

Message From the Postmaster General

NATIONAL POSTAL FORUM MERIT SCHOLARSHIP PROGRAM

I am pleased to announce that each year, beginning in 1988, the National Postal Forum, Inc., will sponsor 15 college scholarships for sons and daughters of U.S. Postal Service career employees through an annual nationwide scholarship competition conducted by the National Merit Scholarship Corporation (NMSC), an independent, nonprofit organization devoted exclusively to scholarship activities.

The NMSC will choose the National Postal Forum Merit Scholarship winners from among children of career U.S. Postal Service employees who qualify as Merit Program semifinalists on the basis of the 1986 PSAT/NMSQT scores and then advance to finalist standing by meeting additional requirements established and published by NMSC. The winners will be chosen on the basis of academic record, leadership and significant extracurricular accomplishments, test scores, and the high school's recommendation.

Students must be U.S. citizens who will complete high school and enter regionally accredited U.S. colleges in 1988 to pursue courses of study leading to one of the traditional baccalaureate degrees.

Each National Postal Forum Merit Scholarship award will be a renewable award of \$1,000 per year for up to 4 years of college undergraduate study or until baccalaureate degree requirements are complete, whichever occurs first. Other scholarship aid or an approved change in college choice will not affect the winner's annual stipend.

Any child of a career U.S. Postal Service employee who is a semifinalist in the 1988 Merit Scholarship Program (as announced in September 1987) should obtain an application-form (available in early December) from any divisional Field Director, Human Resources, and return it to the National Postal Forum address shown on the form no later than January 30, 1988. The winners of the 1988 scholarship competition will be announced in March 1988.

Ynen R.

PRESTON R. TISCH, Postmaster General.

FPO Changes

Please make the following pencil changes to the table, Conditions Applied to Mail Addressed to Military Post Offices Overseas, in POSTAL BULLETIN 21637, 9-17-87, pages 11-18.

22-Cent James Weldon Johnson Commemorative Stamp

The 22-cent James Weldon Johnson commemorative postage stamp goes on sale February 2, 1988, in Nashville, Tennessee. Johnson's accomplishments as an educator, diplomat, lawyer, author, and lyricist represent a special balance between the creative and intellectual worlds.

The issue is the fifth stamp printed by a private firm under the terms of a contract awarded by the Postal Service on January 12, 1987, and the 34th printed by that firm since 1979.

Do Not Sell Before February 3, 1988

Copyright U.S. Postal Service 1987

Issued in panes of 50. A future issue will include collector information.

Supply: Offices that normally receive 500 or fewer commemorative stamps will receive half their automatic distribution quantities, and all other post offices will receive approximately one-fourth of their automatic distribution quantities, based on a double-the-standard distribution for a 50-subject commemorative. This reduced automatic distribution is due to the proximity of the stamp's issue date to the planned rate change. As with all rate changes, it will be necessary to deplete inventories of outgoing prime rate stamps steadily, as the effective date of the rate change approaches. The Bureau of Engraving and Printing or the Regional Accountable Paper Depositories will not honor supplemental requisitions for **Item 434**.

-Philatelic & Retail Services Dept., 12-31-87.

Domestic First Flight Cachets

American Airlines

On or about January 18, 1988, American Airlines will inaugurate round-trip service between Chicago, Illinois, and Rochester, Minnesota. The following cancellations are available:

Chicago to Rochester

Rochester to Chicago

POSTAL OPERATIONS MANUAL 244.63 authorizes official cachet and philatelic treatment for the first flight service described above.

Customers must prepare covers for the flight according to the following instructions:

1. Address all covers with First-Class postage affixed.

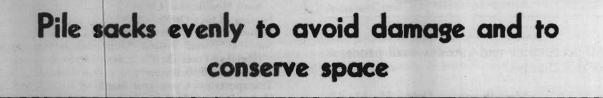

2. Allow a clear space for the cachet, 2^{1/2} by 2^{1/2} inches on the lower portion of the envelope and to the left of the address, and provide an additional 1^{1/2} inches to the left of the innermost stamp to permit a clear postmark. Each envelope should contain a filler of postal card thickness to ensure good impressions of the cancellations.

3. Place the covers in outer envelopes and mail them to reach the office applying the cachet no later than 3 days before the scheduled date of the flight. Write "First Flight Covers" in the lower left corner of the outer envelopes.

4. The Postal Service will not accept aerogrammes and postal cards and limits cachets to 50 covers per customer per flight. Covers already postmarked and those not prepared in accordance with instructions will not receive cachets or cancellations.

THIRD-CLASS BULK BUSINESS MAIL PROCEDURES

The following procedures for handling thirdclass Bulk Business Mail (BBM) should facilitate reference by delivery unit personnel and ensure BBM proper and consistent treatment.

Color Coding Bulk Business Mail

BBM received from mail processing units that perform secondary distribution must retain the color code assigned by the processing unit. BBM received by associate offices performing their own secondary distribution should be color-coded based on the date and time of receipt at the associate office. Mail processing units or associate offices will color code BBM for stations or branches that perform secondary distribution based on date of receipt at the mail processing unit or associate office.

Report the mail as delayed if not delivered on the coded day or on the last day of any mailer-requested delivery dates, whichever is later. The Postal Service will attempt to meet mailers' requested delivery dates; however, offices should not disrupt normal processing operations or delay other mail solely to meet these requests.

Delivery of Simplified Address Bulk Business Mail

Deliver BBM with a simplified address format (occupant, resident, postal customer, with no specific street address or box number) as follows:

1. Rural and Highway Contract Routes. Deliver one piece per box beginning with the first box on the route. If the mailer provides sufficient pieces and no instructions to the contrary, deliver one per family. Carriers must bundle excess pieces and endorse a facing slip with "excess of rquirements," their initials, and route number, then place the bundle(s) in a location designated by management. Redirect such excess mail until providing full rural and/or highway contract route coverage, or exhausting supplies.

2. City Routes. Deliver all pieces. If there are fewer mail pieces than deliveries, deliver one piece to each delivery along the prescribed line of travel until all pieces are delivered. If there are more mail pieces than deliveries, the delivery employee or supervisor must determine how many deliveries should receive more than one piece of the mailing. Make the determination concerning the number of deliveries and the number of pieces of mail before the actual delivery.

Example: Six bundles of 50 pieces each of BBM are addressed to resident or occupant with no specific street address on a route with 250 deliveries. One bundle of 50 requires duplicate delivery. Deliver two pieces to each of the first 50 customers along the line of travel and one to each of the remaining 200 deliveries. By determining the number of duplicate pieces in advance, the carrier can deliver the mail properly without covering the territory twice.

Note: Simplified Address Format BBM (John Doe or Current Resident/Occupant). If this type of mail is received for an apartment building, the duplicate pieces do not have to be determined in advance. The delivery employee can deliver them by simply placing the pieces into the appropriate receptacles, beginning with the first delivery, continuing through all the deliveries, and repeating the process until exhausting the building's supply.

Post Office Box and General Delivery. Deliver one piece per box (or general delivery customer) beginning with the first and repeating until supplies are exhausted.

Delivery of BBM to Apartments

Compare all mail, including BBM, intended for apartment dwellings addressed to customers without an apartment number, to a directory (where a directory is posted) or to the names on mail receptacles before determining them undeliverable. Deliver BBM to the apartment number appearing on the article. Place all mail in the appropriate compartment for each apartment or in an approved mail receptacle (only if it will not fit in the appropriate compartment). On city routes, deliver BBM addressed to "occupant" and having a building number but no apartment number to each customer, beginning with the first and repeating as necessary until exhausting supplies for the building.

Delivery of Mail With Exceptional Address Format

Deliver mail bearing the exceptional address format (example: Mr. John Doe or current resident/occupant) on the mailing label as addressed. This mail is undeliverable only if the house, apartment, office, or building is not occupied (in the case of post office boxes, not rented), or nonexistent. The delivery employee must endorse each piece "vacant" and place it with other UBBM mail that is bundled and left on the carrier's case (see section 9 for additional information).

Local Knowledge

Mail sometimes enters the postal system with an incomplete or incorrect address. At other times, mail is addressed to a physical location that is not a delivery point. Although processes exist to improve address quality, all postal employees must also remember that if the customer and delivery point are known, they must deliver the mail locally, regardless of class, unless other delivery instructions are specified on the mailpiece. Directory service, however, will only be provided in accordance with DOMESTIC MAIL MANUAL (DMM) 159.24. Do not return or dispose of mail unless absolutely necessary.

Noncity Delivery Offices

Noncity delivery offices must make every attempt to deliver mail if the intended customer is known.

Page 4, 12-31-87, 21652

The endorsement "Nondelivery office . . . street address insufficient for delivery" (or similar statements) is *not* authorized.

Treatment of Unendorsed Bulk Business Mail With Incorrect ZIP Codes

When an incorrect ZIP Code (not conforming with the Carrier Route Information System (CRIS) as required and not due to a Postal Service adjustment) results in unendorsed Bulk Business Mail arriving for delivery in the wrong unit, redirect the mail for delivery only when the delivery unit is within the building. Do not provide further transportation or handling.

Note: If mail was submitted in accordance with required CRIS schemes, redirect and deliver it in all cases. Make appropriate maintenance to Address Management System files. If errors were due to Postal Service adjustments, handle the mail in accordance with DMM 159.13.

DMM 661.2 requires that each piece of BBM include the correct ZIP + 4 code or the correct fivedigit ZIP Code. The only exceptions are pieces bearing a simplified address in accordance with DMM 122.41 (applicable to rural and highway contract route boxholders, boxholders at offices without city or village carrier service, and, for city routes and post office boxholders, official matter mailed by governmental agencies); third-class mailings at the single piece rate; or keys and identification devices.

Example: Unendorsed BBM is incorrectly addressed for delivery in Annandale, VA 22030. The correct ZIP Code for Annandale is 22003. The BBM, distributed by ZIP Code, arrives in Fairfax, VA 22030 for delivery. The BBM is treated as undeliverable as addressed. It is not redirected to the Annandale post office or the central mail processing facility. If a #3 sack or more of BBM is involved, report the specific information about the error and the mailing to the National Zero Defects Reporting System before the BBM is treated as undeliverable-as-addressed.

Example: Unendorsed BBM is received with street names and the city/state/ZIP line of Fairfax, VA 22030. The streets are actually deliverable on carrier routes in Fairfax, VA 22033 and are accurately recorded in CRIS. The carrier routes for both zones are in the same building, and the mail is redirected and delivered. For volumes equivalent to a #3 sack or more, report the addressing error to the National Zero Defects System.

Note: This section does not apply to third-class matter mailed at the single piece rate. Single piece rate third-class mail that bears an incorrect ZIP Code should be redirected and delivered whenever possible.

National Zero Defects Reporting System

The National Zero Defects Reporting System identifies and complies deficiencies in mail preparation, makeup, and addressing for followup corrective action. The national system identifies areas of concern for large mailings, even though incidents are widely dispersed.

Reporting worksheets are available in standard size and as convenient pocket-sized reminder cards. Each includes the toll-free reporting number and brief, easy to follow instructions for reporting. Contact the Division Zero Defects Coordinator for information and reporting forms.

Note: Handle single piece third-class mail in accordance with DMM 690.

Undeliverable BBM

1. The term Unendorsed Bulk Business Mail replaced the term No Obvious Value Mail.

2. Carriers must bundle all undeliverable Unendorsed Bulk Business Mail (UBBM), endorse the top piece of each bundle with UBBM, the route number, and their initials, and leave the bundles at their cases.

3. A designated employee must review all bundles daily to ensure that only Unendorsed Bulk Business Mail is in the bundles. Employees must remove all bundles from carriers' cases before carriers return to the office.

4. Supervisors must make daily checks of the Unendorsed Bulk Business Mail bundles. They should check a sufficient number of routes to ensure that they review every route in the unit at least once each accounting period.

After the supervisor completes the reviews, a designated employee must remove the bundles from the carriers' cases before the carriers return to the office. Mail must not be disposed of at the carriers' cases.

5. The supervisors' review of this mail validates that the mail in the bundle is Undeliverable-as-Addressed. Supervisors should use all change of address information available (3982, 3575, 3546, 1564, 4232-A, carrier case labels, etc.). It is not necessary to examine each piece. A representative sample, approximately 10 percent, from throughout the bundle is sufficient.

6. Supervisors must share the results of reviews with employees. If reviews indicate that employees are placing deliverable mail in Undeliverable Unendorsed Bulk Business Mail bundles, make more frequent reviews until identifying and correcting the cause of the mishandling. Supervisors should encourage employee ideas and suggestions concerning solutions for recurring problems. When management identifies a specific mailing as a problem, report the appropriate information about the mailing to the Zero Defects Reporting System.

Address Correction Service

The Service provides address correction service only when a current Change of Address Orders, Form 3575, or Forwarding Order Change Notice, Form 3546, is on file. Addressing errors such as incorrect or

POSTAL BULLETIN

missing ZIP Codes, misspelled parts of the address, incorrect route designations on presorted mail pieces, etc., do not generate address correction service. If the intended addressee is known, such mail—all classes equally—is delivered. However, unendorsed BBM bearing incorrect ZIP Codes will only be redirected as provided in item 7 of this article.

Obvious Value

The obvious value concept is no longer applicable in the treatment of undeliverable-as-addressed third-class mail or Bulk Business Mail. The addressee may not request the forwarding of thirdclass mail or BBM. No forwarding or return service is available for unendorsed BBM.

The Postal Service will properly dispose of all unendorsed Undeliverable Bulk Business Mail. All unendorsed third-class mail paid at the single piece rate is returned to the sender.

Merchandise Samples

The postmaster is responsible for establishing a local procedure for monitoring the receipt, distribution, and delivery of detached address labels and mechandise samples and the disposal of excess items in those categories. The unit manager is responsible for supervising the prompt distribution and delivery of these items, as well as the handling and disposal of UAA and excess pieces.

Distribution clerks are responsible for the prompt distribution of detached address labels and samples to the proper carrier routes. In addition, they are also responsible for reviewing and disposing of undeliverable articles.

Duties

"Pre"-Delivery Duties. Upon receipt of the detached address labels in the delivery unit, distribute the labels by carrier routes. Upon receipt of the samples in the delivery unit, distribute to each route the detached address labels and an equal number of samples. If space is not available at the carrier case, place the samples at a suitable location. "Post"-Delivery Duties. Undeliverable detached address labels addressed to vacant homes or apartments and endorsed vacant in accordance with the prevailing instructions, must be disposed of as waste unless the mailer has requested an "address correction" or some other method of handling. See DMM Exhibit 159.151 for valid customer endorsements.

Within 5 days after completing delivery, undeliverable or excess samples must be sent to the main office for handling as outlined in DMM Exhibit 159.438c.1&2.

Carriers are responsible for the prompt delivery of properly addressed articles and the handling of undeliverable-as-addressed articles.

Office Duties. Endorse undeliverable detached address labels with the reason for nondelivery in accordance with prevailing instructions.

Delivery Duties. Deliver all samples within the normal standard for ordinary third-class mail, after receipt of the detached labels and samples.

If a sample* is too large for delivery into a customer's mailbox, leave it outside the box, provided it has adequate protection or is delivered in accordance with the instructions or known wishes of the addressee:

a. Deposit a sample too large for delivery into an approved apartment house receptacle in the rack underneath the boxes or on a nearby table or other location provided by the building management.

b. Whenever a sample is left outside the mailbox, use a rubber band to hold the sample and address card together.

c. When delivery cannot be accomplished, complete and leave Form 3849-A, *Delivery Notice or Receipt*, and return sample and card to the delivery unit.

*These instructions apply to samples only: place all other mail in the mail receptacle.

Detached Labels

Under no circumstances should a detached address label be delivered without the associated sample or mailpiece.

-Delivery Services Dept., 12-31-87.

FORM 50: DUAL APPOINTMENTS

POSTAL BULLETIN 21580, 8-21-86, authorized the dual appointment of Rural Carrier Reliefs (RCRs) and Postmaster Relief/Leave Replacements (PMR/LRs) in casual employee positions. That information about appointment and work schedules remains unchanged, except that it now applies to the Rural Carrier Associates (RCAs) as well. However, dual appointments of PMR/LRs to casual positions cause a payroll problem when both the positions are established under the same finance number. Therefore, it is necessary to establish special Form 50 processing procedures when dual employment involves more than one nonrural position in the same office.

The following list shows four typical job combinations by designation/activity code where this situation occurs. An asterisk indicates nonrural appointments.

| Dual employee | Primary position | Second position | Third position |
|---------------|---------------------|-----------------|-------------------|
| 1 | 58/0* | 6X/X* | |
| 2 | 75/0 | 58/0* | 6X/X* |
| 3 | 77/0 | 58/0* | 6X/X* |
| 4 | 78/0 | 58/0* | 6X/X* |

To avoid this situation in each of the above cases, establish the casual position under the field division or management sectional center (MSC) finance number. Transfer work hours to the office where the work was performed.

Example: An employee's primary position is a PMR/LR. To appoint this employee in a dual capacity as a casual at the same office, process the From 50 using NOA code 959 (Dual Job Accession) to establish the secondary casual position under the finance number of the field division or MSC. Advise the postmaster to submit time and attendance information and Form 1236, *Loan, Transfer, and Training Hours*, to the division or MSC where the causal position was established. The work hours will then be transferred to the office where the employee actually works.

The Human Resources Information Systems Division will provide each affected field division with a list identifying where these situations now exist and with instructions for processing the required personnel actions to eliminate the payroll problems.

Section 323.6 of the EMPLOYEE AND LABOR RELA-TIONS MANUAL governs the use of employees in multiple positions. The following list of acceptable position combinations provides guidance in properly establishing dual appointments through the Form 50 process.

Acceptable Combinations

| Key: | |
|---|--------|
| 4X/X=Part-Time Flexible (PTF) | 1.000 |
| 58/0=Postmaster Relief/Leave Replacement (P | MR/LR) |

| 78/0 | 58/9 | | | numbers. |
| 10/0 | 30/9 | | | |

A new directive, Handbook EL-301, Guidelines for Processing Personnel Actions, will incorporate these procedures. The handbook will replace Chapter 6 of the Handbook P-11, Personnel Operations, in the near future.—Employee Relations Dept., 12-31-87.

1988 PAY DATES, LEAVE YEAR, ORGANIZATION DUES

The following chart lists the pay periods for 1988. For the convenience of timekeepers, the biweekly pay periods have been divided into weeks, indicating the beginning and ending dates for each week.

LEAVE YEAR

The leave year always begins with the first day of the first full pay period in the calendar year. The chart below indicates that the 1988 leave will begin Pay Period 2, January 2, 1988, and will extend for 1 year, or 27 full pay periods, ending January 13, 1989 (Pay Period 2, 1989).

UNION AND EMPLOYEE ORGANIZATION DUES

Asterisks (*) indicate pay periods in which union and employee organization dues, for employees who have authorized them, will be deducted and the pay date of the check that reflects this deduction. Dues deductions occur in the first pay period that ends in each month. Exception: National Association of Letter Carriers (NALC) and American Postal Workers Union (APWU) dues are withheld each pay period.

FEDERAL INCOME TAX WITHHOLDING

Beginning with Pay Period 1, 1988, payroll checks will reflect the changes in the federal income withholding tax and the value of the exemption. The exemption value has increased from \$73.08 to \$75. The following tax rate tables and computations are based on the employee's biweekly payroll.

Federal Income Withholding Tax Rate Tables

| If the an wage | mount of is: | , including head of hous The amount of incom withheld shall be: | |
|-------------------|---------------------------|---|-----------------------------------|
| Not ove | er \$40 | | |
| Over | But not over | | Of excess over |
| 727 1,700 | \$ 727 1,700 3,905 | \$102.98 plus 28% 375.44 plus 33% | \$ 40 727 1,700 3,905 |
| | s is: | on: The amount of incom withheld shall be: | e tax |
| Over | But not over | | Of excess over |
| 1,262 2,883 | \$1,262 2,883 7,118 | 15% \$171.63 plus 28% 625.56 plus 33% 2,023.11 plus 28% | \$ 117 1,262 2,883 7,118 |

You can predict or check your new withholding amount by following these steps:

1. Determine your normal biweekly gross salary from your earnings statement.

2. Multiply the number of exemptions you have claimed by the new exemption value, \$75. (The federal tax line on your earnings statement shows the number of exemptions you claimed. For example: S1 = single with one exemption, M2 = married with two exemptions.)

3. Subject the amount in (2) from the amount of gross biweekly wages in (1). This figure is the amount subject to withholding tax.

4. Find the range that includes this figure (3) on the new table and determine the percentages and the amounts withheld.

Example: A married employee is paid \$1,000 gross biweekly salary. This employee claims three exemptions (the earnings statement shows M3 on the federal tax line). Using the table, the employee can check the amount withheld for federal tax as follows:

| 1. Total biweekly gross wages | \$1,000 |
|---|---------|
| Three exemptions (three times the new exemption value, \$75) Amount subject to withholding (\$1,000 minus \$225 for exemp- | 225 |
| tions) | 775 |
| 4. According to the new tables, this figure falls in the "\$117-\$1,262" category in the Married column. So the employee computes: | |
| Tax on (\$775 minus | |
| \$117=\$658, at 15%) Total federal tax withheld | 98.70 |
| on each biweekly payroll check | 98.70 |
| | |

Note: This total may vary by a few cents due to rounding .- Dept. of the Controller, 12-31-87.

INTERNATIONAL TRANSIT TIME STUDY

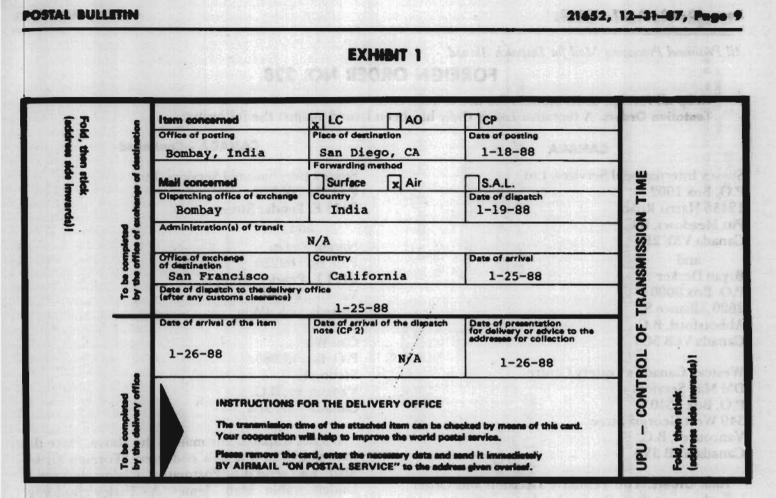

The Declaration of Hamburg, adopted by the Hamburg Congress of the Universal Postal Union (UPU), includes a United States-sponsored resolution intended to improve mail service between members of the UPU. This resolution has led to a series of periodic international mail transit time surveys between selected countries. The United States, Bangladesh, Korea (Republic), India, and Iran (Islamic Republic) will conduct one of these surveys from January 18 to January 30, 1988.

Each day of the survey, the opening unit at Kennedy International Airport Air Mail Facility (AMF) will randomly select six pieces of air LC (letters), six pieces of AO (flats), and six pieces of air CP (parcels) from these countries. The unit will complete the exchange office portion of a Transit Time Card (see Exhibit 1, page 9) and attach it to each piece of mail, mark the front of each piece with a large X, and return all pieces to the mail stream.

When a delivery unit receives one of these mail pieces, it must:

1. Remove the Transit Time Card and complete two blocks in the delivery portion: date of arrival of the item and date of presentation for delivery or advice to the addressee for correction (see Exhibit 1, page 9). Do not complete date of arrival of the dispatch note (CP-2).

2. Mail the card, which is preaddressed to the UPU. It requires no postage because it is official USPS mail.-Mail Processing Dept., 12-31-87.

All Personnel Processing Mail for Dispatch Abroad

FOREIGN ORDER NO. 228

Keep all foreign order notices for use as reference. Tentative Orders. A tentative Lottery Order has been issued against the following:

CANADA

Sussex International Services, Ltd. P.O. Box 1002 12455 Harris Road Pitt Meadows, B.C. Canada V3Y 2B4 and

Bryan Decker P.O. Box 9000 2620 Alliance St. Abbotsford, B.C. Canada V6B 5G7

Westcan Canada's Lottery Centre DM Mail Services P.O. Box 3640 349 West Georgia Street Vancouver, B.C. Canada V6B 3Y3

Final Orders. The Tentative Decision and Order issued against the following has become final:

CANADA

Can Win P.O. Box 80359 South Burnaby, B.C. Canada V5H 3X6

Unemployment Compensation

The U.S. Department of Labor has revised SF-8, Notice to Federal Employee About Unemployment Compensation, to provide for federal agencies to record their code number, name, address, and telephone number of the office responsible for processing unemployment compensation forms (ES-931, 931-A, 934, and 936). For the Postal Service that office is the Minneapolis Postal Data Center. The code number for the Postal Service is 732.

The name, address, and telephone number of the Minneapolis Postal Data Center and Code 732 is overprinted on the form in the same manner as on the sample on page 11. Offices may order overprinted forms from area supply centers on Form 7380, Supply Center Requisition, through normal requisition procedures. They should destroy any supplies of the old SF-8 in stock as soon as the installation receives the revised SF-8 (Rev. 6-87) supply. All personnel offices and all Unemployment Compensation Coordinators must be aware of the revised SF-8.

-- Employee Relations Dept., 12-31-87.

CANADA-Continued

Can Win P.O. Box 66985 Station F Vancouver, B.C. Canada V5N 5L4

Canada V5K 4W5

Do not dispatch any mail to the above. Place the mail pieces in a pouch endorsed "Foreign Order Mail" and send it to Postmaster, Claims, Inquiry & Undeliverable Mail, James A. Farley Building, Room 2029-A, New York, NY 10199-9543. Do not place any endorsement on the mail pieces themselves.

This notice may be posted at the outgoing primary, and it must be posted on the Foreign Order Board at all MSCs and designated International Exchange Offices.—Judicial Officer, 12-31-87.

Transportation Contractor Employees

All employees are subject to the requirements of the Code of Ethical Conduct published in section 660 of the EMPLOYEE AND LABOR RELATIONS MANUAL. The code is designed to prevent employees from engaging in activity that might result in an actual conflict of interest, or in activity that creates the appearance of a conflict of interest.

Postal employees who are also employed either part-time or full-time by USPS transportation contractors may be in violation of the Code of Ethical Conduct because of the potential conflict of interest between the job of a Postal Service employee and the interests of a USPS transportation contractor. Such employment situations should be brought to the attention of the employee's postmaster.—Mail Processing Dept., 12-31-87.

SAFETY IS NO ACCIDENT

TAKE THIS FORM WITH YOU IF YOU GO TO FILE A CLAIM

UNEMPLOYMENT COMPENSATION FOR FEDERAL EMPLOYEES (UCFE) PROGRAM NOTICE TO FEDERAL EMPLOYEE ABOUT UNEMPLOYMENT INSURANCE

This form has been given to you because (1) you have been separated from your job, or (2) you were placed in a nonpay status. or (3) your records have been transferred to a different payroll office.

Unemployment insurance (UI) for Federal workers. When unemployed, Federal workers may be entitled to UI benefits similar to those of workers in private industry. If you become unemployed or are in a nonpay status and want to FILE A CLAIM, go to the nearest LOCAL PUBLIC EMPLOYMENT SERVICE OFFICE of the STATE EMPLOYMENT SECURITY AGENCY to register for work and file your claim for UI. Your ELIGIBILITY for UI CANNOT be determined until AFTER you file a claim. DO NOT DELAY filing a UI claim; if you wait, your unemployment benefits may be reduced or you may not qualify for any benefits.

To help EXPEDITE your claim, take THIS FORM with you, your SOCIAL SECURITY ACCOUNT NUMBER CARD, the OFFICIAL NOTICE of your most recent SEPARATION or of your present NONPAY status (Standard Form 50 if available), EARNINGS and LEAVE statements, or similar documents that indicate you were employed by a Federal agency.

| FEDERAL AGENCY will insert | 3 Digit Identification FEDERAL AGENO | Y To be completed by the Federal |
|---|---|-----------------------------------|
| in the box: | CODE NO. | Agency: |
| 1st line—Parent Federal Agency Name and 3 digit code number 2nd line—Major Component (if | 732 | Contact Name/Office |
| any) | Minneapolis Postal Data Center | Customer Support Branch |
| 3rd and 4th line-complete address to which all forms | Attn: Payroll Processing Branch Twin Cities AMF, MN 55111-9630 | Telephone No. (include area code) |
| pertaining to a claim should be sent (ES-931, 931A, 934, 936, and notices of appeal, hearings, and determinations) | | (612) 725-1222 |

KEEP THIS FORM and TAKE IT WITH YOU if you file a UCFE/UI claim for unemployed Federal workers provided by Federal law (U.S. CODE, Title 5, Chapter 85). For more information about UCFE/UI, read the REVERSE SIDE of this form.

POSTAL BULLETIN

21652, 12-31-87, Page 15

FREEDOM OF INFORMATION ACT

The Postal Service must submit to Congress a report concerning the Freedom of Information Act (FOIA) for each calendar year.

Records custodians must submit reports if they declined to release information requested in writing citing the Freedom of Information Act. A Records Custodian is a postmaster or head of a facility, such as a postal data center, mailbag depository, management sectional center, division office, or regional headquarters, who maintains USPS records. Department heads are the custodians of records maintained at Headquarters. Senior medical personnel are the custodians of restricted medical records maintained within postal facilities. EAP counselors are the custodians of records pertaining to program participants.

Custodians should submit reports, clearly marked FOIA Annual Report, to the Records Officer, USPS Headquarters, 475 L'Enfant Plaza, SW., Washington, DC 20260-5010, on or before January 30, 1988.

Contents of the Report

1. Reason for Denial—Reference a specific section(s) of the regulation in the ADMINISTRATIVE

SUPPORT MANUAL (ASM) 352, but only sections 352.42 through 352.47.

2. Give the name and title or position of the USPS records custodian responsible for the denial.

3. Give the number of determinations not to comply with FOIA requests made during calendar year 1987.

4. Do not include denials of requests for change of address information.

The above information should appear as follows:

| Reason for denial | Name and title of custodian | Denials ¹ |
|----------------------|---|----------------------|
| 352.42b | Mr. John Doe, Postmaster, Little Ark., MO. | 3 |
| 352.42c(6) | Mr. John Doe, Postmaster, Little Ark., MO. | 1 |
| 352.451 | Mr. John Doe, Postmaster, Little Ark., MO. | |

¹ Number of denials based on this reference.

DOMESTIC ORDERS

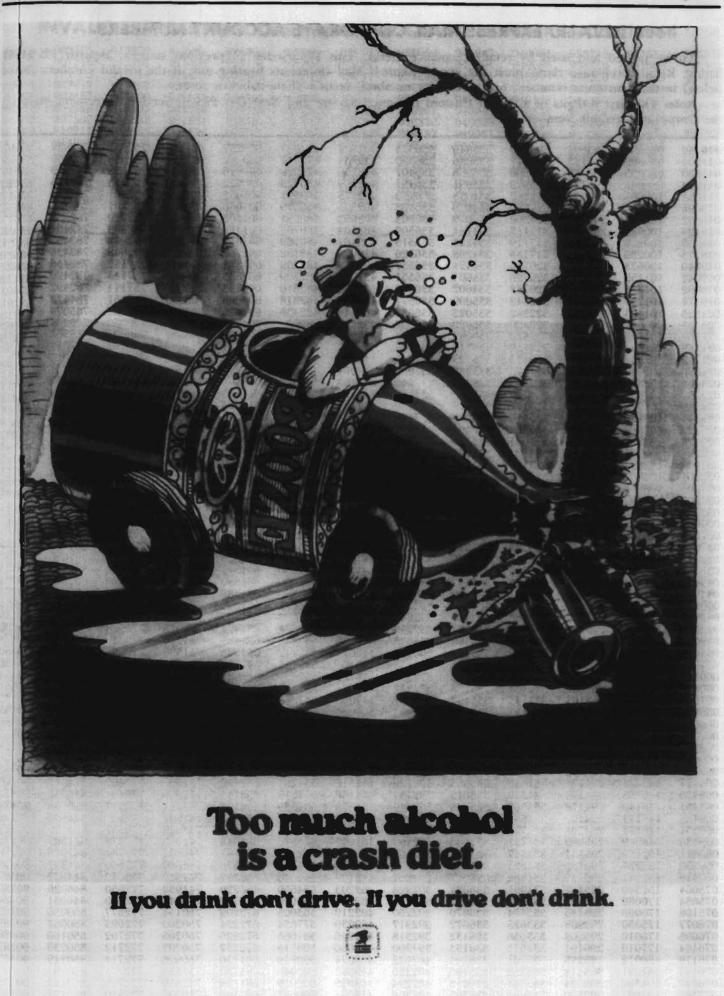

False Representation. Enforced by postmaster at city listed.

| State/city | | | Names covered | Product | | | |
|------------------|---------|--------|--|---|--|--|--|
| TX, San 0500. | Antonio | 78212- | Georgio Freight Forwarders, Inc., 132 West Grayson. | The sale or distribution of boats and motors, advertising specialty products, or vacations. | | | |

-Judicial Officer, 12-31-87.

Insurance claims may be filed at any post office, branch, or station. They do not have to be filed at the office of mailing or the office of address.

⁻Records Officer, 12-31-87.

INVALID EXPRESS MAIL CORPORATE ACCOUNT NUMBERS

To be posted and used by retail/acceptance clerks. This supersedes all previous notices. Destroy PB 21651 listing. Retail/acceptance clerks must not accept Express Mail shipments bearing any of the invalid numbers (listed below) in the "customer number" or "agreement number" section of the label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Service Agreement make up the Corporate Account Number.

| Washington, DC 20260-1571 d. Address Changes. Same as 1-c. | d. Address Changes. Complete form below and send entire page to address in 2-a above. |

POSTAL BULLETIN ORDER FORM

| Postal Facility, Company, or Personal Name | Old Quantity | New Quantity |
|--|---------------------------|--------------------------------|
| Attention Line (if needed) | Customer's Home Phone () | Customer's Office Phone () |
| Street Address | Name of Approving Manag | jer |
| City, State, ZIP + 4 | Signature of Approving Ma | nager |
| Country (if needed) | Credit Card No. (if used) | Exp. Date (Mo/Yr) |

Check One:

Effective Period: POSTAL BULLETIN Articles are effective for 1 year unless articles change the text of permanent directives or unless otherwise specified. Distribution: USPS distributes the BULLETIN to all postal facilities. The Government Printing Office distributes copies to all public subscribers. Index: A quarterly index of BULLETIN articles appears in January, April, July, and October; a yearly index appears early the following year.
