Personnel Operations**

POSTAL BULLETIN 21713, 2-23-89 (page 3), included an incorrect sentence in the article, Handbook EL-311, *Personnel Operations*. The fourth sentence should read: Additionally, Handbook EL-311 contains text expanding the guidance on suitability screening and merges Handbook P-30, *Conducting Postal Employment and Placement Examinations*, with Chapter 4.

In addition, personnel must not discard Chapter 6, *Personnel Paperwork*, of previously published Handbook P-11, *Personnel Operations*, until Handbook EL-301, *Processing Personnel Actions*, is published.—*Employee Relations Dept.*, 3-2-89.

Thrift Savings Plan Eligibility Codes

Effective immediately, only the following Thrift Savings Plan (TSP) eligibility codes may be used in element 11 on Form 50, *Notification of Personnel Action*:

- I—Ineligible for two open seasons
- R—Ineligible for one open season
- E—Eligible immediately

Code I is for all employees who receive a career appointment or are converted to career who were not previously eligible to contribute to TSP.

Code R is for all career appointments when the employee was eligible to contribute to TSP during a previous career appointment. It does not matter whether the employee actually contributed to TSP during the previous career appointment. All that is required is that the employee was eligible to contribute.

Code E is only for career transfers from another federal agency where the transferring employee is currently eligible to contribute. Code E is used whether or not the employee is contributing. Form TSP 19, *Transfer of Thrift Savings Plan Information Between Agencies*, must be completed for these employees.

TSP eligibility codes, element 11 on Form 50, must be completed for all career appointments, all conversions to career, and all career transfers.

For eligibility to contribute, see *EMPLOYEE AND LABOR RELATIONS MANUAL 591.3*.

*DMM Notice***Second-Class Publications:
Supplements/Enclosures**

DOMESTIC MAIL MANUAL (DMM) Issue 30, 3-19-89, will include changes to the requirements for mailing supplements at the second-class rates of postage.

On September 15, 1988, the Postal Service published in the Federal Register (53 FR 35813-35820) a final rule that completed a rulemaking process that began in September 1986, regarding the mailing of supplements, attachments, and enclosures with second-class mail. POSTAL BULLETIN 21691, 9-22-88 (pages 16-18), also published the final regulations adopted by the Postal Service.

In a number of respects the changes in those regulations tightened the requirements for mailing supplements at the second-class rates of postage. This notice is a reminder that those revised supplement regulations will be implemented on March 19, 1989.—*Rates and Classification Dept.*, 3-2-89.

**Thrift Savings Plan
Separation Information**

Employees in the Civil Service Retirement System (CSRS) who have, at any time, contributed to the Thrift Savings Plan (TSP) *must* have Form TSP-18, *Validation of Retirement Information*, completed and sent to the TSP service office upon separation. Even if a CSRS employee is not currently contributing, Form TSP-18 *must* be submitted at separation or retirement if the employee at any time contributed to TSP.

Federal Employees' Retirement System (FERS) employees *must* have Form TSP-18 completed at separation if either the employee, the Postal Service, or both have made a contribution to the TSP. This form *must* be submitted even if the employee is not vested in any contribution (See *EMPLOYEE AND LABOR RELATIONS MANUAL 592.6*). Once the Postal Service begins contributions during the second open season, Form TSP-18 *must* be submitted for any FERS employee who subsequently separates, retires, or dies.

Mail Incorrectly Returned for Postage

Some mailers have begun to use a mailing label preprinted with the permit imprint in addition to the mailing address. DOMESTIC MAIL MANUAL 145.32 authorizes this type of permit imprint placement. However, Headquarters has received complaints from these mailers that pieces have been returned for postage when imprinted in this manner.

Please advise all employees working with short-paid mail to look at the mailing label for a permit imprint before marking pieces returned for postage.

Handbook F-1 Revision

PROCESSING RETURNED CHECKS

The following is a revision of the returned check policy in the Handbook F-1, *Post Office Accounting Procedures*. This change includes national collection agency procedures as announced in POSTAL BULLETIN 21700, 11-24-88.

312 Returned Checks

312.1 General. An installation administering a bank account should ask its bank to make a second attempt at collection before returning insufficient and uncollected fund checks.

312.2 Procedures

.21 When a check is returned for any reason, contact the customer by telephone and request that the check be made good in cash within 1 business day. A surcharge must be levied against a customer whose check is returned by the bank as uncollectible. The surcharge will be the amount provided by state law. If no state law applies, the surcharge must be \$10.

.22 If telephone contact cannot be made or payment is not made within 1 business day, send the request to the customer by certified letter.

.23 If payment is not made within 1 week after mailing the certified letter, take the following action:

a. Report the facts (customer name, bank name and account number, and the date and amount of the check) to local authorities as information only, unless state law dictates otherwise. Retain the returned check and correspondence.

b. Request Inspection Service assistance only in cases that indicate an attempt to defraud the Postal Service, such as counterfeits, the receipt of a "no account" check, or repeated receipt of "insufficient fund" checks.

.24 If payment is not made 15 days after mailing the certified letter, complete Form 2131, *Uncollectible Check Report* (Exhibit 312.24), for each returned check. Form 2131 must be requested from the management sectional center. Use the following guidelines:

a. Where possible entries should be typed.

b. The Control Number must be four-digits (0001, 0002) assigned sequentially. Maintain a log of four-digit control numbers with space for customer name. When the number is assigned for a returned check to a Form 2131, enter the customer's name to the log.

c. The installation telephone number must show the area code as well as the local number. The collection agency does not have access to the PEN system.

.25 The accountbook entries for the above are:

a. Reduce AIC 814, Suspense, for the amount of the check.

b. Enter the surcharge to AIC 126, *Miscellaneous Nonpostal Revenue*.

c. Enter the total amount due to AIC 615, *Uncollectible Check Reported*.

d. Mail the original of Form 2131 in a window envelope to the address on the form.

e. Staple the uncollectible check to the duplicate copy of the Form 2131 and file by customer name. In this manner, inquiries by either name or Control Number (from log described in 312.24b) will be readily handled.

.26 Should a customer redeem all or part of a check already reported to the collection agency, proceed as follows:

a. Retrieve the duplicate Form 2131 from the customer file.

b. Draw a diagonal line through the duplicate of Form 2131 from top left to bottom right, so as not to obscure the collection agency address.

c. Print Cancelled down the diagonal line. Mail the duplicate Form 2131 in a window envelope to the address on the form.

d. Enter the total amount due to AIC 155, *Uncollectible Check Report Cancelled*, and offset with the cash received.

e. If the customer only makes a partial payment, the difference between the total amount due and cash received must be entered to AIC 814, *Suspense*, which will be reduced through subsequent local payments.

f. If subsequent payments are not received by the agreed date, initiate a new Form 2131 for the balance.

g. When the check has been completely paid for, return it to the customer.

h. Should the customer refuse to pay the surcharge, enter the surcharge amount to AIC 624, *Refund of Miscellaneous Nonpostal Revenue*.

.27 A customer requesting the return of an uncollectible check, redeemed in whole or in part by payment to the collection agency, must await confirmation of such payment by the field division/management sectional center. Upon receipt of such confirmation, mail the uncollectible check to the customer and destroy the duplicate Form 2131.

.28 The field division/management sectional center will access the IDMS data base system at the New York Postal Data Center to confirm payments to the collection agency were made for a particular finance and control number of a Form 2131. *Specific instructions will be published when this aspect of the system is in place.*

.29 A list of each Form 2131, outstanding four accounting periods from the accounting period it was initiated, will be sent to the field division/management sectional center. This list will be used to:

.291 Rearrange Form 2131 files and

.292 Initiate collection action against any employee who accepted the uncollectible check contrary to the postmaster's written instructions.

Veteran stamp designer Howard Koslow chose to portray an 1819 marble statue and clock by Carlo Franzoni known as the Car of History. 25-Cent U.S. Senate Commemorative Stamp

The 25-cent U.S. Senate commemorative stamp will be issued April 6 in Washington, DC, in conjunction with events commemorating the bicentennial of the first quorum achieved by the U.S. Senate. Postmaster General Anthony M. Frank will join Senate Bicentennial Chairman Robert C. Byrd and Senate Majority Leader George J. Mitchell in a dedication ceremony in the old Senate chamber in the Capitol.

Howard Koslow's design features the carved gilt eagle and shield located above the Vice President's chair in the old Senate chamber. Although little is known about the origin of the eagle and shield, architect Benjamin Henry Latrobe included it in his plans for the chamber.

The U.S. Senate commemorative stamp and the U.S. House of Representatives stamp, to be issued April 4, both employ similar design features. Sculptures associated with each legislative branch appear in beige, set against a blue-black background. The name of the institution appears in red lettering against a stripe of beige just above the vignette. Two stripes of red frame each stamp at top and

bottom with the word, Bicentennial, appearing in white letters in the top red stripe.
