## HISPANIC PROGRAM

The USPS Hispanic Program was established in 1973 to assure that Hispanics are fully utilized in the postal work force and have an equal opportunity to compete in every aspect of employment, including recruitment, hiring, training, and promotions. As such, the Hispanic Program is an integral part of the Postal Service's affirmative action/ equal employment opportunity policy and program.

Hispanics constitute one of the largest minority groups in the United States, and Bureau of the Census statistics clearly indicate a rapid growth rate extending well beyond the coming decade. In view of this trend, and consistent with our continuing commitment to provide equal employment opportunity to all persons, we need to strengthen our efforts to utilize fully the skills and talents of Hispanics in the community at large and in our work force.

The Postal Service is committed to ensuring that the Hispanic Program receives the necessary management attention and support. Managers at all levels must be sensitive to the concerns of Hispanic employees and the Hispanic community to determine if there are operational or other barriers to equal opportunity inherent in our employment practices, and must take prompt action to correct any deficiencies. Further, all postal managers must ensure that sufficient financial and personnel resources are allocated to implement an effective and progressive USPS Hispanic Program.

## PROGRAMA HISPANO

DEPOSITORY

El Programa Hispano del Servicio Postal se establecio en 1973 para asegurar que todo Hispano fuera ampliamente utilizado dentro de la fuerza laboral postal y tuviera igualdad de oportunidad de competir en todo aspecto de empleo incluyendo, reclutamiento, seleccion, entrenamiento, y ascensos. Como tal el Programa Hispano es parte integral de la posicion oficial y del Programa de Accion Afirmativa e Igualdad de Oportunidades de Empleo del Servicio Postal.

Los Hispanos constituyen uno de los grupos minoritarios mas grandes de los Estados Unidos y las estadísticas del Negociado del Censo reflejan claramente un rapido crecimiento, el cual se extiende mas alla de la proxima decada. En cumplimiento a nuestro objetivo de proveer igualdad de oportunidad a toda persona, necesitamos reforzar nuestros esfuerzos para utilizar al maximo las habilidades y talentos existentes en nuestra fuerza laboral y comunidad Hispana.

El Servicio Postal esta altamente comprometido en asegurar que el Programa Hispano reciba la atencion y el respaldo necesario de parte de nuestros administradores. Cada nivel administrativo debera demostrar sensibilidad hacia las preocupaciones de nuestros empleados Hispanos asi como las de la comunidad Hispana, y habran de determinar si existen barreras operacionales u otras que eviten igualdad de oportunidad debido a nuestras practicas de empleo. Asi mismo, tomaran accion inmediata para corregir cualquier deficiencia que exista. Todo Ejecutivo, Administrador, Gerente, Superintendente o Supervisor, comparte la responsabilidad de asignar fondos y personal para asegurar la ejecucion progresiva y efectiva del Programa Hispano del Servicio Postal.

## Directives Update

This update lists all new, revised, and obsolete directives since POSTAL BULLETIN 21754, January 11, 1990. See Publication 223, *Directives and Forms Catalog*, for ordering instructions. In the list of new directives, a column has been added to indicate the USPS/public supply source. The revised list shows the oldest usable date; the new list indicates if the new directive rescinds another; and the obsolete list indicates if and by what the directive was replaced.

## APO/FPO Conditions

The table on pages 18 through 25 outlines conditions that apply to mail addressed to military post offices overseas. This POSTAL BULLETIN (PB) includes the table in its entirety, and it supersedes the table on pages 11 through 18 in PB 21746, 10-1-89.

Keep this table until the next complete table issued. From time to time, the Bulletin will include instructions to make pen and ink changes to the table.

—Delivery, Distribution, and Transportation Dept., 3-8-90

## Manifest Mailing System: Certified Mail

The Manifest Mailing System (MMS) program allows mailers to combine nonidentical weight and rate pieces of mail of the same class and processing category in a single permit imprint mailing. Postal Service policy and post office requirements and responsibilities appear in DOMESTIC MAIL MANUAL (DMM) 145.7. Mailer requirements and responsibilities, qualifying criteria, the Manifest Mailing System application, and a sample Manifest Mailing System Service agreement for MMS are described in detail in customer publications.

Currently, the mailing options available under the MMS program include First-, third-, and fourth-class mail and special service options for registered, COD, and insured mail.

The Manifest Mailing System now includes a new option for certified mail as part of the program. Publication 404-D, *Manifest Mailing System (MMS)—Certified Mail*, contains easy to read instructions designed to assist customers in understanding the requirements for authorization and mailing under the certified mail option.

Initial distribution of Publication 404-D will be made to each division and management sectional center, with additional copies available from the materiel distribution centers, using Form 7380, *MDC Supply Requisition*.

—Rates and Classification Dept., 3-8-90.

## Prohibition Against Purchasing Mail-Hauling Vehicles

Management Instruction FM 120-87-4, dated 5-11-87, summarizes the approval authority for purchasing vehicles other than those used for hauling mail. In the attachment to the Management Instruction, it makes it clear that the purchase of mail-hauling vehicles is prohibited (see Note 2 on the attachment).

### 25-Cent Stamp Vending Packets

Effective immediately, sales restrictions on selected commemorative vending packets are being revised because of excess volume remaining in inventory at the stamp distribution offices (SDOs). The following commemorative vending packets must be sold over the counter as well as in the multicommodity vending machines.

Item No.	Description
3689	25-cent Washington Statehood.
3648	25-cent House of Representatives.
3649	25-cent U.S. Senate.
3653	25-cent Executive Branch.
3658	25-cent Lou Gehrig.
3660	25-cent Ernest Hemingway.
3654	25-cent Letter Carriers.
3655	25-cent Bill of Rights.
3657	25-cent Prehistoric Animals.
3683	25-cent Love (1989).

*This authorization is limited to these items and does not apply to any other vending packets at this time.*

*Supply.* SDOs may order these items through their regional accountable paper depository in full carton quantities of 2,500 packets or boxes of 500 packets. All other postmasters should order these items from their SDOs in boxes of 500 packets using Form 17-A *Accountable Items Requisition From Stamp Distribution Office*.

—*Philatelic and Retail Services Dept., 3-8-90.*

### Dinosaur T-Shirt

The Dinosaur T-shirts that have been distributed to the field are prepackaged in a penalty mailing envelope. Included in the envelope are a T-shirt and promotional brochures.

It is important that customers receive the contents in the envelope. However, window clerks selling this item must use a pen to mark through the indicium in the upper right hand corner to further remind customers of the prohibition on using the envelope for private mailing.

—*Philatelic and Retail Services Dept., 3-8-90.*

### Form 991—Promotion or Assignment

Form 991, *Application for Promotion or Assignment*, has been revised. The revised form has been distributed to divisions for receipt prior to the beginning of Postal Quarter 3 (March 10, 1990). Other organizations should order the form from their materiel distribution centers.

Beginning March 10, the revised form, dated January 1990, is to be used whenever Form 991 is the required EAS application form. Discard all previous editions of this form.

—*Employee Relations Dept., 3-8-90.*

### 25-Cent Classic Films Commemorative Stamps

A block of four 25-cent Classic Films commemorative stamps will be issued March 23 in Hollywood, California. The four featured films are *Beau Geste*, *Gone With the Wind*, *Stagecoach*, and *The Wizard of Oz*.

#### Do Not Place on Sale Before March 24, 1990

A future issue will include collector information. Issued in panes of 40.

*Supply.* All post offices will receive their standard automatic distribution quantities for a 40-subject commemorative stamp. Due to production delays, four-position stock will not be shipped until March 30 to post offices with authorized philatelic centers. Because a private contractor printed this stamp issue, the Bureau of Engraving and Printing will not honor supplemental/requisitions for *Item 4476*.

Limited quantities of this stamp will be shipped to regional accountable paper depositories (RAPD) for filling supplemental orders. Stamp distribution offices (SDOs) requiring additional stamps may order them from their RAPDs using separate Forms 17-A, *Accountable Items Requisition From Stamp Distribution Office*. All other post offices requiring additional stamps should immediately requisition them from their SDOs on *separate* Forms 17-A.

Before requisitioning additional stock, post offices should consider that they must deplete the stock before May 24, 1990, except authorized philatelic centers.

—*Philatelic and Retail Services Dept., 3-8-90.*

### Training Record Maintenance

Effective immediately, the second sentence of EMPLOYEE AND LABOR RELATIONS MANUAL 732.12 is revised as follows:

The training agent (PEDC and/or employee's job instructor) and the immediate supervisor complete Form 2548, *Individual Record of Training*. The Postal Employee Development Center (PEDC) then retains the form at *one central location* determined by the training supervisor/manager.

This change was necessitated by a recent Inspection Service audit of automation training that disclosed a major deficiency in training record maintenance. Training records were missing or incomplete, in part, because of filing in multiple locations.

This change does not preclude keeping copies of the records in employee work locations. It means only that the PEDC official must file the originals in one central location and the training supervisor/manager must maintain them. Training records must be periodically reviewed to ensure that all training is recorded (see part 127 of Handbook EL-701-A, *New Employee Training*, dated June 1989).—*Training and Development Dept., 3-8-90.*

### THIRD-CLASS CATALOGS OVER 1 OUNCE

The Postal Service routinely provides address correction service to requesting mailers for customers who have moved and have an active change of address order on file. The process by which the mailer is advised of the new address information varies based on the class of mail and/or the weight of the mailpiece.

One area where some confusion exists is the processing of third-class catalogs weighing more than 1 ounce, endorsed Forwarding and Return Postage Guaranteed/Address Correction Requested (Forward & Address Correction is an authorized abbreviation). The processing of this type of catalog has two options:

1. The first option applies when the mailpiece is forwardable: Forward the entire catalog to the new address and send to the mailer a separate address correction notice via a complete and legible photocopy of the address label, or a completed Form 3547, *Notice of Mailer of Correction in Address*. Collect the address correction fee only.

2. The second option applies only if the catalog is not forwardable. Return catalog to the mailer marked to show the reason for nondelivery. In this case, the mailer is charged a weighted fee to cover the return postage and address correction. This fee is calculated by multiplying the applicable postage at the third-class single-piece rate by the weighted fee factor of 2.733.

In addition, a third-class catalog weighing over 1 ounce bearing the endorsement Address Correction Requested will not be forwarded or returned. A separate correction notice will be sent to the mailer (a complete and legible photocopy of the address label or a complete Form 3547 or Form 3579) to collect the address correction fee, and the mailpiece will be discarded.

Deviating from the regulations in DMM Exhibit 159.151d, Treatment of Undeliverable Third-Class Bulk Business Mail—Weighing Over 1 Ounce (the regulations for forwarding this type of mail), results in additional costs.—*Marketing Dept., 3-8-90.*

## 1990 DECENNIAL CENSUS—POSTAL ACTIVITIES

The Census Address Check (CAC) has begun in most delivery units scheduled to participate in this important census task. Training for delivery unit census coordinators should be completed. Training for carriers should have been conducted, or scheduled, for carriers still to perform the CAC. The actual casing operation and the addition of missing residential addresses should be well underway. Some reminders concerning the Census Address Check follow:

1. The delivery unit census coordinator (or another, trained in this procedure) must complete the Quality Assurance process (QA) while the cards are still in the carrier case, to ensure that all residential addresses are identified.

2. All CAC processing must be completed by close of business (COB) Friday, March 16, 1990; this includes casing of address cards; completing/adding blue ADD cards for missing residential addresses; and completing Census Form D-725, *Quality Assurance Summary Record*; and, finally, the packaging and return to Census of all CAC materials.

3. To package the completed CAC material for return to the Census Bureau:

a. Save and use the same cartons in which the CAC material was received.

b. Use postal penalty labels with the return labels provided by the Census Bureau.

The 1990 Census Questionnaires have started to enter the mail stream. According to detailed instructions and information in Special POSTAL BULLETIN 21756-A, 2-15-90, on the 1990 Decennial Census, all delivery units will receive cartons of both the *long* and *short* census forms. As these forms are coming from different contractors and states, it is unlikely that all cartons will arrive at the same time. Carton shipping labels will identify contents (long or short form), quantity, and route numbers. If offices do not receive all census questionnaires by March 21, 1990, the designated delivery unit census coordinator must immediately contact the appropriate management sectional center or division census coordinator.

Every effort must be made to deliver the greatest volume of census questionnaires on Friday, March 23, 1990. However, the delivery of all census questionnaires must be completed by COB Tuesday, March 27, 1990.

Four final items concerning delivery and return of the census questionnaires follow:

1. *Delivery to Apartment Buildings.* All census questionnaires *must be delivered into the apartment mailboxes.* If necessary, it is permissible to bend or fold the questionnaire mailing piece. It is important that census questionnaires not be left on the floor, steps, or on a table in apartment building vestibules. This could result in improper receipt, or nonreceipt, by some or all residents.

2. *Hold Mail.* Census questionnaires must not be forwarded. The Census Bureau has asked that, when residents are away and have placed a *Hold* on their mail, that carriers simply place the questionnaires in with the *Hold* mail, even if it will not be picked up for several weeks, or months.

3. *Facing Identification Marks (FIM).* FIM marks on some of the questionnaire return envelopes may not conform to the required specifications. To ensure maximum capture of the returns on the Mark II facer/cancelers, adjustments to the FIM tolerance switch may be required. Refer to MMO #1-90 for information concerning adjustments.

4. *Bar Code Sorter (BCS) Interference Adaptor.* There is a problem with the readability of the bar code on the return questionnaire. The Census Bureau is using a window envelope for the return questionnaire and BCSs have had difficulty distinguishing the first bar of the bar code. The BCS may read the edge of the window as the first bar. The Maintenance Technical Support Center (MTSC) has deployed an *interference adaptor* to be installed on the ECA/BCSs which will correct this read problem. Each automated site should currently have interference adaptors for each of their ECA/BCSs. Facilities not having this adaptor, or having adaptors that do not function properly, should contact the Postal Equipment Branch, MTSC (Norman, OK).

### DMM Notice

## PANAMA TASK FORCE: END OF FREE MAILING

Effective immediately, limited free mailing privileges are terminated for military personnel on active duty serving with the military task force in Panama, including service members hospitalized as a result of wounds or injuries received in combat. This privilege was originally extended in late December 1989, and announced in POSTAL BULLETIN 21754, 1-11-90 (page 1).

Because announcement of termination occurred after DOMESTIC MAIL MANUAL Issue 34 was released for printing, it is necessary to amend the note to 134.222 as it appears in Issue 34, as follows:

### 134 Mail Sent by Members of the U.S. Armed Forces

#### 134.222 Sender.

**Note:** As of March 1, 1990, there are no "overseas areas" for the purposes of 134.222(a). Vietnam, Lebanon, and Grenada are "overseas areas" for the purposes of 134.222(b). Additions to and deletions from these lists will be announced in the POSTAL BULLETIN.

## 1989 Commemorative Mint Set Reevaluation

On March 10, 1990, the price of the 1989 Commemorative Mint Set (Item No. 8869) will change from \$12.50 to \$14.50. All sales from that day forward should be at the full \$14.50 price on the UPC product label. The discount price of \$12.50 was part of a promotional effort to increase sales during the first few months the product was available, and the product was charged into postmasters' accounts at \$12.50 each. All offices that have this product in inventory should increase their main stock accountability and follow the instructions below.

Supervisors at all facilities selling the 1989 Commemorative Mint Set should count quantities on hand at close of business on March 9, 1990. Then they multiply the number of mint sets on hand by \$2 (the difference between the old and new prices) and enter the result on the Return Stamps side of Form 17, *Stamp Requisition*. Next, they enter the result as a write-in to AIC 844, Stock Increase—Reevaluation, on their facility's Form 1412-A, *Daily Financial Report*, and support the report with the Form 17. This step increases the facility's accountability to reflect the new product price of \$14.50.

When the accountbook unit receives Form 17 and Form 1412-A, the unit makes a write-in entry to AIC 171, Postage Stock Reevaluation—Increase, in the Receipts section of the accountbook, which is offset by an increase to AIC 805, Postage Stock—Inventory, in the Analysis section.

## POSSIBLE DELIVERIES—CITY DELIVERY

The following article amends and clarifies instructions for recording possible deliveries on Form 1621, *Delivery Management Report*, and Form 3999, *Inspection of Letter Carrier Route*. These instructions are issued to ensure consistency and accuracy in the proper recording of address information in conjunction with the national implementation of the Computerized Labeling and Address Sequencing Service (C.L.A.S.S.).

The recording of "centralized" for single receptacles in clusters of two or more, as outlined in section 234.14i, Handbook M-39, *Management of Delivery Services*, is changed to apply to any mail receiving unit, except Neighborhood Delivery and Collection Box Units (NDCBUs), where the carrier has access to more than one individual customer's mail receptacle by opening only one door, or a single Arrow lock.

Possible deliveries are physical locations where mail may be delivered. All possible delivery addresses must be entered in the C.L.A.S.S. files. Case labels should normally display all addresses. Exceptions may be made for central delivery situations where a range of addresses may be used, such as for a NDCBU, 100-115 Pine Ct., or detached post office box units where all addresses would not be required.

Once possible deliveries are counted and recorded, attempts to effect delivery must be a part of the carrier function. Never return correctly addressed mail to the sender with the endorsement No Such Number after a proper delivery address is included as a possible delivery for a city delivery route.

### Delivery Mode Definitions

*Curb.* Deliveries to mail receptacles located at the curblin that can be served from a vehicle.

*NDCBU.* Deliveries served through Neighborhood Delivery and Collection Box Units only (i.e., 8-, 12-, 16-, or 18-compartment units).

*Other Central.* Deliveries to any other centralized delivery equipment (i.e., apartment house receptacles, delivery centers, or mailroom receptacles). Generally, this category pertains to any mail receiving unit where the carrier has access to more than one individual customer's receptacle by opening only one door or a single Arrow lock.

*Other.* Deliveries not meeting the definitions for curb, NDCBU, or other central delivery. Generally, this category includes all deliveries to the door and to single receptacles located behind the sidewalk or other noncurbside point.

### Possible Deliveries Definitions

*New Deliveries.* Record new construction or restored structures as possible deliveries when the carrier actually begins delivery. For example, if a housing development has 50 new houses, each house is recorded as a possible delivery when deliv-

ery actually begins for that house. For deliveries located in apartment and office buildings, normally record all possible deliveries in the building when service begins to the building. For example, in a 10-unit apartment building, record 10 possible deliveries when delivery actually begins for the first occupant to receive mail at the building.

In new buildings with several hundred possible deliveries where only a small number of tenants occupy units upon the initial opening of the building and long-term vacancies are anticipated, phase in the count of new deliveries. Record possible deliveries by sections or banks of mail receptacles as tenants begin to receive mail in each mailbox section.

*Deleted Deliveries.* Deduct as possible deliveries dwellings or business places vacated in areas undergoing demolition.

*P.O. Boxes.* Residences and businesses that choose to receive delivery through post office boxes are considered possible deliveries on the carrier route even though no delivery is made to the street address. Normally, such deliveries should be put on the carrier case because customers may receive mail addressed to the street address, where it is properly deliverable.

P.O. boxes that are rented and located in detached P.O. box units and served by a city letter carrier route are counted as possible deliveries. Detached P.O. box units delivered by other personnel (clerks, contract employees, etc.) are not counted as possible deliveries.

*Permanent Mobile Homes and Trailer Parks.* For deliveries made to individual residences of permanent mobile home or trailer parks, consider each residence as one possible delivery. Do not count unoccupied spaces.

*Transient Mobile Home, Trailer, and Recreational Vehicle Parks.* A bulk delivery to a designated mail receiving point is recorded as one possible delivery.

*Centralized Deliveries.* When delivery is made to an NDCBU, apartment house boxes, or centralized boxes in an office building, mobile home park, etc., and it is obvious that the number of receptacles is greater than the number of possible deliveries, record the number of possible deliveries, not the number of NDCBU or mail receptacle compartments.

*Multiple Addressee Deliveries to a Single Receptacle.* Where more than the business or residential dwelling receives mail in a single receptacle, count the stop as one possible delivery.

*Bulk Delivery to Hotels, Motels, Other Institutions.* Hotels, motels, and other institutions that receive delivery at a single location (i.e., manager's office or front desk) are recorded as one possible delivery. Do not count individual units within these hotels, motels, or institutions as possible deliveries.

## POSSIBLE DELIVERIES—CITY DELIVERY—Continued

*Tracking PDs via C.L.A.S.S.* To be counted, every possible delivery address must appear in the C.L.A.S.S. data files.

Each PD is identified to indicate the type of delivery:

1=Residential Other	2=Residential Curb
3=Residential NDCBU	4=Residential Central
5=Business Other	6=Business Curb
7=Business NDCBU	8=Business Central
9=Detached Box Unit	0=Nonpersonnel Unit

Computerized Labeling and Address Sequencing Service records contain indicators to aid mailers in preparing mail for each carrier route. Address-specific codes indicate nondelivery by carrier because the address receives all mail via P.O. box

(B); the address is considered vacant, although it continues to be recorded as a possible delivery, and mail should not be prepared for this address (V); or the address is seasonal (S). Example: If the Form 1621, *Delivery Management Report*, code is 1B, this address is Residential Other, but currently not delivered by the carrier because the customer receives all mail at a P.O. box address.

C.L.A.S.S. also tracks route type (city, rural, highway contract) and mode of delivery (1=foot, 2=curbline, 3=park and loop, 4=dismount).

Form 1621, *Delivery Management Report*, and Handbook M-39, *Management of Delivery Services*, will be changed to include these instructions.

## Preservation Order Rescinded—COD Delivery Records

The Records Preservation Order in POSTAL BULLETIN 21600, 1-1-87, covering COD tags and related records, is rescinded effective with this notice.

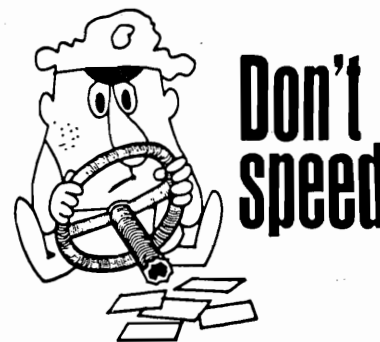

COD records preserved in support of this claim may be disposed of in accordance with the approved 2-year retention period outlined in Exhibit 351.31 in the ADMINISTRATIVE SUPPORT MANUAL, Issue 6.—*Records Office, 3-8-90.*

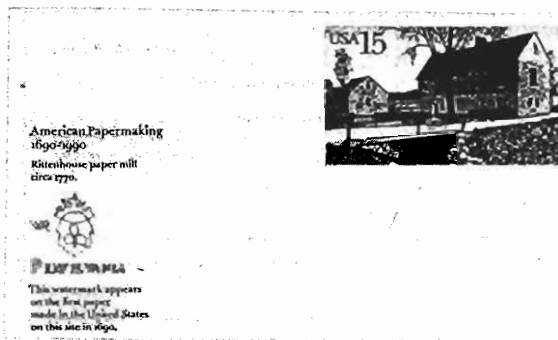

## Form CA-1—Notice of Traumatic Injury and Claim

Some offices are using obsolete Forms CA-1, *Federal Employees' Notice of Traumatic Injury and Claim for Continuation of Pay/Compensation*, dated before the March 1986 issuance. Forms CA-1 dated before March 1986 should not be used under any circumstances and should be destroyed.

The Occupational Safety and Health Administration, Department of Labor, uses the information obtained from Forms CA-1 to determine which post offices they will target for inspection. Therefore, it is critical that the current form, which contains the following data element, be used. Specifically, employees should give particular attention to the proper completion of Item 18 on the form. That item requests the employee's duty station, street address, and ZIP Code to make clear where the injury actually occurred.

## American Papermaking Postal Card

Three centuries of papermaking in America are commemorated on a colorful 15-cent postal card to be issued March 13 at a meeting of the American Paper Institute in New York City. Postal Service Governor Norma Pace will join Postmaster General Anthony M. Frank in dedicating the card.

The card features a beautiful painting of the Rittenhouse paper mill, which was located near Germantown, Pennsylvania. It was the first mill established in America, in 1690, and was swept away by high water in 1700. A second mill, established in 1702, was lost in a fire. The painting is based on black and white photographs of the third and final mill on that site, which no longer exists.

Procedures for ordering first-day cancellations follow.

*Customers Providing Stationery.* Because the American Papermaking postal card may not be available at some post offices, the Postal Service recommends that customers purchase the cards from

philatelic centers or by mail from the Philatelic Sales Division, referencing **Item 2208**.

Customers who provide their own cards receive preferential service. They should address cards at least 5/8 inch from the bottom. Customers may also affix uncanceled stamps issued on or before March 13. The Postal Service will return unserved cards bearing stamps issued after that date. Requests must be postmarked by April 12 and addressed: Customer Supplied Cards, Postmaster, New York NY 10199-9991. No remittance is required.

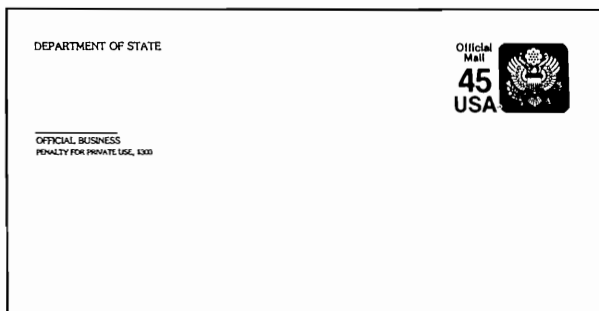

*Postal Service Providing Stationery.* Customers should provide a peelable return label for each postal card. The price is 15 cents per card, and the Postal Service accepts personal checks in the exact amount up to the limit of 50 items. Customers should not send cash or postage stamps. Orders must be postmarked by April 12 and addressed: American Papermaking Postal Card, Postmaster, New York NY 10199-9992.

A *Philatelic Catalog*, listing all available stamps and other philatelic items, is available here or from the Philatelic Sales Division, Washington, DC 20265-9997.

## Official Mail Envelopes

Two new Official Mail envelopes, designed to facilitate the mailing of passports, will be issued March 17 at SPRINGPEX '90 in Springfield, Virginia. Assistant Postmaster General Gordon C. Morison will speak at the first day of issue ceremony.

The 45-cent and 65-cent Official Mail envelopes, which correspond to the current First-Class Mail rates for 2 and 3 ounces, were developed primarily for the Department of State for mailing passports. The envelope size and the use of a heavier weight of paper were determined by passport mailing requirements.

*Ordering and First-Day Cancellations.* Post offices and most philatelic centers will not sell the 45-cent and 65-cent Official Mail envelopes. They are available by mail order from the Philatelic Sales Division or at the philatelic center at Postal Service Headquarters in Washington, DC. Mail orders

should be addressed: 45-Cent Official Mail Envelope (*Item 2144*) or 65-Cent Official Mail envelope (*Item 2145*), Philatelic Sales Division, Kansas City, MO 60265-9997. The cost is 50 cents for each 45-cent Official Mail envelope and 70 cents for each 65-cent envelope. The standard \$10 minimum order and 50-cent handling fee apply.

Customers can obtain first-day cancellations by sending a peelable return address label and 50 cents for each 45-cent Official Mail envelope or 70 cents for each 65-cent envelope. The Postal Service will then add the official government return address, affix the customers label, and apply the first day of issue cancellation.

The Postal Service accepts personal checks, but not postage stamps. Please do not send cash. Orders must be postmarked by April 16 and addressed: 45-Cent Official Mail Envelope, or 65-Cent Official Mail Envelope, Postmaster, Springfield VA 22150-9992.

A *Philatelic Catalog*, listing all available stamps and other philatelic items, is available here or from the Philatelic Sales Division, Washington, DC 20265-9997.

**FORMS UPDATE**

This update lists all new, revised, and obsolete forms since POSTAL BULLETIN 21754, January 11, 1990. Forms are categorized as new, revised, or obsolete, and are listed in order by number within each category. In the list of new forms, a column has been added to indicate the supply source code as defined in section 345, Publication 223, *Directives and Forms Catalog*. In the revised category, the third column indicates the date of the oldest issue that may still be used. When only the current issue may be used, the revised issue date is listed. The obsolete category also shows if and by what the form was replaced.

Section 244.63, POSTAL OPERATIONS MANUAL, authorizes official cachet and philatelic treatment for the first flight services described above. Customers must prepare covers to be sent on the flight in accordance with the following instructions:

1. Address all covers with postage affixed at the appropriate airmail rate.
2. Allow a clear space, 2½ by 2½ inches, on the lower portion of the envelope and to the left of the address for the cachet. Provide an additional 1½ inches to the left of the innermost stamp to permit a clear postmark. Each envelope should contain a filler of postal card thickness to ensure good impressions of the cancellations.
3. Place the covers in outer envelopes and mail them to reach the office applying the cachet no later than 3 days before the scheduled date of the flight. Write First Flight Covers in the lower left corner of the outer envelopes.
4. Aerogrammes and postal cards will not be accepted. There is a limit of 50 covers per customer per flight. Covers already postmarked and those not prepared in accordance with instructions will not receive cachets or cancellations.

### LOBBY DISPLAYS/PROMOTIONS FOR MARCH 1990

All post offices and classified units should remove all St. Patrick's Day decorations no later than March 19. POSTAL OPERATIONS MANUAL (POM) 221.522 lists the posters, notices, and signs mandatory for display. Other mandatory displays are:

Title	Issued
Selective Service registration:	
SSS 46 Poster .....	6-88
SSS 10 Brochure .....	4-87
SSS 1 Registration Form	
Olympic decals for lobby doors	

*Rotating Displays.* The March schedule of lobby displays is listed below. Some offices may have insufficient space or fixtures to display all postings. To avoid a cluttered appearance, post only a few at a time, rotating them more frequently.

Title	Post	Remove
Wyoming State .....	Feb. 19 .....	Mar. 25.
Special Occasion.....	Feb. 5 .....	Mar. 25.
UPU Souvenir Sheet (poster).....	Feb. 5 .....	Apr. 15.
Classic Films (poster) .....	Mar. 5 .....	Apr. 29.
Commemorative Stamp Club (counter easel).	.....	Mar. 26.
Stamps by Mail (poster 38) .....	Mar. 5 .....	Apr. 1.

**LOBBY DISPLAYS/PROMOTIONS FOR MARCH 1990—Continued**

*Postal Product Displays.* Display current philatelic products and all packaging products (retail products) attractively, with professionally printed, not handwritten, prices. When space does not permit the display of all packaging products, display the product line poster, *Wrap With Us*, in conjunction with products.

*Literature Rack Displays.* Display the following material in literature racks at all classified units (CAG A-G Offices):

- Form 3227, Stamps by Mail (envelope)
- SSS 10, Selective Service (brochure)
- SSS 1, Selective Service (registration form)

The following brochures, available through the materiel distribution centers (MDCs), are also recommended for display in literature racks:

Number	Title
Pub. 20 .....	Priority Mail.
Pub. 122 .....	Customer Guide to Filing Indemnity Claims on Domestic Mail.
Pub. 201 .....	A Consumer's Directory of Postal Services and Products.
Pub. 227 .....	How to Prepare and Wrap Packages.

Number	Title
Pub. 300 .....	A Consumer's Guide to Postal Crime Prevention.
Pub. 301 .....	Postal Crime Prevention: A Guide for Businesses.
Not. 43 .....	Express Mail General Information.
Not. 50 .....	Theft? Protect Your Mail.
Not. 59 .....	Postage Rates, Fees, and Information (Domestic).
Not. 107 .....	Hazardous Materials.
Not. 255 .....	From Here to There—International Mail.
Not. 256 .....	How to Go on a Shopping Spree.

*Specialized Program Displays.* Main post offices and classified stations and branches that offer special services or participate in a specific test should display posters, signs, or other material authorized by the test. Check removal dates for test or special service promotional material. The Postal Answer Line is an example of a special service.

*Optional Displays.* Refer to Publication 223, *Directories and Forms Catalog* (July 1989), for a current listing of optional displays.

—*Philatelic and Retail Services Dept., 3-8-90.*

*ELM Revision*

**Incentive Awards**

The dollar scale for the various awards under the Incentive Awards Program is changed for Executive and Administrative Schedule (EAS) employees as follows:

Award category	Dollar scale
Special Achievement Award .....	Up to \$1,500.
Meritorious Service Award .....	Up to \$3,000.
Distinguished Service Award .....	Up to \$5,000.

The basis/criteria for these awards remain as described in subchapter 470 of the *EMPLOYEE AND LABOR RELATIONS MANUAL (ELM)*. In recognizing employees under this program, managers are reminded that the awards scale is expressed in terms of "up to" a maximum in order to provide the flexibility to differentiate between various degrees of contribution/performance within the appropriate award category.

These changes apply only to EAS employees. The next issue of the *ELM* will include them.

—*Employee Relations Dept., 3-8-90.*

**Special Cancellations**

Postmasters having any of the special cancellation die hubs listed below are authorized to use them for the periods designated. At the end of the period, the postmasters should withdraw the die hubs from use and store them. Postmasters who do not have these special die hubs must not request them without application by the sponsors.

**Easter Seals**

March 1 to March 30, 1990.

**Red Cross**

March 1 to March 31, 1990.

**Kidney Foundation**

March 1 to March 31, 1990.

—*Rates and Classification Dept., 3-8-90.*

**Revenue Unit, GFY 1989**

The value of a revenue unit for Government Fiscal Year 1989 is \$231.73.

—*Dept. of the Controller, 3-8-90.*

## Census Bureau Mission

*In its best interests, a civilized nation counts and profiles its people and institutions. Doing so ably and objectively is the abiding mission of the United States Census Bureau. We honor privacy, shun partisanship, invite scrutiny, and share our expertise globally. Striving to excel, we chronicle the Nation's past, describe its present, and illuminate its future.*
