#### 20-Cent Cable Car Coil Stamp

The article, 20-Cent Cable Car Coil Stamp, in POSTAL BULLETIN 21692, 9-29-88 (page 14), contained an error. The first sentence of the supply procedures should read:

An automatic distribution of the coils of 500 will be made to post offices with authorized philatelic

centers.

-Philatelic and Retail Services Dept., 10-20-88.

# Multicommodity Vending Display Panels

The contractor has completed the distribution of standardized display panels for PCM-21 and 21-CE multicommodity vending machines. Field divisions should have received a sufficient quantity of these panels to accommodate all equipment currently in service throughout the division. Postmasters must install these displays immediately upon receipt.

Postmasters with questions regarding this equipment should direct them to their division Retail Programs Specialist/Vending Program Coordinator.—Philatelic and Retail Services Dept., 10-20-88.

# Rural Routes—EMA Schedule

In accordance with the provisions of Article 9, Section 2.I.3 of the Rural Carrier National Agreement, the rural carrier equipment maintenance allowance (EMA) will be increased, effective October 8, 1988 (Pay Period 22-88), from 30.0 cents per mile to 30.5 cents per mile. The EMA is now 30.5 cents per mile or a minimum of \$12.20 per day,

whichever is greater.

Employees providing auxiliary assistance or serving on auxiliary routes (auxiliary rural carriers, rural carrier reliefs, rural carrier associates, and auxiliary assistants under provisions of Article 9, Section 2.I.5) will receive an EMA of 30.5 cents per mile or \$3.65 per hour, whichever is greater, not to exceed the amount provided in the Special Equipment Maintenance Schedule for the route stops and miles.

The EMA schedules on page 51 supersedes all previously published EMA schedules. The Optional Equipment Maintenance Allowance (OEMA) rate of .412 cents per mile remains the same.

-Employee Relations Dept., 10-20-88.

# Thrift Savings Plan— Withdrawal Forms

A number of active employees have recently submitted withdrawal forms to the Thrift Savings Plan (TSP) Service Office. Offices may not give TSP withdrawal forms to active employees. Employees must be separated in order to withdraw their TSP account.

Offices should advise employees retiring or separating who have a vested TSP balance not to submit their withdrawal forms prior to actual separation. Submitting forms prior to the date of separation

can delay processing.

Offices should also know that the only way for active employees to change their address with the TSP is to submit Form 1216, Employee's Current Mailing Address, to their personnel office. Once the office processes the address change, the new address is automatically transmitted to the TSP. TSP will only use the employee's address of record with the Postal Service.

## \$3 SPECIAL OCCASIONS STAMPS BOOKLET

The \$3 Special Occasions stamps booklet goes on sale October 22 in King of Prussia, Pennsylvania. All other post offices must place this stamp booklet, which contains four panes of three 25-cent

stamps each, on sale October 24.

Like their predecessors, introduced in 1987, the Special Occasions stamps booklet carry personal messages of greeting from the sender. This year, the new booklet focuses on the four most requested messages: Happy Birthday, Best Wishes, Thinking of You, and Love You.

Collector information is on page 5.

Supply. Only post offices with authorized philatelic centers will receive an automatic distribution. They must reserve these booklets for sale at philatelic centers. These post offices should requisition additional booklets for their regular window, vending, and consignment sales. All other post offices must order sufficient quantities to meet philatelic demand. No automatic distribution will be made by the stamp distribution offices (SDOs).

Bulk Quantities. SDOs are to submit a separate Form 17-A, Accountable Items Requisition From Stamp

Distribution Office, to their regional accountable paper depository using them 607 immediately. They must submit requisitions in the standard ordering bulk quantities for booklets. Shipments to the regional accountable paper depositories will be made as quickly as production and distribution facilities allow.

Less-Than-Bulk Quantities. All post offices requiring fewer than 1,500 booklets should requisition them immediately from their designated SDOs on a

separate Form 17-A.

Offices must report all irregularities in the booklet trays and sealed cartons to the SDOs on separate memoranda providing the following information: the quantity of booklets short/over, the stencil numbers on the trays or carton (depending on where the shortage or overage occurs). They must return sealed cartons, trays, or booklets with the following irregularities to SDOs: shortages in sealed cartons, shortages of 25 or more booklets in individual trays, booklets containing less than 12 stamps, and booklet overages. SDOs should use the booklet overages to adjust shortages. Any remaining irregularities, including the returned stock, are to be consolidated and forwarded to: Special Occasions Booklet Irregularity, Stamps Division, U.S. Postal Service, Washington, DC 20260-6751.

Offices must follow proper procedures in examining the cartons and trays. Irregularities in cartons and individual trays with shortages of 25 or more booklets will not be honored once the seal has been broken.

These booklets are available at the regional accountable paper depositories and stamp distribution offices throughout calendar year 1989. Postmasters must continuously make this booklet available to their customers. Also, this booklet is ideally suited for use in the stamp consignment program with cards and letter shops, drug stores, and supermarkets.

# Special Occasions Stamps Booklet

The Postal Service will issue the new \$3 Special Occasions stamps booklet October 22 in King of Prussia, Pennsylvania. The dedication ceremony will be held at the Valley Forge Convention and Exhibit Center, site of the SEPAD '88 Stamp Show. The ordering deadline for first-day cancellations has been extended an additional 60 days because of this delayed announcement.

Like its predecessor, introduced in 1987, the booklet carries personal greetings from senders. The new booklet focuses on the four most requested messages: Happy Birthday, Best Wishes, Think-

ing of You, and Love You.

It is designed like a miniature book, allowing mailers to pick the appropriate message and easily remove any stamp without disconnecting others. The heavy stock cover features a side-fold. Inside are two panes of six commemorative-size stamps, each folded through a center gutter of selvage to create four subject "pages" of three stamps each. Thinking of You and Love You make up one pane, Happy Birthday and Best Wishes, the other.

Plate numbers appear in the center gutter selvage on both panes. They are spot-glued in three places to allow collectors to peel them away for mount-

Customers Affixing Stamps. The Postal Service encourages customers to purchase the Special Occasions stamps and affix them to their envelopes.

Although the booklets are not available at some post offices, the Postal Service recommends that customers purchase them from philatelic centers or by mail order from the Philatelic Sales Division, referencing Hom 607.

Customers must address envelopes at least % inch from the bottom and affix stamps approximately 1/4 inch from the top and right edges. The address can appear left-center to make room for full panes of stamps. Requests must be postmarked by January 20 and addressed: Customer-Affixed Envelopes, Special Occasions Stamps, Postmaster, King of Prussia, PA 19406-9991. No remittance is required.

Postal Service Affixing Stamps. Except for affixing stamps and addressing orders, follow the procedures above. The price is \$1.50 per booklet pane and 25 cents per stamp. The Postal Service will select single stamps randomly and will not honor requests for specific designs. Customers may request specific full panes and must include one cover per pane ordered. The two panes are Thinking of You/Love You and Happy Birthday/Best Wishes.

The Postal Service accepts personal checks in the exact amount to the limit of 50 covers. Customers should not send cash or stamps. Orders must be postmarked by November 21 and addressed: Special Occasions Stamps, Postmaster, King of Prussia,

PA 19406-9992.

A Philatelic Catalog, listing all available stamps and other philatelic Items, is available here or from the Philatelic Sales Division, Washington, DC 20265—9997.

# Interest on Back Pay in EEOC and MSPB Cases

Part 436 of the EMPLOYEE AND LABOR RELATIONS MANUAL (ELM) is in the process of being revised. In the interim, the following new section is effective immediately and will be included in a future issue of the ELM.

# 436.6 Interest on Back Pay in Equal Employment Opportunity Commission and Merit Systems Protection Board Cases

.61 Purpose. This section establishes procedures for paying interest when the Postal Service is obligated by law to pay it. This section is not intended to create any obligation to pay interest that the Postal Service is not otherwise obligated to pay.

.62 General. Interest is paid on back pay only when it is expressly awarded in a settlement agree-

ment or decision.

.63 Rate of Interest. The rate of interest is calculated based on the Federal Judgment Rate (the statutory rate for post-judgment interest found in Title 28, United States Code, Section 1961).

.64 Responsibility. The Minneapolis Postal Data Center is responsible for calculating the amount of

interest payable.

Note: The new ELM Issue 11 (scheduled for publication in the near future) contains a new section 436.5. Therefore, this new section has been codified as 436.6.—Employee Relations Dept., 10-20-88.

## **EAS Merit Pay Program**

CHERT CARREST MICH.

The merit matrices for the Fiscal Year (FY) 1989 EAS Merit Pay Program were in POSTAL BULLETIN 21694, 10-13-88 (page 5). Two charts for use with the matrix for EAS-20 and above were on page 6. In Chart 2, the figures in Column F, and the footnotes, were incorrect.

The ELRIC computer system has the correct matrix data and will generate the correct merit pay calculations automatically, based on employees, merit ratings. However, so field personnel can correctly calculate merit adjustments for their own information, the corrected Chart 2 appears below.

# Rural Carriers—High/Low Option Selection

Based on the Special Count conducted in September 1988, regular rural carriers have an opportunity to make an option selection via Form 4241, Rural Delivery Statistics Report. Regular rural carriers who did not have their route counted in September but want to change their option selection must sign the appropriate Form 4015 (A-F). Option changes are made on Form 4003, Official Rural Route Description.

The carrier may elect high option at the beginning of the guarantee period (Pay Period 24-88) or when there is a 2-hour interim adjustment to the route, provided the carrier meets the following requirements:

1. It must be demonstrated that the rural carrier's actual work hours will not exceed 2,080 during the guarantee period. Such determination should be based on, but not limited to, the rural carrier's performance during the previous year.

2. The rural carrier agrees, in writing, to use sufficient annual leave to ensure that the total actual hours worked will not exceed

the 2,080 hour annual guarantee.

3. The rural carrier must be in a 6 or 8 hour

(20 or 26 days) leave category.

A carrier may elect low option at any time. If there is an option change from the previous guarantee year, the local office must submit Form 4003 to its management sectional center for processing via the Distributed Data Entry/Data Reporting application. Check the option election block and the low- or high-option field. The effective date must be 11-05-88 on Form 4003 for any option change effective for the new guarantee year 1989. Option selection must be entered through the on-line Q002 application in pay period 23-88 or 24-88 in order to be effective at the beginning of the guarantee year.

Do not submit Form 4003 for an option selection when the route is not counted in September and there is no change in the option from the previous guarantee year ending Pay Period 23-88. The carrier will then retain the option from the previous guarantee year.—Dept. of the Controller, 10-20-88.

## Filing Indemnity Claims

Publication 122, Customer Guide to Filing Indemnity Claims on Domestic Mail, has been revised and is now available from the supply centers. The publication contains important information on filing domestic indemnity claims and is written in an easy to follow,

step-by-step format.

Publication 122 is useful to customers and to postal employees who accept domestic indemnity claims. Please make this publication available to customers at postal windows, lobbies, claims and inquiry units, and at any other locations where customers file claims, as well as to postal employees who handle domestic claim forms.

The checklist (see page 9) included in the center of Publication 122 offers a concise summary of the information needed to file a domestic indemnity claim. Postal employees may use it as a reference chart.—Rates and Classification Dept., 10-20-88.

# U.S.-CANADA MONEY ORDER CONVERSION RATES

Effective immediately, the rate for money orders issued for payment in Canada will be \$1.00 U.S. equals \$1.20 Canadian. However, postal employees must verify a current rate when a customer wishes to purchase money orders payable in Canada with a total value in excess of \$3,500 (U.S.). The current Canadian exchange rate may be obtained by calling the St. Louis Postal Data Center (PDC) on (PEN or 314) 436-5099. When an employee issues a money order for payment in Canada, the issuing employee must enter the Canadian dollar amount in the Used for block of the money order. Use the table on the left to convert from U.S. dollars to Canadian dollars or the table on the right to convert from Canadian dollars to U.S. dollars.

#### Missing Children Poster Display Instructions

Please display this poster prominently on bulletin boards in retail lobbies of main post offices, classified stations and branches. Please remove and discard previous versions. At their option, operators of contract postal units may display this poster.

Companion posters, authorized for display on bulletin boards maintained by employee organizations, appear periodically in *The Postal Record*, a publication for members of the National Association of Letter Carriers.

This poster is published in cooperation with the National Center for Missing and Exploited Children, the United States Department of Justice, and the National Association of Letter Carriers. Information appearing on this poster is selected solely by the National Center for Missing and Exploited Children. For policy and information on Postal Service support in efforts to recover missing children, see Postal Bulletin 21536, page 1, October 17, 1985.

Missing Children Posters are available from the U.S. Postal Service only through periodic issues of the Postal Bulletin.

### HEALTH BENEFITS OPEN SEASON

The Office of Personnel Management (OPM) has announced an open season enrollment period under the Federal Employees' Health Benefits (FEHB) Program. Open season will be held from November 14 through December 9, 1988.

#### A. Permissible Changes

1. New Enrollments. During the open season, eligible employees not enrolled in a FEHB plan may enroll. As a general rule, noncareer employees such as casuals and substitute rural carriers are not eligible to enroll. (See Employee and Labor Relations Manual (ELM) 521.2.)

2. Changes in Enrollment. Employees already enrolled may change plans, options, types of enrollment (self and family), or any combination of these

changes.

3. Other Changes. New enrollments for new hires and changes in enrollment, permitted at times other than during an open season, may also be made in the usual manner between November 14 and December 9. However, these new enrollments or enrollment changes are not to be identified as open season changes. The event permitting the change must be reflected in Part C of SF 2809, Health Benefits.

4. Registration Form. The Table of Permissible Changes on the reverse of copy 1 of SF 2809 lists the events that permit enrollment changes. The classification of the event determines the effective date of the enrollment or change in enrollment.

#### **B. Effective Date of Open Season Changes**

1. New Enrollment. A new open season enrollment (from not enrolled to enrolled) is effective January 14, 1989, provided the employee was in a pay status during any part of the preceding pay period. If the employee was not in a pay status during the pay period before January 14, 1989, the enrollment becomes effective on the first day of the first pay period that follows the one in which the employee was in a pay status. The enrollment of a new or newly eligible employee (such as a casual employee converting to career status) who happens to register during the open season is effective the same as for all new employees (see A3).

2. Change in Enrollment. An open season change in enrollment is effective January 14, 1989, regardless of whether or not the employee was in pay

status during the preceding pay period.

3. Late Registration. An open season enrollment registration or enrollment change that is not filed in time because of circumstances beyond the employee's control will take effect retroactive to the effective date of the open season change (January 14, 1989). All other late enrollments or changes in enrollment become effective on the first day of the first pay period that begins after the employing office receives the SF 2809, and that follows a pay

period during any part of which the employee is in pay status (ELM 524.64). Failure to receive the open season material during open season is considered cause beyond the employee's control, provided the employee applies to change registration within a reasonable time after the material becomes available.

#### C. 1989 Premium Rates

A table showing the biweekly employee withholdings and U.S. Postal Service contribution is contained on pages 18 through 47. The table also reflects the monthly withholdings applicable to Civil Service annuitants. Any change in the premium rates for current employees are effective January 14, 1989, and will be reflected in paychecks received February 3, 1989.

#### D. Distribution of Health Benefits Material to Installations

1. Enrollment Information Guide and Plan Comparison Chart (RI 70-2)/Government-Wide and Employee Organization Plan Brochures. The Materiel Distribution Centers (MDCs) will make an automatic distribution of the 1989 Enrollment Information Guide and Plan Comparison Chart to Headquarters, regions, all field divisions, management sectional centers (MSCs), bulk mail centers (BMCs), and the Inspection Service. Included with the distribution will be a small supply of 1989 government-wide and employee organization plan brochures (with the exception of the National Association of Postmasters of the United States (NAPUS) and Rural Carrier brochures). Maintain this stock of brochures for employee reference in choosing a plan.

Headquarters, regions, divisions, MSCs, BMCs, and the Inspection Service will make further distribution to other units falling within their jurisdiction as appropriate. Headquarters will distribute open season material for Headquarters-related units and the service centers. The automatic distribution should be completed in sufficient time for the open season. In the interim, employing offices should not submit requisitions for brochures (with the exception of NAPUS and Rural Carriers) to the

MDCs or to OPM.

2. SF 2809-A—Federal Employees Health Benefits Program Information for Federal Civilian Employees and U.S. Postal Service Employees. The automatic distribution will include an OPM publication SF 2809-A—FEHB, Federal Employees Health Benefits Program, Information for Federal Civilian Employees and U.S. Postal Service Employees. The publication contains information concerning employee rights and obligations under the FEHB program and describes major features of the program.

3, NAPUS (RI 72-3) and Rural Carrier (RI 72-5)
Brochures, The MDCs will not make an automatic

distribution of brochures for the NAPUS and the Rural Carrier health plans since these two plans have limited membership requirements. The plan brochure and Tips on Selecting a Health Insurance Plan (See E4) identify the requirements. Employing offices should requisition these brochures from the appropriate MDC on Form 7380, Supply Center Requisition. Include a self-addressed mailing label with the requisition.

4. SF 2809, Health Benefits Registration Form. The MDCs will include a supply of SFs 2809 in the automatic distribution of open season material. However, installations must ensure that a sufficient supply of the form is available to take care of the increased demand. If offices require an additional supply, requisition SF 2809 from the appropriate MDC on

Form 7380.

5. SF 2810, Notice of Change in Health Benefits Enrollment. The automatic distribution will not include SF 2810. Installations must order the form from the appropriate MDC. Employing offices no longer need SF 2810 for notifying a losing carrier when an enrollee changes to a different plan. Copy 3 of Standard Form 2809 (July 1984 and later editions) is the losing carriers' notification of an employee's cancellation of enrollment or change in plan.

#### 6. Comprehensive Medical Plan Brochures

a. Requisitioning Instructions. Each postal installation located in an area served by a comprehensive plan must request a sufficient supply of the plan's brochures directly from that plan.

Installations will not have to provide employees enrolled in a comprehensive plan a brochure for their plan. All comprehensive plans will send bro-

chures directly to their enrollees.

However, installations must keep a supply of comprehensive plan brochures on hand for employee reference and for distribution to employees who decide to enroll in a participating comprehensive plan. A future edition of the Postal Bulletin will include a list of comprehensive medical plans (alphabetically by state) with the plan name, service area, and contact point for ordering brochures. The request for brochures should include the number of employees working at or serviced by the installation who are eligible to enroll in the plan (that is, the number of employees who live in the area served by the plan). The number of employees currently enrolled in each comprehensive plan will be published with the comprehensive medical plan list.

b. Estimating Number of Eligible Employees. Exact determination of the eligibility of each employee for enrollment in a particular comprehensive plan may not be possible. However, installations in the plans' service area should estimate the number of employees eligible to enroll in the plan. To the extent possible, installations should not overestimate.

c. Notifying Plan. After making the above determinations, the installation should provide the plan with (1) the number of eligible employees, and (2) the address to which the brochures are to be shipped. The plan will then ship a quantity of brochures equal to 15 percent of the number of employees eligible to enroll in the plan.

#### E. Distribution of Health Benefits Material to Employees

All employees eligible to enroll must receive the

following material:

1. Instructional Information. Every eligible employee must receive RI 70-2, 1989 FEHB Enrollment Information Guide and Plan Comparison Chart. This publication contains enrollment information for open season and for newly hired and newly eligible employees, general information about the FEHB program, and charts comparing the benefits and premium rates for all plans.

2. 1989 Health Plan Brochures. All employees enrolled in a government-wide (Blue Cross/Blue Shield and Aetna) or comprehensive plan (HMO) will receive a 1989 brochure for the plan in which they are enrolled directly from the plan. Employees enrolled in union and employee organization plans will continue to receive their brochures from the organization sponsoring the plan.

Employees already enrolled in a health plan who change to a different plan during open season must be provided a brochure for the newly elected plan or have access to the employing office file copy of the brochure. Employees should be advised to return the 1989 brochure of the plan they are leav-

ing to the personnel office.

3. SF 2809-A-FEHBP Information Brochure. Every eligible employee must receive a copy of SF 2809-A, FEHBP, Information for Federal Civilian Employees and U.S. Postal Service Employees. The publication describes major features of the FEHB program and explains employee rights and obligations under the

program.

4. Pestal Life (Winter 1988). The winter issue of Postal Life will include an article entitled Tips on Selecting a Health Insurance Plan. Tips contains general information concerning the selection of a health insurance plan and lists membership requirements for employee organization plans available to postal employees. The article will assist employees in making informed decisions regarding the best health insurance coverage for their particular needs. The winter issue of Postal Life is scheduled for distribution the week of November 21, 1988.

# F. Distribution of Health Benefits Material to Former Spouses

The MDC-Somerville, NJ will distribute open season material to all former spouses whose enrollments are maintained by the Postal Service.

# G. Maintaining Control Over Distribution of Health Benefits Material

Installations must maintain close control over the issuance of brochures and health benefits materials during open season. Effective control of distribution procedures aid in the effort to reduce administrative costs and avoid waste. In particular:

1. SF 2809, Health Benefits Registration Form. It is essential that installations exercise strict control over the issuance of SF 2809. Only eligible employees who desire to enroll in the FEHB program or who wish to make enrollment changes should receive SF 2809. The registration form should not be automatically furnished as a handout with other health benefits material.

2. Plan Brochures. Installations must maintain a stock of brochures for all available plans for employee reference in choosing a health plan. It is important that installations take steps to avoid waste of the brochure supplies received.

#### H. Procedures for Processing Open Season Enrollment Changes

#### 1. Forms Processing (SF 2809s and SF 2810s)

- a. Employee does not change. An employee who does not want to change an enrollment need take no action during the open season. The current enrollment will continue.
- b. Employee changes enrollment. An employee who wishes to make an open season change must complete and submit an SF 2809 to the employing office. Generally, open season SFs 2809 should be processed the same as registrations handled at other times, but the following points are emphasized:
- (1) The number of the event permitting the change to be shown in Part C, item 3, of SF 2809, is 1, and November-December 1988 should be entered in Part C, item 4, as the date of event that permits the change.

(2) If there is a change from one plan or option to another, or from self only to self and family, show the old enrollment code number in Part C, item 2.

#### 2. Separating Employees

a. Expected Separations. If an employee will transfer, retire, or separate before the effective date of the open season change, the open season SF 2809 should not be processed. Rather, installation heads (or designees) should write their initials and the date they receive the SF 2809 in Part F of the form to show that it was filed on time. The name of the losing installation and the signature of its certifying officer should not appear on the SF 2809.

(1) In retirement cases, attach the unprocessed SF 2809 to other health benefits documents and process the documents in the usual manner.

(2) In transfer cases, the office should return the

SF 2809 and instruct the employee to give it to the new employing agency promptly upon entering on duty.

(3) In both retirement and transfer cases, the losing and gaining installations must prepare transfer-out and transfer-in on an SF 2810 as usual, transferring the old enrollment in effect at the time of the employee's transfer or retirement.

b. Unexpected Transfer or Retirement. If an open season change has already been processed but the employee unexpectedly transfers or retires before the effective date of that change, the losing installation should:

(1) Void all open season forms and transfer the existing enrollment (if any) to the gaining office.

(2) Inform the employee that the open season change has been voided, and, if possible, have the employee complete a new SF 2809. It should be handled as stated in section H-2a.

(3) If it is impossible to take action quickly, notify the gaining office of the employee's open season change. That office should be notified of the voided open season election and should be informed that a new open season SF 2809 must be accepted.

c. Other Separations. The following procedures should be followed if an open season change has been processed, but the employee separates (including separation because of death) before the effective date of the change:

(1) If the change in plans and the enrollment must be terminated, note in Remarks, on all copies of the SF 2810 terminating the enrollment, Separated (or died)—Open Season SF 2809 void. In the case of separation by death where the family enrollment must be transferred to the retirement system because of entitlement to a survivor annuity, void the open season SF 2809 and transfer the old enrollment in effect at the time of the employee's death.

(2) Void the open season SF 2809 if the change involved a change in plans. If the enrollment must be terminated, prepare SF 2810 terminating the old enrollment.

3. Continuing Health Benefits Into Retirement. The Federal Employees Health Benefits law allows an employee to continue health benefits into retirement if the employee has been enrolled (or covered as a family member) in the health benefits program for the 5 years immediately preceding retirement, or if less than 5 years, enrolled from the date of first opportunity. Military health coverage, Civilian Health and Medical Program of the Uniformed Services (CHAMPUS), is credited toward meeting the 5-year requirement.

CHAMPUS cannot, however, entirely replace the FEHBP participation requirement. The period of CHAMPUS coverage may be substituted for a portion of the 5-year FEHBP enrollment requirement, but employees must be enrolled in the FEHBP on

the date of retirement, when their status converts from employee to annuitant, in order to be eligible to continue that FEHBP enrollment into retirement. Employees who process health benefits enrollments should do everything possible to make sure employees are aware of these requirements, particularly when they elect not to enroll or cancel their enrollments.

#### 4. Dual Enrollment

a. Illegal Coverage. IT IS ILLEGAL FOR AN EMPLOYEE TO BE ENROLLED IN AN FEHB PLAN AND ALSO BE COVERED AS A FAMILY MEMBER UNDER ANOTHER EMPLOYEE'S ENROLLMENT. It is also illegal for a member of an employee's family to be covered under more than one enrollment in the program. When processing enrollments and enrollment changes, installations should make every effort to ensure that employees (or their family members) are not covered under more than one enrollment in the FEHB program.

b. Notifying Employees. Offices should call to the attention of all new enrollees and to those changing enrollments the note between Parts A and B of SF 2809 concerning dual enrollment. Employing offices should periodically place notices on bulletin boards or in appropriate publications, reminding employees that they cannot be covered by two enrollments under the FEHB program. It must be

stressed that dual coverage is illegal.

5. Eligible Family Members. Eligible family members for health benefits purposes include an enrollee's: (a) spouse, unmarried dependent children under age 22, including legally adopted children; and (b) recognized children born out-of-wedlock, and stepchildren and foster children who live with the enrollee in a regular parent-child relationship. EMPLOYEES MUST NOT LIST PARENTS OR OTHERS WHO ARE NOT ELIGIBLE FAMILY MEMBERS.

The employing office is responsible for determining whether or not a person is a family member for health benefits purposes for an enrolled employee. It is that person's relationship to the employee that is controlling. The employing office should satisfy itself that an event has occurred that permits enrollment or a change in enrollment under the FEHB program. Documentary evidence may be requested as appropriate (e.g., marriage certificate, birth certificate, divorce decree, etc.). The employing office need not, however, retain such evidence.

6. False Statements/Misrepresentation in SF 2809. Any intentional false statements or willful misrepresentation in a Health Benefits Registration Form (SF 2809) is a violation of the law punishable by a fine of not more than \$10,000 or imprisonment of not more than 5 years, or both (under 18, United States Code, 1001). This warning is clearly stated in Part E of SF 2809. Employees should be cau-

tioned that offending enrollees may be subject to disciplinary action.

#### I. Counseling Employees

1. Responsibility for Counseling. Installations are responsible for counseling employees who request assistance on health benefits matters. Counseling should be limited to answering questions regarding the health benefits program and the application of the health benefits law and regulations to particular circumstances. Counselors should try to answer any specific question on benefits by referring to the comparison chart in RI 70-2 or the applicable brochure. However, if there is any doubt about an answer, the employee should be advised to contact the plan's local office or representative. Employees should not be referred to a plan, however, if the question concerns any subject other than benefits or a conversion contract (for example, questions regarding eligibility to enroll under FEHB, coverage of family members, enrollment opportunities, etc.).

2. Request for Cancellation of Enrollment. If an employee submits SF 2809 to cancel an enrollment, the installation should contact the individual to make sure that the employee is aware of the consequences of this decision. Point out to the employee the opportunity to enroll again and the requirements for continuing an enrollment after retirement, before processing the cancellation.

Employees contemplating retirement should be aware that annuitants can cancel their FEHB enrollment at any time, just as an employee can. However, unlike employees, an annuitant's enrollment cannot be reinstated, and that individual cannot later enroll in another plan in the FEHB program, even during a later open

season.

Exception: This regulation does not apply if the annuitant canceled the enrollment for the purpose of obtaining coverage as a family member under

the enrollment of a spouse.

3. No Change in Enrollment. An employee who does not want to change plans or enrollment does not have to take any action during open season and the current enrollment will continue. If the employee is enrolled and does not change enrollment, any rate changes made by the plan automatically apply, effective January 14, 1989.

#### J. Publicity

- 1. Bulletin Board Notice. Installation heads are urged to give the open season wide publicity so that all eligible employees will be aware of their health benefits rights during this period. To assist in this effort, place the Health Benefits Open Season Notice on page 49 on all employee bulletin boards.
- 2. Permitting Plan Representative on Postal Premises During Open Season. Postal Service policy per-

mits FEHB carrier representatives to address postal employees during the open season enrollment period. Employees who attend open season sessions conducted by health plan representatives must attend the sessions on their own time, not on the clock.

3. Health Foirs. Local installations are encouraged to schedule Health Fairs during the health benefits open enrollment period. Most FEHB plans will provide local representatives of the plan to answer questions and provide information concerning the plan's benefits. Postal employees may not attend health fairs while on-the-clock. Employees who attend health fairs must attend them on their own time.

#### K. Health Benefits Open Season Forms Processing

All Forms SF 2809, Open Season Health Benefits Registration, and SF 2810, Notice of Change in Health Benefits Enrollment, must be sent to the Minneapolis

Postal Data Center (MNPDC). Only the MNPDC will process open season forms. Annotate envelopes Open Season Health Benefits Forms, and address them as follows:

Minneapolis Postal Data Center Open Season Health Benefits Payroll Control Branch Twin Cities AMF, MN 55111-9611

Installations should not process Health Benefits Open Season forms through Distributed Data Entry (DDE) sites.

#### L. Comprehensive Medical Plans

A future Postal Bulletin will include a list of comprehensive medical plans and the contact point for ordering plan brochures. The issue will also include the current comprehensive enrollment in each comprehensive plan.

# 65-Cent H. H. "Hap" Arnold Regular Stamp

The article, 65-Cent H. H. "Hap" Arnold Regular Stamp, in Postal Bulletin 21694, 10-13-88 (page 8), contained an error. The last two sentences in the description of General Arnold should read:

Arnold served in key military positions, where he was influential in planning strategy that resulted in the Allied victory. In 1949, President Harry S. Truman appointed Arnold a five-star general of the Air Force, the first such commission ever granted.

# Nationally Funded Telecommunication Services

The certification of invoices for telecommunication services funded nationally has been transferred to the National Information Systems Service Center (NISSC) in Raleigh, North Carolina. The Network Communications Division, New Services Engineering Branch, is responsible for this certification.

Nationally funded data and voice circuits include several large networks and services previously agreed upon for payment by the Information Resources Management Department (IRMD).

After the NISSC completes the certification, the San Mateo Postal Data Center will process the account for actual payment.

This transfer has no impact on everyday operational procedures outside of the NISSC. This article is for information only.

#### NOTICE TO ALL EMPLOYEES

# **HEALTH BENEFITS OPEN SEASON**

# NOVEMBER 14-DECEMBER 9, 1988

The 1988 Open Season for the Federal Employees' Health Benefits Program will be held from November 14 through December 9, 1988. During this period, enrolled employees may make changes in their health benefits enrollment without meeting special conditions for change in coverage. Also, eligible employees who are not enrolled in a plan under the Federal Employees' Health Benefits Program may elect to enroll.

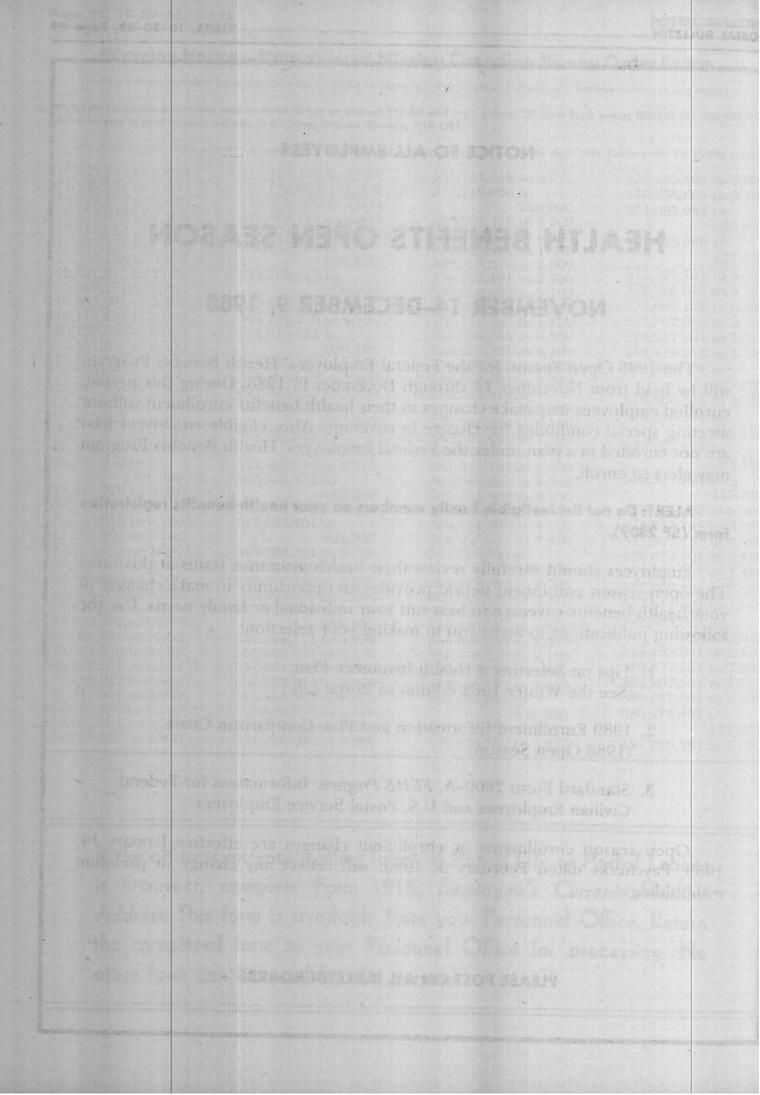

ALERT: Do not list ineligible family members on your health benefits registration form (SF 2809).

Employees should carefully review their health insurance status at this time. The open season enrollment period provides an opportunity to make changes in your health benefits coverage to best suit your individual or family needs. Use the following publications to assist you in making your selection:

- 1. Tips on Selecting a Health Insurance Plan (See the Winter 1988 edition of Postal Life)
- 2. 1989 Enrollment Information and Plan Comparison Chart (1988 Open Season)
- 3. Standard Form 2809-A, FEHB Program, Information for Federal Civilian Employees and U.S. Postal Service Employees

Open season enrollments or enrollment changes are effective January 14, 1989. Paychecks dated February 3, 1989, will reflect any change in premium withholdings.

#### **INVALID EXPRESS MAIL CORPORATE ACCOUNT NUMBERS**

To be posted and used by retail/acceptance clerks. This supersedes all previous notices. Destroy PB 21694 listing. Retail/acceptance clerks must not accept Express Mail shipments bearing any of the invalid numbers (listed below) in the "customer number" or "agreement number" section of the label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Service Agreement make up the Corporate Account Number.
