## Name and Telephone Number Changes for Customer Support, Information Systems

Five Customer Support Branches in the Information Systems organization currently provide end-user support for the computer systems and applications deployed throughout the Postal Service. These Customer Support Branches are located in Minneapolis, MN (612-725-1222); Raleigh, NC (919-501-9001); St. Louis, MO (314-436-5522); San Mateo, CA (415-377-1110); and Wilkes-Barre, PA (717-821-5160). Effective September 17, 1994, these Customer Support Branches were renamed Information Systems Support (ISS).

To provide additional telephone functions and easy access to all support services, a new telephone number is being implemented:

1-800-USPSHELP\* (1-800-877-7435) for calls from a facility that uses "9" to dial out.

\*NOTE: USPSHELP is an eight-digit telephone number, but the telephone system only needs the first seven digits. If any problems are encountered with this number during the transition, the existing numbers are still available for use.

This new telephone number will allow calls to be routed between locations for 24-hour-a-day coverage and for peak periods when the call volume overloads a center. This system also has the option of providing messages to notify callers when there is some type of major outage or problem.

All of the ISS locations will be available through this new telephone number and can be reached by pressing the following option number at any time after reaching the recording:

- 1 Minneapolis
- 2 San Mateo
- 3 St. Louis
- 4 Wilkes-Barre
- 5 Raleigh
- 6 Network/PEN (for network or PEN problem calls not related to a specific application)

Anyone who is calling from a rotary telephone may still use 1-800-USPHELP (1-800-877-7435) and *speak* the option number for the desired support group and the system will route their call.

Address questions or comments about any of these changes to Cheryl Dill at (919) 501-9758.

DMM REVISION

## Carrier Route Sack, Tray, and Pallet Labels

Effective immediately, *Domestic Mail Manual* (DMM) M031.5.0 and M102.3 are revised to standardize the route abbreviations used on the second line of carrier route sack, tray, and pallet labels. The new abbreviations are consistent with the format for carrier route identifiers contained in the new Address Management System ZIP + 4 Data Base (AMSII).

This revision also deletes the redundant second-line abbreviation table shown for First-Class carrier route mail in M102.3.4. First-Class carrier route mailings will use the appropriate abbreviations in the primary table in M031.5.0. Revisions for clarity and consistency are also made to M102.3.3 and M203.3.3.

Although the new label abbreviations are effective immediately, mailers may use the old abbreviations on mailings presented through September 2, 1995. These changes will appear in DMM Issue 48.

### M031 Labels

### 5.0 ABBREVIATIONS

These abbreviations may be used as appropriate on Line 2 of sack, tray, and pallet labels:

## DMM NOTICE

## Detached Address Labels

Effective December 13, 1994, *Domestic Mail Manual* (DMM) A060 is revised to standardize the rules for the different uses of detached address labels. This revision is based on comments received from a notice published in the April 8, 1994, *Federal Register* (59 FR 16786-16788). The final rule was published in the September 14, 1994, *Federal Register* (59 FR 47085-47088).

### A060 Detached Address Labels

#### 1.0 USE

##### 1.1 Definitions

For purposes of these standards, "item(s)" refers inclusively to the types of mail described in 1.2 through 1.4.

##### 1.2 Second- or Third-Class Flats

Saturation mailings of unaddressed second- or third-class flats may be mailed with detached address labels (DALs). For purposes of this standard, a saturation mailing is one sent to at least 75% of the total addresses on a carrier route or 90% of the residential addresses on a route, whichever is less. Deliveries are not required to every carrier route of a delivery unit.

##### 1.3 Third-Class Merchandise Samples

Merchandise samples more than 5 inches wide (high) or 1/4 inch thick, or nonuniform in thickness, mailed at bulk third-class rates, must be mailed with DALs when prepared for general distribution on city delivery routes. Merchandise samples may be mailed with DALs for general distribution on other (e.g., rural) routes and for the residual portion of a general distribution mailing. For purposes of this standard, "general distribution" means distribution in a single mailing to at least 25% of the addressees in any 5-digit ZIP Code delivery area regardless of the number of samples addressed to a single route or the number of 5-digit areas to which samples are addressed. If the same mailing includes a "general distribution" to one or more 5-digit areas and distribution of lesser quantities to one or more other 5-digit areas, the latter pieces are considered "residual."

##### 1.4 Fourth-Class Bound Printed Matter

Mailings of unaddressed pieces of bound printed matter may be mailed with DALs for delivery in the local zone of the post office of mailing.

##### 1.5 Alternative Address Formats

The addresses on DALs may be prepared using an alternative address format, subject to the applicable eligibility, volume, density, and preparation standards.

#### 1.6 Evidence of Distribution

When requested by the USPS, DAL mailers must provide documentation to establish that the applicable distribution standards in 1.2 through 1.4 are met.

### 2.0 PREPARING DETACHED ADDRESS LABELS

#### 2.1 Construction

Each DAL must be made of paper or cardboard stock that is not folded, perforated, or creased, and that meets these measurements:

- a. Between 3½ and 5 inches high (perpendicular to the address label).
- b. Between 5 and 9 inches long (parallel to the address label).
- c. At least 0.007 inch thick.

#### 2.2 Addressing

The address for each item must be placed on a DAL, parallel to the longest dimension of the DAL, and may not appear on the item it accompanies. The DAL must contain the recipient's delivery address and the mailer's return address. A ZIP + 4 code or 5-digit ZIP Code is required unless an alternative address format is used. The delivery address may include the correct delivery point barcode.

#### 2.3 Ratio

Only one DAL may be prepared for each accompanying item, and only one item may be identified for delivery per DAL (i.e., one DAL may not be prepared to deliver with one each of multiple different accompanying items or with multiples of the same item).

#### 2.4 Required Information

The following words must appear in bold type at least 1/8 inch high on the front of each DAL: "USPS regulations require that this address label be delivered with its accompanying postage-paid mail. If you should receive this label without its accompanying mail, please notify your local postmaster." The title or brand name of the item (which may include an illustration of the item) must also appear on the front or back of the DAL to associate it with the accompanying item.

#### 2.5 Other Information

Nothing may appear on the front of a DAL except the information described above, an indicium of postage payment, and official pictures and data circulated by the National Center for Missing and Exploited Children. Ancillary service endorsements are not permitted; undeliverable material is treated under 4.0.

## Detached Address Labels—Continued

### 3.0 PREPARING THE MAILING

#### 3.1 Notice to Delivery Office

Each delivery office to receive a DAL mailing must be notified in writing at least 10 days in advance of the requested delivery period. To ensure that the delivery office can readily relate the notice to the cartons containing the corresponding items, a copy of that letter must be enclosed with the DALs unless the initial notice and the cartons used for the DALs and items each conspicuously bears a mailing identification number. The letter must show the following:

- a. Name and telephone number of mailer or representative.
- b. Origin post office of mailing.
- c. Expected mailing date.
- d. Description of mailing.
- e. Number of addressees for each 5-digit ZIP Code.
- f. Number of DALs per carton or package.
- g. Number of items per carton or package.
- h. Expected delivery period (range of dates).
- i. Requested action in the event of excess or undeliverable DALs or items (see 4.0).

#### 3.2 DALs

The DALs must be presorted, counted, and packed by 5-digit ZIP Code delivery area. Only DALs for the same 5-digit area may be placed in the same carton. DAL mailings claimed at carrier route or walk-sequence rates must be further prepared under the corresponding standards. Different size cartons may be used in the same mailing, but each must be filled with dunnage as necessary to ensure that the DALs retain their integrity while in transit. Each carton of DALs must bear a label showing the information in 3.5 unless a mailing identification number is used (see 3.1). Multiple containers of DALs must be numbered sequentially (1 of —, 2 of —, etc.).

#### 3.3 Items

The items to be distributed with the DALs must be placed in cartons or prepared in packages placed in sacks, as appropriate for the type of item and subject to the standards applicable to the rate claimed. A label bearing the content description information in 3.5 must be affixed to each carton, sacked package, or pallet unless a mailing identification number is used (see 3.1). Cartons of items (including those on pallets) may be of different sizes but must be filled with dunnage as necessary to ensure the integrity of the items while in transit. The gross weight of each carton or sack must not be more than 40 pounds.

#### 3.4 Combined Cartons

Both the DALs and the accompanying items may be enclosed in the same carton when sent to a small-volume 5-digit ZIP Code area. If packed together, the following standards apply:

- a. The DALs must be packaged and labeled under 3.2 and placed on top of the items.
- b. The carton must be packed with dunnage to ensure the integrity of the contents while in transit.
- c. The gross weight of the carton must not exceed 40 pounds.
- d. The exterior of the carton must be labeled under 3.5 and marked "DALs ENCLOSED" in letters not less than 1/2 inch high.

#### 3.5 Label Information

Sacks, cartons, and pallets of DAL mail must be labeled under the preparation standards applicable to the rate claimed. A second label must be affixed to each carton or sacked package to provide the following information (unless a mailing identification number is used under 3.1):

- a. Delivery post office name and 5-digit ZIP Code delivery area.
- b. Title, brand name, or other description of the items.
- c. Name and telephone number of the mailer or representative.
- d. Number of labels or items in the carton, as applicable.
- e. Instructions to open and distribute either the DALs with matching items or the items with matching DALs, as appropriate.

#### 3.6 Use of Equipment

Cartons, packages of flats, and sacks of items may be palletized under the applicable standards; cartons of DALs must be palletized with the corresponding items under the same standards. The USPS plant manager at whose facility a DAL mailing is deposited may authorize other types of equipment for the portion of the mailing to be delivered in that plant's service area.

#### 3.7 Bound Printed Matter

Bound printed matter distributed with DALs must be deposited at the acceptance point specified by the postmaster. Local zone rates are available, subject to G030.

#### 3.8 Mailing Statement

The mailer must complete and provide the appropriate mailing statement with each mailing.

## Detached Address Labels—Continued

### 4.0 DISPOSITION OF EXCESS OR UNDELIVERABLE MATERIAL

#### 4.1 Excess Material

The letter required under 3.1 must either request that the delivery office contact the mailer (or representative) about excess DALs or items, or provide instructions for their treatment. (If the mailer does not provide information about excess DALs or items, such material is disposed of as waste by the USPS.) The mailer must choose one of the following options for each DAL mailing and the items:

- a. Dispose of any excess material as waste.
- b. Return the excess material to the mailer, postage due at the applicable single-piece rate under 5.0.
- c. Hold the excess material for pickup by the mailer (or representative); if pickup is not made within 15 calendar days of the notice to the mailer, the material is returned to the mailer postage due.
- d. Hold the excess material while additional DALs or items are supplied (as applicable); if additional material is not supplied within 15 days of the notice to the mailer, the excess material is returned to the mailer postage due. Additional material must be sent prepaid to the delivery post office as First-Class Mail, Priority Mail, or Express Mail.

#### 4.2 Undeliverable-as-Addressed DALs

DALs with incorrect, nonexistent, or otherwise undeliverable addresses are handled under F010. The accompanying item is treated as specified by the mailer under 4.1.

### 5.0 POSTAGE

#### 5.1 Available Rates

DAL mailings are not eligible for any automation rate, but they may qualify for carrier route or walk-sequence rates subject to the applicable standards.

#### 5.2 Initial Distribution

Postage is computed based on the weight of the entire mailpiece (i.e., combined weight of the item and the accompanying DAL). If the number of DALs and items mailed is not identical, the "number of pieces" used to determine postage is the greater of the two; no postage refund is allowed in these situations. The total weight of the mailing excludes the weight of the cartons used to carry the DALs or items, dunnage, and carton labels. In addition, these methods of postage payment apply:

- a. Second-class flats must be prepaid. A notice of entry must appear in the upper right corner of the DAL.
- b. Third-class flats and samples and fourth-class bound printed matter must be paid by permit imprint, which must appear on each DAL. Third-class postage is computed at the applicable nonletter rates.

#### 5.3 Returns

Postage for excess or undeliverable DALs or items being returned is computed at the single-piece third- or fourth-class rate applicable to the combined weight of the DAL and the accompanying item, regardless of whether both are being returned. The total amount due for returned material, which includes the return postage and the applicable address-correction fee for each DAL or item returned, is collected upon the material's return to the mailer.

#### 5.4 Additional Items

Additional material (DALs or items) being supplied under 4.1d must be mailed with postage prepaid as First-Class Mail, Priority Mail, or Express Mail, subject to the eligibility standards applicable to the rate claimed and the conditions in 5.2.—*Marketing Standards, 9-29-94*

DMM REVISION

**Drop Shipment Endorsements—  
Metered Mail**

Effective immediately, *Domestic Mail Manual* (DMM) D072.4.2 is revised to provide authorized alternative formats for markings required on dropshipped metered mail. This revision permits customers to print a numeric ZIP Code in place of the mailing office name or to abbreviate the endorsement if desired.

**D070 Drop Shipments**

**4.2 Endorsement**

The ad plate area must contain an endorsement with the city and state of the entry post office, the words "Drop Shipment Authorization" (or the abbreviation "D/S Auth"), and the unique authorization number issued by the district. If the abbreviation "D/S Auth" is not used, the mailing office ZIP Code (3-digit ZIP Code prefix for uniquely coded cities, 5-digit ZIP Code of the acceptance facility for other locations) may be used in place of the city and state of mailing. The application and the endorsement format must be approved before drop shipment mailings are presented for acceptance.

**Post Office Box and General Delivery Service for Persons With No Fixed Address**

In an effort to assist persons with no fixed address, a homeless person's application for post office box service (Form 1093) may be approved under any one of the following conditions:

1. The applicant is personally known to the postmaster or clerk.
2. An unknown applicant submits proper identification such as a valid driver's license or other credential showing the applicant's signature and a serial number, or other indicia that can be traced to the bearer.
3. The applicant provides a verifiable point of contact, e.g., place of employment, shelter, charitable institution, or social services office.

Applicants who cannot meet these conditions may receive indefinite general delivery service as provided in *Domestic Mail Manual* (DMM) D930 (see also *Postal Bulletin* 21870, 6/23/94, page 7). All customers receiving mail through general delivery can be required to present suitable identification before mail is given to them. Note: The 30-day limit in DMM 930.1.4 refers to how long mail is usually held in the General Delivery section, not to how long a person can receive general delivery service.

—*Operations Support, 9-29-94*

**Treasury Department Checks**

October Social Security benefit checks, normally delivered on the third of the month, are scheduled for delivery on the normal delivery date of Monday, October 3, 1994. The envelopes will bear the legend:

Postmaster: Requested delivery date is the 3rd day of the month

Supplemental Security income checks and Veteran's Administration compensation and pension checks are scheduled for delivery on Friday, September 30, 1994. The envelopes will bear the legend:

Postmaster: Requested delivery date is the 30th day of the month

Civil Service annuity and Railroad Retirement checks are scheduled for delivery on the normal delivery date, October 1, 1994. The envelopes will bear the legend:

Postmaster: Requested delivery date is the 1st day of the month or the first delivery date thereafter

## DMM NOTICE

**Treatment of Undeliverable Bulk Business Mail**

Nationwide a large amount of unendorsed third-class bulk business mail that is undeliverable continues to receive forwarding or return service. This action causes an unnecessary increase in workhours and postal costs from improper additional handling. *Domestic Mail Manual* (DMM) F010.5.3 states that unendorsed bulk business mail that is undeliverable must not be forwarded or returned, but disposed of as waste.

The chart on page 10 is a revised version of the one that first appeared in the December 1989 issue of the postal publication *Classification Currents Communicator*. It details the proper handling of undeliverable bulk business mail which is dependent on the service endorsement on the mailpiece. Reproduce the chart for use by postage due clerks, nixie clerks, or other postal employees who handle undeliverable bulk business mail.

To increase USPS effectiveness in providing the appropriate level of service, postal employees responsible for handling undeliverable bulk business mail must be properly trained. Managers and postmasters should provide appropriate training and monitor their employees to eliminate the costly errors caused by the mishandling of undeliverable bulk business mail.

—*Business Mail Acceptance, Operations Support, 9-29-94*

## DMM NOTICE

**Labeling List Changes**

Please make the following changes to *Domestic Mail Manual* (DMM) module L to update information published on page 4 in *Postal Bulletin* 21876 (9-15-94). ## ASM REVISION

**Mail Security**

Effective immediately, *Administrative Support Manual* (ASM) 274.5 is revised to authorize the recording of information from the cover of a mailpiece whenever a mailpiece has, or is reasonably suspected of having, improper postage of any kind. To prevent abuse, this grant of authority is restricted to postal inspectors and to postal employees acting at the direction of postal inspectors.

*	*	*	*	*
<b>274 Mail Security</b>				
*	*	*	*	*

[Revise 274.5 as follows:]

**274.5 Disclosure of Information Collected From Mail.** Except under 274.5a through 274.5h, no employee may in the performance of official duties disclose information on the cover of a piece of mail; information from the contents of a piece of mail inspected as authorized; or other information about a piece of mail sent or received by any sender, addressee, or group of senders or addressees. An employee may disclose such information:

[Insert new 274.5g as follows; renumber existing 274.5g as 274.5h:]

- g. From the covers of mail to document the mailing of an item that has, or is reasonably suspected of having, improper postage of any kind. This subsection may be used only by a postal inspector or by a postal employee acting at the direction of a postal inspector, and any documentation must be destroyed when it is no longer needed for official use.

—*Postal Inspection Service, 9-29-94*

## HANDBOOK PO-423 REVISION

**Customer Address Data Base Modification**

The Topeka Label Printing Center currently sends shipments of sack and tray labels directly to the requesting post office or mailer as defined on Form 8131, *Customer Address Data Base Modification*. Effective immediately, Form 8131 is revised to include requestor information (post office or mailer) and the name and telephone number of the label clerk filling out the form.

The revised form is on page 9 for use when adding, changing, or deleting an address with the Topeka Label Printing Center. Because this form is not available in the materiel distribution centers, copy it from this *Postal Bulletin* for use.—*Processing and Distribution, 9-29-94*

## Customer Address Data Base Modification

\* Origin ZIP Code  +

\*\* Action Code

1.

2.

3.

4.

5.

6.

### Instructions

- \* You must always fill in the "Origin ZIP Code" field. The plus four (+4) of the origin ZIP Code is optional, and is used for more specific addresses. Match the origin ZIP Code from Form 1578-B, *Requisition for Facing Slips or Labels*, with this origin ZIP Code to determine the shipping address for the order.
- \*\* The "Action Code" is always the letter "D", "N", or "U".
  - D - To delete a currently used origin ZIP Code and its shipping address.
  - N - To add a New (not currently used) origin ZIP Code and its shipping address.
  - U - To Update (change) the shipping address for a currently used origin ZIP Code.
- \*\*\* The "Requestor Code" is:
  - P - Post Office
  - M - Mailer

For New or Update requests: lines 1 and 2 may be modified to ship labels directly to a mailer. There are two options:

1. **Postal Labels:** Leave data lines 1 and 2 blank and the Label Printing Center computer system will default to "US Postal Service" on line 1 and "Attn Label Clerk" on line 2. Shipping address information must appear on lines 3 - 6. Do not skip lines.
2. **Mailer Labels:** Enter mailer name information on line 1. Additional address information must appear on lines 2 - 6. Do not skip lines.

Use as many lines as necessary and limit each line to the number of blocks provided. *Do not use punctuation on any of the six data lines.*

The shipping address labels for the origin ZIP Code specified will be printed exactly as shown on this completed form.

The last shipping line (City, State, and ZIP Code) may contain a 9-digit ZIP Code.

**ACTION:** When forwarding address is known, forward for 12 months at no charge. During months 13-18, do not forward; return entire piece with new address or reason for nondelivery. ●Charge the weighted fee.

- If no forwarding address is on file, return entire piece with reason for nondelivery. ●Charge the weighted fee.

<p><b>FORWARDING AND RETURN POSTAGE GUARANTEED ADDRESS CORRECTION REQUESTED</b></p>	<p>BULK RATE U.S. POSTAGE .00 PAID CHICAGO, IL 60628 Permit No. 1</p>
---	---

**ACTION:** When forwarding address is known, forward for 12 months at no charge. Send separate form 3547 with address correction. ■Charge appropriate address correction fee.

- During months 13-18, do not forward. Return entire piece with new address or reason for nondelivery. ●Charge the weighted fee.
- If no forwarding address is on file, return entire piece with reason for nondelivery. ●Charge the weighted fee.

<p><b>DO NOT FORWARD ADDRESS CORRECTION REQUESTED RETURN POSTAGE GUARANTEED</b></p>	<p>BULK RATE U.S. POSTAGE .00 PAID CHICAGO, IL 60628 Permit No. 1</p>
---	---

**ACTION:** Do not forward. Return entire piece with new address or reason for nondelivery. ♦Charge the appropriate single-piece weight. Do not charge address correction fee.

♦ Appropriate Single-Piece Third-Class Rate .....\$ 0.29 not exceeding 1 oz.  
 .....\$ 0.52 at least 1 oz., not exceeding 2 oz.  
 (See DMM R300.1.0 for pieces weighing at least 2 oz., but less than 16 oz.)

When the postage computed at the single piece third-class rate is higher than any fourth-class rate, for which the matter and mailing could qualify except for weight, the lower fourth-class rate should be paid.

■ Address Correction Fee .....\$ 0.35 per manual notice  
 .....\$ 0.20 per automated notice

● Weighted Fee: The appropriate single-piece third-class rate multiplied by a factor of 2.472. Example: Single-piece third-class rate for a piece weighing less than 1 oz. is \$ 0.72 (\$0.29 x 2.472).

*ALL POST OFFICES WITH RURAL DELIVERY***PS Form 8127, Rural Carrier Supplemental Payment**

A rural carrier may be required to participate in training presentations or special activities not included in the route evaluation and not incidental to normal daily duties. In accordance with Article 9.2.M of the Agreement between the USPS and National Rural Letter Carriers' Association, additional compensation is granted for such required activities. Form 8127, *Rural Carrier Supplemental Payment*, is used to compensate *regular* rural carriers (Designation 71) for these activities. Auxiliary, substitute, rural carrier associate, or rural carrier relief employees who perform additional compensable tasks should be paid promptly using Form 1314-A, *Auxiliary Rural Carrier Time Certificate*.

Examples of work suitable for additional compensation are: attending Savings Bond Campaign, Combined Federal Campaign, and other various meetings; training in Delivery Point Sequencing (DPS) procedures; the initial conversion of carrier case label data into the CLASS system; completion of the Employee Opinion Survey; and, for routes having the DPS standard applied as the result of a mail count only, rehandling of missequenced DPS mail in excess of 125 pieces per day, per the formula

authorized in national DPS implementation instructions. Headquarters or districts may specifically authorize other specialized activities not incorporated in rural standards and route evaluations, for compensation.

Activities that are included into time standards and rural route evaluations should not be compensated using Form 8127. Examples are: performing ongoing case label maintenance; attending weekly safety talks; and attending brief mail count conferences.

Common errors on Forms 8127 include incomplete or illegible carrier data; time recorded in hours and minutes, rather than total minutes; and missing justification or otherwise unsuitable payment requests.

Form 8127 is revised to facilitate proper completion. Also, blocks for a complete return address and district endorsement, before processing for payment, are added. Postmasters should submit completed Forms 8127 to district operations programs support for endorsement and submission to the Minneapolis Accounting Service Center for actual payment.

*ALL OFFICES WITH RURAL CARRIERS***Rural Routes—Equipment Maintenance Allowance Schedules**

In accordance with the provisions of Article 9, Section 2.1.3 of the Rural Carrier National Agreement, the equipment maintenance allowance (EMA) increased effective October 1, 1994 (Pay Period 21-94), from 34.0 cents per mile to 34.5 cents per mile. The EMA is now 34.5 cents per mile or a minimum of \$13.80 per day, whichever is greater.

Employees providing auxiliary assistance or serving auxiliary routes (auxiliary rural carriers, rural carrier re-

liefs, rural carrier associates, and auxiliary assistance under provisions of Article 9, Section 2.1.5) receive an EMA of 34.5 cents per mile or \$4.05 per hour, whichever is greater, not to exceed the amount provided in the special equipment maintenance for the route stops and miles.

The EMA schedules on page 12 supersede all previously published EMA schedules.

**Pictorial Cancellations Announcement 94-18**

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of upcoming events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

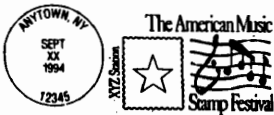

People attending these local events may obtain the cancellation in person at the temporary post office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial cancellation date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail postage (29 cents per envelope or 19 cents per postcard). Items submitted for cancellation may not include postage issued after the date of the requested cancellation. Such items will be returned unserviced.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of choice, address the envelope or postcard to one's self or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP+4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 code).

After applying the pictorial cancellation, the Postal Service returns the envelope or postcard through the mail. Customers who want their serviced item returned under protected cover should include a larger, stamped, self-addressed envelope.

The following pictorial cancellation has been authorized in conjunction with American Music Stamp Festival Month in the cities listed:

## \$8.00 Bureau of Engraving and Printing Souvenir Stamp Sheetlet

The \$8.00 Bureau of Engraving and Printing Souvenir Stamp Sheetlet, *Item 5501*, goes on sale November 3, 1994, in New York, NY. This souvenir sheetlet consists of four \$2.00 stamps showing a portrait of James Madison. This souvenir sheetlet commemorates the 100th anniversary of stamp printing by the Bureau of Engraving and Printing.

### Place on Sale Nationwide November 4, 1994

The Bureau of Engraving and Printing produced this issue in sheetlets of four \$2.00 stamps. A future *Postal Bulletin* issue will include collector information.

**SUPPLY.** All stamp distribution offices (SDOs) will receive an automatic distribution of this special \$8.00 souvenir sheetlet, rounded to the nearest carton lot of 5,000 sheetlets. All authorized philatelic centers that previously received automatic distributions directly from the stamp suppliers will now receive stamp stock from their designated SDOs.

Offices receiving four-position stock in these quantities	Will receive this quantity of \$8.00 Bureau of Engraving and Printing souvenir sheetlets
20,000	400
40,000	800
60,000	1,200
80,000	1,600
125,000	5,000
250,000	10,000
375,000	15,000
625,000	25,000

*The Minneapolis Information System Service Center will not provide a distribution listing or Forms 3309, Advice of Shipment/Stamp Invoice. To obtain initial quantities, all post offices must immediately submit separate Forms 17-A, Accountable Items Requisition From Stamp Distribution Office, to their designated SDOs. SDOs must not distribute sheetlets to post offices before October 26. There will be no back-up quantities at the accountable paper depositories (APDs).*

**Bulk Quantities.** CAG A-G post offices requiring additional sheetlets in bulk quantities should immediately submit Form 3356, *Stamp Requisition Bulk Quantities*, to the Bureau of Engraving and Printing using *Item 5501*. They must submit orders in the following quantities: 500; 1,000; 1,500; 2,000; and multiples of 5,000 to a maximum of 10,000 sheetlets per requisition.

**Advices of Shipments** will state the quantity of sheetlets shipped, not the number of stamps. In ordering additional stock, all requisitions should state the quantity of sheetlets.

**Less-Than-Bulk Quantities.** All other post offices requiring fewer than 500 sheetlets should requisition them from their designated SDOs using Form 17-A.

**PACKAGING.** There are 100 sheetlets to a shrinkwrapped pad and 50 pads to a master carton, for a total of 5,000 sheetlets.

**SALES POLICY.** Sales are restricted to miniature sheets of four stamps. No single-stamp sales are permitted.

## 20-Cent Dr. Virginia Apgar Definitive Stamp

The 20-cent Dr. Virginia Apgar definitive stamp, *Item 1018*, goes on sale October 24, 1994, in Dallas, Texas. Dr. Apgar graduated from the Columbia University College of Physicians and Surgeons when that was a rare achievement for a woman and won certification as an anesthesiologist when the country had only 49 others. An interest in obstetric procedures, particularly the treatment of newborns, led her to develop a simple system—the Apgar test—for quickly evaluating the condition and viability of newly delivered infants. Every baby born in a modern

hospital anywhere in the world is looked at first through the eyes of Dr. Virginia Apgar. Her test evaluates the physical condition of newborn babies at 1-minute and 5-minute intervals after birth to call attention to any need for emergency care.

### **Revision to Poster 21, *Sexual Harassment***

Poster 21 dated August 1994, which was recently distributed, has been revised because it contained an error. Please destroy all copies.

The next to the last paragraph has been changed to read as follows:

"In addition, postal employees may seek relief through the Equal Employment Opportunity (EEO) complaint process, grievance arbitration procedures for **bargaining** unit employees under the collective bargaining agreements, and the grievance procedures for nonbargaining employees."

Revised Poster 21 appears on page 37. Please post it on all official bulletin boards. Additional copies will be available soon through the materiel distribution centers.

### **Fiscal Year 1994 Summary: Occupational Injuries and Illnesses**

During October 1994, field offices with 100 or more work years of employment in the regular work force receive National Accident Reporting System (NARS) Report PBA030P1, Post Office Totals for Accounting Period 13, Fiscal Year 1994. According to Occupational Safety and Health Administration (OSHA) regulations, offices must post the report for 30 days for employees to see and retain it for 5 years thereafter.—*Employee Relations, 9-29-94*

# THE USPS WILL NOT TOLERATE SEXUAL HARASSMENT IN THE WORKPLACE

**The United States Postal Service is committed to providing a work environment free of sexual harassment. Sexual harassment, improper and unlawful conduct that undermines the employment relationship as well as employee morale, includes:**

- Making or threatening to make employment decisions based on an employee's submission to or rejection of sexual advances or requests for sexual favors.
- Deliberate or repeated unsolicited remarks with a sexual connotation or physical contacts of a sexual nature that are unwelcome to the recipient.
- A sustained hostile and abusive work environment so severe that it changes the terms and conditions of one's employment.

**Employees who are found to have engaged in sexual harassment should expect serious disciplinary action, including removal.**

**All managers and supervisors:** are charged with the responsibility for preventing sexual harassment in the workplace and, if sexual harassment occurs, for taking *immediate and appropriate corrective action*.

Postal employees who believe that they are the victims of sexual harassment should bring the situation to the attention of impartial supervisors or managers.

In addition, postal employees may seek relief through the Equal Employment Opportunity (EEO) complaint process, grievance arbitration procedures for bargaining unit employees under the collective bargaining agreements, and the grievance procedures for nonbargaining employees.

Report any possible criminal conduct to the Postal Inspection Service.

\*Through 1990 the F Fund was invested in the Wells Fargo Bond Index Fund.

The C Fund is invested in the Wells Fargo Equity Index Fund, which tracks the S&P 500 stock index. The F Fund is invested in the Wells Fargo U.S. Debt Index Fund, which tracks the Shearson Lehman Brothers Aggregate Bond index. The G Fund is invested in special issues of U.S. Treasury securities.

The monthly C, F, and G Fund returns represent net earnings for the month, after deduction of accrued administrative expenses. The C and F Fund returns also reflect the deduction of trading costs and accrued investment management fees.

The C, F, and G Fund monthly returns are dollar-weighted: they reflect net earnings on the changing balances invested during the month. The C, F, and G Fund returns for the last 12 months assume, except for the crediting of earnings, unchanging balances (time-weighting) from month to month and assume earnings are compounded on a monthly basis.

The C and F Fund returns vary from the Wells Fargo returns because of C and F Fund expenses and changing balances in the C and F Funds. The Wells Fargo returns are time-weighted: they assume constant dollar balances invested during each month and throughout the period.

Future performance of the three funds will vary and may be significantly different from the returns shown above. See the "Summary of the Thrift Plan" for detailed information about the funds and their investment risks.

## ADMINISTRATIVE SERVICES

### Print On Demand of Supply PS Forms by GSA

As part of the continuous improvement process, Materiel Distribution and Inventory Management, Purchasing, and the General Services Administration (GSA) will evaluate for 90 days print on demand (POD) technology. Selected PS forms will be electronically distributed and printed from GSA sites in the following cities: Atlanta, GA; Fort Worth, TX; Kansas City, KS; New York City, NY; Seattle, WA; and Washington, DC. Normally these forms are distributed from the materiel distribution centers (MDCs).

*There is no change to the current ordering procedures.* All orders should continue to be sent to the appropriate MDC. The MDCs will direct order requests to the GSA site nearest the location of the ordering facility and GSA will directly distribute the form to the requesting facility.

Some of the expected advantages of POD technology are:

- Improved quality of the forms delivered to the customer (each form will be an original).
- Elimination of storage space required for forms.
- Reduced waste and form obsolescence.
- Reduced overall cost of forms procurement, storage, and distribution.
- Faster delivery times.
- Elimination of backorders.

NOTE: GSA has agreed that U.S. Mail will be the mode of shipment for all mailable items sent to postal facilities.

—Purchasing, 9-29-94

### Quarterly Verification of Metered Mail

Effective immediately, metered mail will be verified as part of the Origin Destination Information System (ODIS) tests conducted at destinating post offices. Specific operating instructions for ODIS meter verification and notification procedures were distributed to the statistical programs coordinators at the Customer Service and Sales districts on July 15. Computerized On-site Data Entry System (CODES) software that reflected the new functionality was also distributed to the appropriate locations.

This new procedure provides an effective means for identifying meter misuse and improper practices by mailers. As a result of the new procedures, post offices are no longer required to perform quarterly verifications according to *Domestic Mail Manual Transition Book* section 144.61, but may continue to do so on an optional basis. A new publication, Handbook PO-104, *Postage Meter Procedures*, currently being developed, will include these changes.—Operations Support, 9-29-94

### Discontinuing Automatic Distributions of Stamps to Philatelic Centers

For stamps and stationery issued after October 1, 1994, authorized philatelic centers will no longer receive automatic distribution of stamps, stamped envelopes, and postal cards from suppliers. Stamp distribution offices (SDOs) will furnish philatelic centers with all stock.

With this new requirement, philatelic quantities for SDOs have been increased to fill the philatelic center automatic quantities. However, in some instances, SDOs were able to absorb the requirements of the philatelic centers without an increase. Each SDO affected by this change received a memorandum, dated July 14, 1994, showing philatelic centers by ZIP Code, finance number, and current stamp, stamped envelope, and postal card quantities for all philatelic centers within its service area.

SDOs must distribute all stock to philatelic centers, using Form 17-A, *Accountable Item Requisition From Stamp Distribution Office*. The forms must show the appropriate item number and finance number. Philatelic centers are excluded from the SDO listing and Forms 3309, *Advice of Shipment/Stamp Invoice*, process provided by Minneapolis Information Service Center.

Because the SDOs furnish philatelic centers with all stock, any discontinued philatelic center must be immediately reported by memorandum to the SDO.

—Marketing, 9-29-94

### Highway Contract Route Box Delivery Service

In accordance with Handbook PO-504, *Highway Contract Routes—Box Delivery Service*, section 134.27, administrative officials must conduct surveys of contract box delivery routes each fall by riding the routes with the contractors and performing a 1-week count of mail during the survey period of September through October.

Administrative officials receive guidelines concerning the surveys and mail count from the transportation contracting officer located at the applicable distribution network office. That individual must approve, in advance, any variation in inspection method or date.

Administrative officials must complete Form 5406, *Box Delivery Contract Route Survey*, along with the Route Data Volume Count form provided by the transportation contracting officer. Once complete, both forms must be forwarded to the transportation contracting officer by November 18, 1994.—Purchasing, 9-29-94

### Possession of Firearms on Postal Property

The possession of firearms and dangerous weapons in postal facilities is a violation of Federal law, Title 18 U.S.C., Section 930. The possession of firearms, other dangerous or deadly weapons, or explosives, either openly or concealed on postal property, except for official purposes, is a violation of 39 CFR 232-1(1).

Poster 7, *Rules and Regulations Governing Conduct on Postal Property*, and Poster 158, *Possession of Firearms and Other Dangerous Weapons on Postal Property*, both contain language that prohibits the possession of firearms and dangerous weapons.

Poster 7 and Poster 158 must be displayed at all public and employee entrances to all postal facilities. Obtain Poster 7 and Poster 158 through the materiel distribution centers in Somerville, New Jersey, and Topeka, Kansas.

—*Inspection Service, 9-29-94*

### CORRECTION

### Ordering Information for 1995 Calendars

*Postal Bulletin* 21876, 9-15-94 (page 15), included incorrect National Stock Numbers (NSNs) for several items.

Please correct the Federal Stock Classes for the following NSNs:

Published NSN:	Change to:
7510-01-363-6706	7530-01-363-6706
7510-01-337-4701	7540-01-337-4701
7510-01-337-4696	7530-01-337-4696

Additionally, the contacts listed in the *Postal Bulletin* are for information purposes only and not for submitting orders. Orders are to be submitted directly to GSA per instructions in Publication 247, *Material Management Equipment and Supply Catalog*.

### Missing Canadian Money Order Forms—Do Not Cash

To be posted and used by retail window employees. As directed, destroy previous notices. Destroy any interim notices when the numbers listed appear in the *Postal Bulletin*. The new money order serial numbers consist of the first nine digits. The 10th digit is a check digit only. In addition to this listing, do not cash: (1) all card type orders, and (2) new style money orders 000,000,001 to 627,000,000. Advise holders to send invalid money orders to CANADA POST CORPORATION, OTTAWA, CANADA K1A 0B1.
