ASM REVISION

Personnel Security Clearances for Individuals Under Service Contracts

Effective immediately, *Administrative Support Manual* (ASM) 272.3 is revised to provide information about clearances for individuals under service contracts. The revision defines who must have clearances and sets out the requirements, responsibilities, required documentation, grounds for denial or revocation, and reconsideration of denial.

The revised text of ASM 272.3 appears on revision pages at the back of this *Postal Bulletin* and will also be incorporated in an incremental update of the ASM found via the Policies and Procedures page of the intranet located at http://blue.usps.gov.

Authorized Vendors of Polywrap Films for Barcoded Flats

This article summarizes provisions regarding the use of polywrap coverings on pieces claiming barcoded rates for flats. It also provides an updated listing of approved polywrap films, including manufacturers and suppliers of those films, certified by the Postal Service since the last printing of this list in *Postal Bulletin* 21930 (10-10-96) (see below).

Domestic Mail Manual (DMM) C820.3.1 establishes procedures for approval of the use of polywrap material for flat-size pieces entered at automation rates. Automation flats rate may be claimed for polywrap-enclosed flats *only* when a mailer uses an approved polywrap material and prepares each mailing according to applicable mailing standards as specified by the USPS mailpiece design analyst (MDA) responsible for the service area where the authorized mailing will be entered.

Flats sealed in polywrap materials that have not been approved by the Postal Service are ineligible for automation rates. Such pieces are considered nonmachinable and ineligible for the barcoded rates for flats. Polywrap, shrinkwrap, or plastic material should not be used on letter-size pieces.

Any polywrap film approved for use by the Postal Service is authorized for use indefinitely unless or until that film's authorization is suspended by the Postal Service for noncompliance or for the film's failure to meet postal processing standards.

A mailer approved to use an approved polywrap film may be authorized for a period not to exceed one year. At the MDA's discretion, a mailer may be exempted from subsequent re-certification. This authorization may be revoked by the Postal Service if the mailer does not comply with all applicable mailing standards for automated flats.

The MDA evaluates the sample pieces to confirm that the pieces meet postal mailing standards and are able to be processed in the automated flats mailstream. Mailpieces entered by a mailer that has received authorization to use polywrap materials on automation flats are still subject to verification at the time of acceptance. When presented for verification and acceptance at the bulk mail entry unit (BMEU), the mailer's pieces must meet all applicable mailing standards for automation flats and the terms and conditions set forth in the mailer's polywrap authorization.

After receipt of authorization, it is the mailer's responsibility to prepare each mailing according to the standards prescribed by the Postal Service. Failure to comply with standards applicable to the polywrap film use can result in forfeiture of authorization to mail polywrapped pieces at the automation rate for flats and will result in assessment of postage at the higher presort or single-piece rates, as applicable.

Any mailer may prepare and mail polywrapped flats. However, only mailers authorized by the Postal Service and presenting written proof of that authorization may mail these polywrapped pieces at automation rates for flats. A mailer may not claim automation rates for letters prepared in polywrap material.

No exceptions may be made by any postal facility or postal employee for polywrapped pieces or polywrap film materials that do not meet all applicable DMM mailing standards and that cannot be successfully processed on postal automated equipment.

Return Service Requested: Endorsement Clarification for First-Class Mailers

On July 1, 1997, the Postal Service implemented new ancillary service endorsements for all mail classes. The four new endorsements provide simple, more consistent handling of endorsed mail.

The published charts for the new endorsements provide a cross-reference to the previous endorsements. For example, if a First-Class mailer previously used the endorsement *Address Correction Requested,* then under the new endorsement system *Return Service Requested* will achieve the same mailpiece handling.

The instructions previously read correctly but the annotation that this was "no change" from current processing is incorrect. The new endorsements provide consistent handling for both permanent and temporary forwards. This is a change from previous operational procedures. To clarify proper handling, the instructions are shown below. When using *Return Service Requested,* mailpieces addressed to customers who have filed a temporary Change-of-Address **will not be forwarded.** They are returned to the mailer with the "Temporarily Away" indication on the mailpiece. The following is a clarified handling chart.

Return Service Requested	First-Class Periodicals Standard A Standard B	If undeliverable-as-addressed, mail piece is returned with the reason for non-delivery. For permanent Changes-of-Address, the new address is provided. For temporary Changes-of-Address, the reason for non-delivery, that is, Temporarily Away, is provided on the returned mail piece.

To achieve forwarding for returned mail with the "Temporarily Away" indication, the envelope contents must be inserted in a new envelope that bears no endorsement, the proper postage applied, and mailed to the same old address. The absence of an endorsement on First-Class Mail allows the mailpiece to be forwarded to the new address. This applies to both temporary and permanent Changes-of-Address.

Another method for achieving forwarding of First-Class Mail to the temporary address is to use the *Address Service Requested* endorsement. This endorsement will allow the mailpiece to be forwarded to the new address, if a valid temporary Change-of-Address order has been filed. Please note that during the first 12 months of the forwarding period, *all* mailpieces bearing this endorsement will be forwarded and *permanent* address correction notifications will be provided at the address correction fee, currently 50 cents.

Please discuss the various options and your requirements with your USPS representative.

Overseas Military Mail

Mail addressed to, from, or between military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The table below outlines these conditions by APO/FPO ZIP Codes through the use of footnoted mailing restriction codes, which appear on the page following the table.

Acceptance clerks should use this table with the integrated retail terminal (IRT) to determine whether an APO/FPO ZIP Code is active and which conditions of mailing apply. For Express Mail Military Service (EMMS) availability, refer to the local hardcopy EMMS directory.

The complete table appears in the last *Postal Bulletin* of each month.

HANDBOOKS F-12 AND F-15 REVISION

Travel Per Diem Rate Changes

Reimbursement for Temporary Quarters for EAS Employees

Handbook F-10, *Travel,* has been revised and is now Handbook F-15, *Travel and Relocation*. Handbook F-15 will be automatically distributed from the printer. Offices needing additional copies may order them from the appropriate material distribution center (MDC) using Form 7380, *MDC Supply Requisition*. Handbook 12, *Relocation Policy,* and Handbook F-11, *PCES Relocation Policy,* are still in effect. All relocation policies will be incorporated into Handbook F-15 at a later date.

Effective October 1, 1997, Handbook F-15, *Travel and Relocation*, Appendix A, Rates, is revised to reflect changes in travel per diem rates. The per diem rate changes also apply to Handbook F-12, *Relocation Policy,* Appendix B. II. C. and section 534.

The entire text of Handbook F-15, Appendix A appears at the back of this *Postal Bulletin.*

Handbook F-12, *Relocation Policy*

5 Temporary Quarters

* * * * *

534 Computing the maximum – non bargaining employees

534.1 Temporary quarters subsistence expense.

If you are a nonbargaining employee, the amount you may be reimbursed for subsistence expenses for temporary quarters in CONUS will be the lesser of either (a) the actual amount of allowable expense incurred for a 60-day period; or (b) the maximum amount (computed using a standard lodging rate and per diem). Standard lodging rates are based on the per diem rate of the new duty station, as follows:

Per Diem Rate	Standard Lodging Rate
$42/day	$104/day
$38/day	$ 79/day
$34/day	$ 70/day
$30/day	$ 58/day

Daily rate for 60 days:

1. For you, 80 percent of the sum of the per diem and standard lodging rate.
2. For the first additional member of your immediate family, 25 percent of the rate established for you.
3. For each additional member of your immediate family, 10 percent of the rate established for you.
4. The maximum allowed for a 30-day period, regardless of family size, is $5,000.

534.2 Limitation of reimbursement. The Postal Service will compare the total amount of your actual expenses to the maximum amount allowable for the period. You will be reimbursed for the lesser of these two amounts. See Exhibit 534.2 for a sample voucher.

Example: The sum of the per diem (average cost area = $30) and standard lodging allowance ($58 for the average cost area) is $88. If a nonbargaining employee, spouse, and one dependent child occupy temporary quarters for 15 days, the employee could claim actual expenses up to the maximum amount as computed here:

15 days	Employee, 15 days at	$70.40	$1,056.00
	Spouse, 15 days at	17.60	264.00
	Child, 15 days at	7.04	105.60
	Maximum allowable, 15 days		$1,425.60

HANDBOOK F-1 REVISION

Closing an Inactive Trust Account

When closing a customer account for inactivity, the Bulk Mail Entry Unit (BMEU)/postmaster must contact the customer via letter to obtain the correct mailing address. This action is necessary to avoid the high incidence of checks being returned for bad addresses. Records indicate that many of the refund checks mailed to customers are returned to the Accounting Service Center with bad addresses.

Effective immediately, Handbook F-1, *Post Office Accounting Procedures*, is revised to reflect this change.

Handbook F-1*, Post Office Accounting Procedures*

63 Refund Disbursements

631 Advance Deposit Accounts

* * * * *

[Add new steps 1 and 2 and Exhibit 631.2 (page 27) as follows. Renumber current steps 2 and 3 as 3 and 4, respectively.]

631.2 Closing an Account for Customer Inactivity

1> After deciding to close a customer account for inactivity (2 years without a transaction), the BMEU/postmaster must send a cancellation notice to the customer.

Non-Permit

Send a form letter as shown in Exhibit 631.2 as notification and confirmation of customer's address. Customers have 10 days from the date on the notice to respond. If a written appeal is not received from the customer, or if the letter is returned as undeliverable as addressed, close the account.

Permit

Generate a Non-use letter from the Accounting Period Report Menu in the Permit System. Customers have 10 days from the date of the notice to respond. If a written appeal is not received from the customer, or if the letter is returned as undeliverable as addressed, close the account.

2> If customers respond to the cancellation notice with a current address, process the refund.

Non-Permit

Complete Form 3613 in duplicate for the balance in the customer account. If an address correction is received, make the necessary changes to the account.

Permit

Generate the automated form in the Permit System to issue a refund from the trust account for the balance in the customer's account. Annotate the appropriate reason for issuing the refund along with any clarifying comments.

[The If/Then table is also revised as follows:]

If…	**Then**…
The balance exceeds $10	The DAO or postmaster will disburse the funds based on a copy of Form 3613 and the customer's verified address from the notification letter.
The balance is $10 or less	Place in AIC 126 until specifically requested by the customer
The refund is undeliverable	Enter the amount to AIC 126 until the customer claims it.

EXHIBIT 631.2

Firstclass Phonecard Inventory Return and Count

In order to balance inventory levels of phone cards at the retail counters and to deactivate all batches of phone cards so that future sales can be tracked by Time of Sale (TOS), all selling offices must do the following:

1. Send back to Standard Register, all non-magnetic stripe cards in inventory, with the exception of the Hanukkah card, which must be batch activated.
2. Determine the amount of inventory needed for the Holiday Season (based on the number of cards sold over the last 3 accounting periods, taking into consideration the automatic Holiday shipment). The details of this shipment are contained in a letter that was sent to all FCPC selling units the week of September 15.
3. Send back only full batches of excess inventory over that determined amount.
4. Identify all full batches of inventory that are being retained.
5. Complete a Certification of Inventory Returned Form listing all batches of cards returned.
6. Complete a Certification of Inventory Retained Form listing all batches of cards retained for sale.

The Certification of Inventory Returned and the Certification of Inventory Retained Forms are located on pages 29–30 of this *Postal Bulletin*. They were also part of a letter of instruction that was mailed to all locations that sell phone cards the week of September 15. These completed forms and all inventory being returned must be mailed to Standard Register at the address below by September 27, 1997:

FCPC
C/O STANDARD REGISTER
7001 W ERIE SUITE 1
CHANDLER AZ 85226-2421

Notice: As of September 13, 1997, all cards are being shipped inactive. Effective immediately, all phone cards sold over retail counters **must now be swiped** through the credit/debit card terminal to be activated.

FCPC selling units will no longer be required to call the USPS IVR to verify the receipt of phone card shipments. An advance notification of shipment will be sent prior to automatic distributions and all new shipments will contain inactive cards.

District Accounting Offices Statement of Account Submission — Accounting Period 1

The normal submission of statement of accounts and standard field accounting system transmission to the Minneapolis Accounting Service Center for accounting period 1, postal fiscal year (PFY 1998), has been extended. This means that district accounting offices will have until 2 p.m. local time on Wednesday, October 15, 1997, to enter statement of account data via DDE/DR for offices reporting on an accounting period basis, and noon local time Wednesday, October 15, 1997, to transmit statement of accounts via the standard field accounting system.

Post offices that send statement of accounts to the district accounting office for processing must submit forms by close of business Tuesday, October 14, or sooner if possible.

Missing U.S. Money Order Forms

Do Not Cash

To be posted and used by retail window employees. As directed, destroy previous notices. All interim notices should be destroyed when the numbers listed appear in the *Postal Bulletin.* The actual serial numbers consist of the first 10 digits on the money orders. Check for altered dollar amounts by holding money orders to the light.

The *Postal Bulletin* is available on the World Wide Web on the U.S. Postal Service home page at http://www.usps.gov. To access a *Postal Bulletin,* go to "The Business Section," then to "Business Publications," and then to "The Postal Bulletin."

The *Postal Bulletin* is also available on the Postal Service Internal Home Page under "Access Corporate Policies & Procedures," then "Postal Bulletin."

Back issues through *Postal Bulletin* 21883A (1-1-95) are available for downloading, as are the 1995 and 1996 annual indexes. Once downloaded, the *Postal Bulletin,* including all forms and posters, may be read and printed.

Missing Canadian Money Order Forms

Do Not Cash

To be posted and used by retail window employees. As directed, destroy previous notices. Destroy any interim notices when the numbers listed appear in the *Postal Bulletin*. The new money order serial numbers consist of the first nine digits. The 10th digit is a check digit only.

Do not cash new style money orders **000 000 001 to 692 600 000**. Advise holders to send invalid money orders to: Canada Post Corporation, Ottawa, Canada K1A 0B1. Check for altered dollar amounts by holding money orders to the light.

Invalid Express Mail Corporate Account Numbers

These numbers are to be posted and used by retail/acceptance clerks. This listing supersedes all previous notices, which must be destroyed. Retail/acceptance clerks must not accept Express Mail shipments bearing any of the invalid numbers (listed below) in the "customer number" or "agreement number" section of the label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Service Agreement make up the Corporate Account Number.

IMM REVISION

Global Package Link

New Service to Hong Kong

Effective September 24, 1997, *International Mail Manual* (IMM) Issue 18 is revised to add Global Package Link service to Hong Kong. To use Global Package Link (GPL) service, a mailer must mail at least 10,000 GPL packages a year and agree to link its information systems with the Postal Service's so that the Postal Service can extract certain information about the contents of the mailer's packages for customs clearance and other purposes. Initially, one level of service to Hong Kong will be offered to mailers. IMM Issue 19 will include these changes.

The Postal Service will offer only Premium Service in Hong Kong. Premium Service shall receive a level of service comparable to Express Mail International Service (EMS) service in Hong Kong. It will include track and trace for individual packages and delivery throughout Hong Kong within one to two business days after clearing customs. Premium Service includes insurance, as provided under DMM S500, at no additional cost.

IMM REVISION

Country Changes — Express Mail International Service (EMS)

Effective immediately, Issue 18 of the *International Mail Manual* (IMM) is revised to reflect the following changes in Express Mail International Service (EMS) service to each of the countries specified below:

Changes to the Individual Country Listings

1. The prohibition against placing merchandise and articles subject to customs duty in EMS shipments continues to apply to Jordan, Vanuatu, and Venezuela. Since the existing EMS merchandise insurance fee table does not apply to those destination countries, it is being **deleted** from their respective Express Mail country pages and replaced by the following note, which is being **added** to the EMS insurance entry:

Note: EMS merchandise insurance is not available to this country. Document reconstruction insurance coverage is provided, at no additional cost, to a maximum of $500 per shipment. See 211.53.

2. The Dominican Republic, Indonesia, Panama, and Romania no longer prohibit the inclusion of merchandise and articles subject to customs duty in Express Mail International Service shipments. Therefore, Note 1 is being **deleted** from their respective Express Mail country pages, since it does not apply. Concurrently, the following entry is being **added** to the EMS customs form information for each of those four countries:

Articles Admitted	Required Customs Form/Endorsement
Merchandise and all articles subject to customs duty	PS Form 2976-A, *Customs Declaration and Dispatch Note CP72*, inside a PS Form 2976-E, *Customs Declaration Envelope CP91*

IMM Change Pages

The changes contained in this announcement will be incorporated into IMM Issue 19. In the interim, please make "pen and ink" changes to the Individual Country Listings for each of the affected countries.

Effective immediately, Issue 18 of the IMM is revised to reflect the following special services changes in the Individual Country Listings:

1. Recorded Delivery Mail is **added to** the Return Receipt entries for Bangladesh, Bhutan, Bolivia, Burundi, Central African Republic, Democratic Republic of the Congo, Croatia, Dominican Republic, Gabon, Germany, Ghana, Greece, Macedonia, Nepal, Netherlands, Rwanda, Tunisia, Uganda, and Zambia.

2. Recorded Delivery Mail is **deleted from** the Return Receipt entries for Bulgaria, Cameroon, New Zealand, Oman, Turkey, and Venezuela.

3. Insured Parcels is **added to** the Return Receipt entries for Benin and Namibia.

4. Insured Parcels is **deleted from** the Return Receipt entry for Iran.

Lebanon

Effective immediately, Issue 18 of the IMM is revised to reflect the following changes in the Individual Country Listing for Lebanon:

1. The statement in **bold print** that is below the header, Country Conditions for Mailing, is amended to read:

> **All surface mail services are suspended indefinitely. Admissible contents are currently limited to letters and letter packages; post and postal cards; air printed matter items, of all types, up to a maximum weight of four pounds; air small packets; air parcel post packages up to a maximum weight of 22 pounds; and air M-Bags that weigh a minimum of 11 pounds and a maximum of 66 pounds. International Priority Airmail (IPA) and International Surface Airlift (ISAL) services are also available to Lebanon.**

2. Under Observations, item number 4 is deleted.

IMM Changes

The special services changes contained in this announcement will be incorporated into IMM Issue 19. In the interim, please make “pen and ink” changes to the Individual Country Listings for each of the affected countries.

Pictorial Cancellations Announcement 97-19

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of upcoming events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

People attending these local events may obtain the cancellation in person at the temporary post office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial cancellation date*.

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail postage (32 cents per envelope or 20 cents per postcard). Items submitted for cancellation may not include postage issued after the date of the requested cancellation. Such items will be returned unserviced.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP + 4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 code).

After applying the pictorial cancellation, the Postal Service returns the envelope or postcard through the mail. Customers who want their serviced item returned under protected cover should include a larger, stamped, self-addressed envelope.

Postal Employees

HANDBOOK F-1 REVISION

New Salary Checks

Effective Pay Period 97-20, the Postal Service will issue commercial salary checks to all postal employees. Treasury salary checks will no longer be issued to Postal Service employees.

When requesting commercial payroll replacement checks, the following information must be submitted to the MNASC:

1. Employee's name.
2. Social security number.
3. Pay period or check date.
4. Check number if known.
5. Type of payroll payment (regular pay check or special payment).
6. Facility making the request.
7. Contact person.
8. Telephone number, including area code.

Handbook F-1 Revision

The following is an update to section 822.73 of Handbook F-1, *Post Office Accounting Procedures:*

822.73 Lost, Stolen, or Destroyed Checks

1> If a pay check is lost, stolen, or destroyed after the employee receives it, the employee must notify his/her office and state in writing the pay period, their name, Social Security number, and the amount of the check; and explain the circumstances

2> The Office notifies the MNASC disbursing branch. Notification should include employee's name, Social Security number, pay period or check date, check number (if known), any type of payroll payment (regular pay check or special payment). Also identify the facility making the request, the name of a contact person, and a telephone number including area code.

3> Once the request for a stop payment or replacement check has been processed by MNASC, the request cannot be canceled. If the original check is recovered, it must be returned to the office making the request and destroyed.

*Through 1990 the F Fund was invested in the Wells Fargo Bond Index Fund.

The C Fund is invested in the Barclays Equity Index Fund, which tracks the S&P 500 stock index. The F Fund is invested in the Barclays U.S. Debt Index Fund, which tracks the Lehman Brothers Aggregate Bond index. Because of expenses and changing balances in the C and F Funds, their returns vary from Barclays' returns. The G Fund is invested in special issues of U.S. Treasury securities.

Future performance of the three funds will vary and may differ significantly from the returns shown above. See the "Summary of the Thrift Savings Plan" for detailed information about the funds and their investment risks.

The monthly C, F, and G Fund returns represent net earnings after deduction of accrued administrative expenses. The C and F Fund returns also reflect the deduction of trading costs and accrued investment management fees.

The C, F, and G Fund monthly returns are dollar-weighted: they reflect net earnings on the changing balances invested during the month. The C, F, and G Fund returns for the last 12 months assume, except for the crediting of earnings, unchanging balances (time-weighting) from month to month and that earnings are compounded on a monthly basis.

272.3 Clearances for Individuals Under Service Contracts

272.31 General

272.311 Who Must Have Clearances

Individuals who provide contract services to the Postal Service, including contractors, contractors' employees, subcontractors, and subcontractors' employees at any tier, who have access to occupied postal facilities and/or to postal information and resources, including postal computer systems must obtain clearance from the Postal Service, as provided in 272, before being provided that access.

272.312 Exceptions

This section does not apply to contractors providing services (including repairs and alterations) under local buying authority or to individuals providing mail transportation services under contract. (See MI PO-530-91-8 for screening procedures for mail transportation contracts.) For contractors providing services under local buying authority, the postal manager must take reasonable security precautions before allowing these individuals to enter a postal facility, such as examining their past job performances, local criminal histories, and knowledge of their respective companies. To the extent possible, these individuals should have access to facilities only when postal employees occupy the facility.

272.32 Requirements

272.321 Levels of Clearance

As outlined below, four levels of clearance — basic, nonsensitive, sensitive, and interim sensitive — are available:

a. Basic clearance — clearance required for individuals who have access to postal facilities, but who do not require a higher level of clearance as provided herein. Exception: Individuals whose access would otherwise require a basic clearance do not require it if they need to have access for less than 2 weeks. Clearance is required if access is extended beyond 2 weeks.

b. Nonsensitive clearance — clearance required for individuals who have access to postal information, that if compromised, would have limited impact on the mission of the Postal Service, or who have restricted access to postal computer systems, such as for word processing or data entry.

c. Sensitive clearance — clearance required for individuals who have access to sensitive information that, if compromised, would cause significant financial loss, inconvenience, or delay in the performance of the mission of the Postal Service, or who have physical access to restricted areas in postal facilities such as computer rooms and tape libraries, or who have access to computer systems such as on-site or remote terminals for systems development or accessing sensitive systems or data. Exception: Individuals whose access would otherwise require a sensitive clearance require only a nonsensitive clearance if they are assigned to a contract for 60 days or less.

d. Interim sensitive clearance — preliminary clearance granted for individuals for whom there is a priority need to begin work before the completion of a sensitive clearance.

272.322 **Citizenship**

Individuals requiring a nonsensitive clearance, sensitive clearance, or interim sensitive clearance must be United States citizens, except that permanent resident aliens and other citizens of foreign countries may provide services with the prior approval of the Postal Career Executive Service (PCES) manager for whom the services are required.

272.33 Responsibilities

272.331 **Contracting Officer, Requiring Activities, and Contracting Officer's Representative**

The organizations requiring contract support and the contracting officer review the scope of work to determine whether the nature of the work requires contracted individuals to have a clearance pursuant to these procedures. If so, a provision referencing these requirements and procedures is included in the solicitation documents. At the time of contract award, the contracting officer, the contracting officer's representative (COR), or a designee provides the contractor with the required clearance forms and receives the forms upon completion.

a. Basic clearance. The contracting officer, the COR, or a designee may allow individuals needed immediately by postal management to have limited access to the postal facility for up to 2 weeks, under the supervision of a postal employee, pending the receipt of the completed certifications for the basic clearance. Upon receipt, the contracting officer, the COR, or a designee reviews them for completeness and adequacy. If the information provided is satisfactory, the contracting officer, the COR, or a designee authorizes the issuance of an identification badge (Form 5140, *Non-Postal Service Contractor Employee*) to the contract employee.

b. Nonsensitive, sensitive, and interim sensitive clearances. Upon receipt of the completed forms for the nonsensitive, sensitive, and interim sensitive clearances, the contracting officer, the COR, or a designee reviews them for completeness and adequacy and forwards them to:

SECURITY CLEARANCES
US POSTAL INSPECTION SERVICE
225 N HUMPHRIES BLVD
4TH FLOOR SOUTH
MEMPHIS TN 38161-0008

Individuals requiring a nonsensitive clearance, sensitive clearance, or interim sensitive clearance may begin work when they receive notification that the security clearance has been granted. The contracting officer, the COR, or a designee authorizes the issuance of an identification badge (Form 5140) to the contract employee.

272.332 **Inspection Service**

The Inspection Service Operations Support Group (ISOSG) performs the following record checks before granting clearances. The ISOSG notifies the contracting officer, the COR, or a designee by memorandum when an individual has been granted or denied a security clearance. When contractor access to a computer is involved, the computer system security officer is also notified.

a. Before granting a nonsensitive, sensitive, or interim clearance, the ISOSG searches the Postal Inspection Service's data bases.

b. Before granting a nonsensitive, sensitive, or interim clearance, the ISOSG searches the National Crime Information Center (NCIC) Wants and Warrants.

c. Before granting a sensitive clearance, the ISOSG requests a National Agency Check (NAC) from the Office of Personnel Management (OPM) that includes the following:

(1) Security/Suitability Investigation Index (SII) — index of background investigations, those that are completed by OPM and those conducted by other federal investigative agencies. OPM file retention is 15 years, or 25 years for an investigation that contains actionable information.

(2) FBI Identification Division — fingerprint index of arrest records and name file.

(3) Defense Clearance and Investigation Index (DCII) — index of investigations conducted on Department of Defense civilian and military personnel.

272.34 Documentation

272.341 **General**

If an individual has a current security clearance from another federal agency, the contractor should provide documentation from that federal agency describing the clearance granted, the date it was granted, and the name and telephone number of an agency contact person.

272.342 **Basic Clearance**

Contractors employing individuals who require a basic clearance must provide the documentation to the contracting officer, COR, or a designee, before individuals are authorized to enter a postal facility in connection with contract performance. The contractor must also maintain supporting documentation for drug screening tests and criminal history inquiries subject to review by the Postal Service. Contractors must provide certification that each individual:

a. Has passed a screening test for all of the controlled substances listed in Section 102(6) of the Controlled Substances Act (21 U.S.C. Section 802(6)). The certification must include the name of the employee, the name of the institution that performed the test, the name of the agency that certified the laboratory, the date of the test (within 90 days of the submission of the results), and the negative results of the test.

b. Is not on parole, probation, or under suspended sentence for commission of a felony.

c. Has not been convicted of a criminal violation during the past 5 years for offenses that involved dishonesty, moral turpitude, financial gain, or assault.

d. Has not engaged in the illegal use, possession, sale, or transfer of narcotics or other illicit drugs during the past 5 years.

e. Does not have pending serious criminal charges such as murder, rape, robbery, burglary, physical assaults, sale and distribution of drugs, or weapons violations. If criminal charges are pending, the basic clearance is not to be authorized until the charges have been resolved.

272.343 **Nonsensitive Clearance**

Contractors employing individuals who require a nonsensitive clearance must provide to the contracting officer, the COR, or a designee the following documentation for each individual before these individuals are authorized to enter a postal facility in connection with contract performance:

a. Form 2181-C, *Authorization and Release — Background Investigations (USPS Contractors and Employees of Contractors).*

b. Form 1357, *Request for Computer Access* (if access to postal computer systems is required).

c. Results from a criminal history inquiry through local agencies (in this preferred order — state, county, city), where the individual has resided and has been employed during the past 5 years.

d. Results of a credit bureau inquiry to identify any derogatory financial information concerning the individual.

e. Verification of the individual's employment history for the past 5 years, including a list of reasons for termination or resignation from prior employers.

f. Verification of the individual's United States citizenship through review of a birth certificate or naturalization document.

g. Certification that the individual has passed a drug screening test pursuant to procedures for a basic clearance.

h. Form 2025, *Contract Personnel Questionnaire.*

272.344 **Sensitive Clearance**

Contractors employing individuals who require a sensitive clearance must provide documentation to the contracting officer, the COR, or a designee for each individual before that individual is authorized to enter a postal facility in connection with contract performance. Exception: The initial submission of information required for individuals who had been previously granted a sensitive clearance and who have had a break in service of 6 months or less is to be handled on a case-by-case basis. The complete screening process is required for an individual that has had a break in service of 6 months or more. The documents needed are:

a. Items (a) through (g) listed above for the nonsensitive clearance.

b. Form 2013, *Sensitive Security Clearance Processing Request.*

c. SF 85P*, Questionnaire for Public Trust Position.*

d. FD 258, *Applicant Fingerprint Chart* (two copies). The fingerprint cards must be signed and dated by someone with experience taking fingerprints.

272.345 **Interim Sensitive Clearance**

When individuals are to begin work under an interim sensitive clearance, contractors must initially provide the contracting officer, the COR, or a designee with items (c) through (g) required pursuant to procedures for the nonsensitive clearance (discussed in 272.343) for each individual before authorization can be granted to enter a postal facility in connection with contract performance.

272.35 Grounds for Denial or Revocation

A sensitive, nonsensitive, or interim clearance can be denied or revoked based on the information developed during either the initial investigation or an investigation to update a clearance. The denial or revocation can be based on an appraisal of circumstances surrounding serious incidents involving the individual, regardless of the time frame, related to the following:

a. Refusal to furnish information requested pursuant to applicable laws, rules, and regulations that would aid in the determination of qualifications for a security clearance.

b. Intentional, unauthorized disclosure or exposure of national security information, documents, or material classified under Executive Order 12065.

c. Dismissal from prior employment for cause.

d. Prior criminal conduct that could undermine the efficiency of the Postal Service or the safety of postal employees.

e. Intentional false statements, deception, or fraud in an application for clearance or in a submission of information furnished incidental to a contract with the Postal Service.

f. Habitual use of intoxicating beverages to excess.

g. Use of narcotics or dangerous drugs.

h. Reasonable doubt as to the loyalty to the government of the United States.

i. Conviction for theft, embezzlement, or crimes of violence, including assault with a deadly weapon.

j. Any other circumstance that makes the individual unfit to do business with the Postal Service.

272.36 Reconsideration of Denial

An individual employed by a contractor, through the contractor, may request that the denial of a request for a clearance be reconsidered, and may present new information on his or her behalf. The chief inspector considers any new evidence presented and advises the contracting officer of the decision. The contractor's remedies for the failure of the Inspection Service to grant a requested clearance, either initially or following reconsideration, are to be provided in the contract.

Rates

A-1 Standard Mileage Rates

A-1.1 Mileage Rates

Vehicle	Cents per mile (Including Alaska)
Privately owned automobile	31.0
Privately owned motorcycle	25.0
Privately owned airplane	85.0

A-1.2 Reimbursement for Postal Supervisors

Postal supervisors will be reimbursed at the rate of $6.00 per day or 31 cents per mile, whichever is greater, when a privately owned vehicle is used.

Odometer readings are not required on the respective claim forms; the integrity of the claim is the responsibility of the traveler. However, should the approving official have reason to question the claim, the claimant must provide evidence that supports the claim of distance traveled.

A-2 Travel Per Diem Rates

A-2.1 What Per Diem Includes

The per diem allowance includes all charges for meals; laundry and cleaning expenses; all fees and tips to waiters, bellboys, and porters; and other similar expenses.

A-2.2 If Lodging is Required

When a traveler is in a travel status and lodging is required, per diem will be allowed at the rate established in this handbook for each 6-hour segment or fraction thereof. (See A-2.4 for high cost areas.) For segments where travel occurs between areas of different per diem rates, the per diem rate in effect at the beginning of that period will continue in effect for that entire segment. The rate in

effect at the beginning of the period will be the rate at this traveler's destination. When a traveler has multiple destinations, the rate will change at the beginning of the quarter when the traveler departs for each subsequent destination. The per diem rate for the traveler's return trip home is that of the traveler's permanent duty station. Receipts supporting any lodging claim must accompany the related travel voucher(s) and must be from a hotel, motel, apartment, or boarding house (see 730).

A-2.3 Average Cost Localities

Unless a city is listed in the table in A-2.4, High Cost Localities, the daily per diem rate is $30.

A-2.4 High Cost Localities

The following key cities and/or areas are classified as localities with above average lodging costs. The daily per diem rate applicable for each of these localities is indicated:

620 GLOBAL PACKAGE LINK

621 Description

621.1 General

Global Package Link is a bulk mailing system that provides fast and economical international delivery of packages containing merchandise. Global Package Link is designed to make it easier and less costly for mailers to export goods. The Postal Service provides Global Package Link on a destination country-specific basis pursuant to the terms and conditions stipulated in 620 and the Individual Country Listings.

621.2 Admissible Items

621.21 Prohibited Enclosures

Global Package Link packages may not contain:

a. Typewritten and handwritten communications having the character of current correspondence.

b. Any item that is prohibited in international mail. Refer to the Country Conditions of Mailing in the Individual Country Listings for individual destination country prohibitions.

621.22 Exceptions

Global Package Link packages may contain an invoice as long as the invoice is limited to the particulars that constitute an invoice.

621.3 Availability

Global Package Link service is available only to Brazil, Canada, Chile, China (People's Republic of), France, Germany, Hong Kong Special Administrative Region, Japan, Mexico, Singapore, and the United Kingdom.

622 Qualifying Mailers

622.1 General

622.11 Qualifications

To qualify for Global Package Link service, a mailer must

a. Send a minimum of 10,000 packages a year;

b. Link its information system with that of the Postal Service;

c. Meet the general and specific preparation requirements for each country;

d. Designate the Postal Service as its carrier of choice to each country for which it uses Global Package Link service; and

e. Enter into a service agreement with the Postal Service.

Each service agreement must contain the following:

a. The mailer's commitment to send at least 10,000 packages to any one or more Global Package Link destination country(s) by Global Package Link during the next 12 months. Combined volumes to any GPL destination country will count toward this 12-month minimum. A mailer's failure to meet original volume requirements may result in termination, by the Postal Service, of the right to mail to other destination countries.

b. If the combined volume of packages to any or all Global Package Link Destination country(s) does not meet the minimum volume for the first 12 months following the effective date of the agreement, the USPS may terminate this agreement by giving the mailer 60 days' written notice that it intends to terminate, unless the mailer can demonstrate how it will meet the minimum volume by country within the next year. If the volume frequently fails to meet the minimum volume requirement, this agreement shall be terminated by the USPS upon written notice 30 days in advance of the termination.

622.12 Service Agreements

Each wholesaler must enter into the service agreement for wholesalers.

622.2 Linking Information Systems

The mailer must link its information system to that of the Postal Service so that (1) the Postal Service and the mailer can exchange data transmissions concerning the mailer's packages, and (2) by scanning the mailer-provided barcode on each package, the Postal Service can extract, on an as-needed basis, the following information about each package to produce necessary customs forms and package labels and to provide tracking and tracing:

a. Order number.

b. Package identification number.

c. Delivery option used for package if more than one level of service is available.

d. Buyer's name and address.

e. Recipient's name and address.

f. Total weight of package.

g. Total value of the package's contents.

h. Total number of items in each package.

i. Numbers of each item in package.

j. SKU or key-word description of each item.

k. Value of each item.

l. Country of origin of each item.

m. Buyer's national identification or import number where required by law (currently Brazil).

n. Postage and handing charge per order.

622.3 Wholesalers

622.31 Definition

Global Package LInk mailers who do not originate their own packages, but act as intermediaries for others, are Wholesalers. Wholesalers must meet all requirements in 620, and must enter into the Global Package Link for Wholesalers Agreement with the Postal Service.

622.32 Wholesalers' Responsibility

Wholesalers are responsible for the contents of the packages mailed and must have an approved package security program ensuring that nonmailable or dangerous items are not mailed.

622.33 Exclusive Use of the Postal Service

Except as provided in this section, wholesalers must use the Postal Service exclusively for package delivery to all the countries for which they use Global Package Link service. Wholesalers are not required to use the Postal Service for packages that do not meet Postal Service size, weight, or mailability requirements or when the consignee requests delivery by another carrier.

622.34 Customs Duties and Taxes

Customs duties and taxes incurred for customs clearance in the foreign countries for which a wholesaler uses Global Package Link service are the responsibility of the wholesaler. All fines, fees, and penalties assessed as a result of inaccurate information or the attempted importation of goods that are prohibited or allowed only subject to special conditions are also the responsibility of the wholesaler.

622.35 Eligibility

Licensed wholesalers or consolidators of foreign postal administrations or direct competitors of the Postal Service domestically or internationally that provide expedited or parcel delivery services or air transportation services are not eligible to be Global Package Link wholesalers.

623 General

623.1 Special Services

The special services provided for in chapter 3 are not available for packages sent by Global Package Link unless specifically provided for in 620 or the Individual Country Listings.

623.2 Customs Documentation

Except for the acceptance option in 625.22, customs documentation will be produced by the Postal Service from data transmitted by the mailer. Mailers using the procedures in 625.22 are required to produce and affix customs documentation using the workstation provided by the Postal Service.

623.3 Size and Weight Limits

The weight limits for Global Package Link service are 70 pounds for Chile, China, and Germany; 66 pounds for Brazil, Canada, France, Singapore, and the United Kingdom; 64 pounds for Mexico; and 44 pounds for Japan and Hong Kong Special Administrative Region.

The maximum length of GPL packages is 60 inches and the maximum length and girth combined is 108 inches with the following exceptions: Maximum size for Germany is length 47 inches, height 23 inches, width 23 inches; maximum size for the People's Republic of China and Hong Kong Special Administrative Region for any one dimension is 59 inches; the sum of the length and the greatest circumference measured in a direction other than the length shall not exceed 118 inches; Japan Standard packages weighing less than 1 pound, the maximum length is 24 inches with a height and depth and length combined maximum of 36 inches. All packages must be large enough to accommodate the necessary labels and customs forms on the address side.

623.4 Postage

623.41 Rates

Rates vary by destination country as stipulated in 620 and the Individual Country Listings.

623.42 Postage Payment Method

Postage must be paid by permit imprint or any other Postal Service approved method.

623.43 Documentation

Each mailing of Global Package Link packages must be accompanied by a manifest and other documentation in the form specified by the Postal Service.

623.44 Base Rates

The Postal Service will charge the base rates, in 1-pound increments, for the first 100,000 packages mailed by the customer during a 12-month period.

Rate Reductions

Number of Packages	Percent Discount
Up to 100,000	Base Rate
Over 100,000	3% off base rates (except Germany and U.K.: Germany, no discount; U.K., 2%).

624 Preparation Requirements

624.1 General Requirements

624.11 Barcode

Every Global Package Link package must bear a barcode, in a format acceptable to the Postal Service, that identifies the package by a unique number. The mailer must place the barcode on the address side of the package.

624.12 Addressing

See 122. The name and address of the mailer and of the addressee also should be recorded on a separate slip enclosed in the package.

624.13 Sealing

Every Global Package Link package must be sealed by the mailer. Wax, gummed-paper tape, nails, screws, wire, metal bands, or other materials may be used as suitable. The seal must be sufficient to allow detection of tampering.

624.14 Packaging

Every Global Package Link package must be securely and substantially packed. In packing, the mailer should consider the nature of the contents, the climate, and the delivery method. The Postal Service will determine whether the contemplated packaging is suitable prior to the mailer's use of Global Package Link.

624.15 Nonpostal Documentation

Forms required by nonpostal export regulations are described in Chapter 5.

624.2 Destination Country-Specific Requirements

Certain preparation requirements vary by destination country as stipulated in 620 and the Individual Country Listings.

625 Acceptance

625.1 Within 500 Miles of a Global Package Link Processing Facility

If the plant from which the mailer's Global Package Link packages originate is located within 500 miles of a Global Package Link processing facility, the Postal Service will accept the packages at the mailer's plant and transport them by truck to the Global Package Link processing facility according to a schedule agreed upon by the Postal Service and the mailer.

625.2 More Than 500 Miles From a Global Package Link Processing Facility

625.21 General

If the mailer's plant from which the Global Package Link packages will originate is located more than 500 miles from a Global Package Link processing facility, the mailer may choose one of two processing options.

625.22 Postal Service Processing

The mailer will present the packages to the Postal Service for verification at the mailer's plant and transport them as a drop shipment to a Global Package Link processing facility according to a schedule agreed upon by the Postal Service and the mailer.

625.23 Customer Processing

The mailer will process the packages using Postal Service-provided computer system workstations and will sort and prepare the packages as required by the Postal Service. The Postal Service accepts the packages at the mailer's plant and transports them to a designated air mail facility or air exchange office for onward conveyance according to a schedule agreed upon by the Postal Service and the mailer.

626 Services Available

626.1 Delivery Options

Delivery options vary according to destination country, as set forth below.

626.11 Premium Service

Premium service is available to all countries (Air Courier for Canada) except France. Packages sent through premium service are transported to the destination country by air where they receive special handling and expedited delivery. The mailer can track premium service packages through delivery. Reports of delivery performance are furnished to the mailer in the formats and at the frequencies agreed upon by the Postal Service and the mailer.

626.12 Standard Service

Standard service is available to Japan, Canada (Ground Courier for Canada), France, Singapore, and the United Kingdom. Packages sent through standard service are transported to the destination country by air (or a combination of air/ground to Canada) for delivery. The mailer can track standard service packages through dispatch from the Global Package Link processing facility for Japan and France and through delivery for Canada and the United Kingdom. In Mexico, standard service provides for customer pickup of parcels at selected, secured, customer service centers with tracking to pickup.

626.13 Economy Service

Economy service is available to the United Kingdom. Packages sent through Economy Service are transported to the destination country by air for delivery. Tracking is available through the hand-over to the global partner in the United Kingdom.

626.14 Canada Ground Service

Ground Gateway Service will offer ground service to Canada from the designated Ground Gateway facilities and ground transportation to final destination in Canada. It will receive the same expeditious customs clearance as the Ground Courier Service (Standard). For details on special requirements of the Ground Gateway Service, see the Canada Country Page.

626.15 Processing Facilities

Global Package Link packages are processed at a designated Global Package Link processing facility. The Postal Service currently operates Global Package Link processing facilities at JFK International Airport in NYC and near or at airports in Dallas-Fort Worth, Chicago, Miami, Seattle, and San Francisco. Buffalo, NY, serves as a facility for Ground Gateway-Canada service only. Seattle also serves as a Ground Gateway-Canada facility. Other satellite facilities may be used as needed.

626.2 Merchandise Return Service

626.21 Japan

Merchandise return service is available from Japan. The mailer or the recipient is responsible for returning merchandise to the designated Japanese return center where packages will be opened and the contents consolidated for return to the United States. The mailer will receive a daily electronic notification of returns. Returned merchandise will be shipped to the mailer on a mutually agreed-upon schedule.

626.22 United Kingdom

A return merchandise service will be available to mailers that mail Global Package Link shipments to the United Kingdom. The returns agent will open and inspect the contents of each box and process for return back to the United States. The returns agent may apply for a refund of duties and taxes from United Kingdom Customs. The packages will then be sent to the mailer's designated center for returns in the United States. The return prices, per parcel, are detailed in the Global Package Link rate charts in the Individual Country Listings.

626.23 Canada

A return merchandise service will be available to mailers that mail Global Package Link shipments to Canada. The mailer or Canadian recipient will be responsible for shipment costs back to the designated Canadian return center. The return center will open each box, inspect the contents, and process it for return back to the United States, including applying to Revenue Canada for a refund of duties and taxes. Upon arrival in the United States, the parcels will be sent back to the mailer.

626.3 Insurance and Indemnity

626.31 Premium Service

Packages sent through Premium service are insured against loss, damage, or rifling at no additional charge. However, they are not insured against delayed delivery. Indemnity payments are subject to the provisions of DMM S010 and S500. Neither indemnity payments nor postage refunds are payable for delayed delivery.

Note: Jewelry and precious stones mailed via Premium service to Canada are subject to a limit of $500 indemnity.

626.32 Standard Service

626.321 Canada

Packages sent through Standard service and Ground Gateway service to Canada are insured for the declared value, up to $100 Canadian. Standard service packages are not insured against delay in delivery. Neither indemnity payments nor postage refunds will be made in the event of delay.

626.322 Mexico and the United Kingdom

Packages sent through Standard service to Mexico and the United Kingdom are insured against loss, damage, or rifling at no additional cost. Indemnity payments are subject to the provisions of DMM S500. Standard service packages are not insured against delay in delivery. Neither indemnity payments nor postage refunds will be made in the event of delay.

626.323 Singapore

Packages sent through Standard service to Singapore may be insured at an additional cost (see 320). Standard service packages to Singapore are not insured against delay in delivery. Neither indemnity payments nor postage refunds will be made in the event of delay.

626.33 Economy Service

626.331 United Kingdom

Packages sent through Economy service to the United Kingdom may be insured at an additional cost (see 320). Economy service packages are not insured against delay in delivery. Neither indemnity payments nor postage refunds will be made in the event of delay.

626.4 Customs

626.41 Customs Forms

Normally all necessary customs forms will be automatically generated by the Postal Service computer workstations. Packages mailed through a Global Package Link processing facility will not be required to bear customs forms when they are tendered to the Postal Service. After scanning the mailer-printed barcode on each package and correlating it with the package-specific information transmitted by the mailer, the Postal Service will print the necessary customs forms and affix them to the mailer's packages as part of the processing operation at the Global Package Link processing facility. A mailer utilizing the Global Package Link work station at a location more than 500 miles from a Global Package Link processing facility will be required to affix the customs documentation produced by the Global Package Link work station to each package.

626.42 Customs Clearance

The Postal Service has developed the Customs Pre-Advisory System (CPAS) as part of Global Package Link processing. This electronic system collects package-specific data to satisfy customs requirements as packages are processed using the USPS computer workstations located at Global Package Link processing facilities. The system electronically advises agents in the destination

country of the contents of each package mailed. Mailers must provide the Postal Service with the harmonized customs codes for their merchandise for assessing duty. Mailers may obtain harmonized codes themselves or the Postal Service will obtain codes for them. Recipients of merchandise must designate the Postal Service and its agents as the recipients' agents for customs clearance.

626.421 **Catalog Harmonization Services**

Catalog harmonization is the process of assigning international Harmonization Tariff Schedule (HTS) code to each product offered in the mailer's catalog, including the applicable tariffs and taxes due in the destination country. The Postal Service will provide free catalog harmonization services for the first 2,500 catalog items presented for harmonization during the first 12 months following the signing of an agreement for a GPL destination country that requires harmonization. Any harmonization work performed in excess of 2,500 items for each mailer and/or after the first 12 months of signing the appropriate GPL agreement will be charged a fee of $1.25 per item. The mailer has the option of performing its own harmonization, provided that it is done in a format compatible with the Postal Service's Customs Pre-Advisory System (CPAS) software.

626.43 Payment of Customs Duty

626.431 **All Countries Except Japan, the People's Republic of China, and Singapore**

For all countries except China, Hong Kong Special Administrative Region, Japan, and Singapore, the Postal Service will arrange payment of customs duty on behalf of the recipient at the time the merchandise enters the country of destination. Any banking costs or foreign exchange fees applicable to the customs payments will be charged back to the mailer. The Postal Service will notify the mailer electronically of the amount of duty and fees paid, and the mailer will reimburse the Postal Service in a manner and within a time agreed between the mailer and the Postal Service. Because of the need to have funds available for customs at the time of clearance in Brazil, Chile, Mexico, and Germany, mailers must make an advance deposit prior to first mailing to cover anticipated duties and taxes in addition to postage. For subsequent mailings, this account must be replenished by the mailer after the actual amount of duties and taxes are assessed. The mailer is responsible for collecting duties and taxes from the recipient (this can be done when payment for the order is made). For Mexico, GPL mailers will pay customs the day after the shipments arrive in customs, through a preauthorized Automated Clearinghouse debit program (ACH). GPL mailers must agree to allow the USPS to debit their designated bank account through the ACH debit program to pay these charges.

626.432 **Japan, the People's Republic of China, and Singapore**

In Japan, the People's Republic of China, Hong Kong Special Administrative Region, and Singapore, any customs duties and fees will be collected from the recipient at the time of delivery.

Country Conditions for Mailing D3 Canada

Prohibitions (130)

An issue of a publication in which more than 5 percent of its total advertising space is primarily directed to a Canadian market and which indicates:
(a) specifically where goods or services may be obtained in Canada, or
(b) specific items or conditions relating to the sale or provision of goods or services in Canada.

All alcoholic beverages including wines, etc.

An issue of a publication that contains an advertisement primarily directed to a Canadian market is a prohibited import if that advertisement does not appear in identical form in all editions of the issue distributed in the country of origin.

Articles so marked as to create the false impression that they were made in Canada, Great Britain or any other British country.

Butane gas lighters and refill cartridges.

Commercial tags of metal.

Oleomargarine and other butter substitutes, including altered or renovated butter.

Parcels bearing caution labels indicating the contents are flammable.

Perishable infectious biological substances.

Perishable noninfectious biological substances.

Plumage and skins of wild birds.

Prison-made goods being sold or intended for sale by a person or firm.

Radioactive materials.

Reprints of Canadian or British works copyrighted in Canada.

Reproductions of Canadian postage stamps unless printed in publications in black and white only and with a defacing line drawn across each reproduction.

Smoke-making devices for motor vehicles and boats.

Used or secondhand hives or bee supplies.

Restrictions

Addressees are required to obtain permits from the Canadian authorities to import firearms or other deadly weapons, except sporting guns.

Coins; banknotes; currency notes; securities payable to bearer; traveler's checks; gold, silver, platinum, manufactured or not; jewelry; and other valuable articles may be sent only in registered letter packages.
Exceptions:
Coins sent to or from collectors or dealers may be mailed in ordinary (uninsured) parcels. Jewelry and precious stones may be sent via GPL Air Courier (Premium) service to Canada subject to indemnity limits indicated in section 626.31.

Drugs and medicines must comply with Canadian law.

Eggs for hatching must be packed in new, clean containers and accompanied by a certificate issued by a veterinarian of the U.S. Department of Agriculture, or one issued by a State veterinarian and endorsed by a veterinarian of that Bureau, stating that to the best of his or her knowledge the eggs come from a flock that is free from Newcastle disease, fowl pest, or fowl typhoid. See 135.3 for method of packing.

Meat and meat food products must be accompanied by an export certificate issued by the U.S. Department of Agriculture and labeled in accordance with Canadian regulations. Exception to these requirements are:
(1) bona fide sample shipments weighing less than 10 kg;
(2) meat products addressed to a government department or agency;
(3) meat products intended for personal consumption when they enter Canada in the possession of the importer.

Postmaster will refuse to accept parcels containing honey bees for Canada unless they bear such endorsement. Queen bees are not subject to the above restriction. Bees must not be on combs, and must be accompanied by a declaration signed by the mailer that the food for the bees carried in the package is free from disease. Honey must not be used in making the candy placed in queen bee mailing cages. Special handling charges are applicable to honey bees in cages, but not to queen bees in small cages, alone or accompanied by a few workers, unless a considerable number of such cages are tied together for transportation outside of mail sacks. Shipments of bees are accepted only at the risk of sender; they may not be accepted for insurance.

Precious stones, set or not set; all items used as dress ornaments and coming under the term "jewelry" including articles of gold or other precious metal for personal use such as cigarette holders, cases, powder cases, card cases, opera glasses, fountain pens, watches, etc., are permitted in insured parcels provided the articles have value not over $5 U.S. A parcel containing a number of such articles valued at $5 or less may be insured for the total value of the contents up to a maximum of $200.

Senders are advised to communicate with prospective addressees to assure themselves before mailing that such articles will be admitted.

Veterinary biological products including serums and vaccines must be accompanied by a permit issued by the Veterinary Director General, Ministry of Agriculture of Canada.

Observations

1. Banknotes valued at $100 or more must be put up in a compact package and securely tied with strong twine before wrapping. The wrapper must be linen or other strong, woven material, linen lined paper, or two thicknesses of strong kraft paper. After wrapping, the package must be again securely tied or stitched and sealed at the points of closing.
2. The name of the Canadian province in which the office of destination is located must appear as part of the address.
3. The following must not be accepted for insurance:
   Bees, postage stamps (canceled and uncanceled) and albums in which they are mounted, and parcels addressed to CFPOs.
4. Canadian Forces Mail (CFPO) is processed through Canadian military post offices and must be addressed in the following manner:
   NUMBER, RANK, NAME UNIT
   CFPO (NUMBER)
   BELLEVILLE, ONT CANADA K0K 3R0
   Maximum weight limits for mail addressed to members of the Canadian Forces based outside of Canada (CFPO) is: 22 pounds. Parcels for CFPO addresses may not be insured. Direct sacks of printed matter (M Bags) are not permitted for CFPO addresses.
5. Canceled or uncanceled postage stamps (Canadian, United States, or other foreign) may be enclosed in small packets and exchanged with Canada at the small packet rate.
6. Advertising matter specially prepared to promote the sale of goods or services by Canadian persons or firms is charged with customs duty in Canada when the total weight of articles mailed at one time exceeds one pound. Duty is charged on each individually addressed article. To avoid detention of such mail by Canadian customs, senders may arrange to pay the duty, which can be done by means of Canadian customs duty stamps affixed to the back of each piece of mail. Senders may inquire as to rates of duty and may purchase the duty stamps from the Department of National Revenue, Customs and Excise, Ottawa, Ont., Canada.
7. A letter fully prepaid and bearing the same address as that of the parcel may be tied or otherwise securely attached to the outside of the parcel. Stamps to cover postage on the parcel must be

affixed to the wrapper of the parcel. Stamps to pay postage on the letter must be affixed to the envelope thereof.

8. Certain types of merchandise must be marked to show country of origin in the manner prescribed by the Canadian customs regulations.
9. Goods valued under 20 Canadian dollars are duty and excise tax exempt. Goods over 20 Canadian dollars will be subject to the applicable duties and excise taxes. Gift shipments received by mail that are valued under 60 Canadian dollars are duty and excise tax exempt.
10. For all casual and commercial items valued under 1,200 Canadian dollars, Canada Post will collect the assessed duties and excise taxes and a handling fee of 5 Canadian dollars from the addressee. For EMS items, the handling fee is 8 Canadian dollars. All commercial mail items over 1,200 Canadian dollars will be held by Canada Customs and Excise until proper invoice and accounting documentation is provided by the addressee.
11. The Canada Customs Invoice can be obtained from stationery, office supply, or printing companies. If mailers are unable to obtain the Canada Customs Invoice locally, they should write to the following office that will apply specific names and addresses from which the invoice may be obtained:
    REVENUE CANADA, CUSTOMS AND EXCISE
    CONNAUGHT BUILDING
    OTTAWA ON K1A 0L5
    CANADA
    Attn: Release and Documentation Systems
    Data Control Programmes.
12. Information on Canadian customs regulations may be obtained from the Office of International Marketing/223, Bureau of International Commerce, Department of Commerce, Washington, DC 20230, or any field office of that Department.
13. (a) Information on Canadian post code directories can be obtained from:
