19-Cent Playmakers Theatre Postal Card

The 19-cent Playmakers Theatre postal card goes on sale September 14, 1993, in Chapel Hill, North Carolina. The Curator of Sculpture and Decorative Arts selected the postal card to be featured in the USPS Historic Preservation Postal Card Series. It commemorates the 1993 bicentennial of the founding of the University of North Carolina. Playmakers Theatre was built in 1851.

Place on Sale Nationwide September 15, 1993

The Government Printing Office (GPO) manufactured this card. A future issue will include collector information.

SUPPLY. Post offices with authorized philatelic centers will receive an automatic distribution. CAG A–G post offices requiring bulk quantities of this postal card should immediately submit Forms 3216, *Requisition for Postal Cards—Bulk Quantities*, in not less than 5,000 increments, to the GPO, using *Item 2258*. Those post offices should order sufficient quantities to meet anticipated philatelic and regular window demand.

Employee Opinion Survey

The Postal Service will ask all career and transitional employees to complete an Employee Opinion Survey in August. The survey contains questions on topic areas such as communication practices, leadership and supervision, treatment of employees, working conditions, and attention to quality.

Employees will receive surveys at their work locations, and they should mail the completed forms directly to the contractor using the envelope provided. The Postal Service will use the survey results nationally and locally to enhance organizational effectiveness.

Completion of the survey is voluntary and on the clock. It takes 20–30 minutes to complete. The Management Operating Data System (MODS) offices should track hours spent on the survey using operation number 531 for bargaining employees and operation number 497 for nonbargaining employees. In non-MODS offices, use Labor Distribution Code (LDC) 88 for supervisory hours and LDC 89 for nonsupervisory hours.

Regular rural carriers who elect to complete the survey are compensated for their time at the rural carrier average consolidated work-hour rate. The local office must complete Form 8127, *Rural Carrier Supplemental Payment*, and send this form to the Minneapolis Accounting Service Center for payment. Indicate on Form 8127 that the payment request is for the Employee Opinion Survey.

PICTORIAL CANCELLATION ANNOUNCEMENT 93-1

Pictorial Cancellations

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of upcoming events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

People attending these local events may obtain the cancellation in person at the temporary post office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial cancellation date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class postage (29

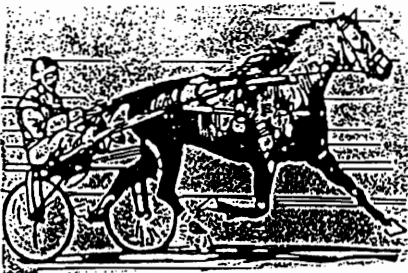

cents per envelope or 19 cents per postcard). Items submitted for cancellation may not include postage issued after the date of the requested cancellation. Such items will be returned unserved.

Customers wishing to obtain a cancellation should affix stamps to any envelopes or postcard of choice, address the envelope or postcard to one's self or others, insert a card of postcard thickness for sturdiness and tuck in the flap, place the envelope or postcard in a larger envelope, and address it exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 code).

After applying the pictorial cancellation, the Postal Service returns the envelope or postcard through the mail. Customers who want their serviced item returned under protected cover should include a larger, stamped, self-addressed envelope.

SDOs requiring additional booklets must order them from their APDs using separate Forms 17-A, *Accountable Items Requisition From Stamp Distribution Office*. All other post offices requiring additional stamps should immediately requisition them from their SDOs on separate Forms 17-A.

Before requisitioning additional stamps and stamp booklets, post offices are reminded that automatic distribution of commemoratives is based on a 60-day supply. All post offices should sell commemorative stamps. Consequently, those offices not receiving an automatic distribution should determine their 60-day need and order accordingly from their SDOs.

Verification of Postage Stock Destruction

Effective immediately, all post offices submitting a Statement of Account will document entries for stock destruction as outlined below.

For entries to AIC 510, Postage Stock Destroyed, or AIC 511, Bird Stamps Destroyed, submit with the Statement of Account the original Form 3238, *Stamps and Stamped Paper Destruction Certificate*, certified by the destruction committee or approved for promotion or presentation. Distributed Data Entry/Data Retrieval sites (DDE/DR) must forward Form 3238 to the Minneapolis Accounting Service Center (MASC). Post offices with unsupported entries to AIC 510 or AIC 511 will receive a Statement of Difference from the MASC.

National Postal Museum Commemorative Stamps

Copyright U.S. Postal Service 1993

The Postal Service celebrates the opening of the National Postal Museum with the issuance of a block, strip of four 29-cent stamps on July 30 in Washington, DC.

The stamps, designed by Richard Schlecht of Arlington, Virginia, showcase several subjects on display in the new museum. One features Benjamin Franklin, Liberty Hall in Philadelphia, a printing press, and a colonial post rider. A second highlights a Pony Express rider, a Civil War soldier writing a letter, and a Concord stagecoach from 1851. The third stamp shows a JN-4H biplane, a 1920 airmail pilot, a train car from the Railway Mail Service, and a 1931 Model A Ford mail truck. The fourth depicts a California gold rush miner's letter to a cousin, several historic stamps, and a barcode and cancellation mark.

The National Postal Museum, the newest of the Smithsonian Institution museums, is located near the U.S. Capitol and next to Union Station. It is the nation's first museum devoted to postal history and philately.

Elimination of the Toll Free Number, 1-800-PIC-USPS

During December 1991, 1-800-PIC-USPS was started to help associate offices (AOs) obtain commemorative stamps and stamp products when they were unavailable from stamp distribution offices (SDOs).

Postmasters were to follow the conditions below before calling the toll free number:

1. The postmaster or main stock custodian must first order from the servicing SDO.
2. The SDO must attempt to fill the order through the servicing accountable paper depository (APD) and, if unsuccessful, acquire the items from other SDOs or APDs.
3. The postmaster or main stock custodian, after being notified that the SDO could not fill the order, must assess total requirements for each item to avoid constant reordering.
4. The postmaster or main stock custodian must meet the minimum ordering quantity for stamps and stamp products (five items for products and a full pad for commemorative stamps).

The following problems and irregularities resulted due to misuse of the free number:

1. Employees did not follow established and published stamp distribution ordering procedures. Some offices relied solely on the toll-free number to order stamps and stamped products.
 2. A survey of calls to the 800 number showed that 70 percent of the post offices never checked with the SDOs before using the telephone number to order stock.
- Effective September 18, 1993, the toll free number is no longer available. If personnel bypass the system, the Postal Service cannot identify problem areas and determine appropriate corrective action. AOs, SDOs, and APDs must use standard procedures to fill emergency

stamp orders, or to order additional stamps and stamp products after September 18. If any AO has difficulties with a particular SDO or APD, contact Headquarters Stamp Distribution, at (202) 268-4875.

PROCEDURES. Follow appropriate ordering process when acquiring additional stamps from another post office. AOs should contact their assigned SDO, and SDOs should contact their respective APDs. The APDs, which normally receive a backup supply of each item, may check with Headquarters for supplies that may be stored at the central depository.

Each post office should take the following steps to ensure it has appropriate levels of stamp stock:

1. Read the *Postal Bulletin* article on each new stamp issue.
2. Know the correct item number for stamp issues.
3. Know its assigned AO, SDO, and APD.
4. Know the source of supply for each stamp item.
5. Know what its duties and responsibilities are in the SDOs and APDS.
6. SDOs should correspond with their AOs.
7. Know how to submit an emergency stamp order.
8. Know how to verify stamp shipments.
9. Make a temporary advice of shipment in the absence of the original advice.
10. Promote stamp items after acquiring them.

If offices follow these simple guidelines, the stamp distribution function will effectively carry out its critical responsibilities. At the same time, post offices, stations, and branches will have the stamps and stamp products they need to satisfy customers.

POSTAL EMPLOYEES**Window Service Uniform—Shoes**

This article clarifies a statement in *Postal Bulletin* 21839, 4-15-93 (page 3), about footwear worn by uniformed window service employees.

After 2 years in the window service program, clerks have the option of purchasing certified USPS-approved shoes for reimbursement under the allowance program.

The only shoes that are reimbursable are regulation postal shoes that are black and bear a black and green

label indicating that they are slip resistant and made in the USA (SR/USA). The shoes come in many styles, but they must be black.

No restrictions currently apply to shoes that a clerk may wear other than the reimbursable shoes, but clerks are encouraged to wear dark-colored shoes with the uniform.

—Labor Relations, 7-22-93

MISCELLANEOUS**Energy Consumption System**

The Postal Service's Energy Consumption System (ECS) monitors energy performance at facilities where the Postal Service pays utilities. Since the restructuring, ECS has been inactive and feedback forms and energy reports are unavailable.

Efforts are under way to activate the system and implement revisions compatible with the postal infrastructure. In the interim, reporting facilities shall retain copies of all

utility bills or maintain an accurate record of each utility's usage. Future requests for energy data will include the period beginning October 1992.

Direct any questions to the local maintenance manager and the manager, maintenance support at the area processing and distribution office.

Customer Procedures for First-Day Cancellations

Effective August 1, 1993, *Postal Operations Manual* (POM) 244.5 is revised and renumbered to reflect changes in ordering procedures for first-day cancellations. As a result, *Domestic Mail Manual* (DMM) Transition Book 164.5 is deleted.

Postal Operations Manual

Chapter 2 Customer Services Management

240 Philately

* * * *

244 Cancellation for Philatelic Purposes

* * * *

244.5 First Day of Issue

244.51 First Day Sale. A particular post office or postal facility is usually designated to have the exclusive sale of a new issue on the day it is issued. No other postal facility may begin general sale of the new issue until the following day. For this section, the word "issue" means postage stamp, stamp booklet or booklet pane, postal card, stamped envelope, or aerogramme.

244.52 Notification. New stamps and other philatelic issues are announced by notices displayed in post office lobbies, in the *Postal Bulletin*, and news releases distributed to the press and philatelic periodicals.

244.53 First Day Covers

244.531 Definition. A first-day cover is an envelope, postcard, or other item of reasonable dimension bearing a new stamp or booklet pane or a new postal card, a new stamped envelope, or a new aerogramme canceled with a die reading "First Day of Issue" and showing place and date of first-day sale.

244.532 Procedures. Customers who want first-day cancellations of new stamps must buy the stamps at local post offices, affix them to their own envelopes, and mail the stamped envelopes to the postmaster at the city of issuance for cancellation. All covers must bear addresses to the right side of the envelope and at least $\frac{5}{8}$ inch up

from the bottom of the envelope. Requests must be postmarked no later than the date specified in the announcement to qualify for cancellation service.

244.533 Requirements. Envelopes submitted by collectors must be of ordinary letter size and must be properly addressed. Collectors should place a filler of postal card thickness in each envelope, and turn the flap in or seal it.

244.534 Unacceptable Covers. The issuing post office must not provide cancellation service on covers submitted through the mail that are unaddressed or bear stamps issued after the issue date and before the submit-tal cutoff date, or bear previously canceled stamps; nor may the post office provide handback service on any items presented after the first day of issue. These restric-tions can be waived only by written authorization of the Philatelic Fulfillment Service Center.

244.535 Hand-Stamped Cancellations. Hand-stamped cancellations are applied at the first-day cere-mony location, at the main office windows of the first-day post office, and on covers that cannot be fully canceled by postal cancellation machines. In all other cases, ma-chine cancellations are supplied, except under 224.83.

244.536 Handback Service. Handback service for first-day cancellations is limited to the first day of issue. Material to be canceled must be presented to the main office window of the first-day post office.

244.537 Mail Orders for Mint Stamps. The first-day post office may not accept mail order requests for uncanceled stamps from customers outside their service area, except for cover servicers under 244.83.

244.538 Cancellation Deadlines. Deadlines for sub-mitting covers for first-day-of-issue cancellations are es-tablished cooperatively by Stamp Management and the Philatelic Fulfillment Service Center. Any exceptions to these deadline dates must be authorized by both func-tions.

244.54 Unofficial First-Day Covers. Stamps ac-quired by the first-day post office may be canceled at any post office. Envelopes containing new stamps canceled on the first day of sale at a post office other than the issuing office are known as "unofficial first-day covers."

National Count of Mail on Rural Routes

In accordance with Article 9.2.C.3 of the 1993 National Agreement between the United States Postal Service and the National Rural Letter Carriers' Association, a 24-day National Count of Mail will be conducted September 7 through October 4, 1993. The count will be conducted only on auxiliary and vacant regular routes where management opted for a count by June 25, 1993, and on encumbered regular routes where either the employer or regular rural carrier opted for a count by June 25, 1993. Additionally, where mutually agreed by management and the regular carrier, the carrier may conduct the count, as provided by the July 7, 1993 USPS/NRLCA Memorandum of Understanding on the national count and inspection. Mail count procedures for all 24 days of the count must be in accordance with Chapter 5 of Handbook PO-603, *Rural Delivery Carrier Duties and Responsibilities*.

Mail Count Procedures

LOCAL CONFERENCE. Postmasters must hold joint conferences to discuss mail count procedures and instructions with supervisors and rural carriers involved in the count *no later than close of business (COB) Monday, August 23, 1993.*

Completion of Form 4239

Form 4239, *Rural Route Count of Mail*, was revised in June 1992 to accommodate changes related to the introduction of sector/segment mail and to align the count form and Forms 4241, *Rural Delivery Statistics Report*, and 4241-A, *Rural Route Evaluation*. The following changes were made to Chapter 5 of Handbook PO-603 to ensure accuracy during the mail count.

During the September 1992 Special Mail Count, the introduction of sector/segment letters language and relocation of Postage Due from Column P to H required the renumbering of Part 535.12. Throughout the published instructions, references to other column entries were corrected. For example, a reference to Column C previously indicated Parcels, changed to Column D. Unless otherwise noted, no other language changes are necessary. Therefore Handbook PO-603 is revised as follows:

Column A remains as written.

b. Column B—Sector/Segment Letters. Enter in this column all mail up to 6½ inches in width that is processed on automated equipment in Sector/Segment order.

c. Column C—Papers, Magazines, Catalogs, Flats, Other Sized Mail (Instructions remain as written in Handbook PO-603).

d. Column D—Parcels (Instructions remain as written in Handbook PO-603).

e. Column E—Boxholders (Instructions remain as written in Handbook PO-603).

Column F and G remain as written.

h. Column H—Postage Due (Relocate instructions from Column P to H. Instructions remain the same as written in Handbook PO-603).

i. Column I—Change of Address (Instructions remain as written in Handbook PO-603).

Columns J through N remain as written.

o. Column P—Reserved

p. Column P—Register and Certified Collected (Relocate instructions from Column O to P. Instructions remain the same as written in Handbook PO-603).

Columns Q through Z remain as written.

Completion of Form 4241

Form 4241, *Rural Delivery Statistics Report*, was also revised last year to accommodate the changes made to Form 4239. In addition to the increase in the number of input fields for Column F and I, renumbering is required in the Additional Information block area. These changes follow:

Line E—Auxiliary assistance time should now be recorded as office and/or street time.

The Date of Local Conference, Line J, is relocated under the High Option Signature block and has no line instruction.

Line J—High Option (Relettered. Instructions remain as written under Line K.)

Line K—Leave Commitment (Relettered. Instructions remain as written under Line L.)

Line L—Rotating Relief Day. Check yes block if this route is eligible for a relief day and the regular carrier assigned to the route wants to participate in a rotating relief day schedule as explained in Article 9.2.C.6. of the USPS/NRLCA National Agreement.

Completion Requirements and Dates

In addition to completing Form 4239 and transferring the information to Form 4241 daily and 4241X biweekly, individual postmasters and/or supervisors are responsible for completing and reviewing Form 4241 and 4241X for accuracy by October 6, 1993. A copy of Form 4241X appears on page 26. Offices may reproduce and distribute it locally as required.

In accordance with Handbook PO-603, individual rural carriers must receive an opportunity to review Form 4241X for 2 days before being requested to sign. *Carrier reviews must be completed by October 8 so that all forms are submitted to the district by October 9.*

Individuals responsible for input of mail count data through the Distributed Data Entry/Data Reporting (DDE/DR) application must also be familiar with the entry screen to ensure data is properly entered and recorded in the correct column.

National Count of Mail on Rural Routes—Continued

By COB October 23, 1993, all DDE/DR data entry must be completed. Data entry may not begin before October 11. Districts must retain the original copy of Form 4241X. Do not submit Forms 4241 or 4241X to the Minneapolis Accounting Service Center (MNASC).

Form 4241-A

Form 4241-A, *Rural Route Evaluation*, was also revised last year to reflect the changes made on Forms 4239 and 4241. This is now a laser-printed form.

National Mail Count Training

Districts conducting national mail count training should notify their National Rural Letter Carriers' Association (NRLCA) state stewards of the date, time, and location of all training sessions. Administrative leave to attend one of

these sessions should be approved for each state steward. State stewards may use annual leave or request leave without pay to attend other district authorized mail count training sessions.

Option Election—Rural Routes Not Counted

Regular carriers that qualify for a high or low option and are eligible to elect the high option (see Article 9.2.C.8. of the USPS-NRLCA Agreement) and do not count in September, but wish to change their option selection, may do so by completing the appropriate Form 4015 (A-F). Option changes are entered by processing Form 4003, *Official Rural Route Description*, and are effective with the beginning of the new guarantee period, October 30, 1993 (Pay Period 23/Postal Year 1993).

ALL OFFICES WITH RURAL DELIVERY

Inspection of Rural Routes

A 24-day National Count of Mail will be conducted September 7 through October 4, 1993, on those routes where either the employer or regular rural carrier opted for a count by June 25, 1993. In conjunction with, or just prior to this national mail count, all rural routes counted must also be inspected. For routes not counted, an inspection will be performed only where requested by the carrier or required by management, in accordance with the July 7, 1993 Memorandum of Understanding between the USPS and the National Rural Letter Carriers' Association.

For those routes being inspected, Chapter 5 of Handbook PO-603, *Rural Carrier Duties and Responsibilities*, explains the definition and purpose of the inspection. Postal personnel at offices with rural routes must complete Form 4248, *Rural Route Inspection Report*, for each route inspected. Follow previously issued instructions for the completion of this form.

Send copy 1 (PDC) and copy 2 (MSC) of each completed Form 4248 to the appropriate customer services district. Each customer service district must ensure the proper and accurate completion of one Form 4248 for each rural route. Upon verification, districts must consolidate all forms into one package and submit it, not later than October 22, to:

Conditions Applied to Mail Addressed to Military Post Offices Overseas

Mail addressed to, from, or between military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The table below outlines these conditions by APO/FPO (army post office/fleet post office) ZIP Code through the use of footnoted mailing restriction codes, which appear on the last page of the table.

ACCEPTANCE CLERKS. Use this table in conjunction with the integrated retail terminal (IRT) to determine

whether an APO/FPO ZIP Code is active and what conditions of mailing apply. For Express Mail Military Service availability, refer to Handbook PO-514, *Express Mail Military Service*, and the local EMMS directory.

The entire table appears in the second regularly scheduled *Postal Bulletin* of each month. Changes occurring between issues, as well as those that take effect with the monthly issuance, are highlighted in bold print.
