Issued in panes of 50.

Collector information is on page 7.

Supply. Only post offices with authorized philatelic centers will receive an automatic distribution. All other post offices should order sufficient quantities to meet philatelic demand.

Bulk Quantities. CAG A-G post offices that require 25,000 or more additional stamps should immediately submit Forms 3356, *Stamp Requisition—Bulk Quantities*, to the Bureau of Engraving and Printing using *Item 521*. They must submit requisitions in the standard ordering quantities for a 50-subject stamp to the maximum quantity of 2.5 million stamps per requisition.

Less-Than-Bulk Quantities. All other post offices requiring fewer than 25,000 additional stamps should immediately requisition them from their stamp distribution office using a separate Form 17-A, *Accountable Items Requisition from Stamp Distribution Office*.

Note: Postmasters are cautioned not to order excess quantities of this stamp issue and to restrict sales to collectors and customers mailing greeting cards and wedding invitations. Customers requiring a 45-cent stamp for other than the above mailing requirements should use the 45-cent Harvey Cushing regular stamp. Love stamps fall into the special issue category, which means they are printed in larger quantities and as often as necessary to meet customer demand. Therefore, postmasters must make the Love stamps available to customers on a continuous basis.

All Savings Bonds Coordinators

Savings Bonds Campaign Extension

Canvassing for the 1988 Savings Bonds Campaign is extended to July 29. This extension allows the Postal Service additional time to ensure that all career employees have the opportunity to enroll in the Payroll Savings Plan or increase their allotments.

Campaign coordinators and canvassers at each installation have Form 1192, *U.S. Savings Bond Authorization for Purchase and Request for Change*, as well as additional information describing the benefits of buying bonds.

Savings bonds coordinators must ensure that every employee has an opportunity to participate during the campaign. They should turn Forms 1192 into Distributed Data Entry (DDE) sites twice weekly. DDE sites must process these forms immediately. The sites should contact the employee or the savings bonds coordinator at once if they receive an improperly completed form.

A bulletin board notice about the Savings Bonds Campaign appears on page 11. Installation heads should immediately post this notice in all work areas to provide maximum exposure to employees.

Form 3575,

Change-of-Address Order

Form 3575, *Change-of-Address Order*, dated March 1988, has been revised to reflect additional data entry enhancements as well as instructions to aid customers when completing the form. Those offices who have not ordered the new version should submit their order to the area supply centers immediately.

All previous versions of the form currently in local supply are obsolete and offices should destroy them upon receipt of the new form.

8.4-CENT WHEEL CHAIR COIL STAMP

The 8.4-cent Wheel Chair precanceled coil stamp goes on sale August 12, 1988, in Tucson, Arizona. This denomination meets the basic rate for bulk nonprofit mailings that became effective April 3, 1988.

Do Not Sell Before August 13, 1988

Copyright U.S. Postal Service 1988

Issued in coils of 500 and 3,000 precanceled.
A future issue will include collector information.

Supply. Post offices with authorized philatelic centers will receive an automatic distribution of the precanceled coils of 500. The automatic distribution is based on the Bureau of Engraving and Printing's four-position schedule for a 50-subject commemorative stamp. Accordingly, the quantities of coils to be furnished follow:

| Offices receiving four-position stock in these quantities | Will receive coils in these quantities |
|---|--|
| 20,000 | 50 |
| 40,000 | 100 |
| 125,000 | 200 |
| 250,000 to 500,000 | 800 |

Bulk Quantities. CAG A-G post offices requiring this precanceled stamp should immediately submit Form 3356, *Stamp Requisition—Bulk Quantities*, to the Bureau of Engraving and Printing. They must submit the orders in the following quantities: coils of 500 (*item 955*): 200 coils, 400 coils, and multiples of 400 coils to a maximum of 2,000 coils; coils of 3,000 (*item 956*): 32 coils, 64 coils, and multiples of 64 coils to a maximum of 768 coils.

See section 243, Handbook F-48, *Bulk Requisitioning and MSC Accountable Paper Functions*, for proper procedures when ordering precanceled stamps. The memorandum described in that section must accompany Form 3356.

Note: The 8.4-cent precanceled coil replaces the 8.5-cent Tow Truck precanceled coil that was the previous basic rate for the nonprofit bulk mailings. Stamp distribution offices (SDO) must review their AINV Order Quantity Review Report of the precanceled 8.4-cent coils of 500 and 3,000 prior to ordering. SDOs requiring fewer than the above ordering quantities must submit a separate Form 17-A, *Accountable Items Requisition From Stamp Distribution Office*, to their regional accountable paper depository.

Less-Than-Bulk Quantities. All other post offices requiring fewer than the above bulk quantities of this precanceled stamp should requisition them immediately from their designated stamp distribution office on a separate Form 17-A.

NONBARGAINING UNIT PAY CHANGES

The new salary schedules appear on pages 13 through 14. These instructions apply to career bargaining unit employees in the:

1. Executive and Administrative Step (EAS) Schedule
2. EAS Nonstep Schedule
3. EAS A-E Postmaster Schedule

General Increase. Effective July 16, 1988, Pay Period (PP) 16-88, career nonbargaining EAS employees receive a general increase in the amount of 2.4 percent of the basic annual salary in effect on July 15, 1988.

Cost-of-Living Adjustment (COLA) Ceiling. Effective July 16, 1988 (PP 16-88), the COLA ceiling is adjusted upward by 2.4 percent to match the maximum basic salary of EAS-26. An EAS employee

with a basic salary of \$62,565 or more does not receive a COLA. If an employee has a basic salary of less than \$62,565, the base salary, including COLA, cannot exceed \$62,565.

Employees With a Saved or Protected Rate. Employees with a saved or protected rate (including those red-circled) will receive the same pay adjustments as other EAS employees.

Temporary and Casual Employees. Temporary and casual employees do not receive this general increase and will continue at their current rates of pay.

The general increase discussed in this article is effective on July 16, 1988 (PP 16-88), and will appear in paychecks distributed on August 5, 1988.

REVISED SMOKING REGULATIONS

The current smoking policies in part 855 of the EMPLOYEE AND LABOR RELATIONS MANUAL (ELM), revised in 1983, are concerned primarily with fire prevention, safety, and protection of the mail. Health issues are not a stated objective. However, recent medical studies indicate that smoke is not only hazardous to those who smoke but also injurious to those passively exposed.

To respond to these studies, health concerns, and safety in defining areas where smoking is permitted, regulations in ELM part 855 have been revised, expanded, and moved to a newly established ELM subchapter 880. These revisions are effective on the date of this Bulletin. All installation heads must begin to implement the new policy and regulations immediately. Installation heads must complete their implementation of and be in full compliance with the new regulations on or before 6 months from this date.

The revised policy and regulations provide for the accommodation of smokers and nonsmokers. As installations implement the new regulations, employees may have questions or concerns regarding the selection of some of the designated smoking areas. In responding to such concerns, managers must exercise good judgment and make certain that they respect the rights of all employees.

To assist those employees who wish to reduce or stop smoking, installation heads are encouraged to institute smoking cessation programs. These programs will be available to employees on a voluntary, off-the-clock basis. Information on available programs will be provided in the near future to Assistant Postmasters General, Regional Directors, Human Resources, and Field Division General Managers/Postmasters.

CHAPTER 8

880 Smoking

881 Definition

Smoking is defined as having a lighted cigar, cigarette, pipe, or other smoking material.

882 Policy

Smoking is prohibited in all areas other than those specifically designated as smoking areas.

883 Designated Smoking Areas

883.1 Selection

.11 Responsibility

.111 The Field Division General Manager/Postmaster or designee is responsible for designating suitable smoking areas in field installations.

.112 Assistant Postmasters General and Regional Postmasters General are responsible for

designating suitable smoking areas at headquarters units and regional offices respectively.

.113 Safety and Health Committee union representatives may participate in the selection of designated smoking areas.

.114 In those installations that do not have a Safety and Health Committee, a bargaining unit employee from each union representing employees in that facility may participate in the selection of designated areas.

.12 **Building Modification.** Expenditures for building construction, modification, or equipment to provide suitable smoking areas are permitted but not required. These expenditures must comply with normal expenditure regulations.

883.2 Requirements

883.21 Location. Designated smoking areas must be away from the work site, e.g., separate swing rooms, a separate section in a cafeteria, and other space significantly designated for smoking.

Exception. Smoking may be permitted at certain work sites and office areas that are separated into smoking and nonsmoking sections.

883.22 Provisions. All designated smoking areas must be clearly marked and equipped with an adequate number of ash receptacles.

883.23 Compliance Standards. Smoking areas must not conflict or compromise compliance with the following:

- a. Fire and evacuation regulations
- b. Protection of the mail
- c. Safety standards
- d. General good housekeeping safety practices

883.24 Ventilation. All designated smoking areas must be provided with sufficient ventilation in accordance with the latest American Society of Heating, Refrigeration, and Air-Conditioning Engineers' (ASHRAE) ventilation design standards. Managers should refer any questions concerning ventilation to the Facilities Service Center or Facilities Service Office.

883.25 Use. Employees who use designated smoking areas away from the work site must do so only during lunch or scheduled breaks.

884 Prohibited Areas

Smoking is prohibited as follows:

- a. In auditoriums
- b. In class or conference rooms
- c. In corridors, restrooms, or on stairways
- d. On elevators and in office lobbies (not service lobbies—see 885)
- e. In copy or computer rooms
- f. In medical/health units
- g. At service windows and counters
- h. While collecting or delivering mail

i. At all work sites with the exception noted in 883.21

j. In any area designated as hazardous, e.g., in the presence of flammable liquids, gases, or vapors; or at locations, indoors or out, where there are combustible materials

k. In any other area not specifically designated as a smoking area

885 Service Lobbies

885.1 Policy. Smoking in public areas of service lobbies must comply with section 221.5 of the POSTAL OPERATIONS MANUAL (POM).

855.2 Responsibilities

855.21 Postmasters

.211 In accordance with POM regulations, postmasters must display Sign 3, *Please Do Not Smoke*, in the lobbies of all main post offices and classified stations and branches in communities where state statute, local ordinance, or regulation prohibits or restricts smoking in enclosed areas. This sign may be requisitioned from area supply centers using Form 7380, *Supply Center Requisition*. Do not display this sign at units in communities without such prohibitions or restrictions.

.212 In addition to the above regulations, postmasters also must follow the steps below:

a. Contact local government official to determine whether state law, local ordinance, or regulation prohibits or restricts smoking in public areas of

commercial or local government buildings, such as bank lobbies, retail stores, etc.

b. If such prohibitions or restrictions exist, display Sign 3 in lobbies of all affected classified units. Maintain a copy of the law or regulation for reference at each affected site.

c. When the sign is displayed, remove ashtrays. Provide ash receptacles at lobby entrances for arriving customers.

d. Do not display this sign in communities where, in general, smoking in enclosed areas is not restricted.

855.22 Window Service Personnel. Window service personnel should ask smokers to comply with the sign. If this is not successful, they should take no further action. The purpose of Sign 3 is to encourage voluntary cooperation with the community's expressed preference to prohibit or restrict smoking; however, the no-smoking request is not subject to enforcement.

856 Compliance

856.1 Headquarters. At national headquarters, the Assistant Postmaster General, Employee Relations, is responsible for the compliance of smoking regulations.

856.2 Headquarters-Related and Field Units. Responsibility for compliance with these regulations will follow normal management channels at divisions, regional headquarters, and related headquarters units including service centers.

—Employee Relations Dept., 7-14-88.

BARGAINING UNITS PAY CHANGES

The new salary schedules appear on pages 15 through 36, except that the Rural Carrier Mileage Schedules will be distributed through the field divisions.

The general increases described below apply to both the Retiree Eligible Schedule (RES) and the regular (or Non-RES) versions of the applicable schedules. These instructions cover employees in one of the following categories:

1. Employees covered by the 1987-1990 US Postal Service-American Postal Workers Union/National Association of Letter Carriers (USPS-APWU/NALC) National Agreement

2. Employees covered by the 1987-1990 USPS-Mail Handlers' National Agreement

3. Employees covered by the 1988-1990 USPS-National Rural Letter Carriers' Association (NRLCA) National Agreement

General Increase. Effective July 16, 1988, Pay Period (PP) 16-88, affected schedules increase as follows:

1. The Postal Service (PS) Schedules (RSC P/P1): the basic annual salary for each grade and step increases by \$250.

2. The Mail Handlers' (MH) Schedules (RSC M/M1): the basic annual salary for each grade and step increases by \$250.

3. At 40 hours, the basic annual salary for each step of the rural carrier schedules listed below increases by \$250, with proportional application to the substitute, mileage, and auxiliary schedules:

a. Rural Carrier Evaluated Schedules (RSC R/R1)

b. Substitute Rural Carrier Schedules (RSC R/R1)

c. Rural Carrier Mileage Schedules (RSC R/R1)

d. Rural Auxiliary Schedules (RSC B/B1)

e. Rural Carrier Relief (RCR) and Rural Carrier Associate (RCA) employees' hourly rate increases to \$10.51.

Casual Employees. Casual employees are not eligible for these increases and will continue at their current rate of pay.

The increases discussed in this Bulletin are effective on July 16, 1988 (PP 16-88), and will appear in paychecks distributed on August 5, 1988.

Coal Car Regular Coil Stamp

A 13.2-cent Transportation Series stamp featuring an 1870s coal car will be issued July 19, in Pittsburgh, Pennsylvania. The dedication ceremony will be at the Mellon Science Center of Duquesne University.

Richard Schlecht based the stamp design on a photograph of an actual coal car manufactured in 1873 by the York, Pennsylvania, firm of Billmyer and Small.

Though simple in function and appearance, the humble coal car had a great impact on American industry. Until the mid-19th century, mules or the miners themselves usually hauled coal to the surface, a slow and dangerous process. Fortunately, the development of safe and practical locomotives, themselves dependent on coal for power, proved a boon to mining.

Eventually, cars, pulled by an ingenious variation of the railroad, carried coal by uncountable tons to the surface. It was one of fate's more fortunate strokes that the locomotive appeared to power the coal industry just in time for coal to fire the entire Industrial Age.

Procedures for ordering first-day cancellations follow.

Customers Affixing Stamps: The Postal Service encourages customers to purchase the 13.2-cent Coal Car stamps and affix them to their envelopes.

Covers bearing stamps receive preferential service. Many post offices and all philatelic centers will sell the stamp. As a limited use item, it will not be available at all post offices, however.

Customers must affix at least 11.8 cents additional postage to meet the minimum First-Class letter rate. They may use stamps issued prior to July 19, but the Postal Service will return unserviced covers bearing stamps issued after that date.

Customers should address envelopes at least $\frac{1}{8}$ inch from the bottom and affix stamps approximately $\frac{1}{4}$ inch from the top and right edges. Requests must be postmarked by August 18 and addressed: Customer-Affixed Envelopes, Coal Car Stamp, Postmaster, Pittsburgh, PA 15290-9991. No remittance is required.

Postal Service Affixing Stamps: Except for affixing stamps and addressing orders, follow the procedures above. The Postal Service will use two 13.2-cent Coal Car stamps to meet the First-Class rate. The price is 27 cents per envelope, and the Postal Service accepts personal checks in the exact amount up to the limit of 50 envelopes. Customers should not send cash or postage stamps. Orders must be postmarked by August 18 and addressed: Coal Car Stamp, Postmaster, Pittsburgh, PA 15290-9992.

Love (2-Ounce) Special Stamp

The Postal Service will issue a 45-cent Love special stamp on August 8 in Shreveport, Louisiana. This stamp features a lush arrangement of vibrant red and yellow roses bursting from a bed of dark green foliage. The dedication ceremony is at the American Rose Center, the world's largest rose garden and clearinghouse for all new roses.

Designed to meet the 2-ounce First-Class postage rate, this stamp delivers more than its 25-cent counterpart issued July 4 in Pasadena, California. Most wedding invitations include at least two envelopes, in addition to the invitation and, many times, an R.S.V.P. card. Previously, a bride-to-be might combine a Love stamp with another issue or use two Love stamps to meet the 2-ounce postage rate required for mailing the invitations. This new issue provides the correct postage with a single stamp.

The Love stamp has proven a popular choice for customers corresponding with friends and family. To date, more than 36 billion Love stamps have been produced. These stamps fall into the special issue category, which means they are printed in larger

quantities and as often as necessary to meet customer demand.

Procedures for ordering first-day cancellations follow.

Customers Affixing Stamps: The Postal Service encourages customers to purchase the Love stamps and affix them to their envelopes. Covers bearing stamps receive preferential service. Customers must address envelopes at least $\frac{5}{8}$ inch from the bottom and affix stamps in the upper right corner approximately $\frac{1}{4}$ inch from the top and right edges. Requests must be postmarked by September 7 and addressed: Customer Affixed Envelopes, Love Stamp, Postmaster, Shreveport, LA 71102-9991. No remittance is required.

Postal Service Affixing Stamps: Except for affixing stamps and addressing orders, follow the procedures above. The price is 45 cents per stamp requested. The Postal Service accepts personal checks in the exact amount up to the limit of 50 covers. Customers should not send cash or postage stamps. You still have an opportunity to enhance your investment program through the Payroll Savings Plan.

● **INVESTING IN SAVINGS BONDS CAN HELP YOU WITH TAX-SAVING OPTIONS THAT ASSURE COMFORTABLE RETIREMENT YEARS.**

You can cash bonds to supplement your retirement income, reporting the tax-deferred interest as income on your tax return. Because your tax bracket will probably be lower by then, with a double exemption if you're over 65, you'll have more of your savings to enjoy.

You can produce income from your savings by exchanging accumulated Series EE savings bonds for Series HH bonds, which pay interest semiannually, as it is earned. You owe no tax on the accumulated interest on the bonds you exchange until you cash the HH bonds or they reach final maturity. Thus you keep your principal intact, have a steady income for at least 10 years, and pay taxes at your post-retirement rate when you cash the HH bonds.

ATTENTION CAREER EMPLOYEES 1988 SAVINGS BONDS CAMPAIGN EXTENDED

THE 1988 SAVINGS BONDS CAMPAIGN HAS BEEN EXTENDED TO JULY 31

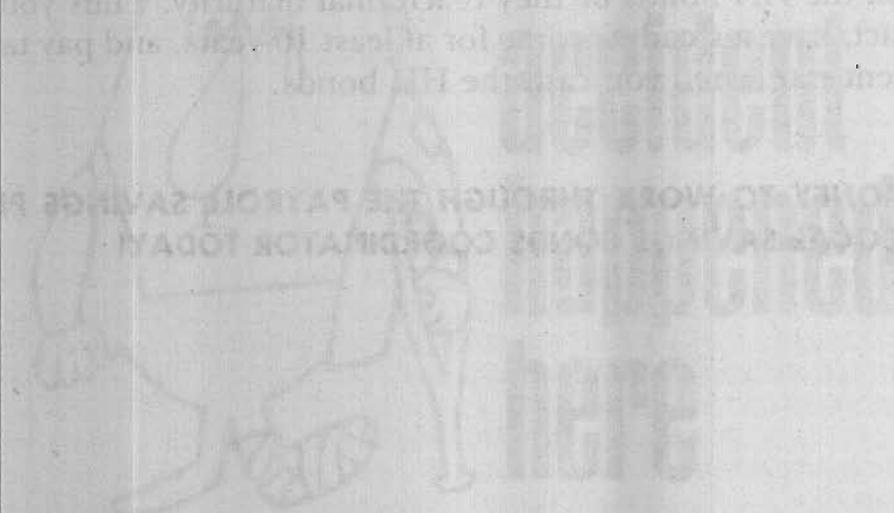

You will have an opportunity to enhance your retirement program through the 1988 Savings Plan.

INVESTING IN SAVINGS BONDS CAN HELP YOU WITH TAX SAVING OPTIONS THAT ASSURE COMFORTABLE RETIREMENT YEARS

You can cash bonds to supplement your retirement income, reporting the tax deferred interest as income on your tax return. Because your tax bracket will be lower at retirement, the tax savings will be greater. You will have more of your savings to enjoy.

You can produce income from your savings by exchanging your 2-year 5% EE savings bonds for 2-year TIFs, which pay interest semiannually, as it is earned. You owe no tax on the accumulated interest until you cash the TIF bonds or they reach final maturity. Plus you keep your principal intact. You can cash TIFs for at least 10% and pay taxes at your post-retirement rate, which can be the EE rate.

BUT YOUR MONEY TO WORK THROUGH THE PAYROLL SAVINGS PLAN. CONTACT YOUR SUPERVISOR OR HR COORDINATOR TODAY.

Stamps by Consignment

A recent Inspection Service audit on the Stamps by Consignment program revealed that many offices are not entering the Stamps by Consignment into the Accountable Inventory (AINV) system. There are three stamp products currently authorized for consignment: booklets of 12, 25-cent stamps; booklets of 20, 25-cent stamps; and coils of 100, 25-cent stamps. Offices must enter these consigned products into the AINV system for Headquarters to determine the number of stamps on consignment and to plan for the production of an adequate supply of stamps.

The stamp distribution office will enter the total number of items from the copy of the agreement into the accountable inventory (AINV) system using:

- Item 989 booklets—12 stamps consigned MSC-wide
- Item 988 booklets—20 stamps consigned MSC-wide
- Item 944 coils—100 stamps consigned MSC-wide

The main stock custodian must enter the number of each item type consigned by the post office to a separate Form 3295, *Daily Record of Stamps, Stamped Paper, and Nonpostal Stamps on Hand*, and reduce the item number originally assigned to these products:

- Item 305 booklets—12 stamps consigned
- Item 306 booklets—20 stamps consigned
- Item 307 coils—100 stamps consigned

All post offices with consignment agreements not entered into the AINV system must immediately furnish a copy of each agreement to their appropriate stamp distribution office.

25-Cent Summer Olympics Commemorative Stamp

The 25-cent Summer Olympics commemorative postage stamp goes on sale August 21, 1988, in Colorado Springs, Colorado. This stamp issue honors the XXIV Olympic Summer Games in Seoul, South Korea, from September 17-October 2, 1988.

Do Not Sell Before August 22, 1988

Copyright U.S. Postal Service 1988

Issued in panes of 50.

A future issue will include collector information.

Supply. All post offices will receive their standard automatic distribution quantities for a 50-subject commemorative stamp. *The Bureau of Engraving and Printing will not honor supplemental requisitions for Item 449.*

Limited quantities of this stamp will be shipped to regional accountable paper depositories (RAPD) for filling supplemental orders. Stamp distribution offices requiring additional stamps may order them from their RAPD using separate Forms 17-A, *Accountable Items Requisition From Stamp Distribution Office*. All other post offices requiring additional stamps should immediately requisition them from their stamp distribution offices on separate Forms 17-A.

Before requisitioning additional stock, post offices should consider that they must deplete stock before October 22, 1988, except authorized philatelic centers.
