

Name (First, Middle, Last)	Social Security Number	Date of Birth
<input type="checkbox"/> I certify I am registered with the Selective Service System <input type="checkbox"/> I certify I have been determined by the Selective Service System to be exempt from the registration provisions of Selective Service law	<input type="checkbox"/> I certify I have not registered with the Selective Service System <input type="checkbox"/> I certify I have not reached my 18th birthday and understand I am required by law to register at that time	

Nonregistrants Under Age 26

If you are under age 26 and have not registered as required, you must register promptly at a US Post Office or consular office if you are outside of the United States.

Nonregistrants Age 26 or Over

If you were born in 1960 or later, are age 26 of age or older, and were required to register but did not do so, you can no longer register under Selective Service law. Accordingly, you are not eligible for appointment to a position in the US Postal Service unless you can provide proof that your failure to register was neither knowing nor willful. If you are denied an appointment but can provide such proof, you may submit a request for employment reconsideration to the installation head at the office where you were initially considered for employment. Your request must be accompanied by this statement and any proof (explanation and documentation) showing that you did not knowingly or willfully fail to register.

Privacy Act Statement

Because information on your registration is essential for determining whether you are in compliance with Section 3 of the Military Selective Service Act (50 USC App. 453), failure to provide the information requested by this statement will prevent any further consideration of your application for employment. This information is subject to verification with the Selective Service System and may be furnished to other Federal agencies for law enforcement or authorized use in implementing this law.

False Statement Notification

A false statement may be grounds for not hiring you, or for hiring you if you have already begun work. Also, you may be punished by fine or imprisonment (Section 1001 of Title 18, United States Code.)

Note. In lieu of the above certification statement, you may submit a copy of your Acknowledgement Letter or other proof of registration or exemption issued by the Selective Service System. You must sign and date the document and add a note stating it is submitted as proof of Selective Service registration or exemption.

You will receive no further consideration for employment if you fail to provide information requested above on your registration status.

\$5 BRET HARTE REGULAR STAMP

The \$5 Bret Harte regular stamp goes on sale August 25, 1987, in Twain Harte, California. Francis Bret Harte, who moved from New York to California in 1854 at the age of 18, established himself as America's favorite Western epic writer with an outpouring of short stories and poems about life in mining camps and frontier towns.

The Bret Harte stamp appears in a new 20-stamp miniature sheet format (four rows of five stamps each), designed to facilitate providing this high-value stamp to post offices and clerks in smaller quantities. A single-digit plate number appears in each of the four corners on the selvage and the copyright notice, presented as a single line of type for the first time, is printed in the selvage adjacent to the center stamp in either the top or bottom row. The ZIP Code slogan is omitted. A layout sketch for the miniature sheet pane appears below.

Customs officials overseas indicate that four out of five parcels destined for military postal units did not contain Form 2966-A, *Parcel Post Customs Declaration*, as required by Exhibit 125.2, *DOMESTIC MAIL MANUAL (DMM)*.

Acceptance unit personnel should always review DMM Exhibit 125.2 to determine if mail addressed to military post offices requires a Form 2966-A and/or if other restrictions exist. If personnel fail to apply the proper customs declaration forms to articles mailed to military destinations, the customs officials of the country where the military postal unit is located may hold the articles.

Lacemaking Commemorative Stamps

The Postal Service will issue a block of four 22-cent stamps in the Folk Art Series on August 14 in Ypsilanti, Michigan. The McKenny Union of Eastern Michigan University, site of the 11th anniversary convention of the Great Lakes Lace Group, will host the first day of issue ceremony.

The Lacemaking issue is the eighth in the Folk Art Series, which began in 1977 with the Pueblo Indian Pottery issue.

Early English and Spanish settlers first introduced the art of lacemaking to America, with later immigrants from other nations adding their own unique styles. Although bobbin lace never became widespread as a revenue producer in the United States, the craft endured here.

Libby Thiel of Bryans Road, Maryland, based her designs on the works of Michigan members of the Great Lakes Lacers Group—Ruth Maxwell, Leslie Saari, Mary McPeck, and Trena Ruffner.

Procedures for ordering first-day cancellations follow:

Customers Affixing Stamps: The Postal Service encourages customers to purchase the Lacemaking stamps and affix them to their envelopes. Covers with stamps affixed receive preferential service. Requests must be postmarked by September 13 and addressed: Customer-Affixed Envelopes, Lacemaking Stamp, Postmaster, Ypsilanti, MI 48197-9991.

Postal Service Affixing Stamps: Except for affixing stamps and addressing orders, follow the procedures above. Carrier Cost System Data Collection

Offices must see Form 2858-C, *Carrier Cost System—City Carrier Route Test* (July 1987), to collect city carrier data for Fiscal Year (FY) 1988. Do not use the July 1987 forms to collect FY 1987 carrier data. Instead they should use Form 2858-C dated July 1986 for the remainder of FY 1987. Management Sectional Centers and associate offices that participated in the carrier street cost sample have received the new forms.

Undeliverable As Addressed Mail

Computerized Forwarding System (CFS) clerks and other employees involved in forwarding and returning Undeliverable As Addressed (UAA) mail should place new address information over a portion of the bar code whenever possible. This action will further reduce UAA mail being inadvertently processed on automated equipment. However, personnel should not cover any portion of the old address or mailer's keyline information to accommodate this request.

After leaving the CFS units, UAA mail should be appropriately labeled and go into the Red Line, nonautomated mailstream. UAA mail must not enter the automated mailstream.

Flag Reply Postal Card

The Postal Service will issue a 28-cent double reply card version of the U.S. Flag postal card on September 1 in Washington, D.C. Stevan Dohanos of Westport, Connecticut, former chairman of the Citizens' Stamp Advisory Committee and a veteran designer with more than 30 stamp and stationery items to his credit, designed the postal card. The single card version was issued on June 14, National Flag Day, in Baltimore, Maryland.

There will be no first day of issue ceremony for this postal card, but the Postal Service offers first-day cancellations. Because the reply card will not be available at all post offices, the Postal Service recommends that customers obtain the cards by mail, referencing *Item 252*.

Paid reply postal cards are two cards joined but perforated, one for the sender's message and one for the addressee's reply. The U.S. Flag reply card is a regular or definitive postal card and replaces the George Wythe reply card issued in 1985.

Procedures for ordering first-day cancellations follow. Customers should provide a peelable return address label for each U.S. Flag reply postal card requested, so postal personnel will not have to apply return addresses. The price is 28 cents for each reply card, and the Service accepts personal checks in the exact amount up to the limit of 50 cards, but not cash or postage stamps. Orders must be postmarked no later than October 1 and addressed: U.S. Flag Reply Postal Card, Postmaster, Washington, DC 20066-9992.

After local offices deplete their stocks, they will be available from all Philatelic Centers and by mail order from the Philatelic Sales Division for approximately 1 year after the date of issue. A *Philatelic Catalog*, listing all available stamps and other philatelic items, is available here or from the Philatelic Sales Division, Washington, DC 20265-9997.

New Jersey Statehood Commemorative Stamp

A 22-cent commemorative stamp honoring the bicentennial of New Jersey statehood will be issued September 11 in Trenton, New Jersey. Post offices will offer the stamp nationwide the next business day. First-time stamp artist Jim Lamb features the Garden State theme in his design, using earthtones to depict a pilgrim farmer carrying a basketful of produce from his fields.

New Jersey played an important role in shaping our national government. Concerned with protecting the rights of the smaller states, William Paterson and his fellow delegates put forth the New Jersey Plan calling for equal legislative representation for each state. Though they faced strong opposition in favor of representation based on population, the smaller, less populous states rallied behind the New Jersey Plan. The resulting bicameral compromise created the U.S. Senate and House of Representatives and produced the support needed for ratification.

The New Jersey stamp is the third and last statehood commemorative for 1987, behind Delaware

and Pennsylvania, and the fifth issue honoring the bicentennial of the Constitution.

Procedures for ordering first-day cancellations follow:

Customers Affixing Stamps: The Postal Service urges customers to buy the New Jersey Statehood stamps and affix them to their covers. Covers bearing stamps receive preferential service. Customers should address envelopes on the right side at least 5/8 inch up from the bottom and affix stamps in the upper right corner 1/4 inch from the top and right edges. Requests must be postmarked by October 11 and addressed: Customer-Affixed Envelopes, New Jersey Statehood Stamps, Postmaster, Trenton, NJ 08650-9991.

Postal Service Affixing Stamps: Except for affixing stamps and addressing orders, follow the procedures above. The price is 22 cents per stamp requested, and the Service accepts personal checks in the exact amount up to the limit of 50 covers, but not cash. Orders must be postmarked by October 11 and addressed: New Jersey Statehood Stamps, Postmaster, Trenton, NJ 08650-9992.

After post offices deplete local stocks, they will be available from all Philatelic Centers and by mail order from the Philatelic Sales Division for approximately 1 year after the date of issue. A *Philatelic Catalog*, listing all available stamps and other philatelic items, is available here or from the Philatelic Sales Division, Washington, DC 20265-9997.
