## *JOINT MESSAGE FROM THE POSTMASTER GENERAL, UNION OFFICIALS, AND MANAGEMENT ASSOCIATIONS*

### **Combined Federal Campaign**

Last year, postal employees demonstrated their continued generosity by pledging nearly \$38 million in payroll deductions to the charities of their choice through the Combined Federal Campaign (CFC). We want to thank all of you who participated — your support has helped those in need not only across our nation but around the world.

As you know, we only need to watch the nightly news to recognize the multiple services that depend on contributions under programs like the CFC.

Your generous support can and does make a difference. From now until December 15, please show your compassion and commitment by using a simple, yet effective, tool for giving — the CFC. Your contributions will make an important difference in the lives of those in need.

Please give the CFC your full support again this year. Contact your CFC Coordinator to learn more about payroll deduction and how to sign up for the campaign.

Thank you in advance for your continued generosity.

## 1999 Combined Federal Campaign Guidelines

### Schedule and Responsibilities

Each fall, the Postal Service joins other federal agencies in the Combined Federal Campaign drive. In accordance with Office of Personnel Management (OPM) regulations, the campaign runs for a six-week period, as established by the Local Federal Coordinating Committee. OPM guidelines indicate the campaign should end no later than December 15, 1999.

Vice presidents of Area Operations have campaign responsibility. Area offices must ensure that campaign information is disseminated to all offices under their jurisdiction.

### Guidelines Online

Publication 530, *U.S. Postal Service Combined Federal Campaign Operational Guidelines*, May 1994, is a reference source for guidelines on running a successful campaign. The electronic version of Publication 530 was updated effective November 1998 and is available on the Corporate Intranet. Revisions include updated position titles, facility locations, and dates of campaign. Additional information on the Combined Federal Campaign, including geographic boundaries, may be found on the Corporate Intranet and at the OPM web site, [www.opm.gov](http://www.opm.gov).

### Pledge Form Management Instructions

1. Ensure that pledge forms are checked for completeness at local campaign sites.
2. Distribute copies of the pledge forms as follows:

  - b. Employee copy — return to the employee.
  - c. Payroll Office copy —

<i>If the employee has chosen to...</i>	<i>Then...</i>

3. Submit corrections to the local DDE/DR site, *not* to the Minneapolis ISC.

**Note:** All cards that are illegible or incomplete will be returned to the local CFC coordinator for local processing in pay period 02-00 or later.

Local DDE/DR sites will be notified by broadcast message of their ability to access D20M, SDI-09 in pay period 02-00 for local entry, changes, or corrections. DDE/DR sites will not be able to access D20M for CFC charity entries before that time.

### Final Report

At the conclusion of each campaign, a report of CFC contributions through payroll deduction (as of pay period 02-00) is prepared from the Postal Payroll System and is used for annual reporting of national CFC contributions. A copy of this report is distributed to each performance cluster manager.

## Domestic Mail

### REMINDER

#### Delivery of Standard Mail (A) in Apartment Boxes

Recent customer feedback indicates that there is a serious failure to comply with Standard Mail (A) delivery procedures in apartment building environments. Our customers have voiced concerns because their mail is being left in apartment vestibules rather than delivered into mailboxes as required in Handbook M-41, *City Delivery Carriers Duties and Responsibilities*, Section 32, Delivery of Ordinary Mail Matter. When the Postal Service fails to properly deliver mail into mail receptacles, customers see no difference between the service we provide and that of an alternative delivery service. We are devaluing both our mailers' products and our service.

Carriers must deliver to the proper mail receptacle all mail bearing the exceptional address format (e.g., "Mr. John Doe or Current Resident/Occupant") on the mailing label as addressed. This mail is undeliverable only if the house, apartment, office, or building is unoccupied or nonexistent. The delivery employee must endorse undeliverable pieces as "Other Undeliverable Standard Mail (A) (UBBM)" and bundle them with other undeliverable Standard Mail (A) for verification and proper handling.

In apartment buildings, carriers must deliver mailings *with apartment numbers* (addressed to "Occupant," "Postal Customer," etc.) to the proper mail receptacle as specified in the mailing address. Carriers must deliver mailings *without apartment numbers* beginning at the lowest numbered mail receptacle and continuing upward until they deliver one piece to every receptacle. Where mail receptacles are unnumbered or not in sequential order, carriers should deliver mail into the

receptacles working from left to right as if the mail receptacles were in sequential order. If there are more pieces than there are mail receptacles, the delivery employee must endorse undeliverable pieces and bundle them with other undeliverable Standard Mail (A) for verification and proper disposal.

Carriers must not leave mail undelivered on racks, tables, shelves, or other fixtures. In apartments and other centralized delivery environments, carriers may leave mail addressed to full mail receptacles in a designated location that affords adequate protection for the mail with the permission of the addressee or after leaving Form 3849, *Delivery Notice/Reminder/Receipt*, notifying the addressee. Carriers must always deliver both components of detached label mailings, the letter-size address label and accompanying flat or sample piece, at the same time.

These procedures do not apply to simplified address mail (boxholders) received for delivery on a rural route. Rural carriers must follow the procedures outlined in Handbook PO-603, *Rural Carrier Duties and Responsibilities*, Part 320, Delivery of Ordinary and Simplified Address Mail.

Please ensure that all delivery personnel are aware of our customers' concerns and that all mail is delivered in compliance with Postal Service policy. Providing quality delivery will ensure a visible difference between Postal Service delivery and alternate delivery services.

REVISION

## Handbook F-1, Post Office Accounting Procedures

Payroll processing, including the printing of payroll checks and earning statements, has always been performed at the Information Systems and Accounting Service Centers (IS/ASC, formerly known as the Minneapolis Information Service Center). To ensure that employees will be paid should the IS/ASC experience a physical or a system problem and checks cannot be issued, procedures are in place for the San Mateo Information Service Center (SMISC) to print checks and earning statements based on emergency pay procedures.

Handbook F-1, *Post Office Accounting Procedures*, is being revised with the addition of section 822.77, Payroll Disaster Contingency Plan, to address contingency payroll processing procedures.

Updating employee mailing addresses is an important part of any contingency plan to ensure that employees' payroll checks are sent to the correct addresses. Therefore, the employee's current address will be preprinted on his or her check and/or earning statement (for those employees that have net-to-bank) for one pay period each year. The employee should verify the address and make any changes on Form 1216, *Employee's Current Mailing Address*, which will be provided as a stuffer with the check and/or earning statement.

These procedures do not apply to the Year 2000 (Y2K) changeover. Specific plans and procedures are in place should a disruption occur due to Y2K.

This revision will be incorporated into the next quarterly update of the online Handbook F-1 located on the Corporate Intranet at <http://blue.usps.gov/cpim> (click on *Handbooks*, then *By Document Number*, and then select *F-1, Post Office Accounting Procedures*). The revision will also be incorporated into the next printed edition.

#### 822.77 Payroll Disaster Contingency Plan

Should interruption of essential payroll functions occur at the Information Services and Accounting Service Centers (IS/ASC) facility, payroll checks will be printed and distributed from the San Mateo Information Service Center (SMISC) according to the emergency pay procedures outlined in section 822.76. Additionally, these procedures apply:

- Each office will be required to provide salary advances to those employees not paid under the emergency salary procedures.
- Salary advances should be given up to a maximum of 40 paid hours per week, provided the employee is missing a full day's pay or more. This includes those employees who were paid under the emergency salary procedures.

- No salary advances are to be given to employees for overtime or premiums such as night differential or Sunday premium.
- A 'disaster' payroll register will be distributed from San Mateo to identify those employees paid and the number of hours paid (normal check register distribution).
- Checks will be sent to employees' current mailing addresses except checks for transitional employees. Employees are to cash their checks no earlier than the date listed on the check.
- Checks for transitional employees will be sent individually to the office. Postmasters must not release checks to transitional employees who were not in a pay status during the pay period for which the emergency payments were issued.

- Specific instructions will be provided to employees concerning allotments.

If a payroll check is lost, stolen, or destroyed during the disruption timeframe, the employee must follow the instructions listed in section 822.73(1). Office notification procedures listed in 822.73(2) will be contained in the specific instructions provided by Headquarters Payroll at the time of the disruption.

During the interruption and recovery periods, all communications will be disseminated from Headquarters Payroll Accounting. Do not attempt to contact the IS/ASC unless notified.

## Pictorial Cancellations Announcement

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

People attending these local events may obtain the cancellation in person at the temporary post office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial cancellation date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail postage (33 cents per envelope or 20 cents per postcard). Items

submitted for cancellation may not include postage issued after the date of the requested cancellation. Such items will be returned unserved.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP + 4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 code).

After applying the pictorial cancellation, the Postal Service returns the envelope or postcard through the mail. Customers who want their serviced item returned under protected cover should include a larger, stamped, self-addressed envelope.

The following pictorial cancellations have been extended for an additional 30 days:

REVISION

## Handbook M-41 and Handbook PO-701

Effective July 15, 1999, the following revisions are incorporated into Handbook M-41, *City Delivery Carriers Duties and Responsibilities*, and Handbook PO-701, *Fleet Management*. These revisions will be incorporated into the next printed versions of these handbooks. Handbook M-41 is accessible on the Corporate Intranet at <http://blue.usps.gov> (click on *Information*, then *Policies and Procedures*, then *Handbooks*, then either *By Document ID Number* or *By Title*, and scroll down to Handbook M-41).

### Handbook M-41, *City Delivery Carriers Duties and Responsibilities*

<b>81</b>	<b>Vehicle Regulations and Safety Practices</b>				
	*	*	*	*	*
<b>812</b>	<b>Safety Practices</b>				
	*	*	*	*	*

[Revise 812.31 to read as follows:]

**812.31** When traveling to and from the route, when moving between park and relay points, and when entering or crossing intersecting roadways, all external vehicle doors must be closed. When operating a right-hand drive vehicle with a sliding driver's door on delivery routes and traveling in intervals of 500 feet (1/10 mile) or less at speeds not exceeding 15 MPH between delivery stops, the driver's door may be left open.

[Add new 812.32 as follows:]

**812.32** Interior cargo doors (if any) may be kept in the "open" position to accommodate authorized passengers being transported in auxiliary seating and operator use of cargo area windows (if any), or to aid airflow. Consider the nature of mail or equipment being transported and use good judgment in deciding when an open internal door is suitable and will not interfere with the safety of vehicle operations. Internal cargo doors must be closed and locked when the vehicle is parked (see 822.e).

	*	*	*	*	*

[Revise 245.28 to read as follows:]

**245.28** **Protection of Mail in Vehicles.** Protect the mail at all times. Keep any rear vehicle door locked. For vehicles with separate driver and cargo compartments, only working mail should be kept in the driver's compartment while performing delivery and collection duties. Interior cargo doors (if any) may be kept in the "open" position to accommodate authorized passengers being transported in auxiliary seating and operator use of cargo area windows (if any), or to aid airflow. However, drivers must consider the nature of mail or equipment being transported and use good judgment in deciding when an open internal door is suitable and will not interfere with the safety of vehicle operations. Internal cargo doors must be closed and locked when the vehicle is parked. Do not leave mail in an unlocked truck, even at a mail platform, unless opened door(s) of the vehicle are in full view and can be reached quickly if a theft is attempted. To prevent delay or loss of mail, check vehicles carefully before completing the assignment to ensure that mail has not been concealed or has not slipped into crevices. Supervisors must frequently inspect all postal-owned or leased vehicles (including vehicles leased by employees or used in drive-out agreements) to prevent delay and loss of mail. In particular, leased vehicles must be inspected carefully for mail or postal property prior to their return to the lessor at the conclusion of the lease.

## The Know Fraud Project

*Know Fraud* is a joint effort of leading government and private agencies to help consumers help themselves avoid telemarketing and mail fraud. Agency partners include the U.S. Postal Inspection Service, Better Business Bureau, AARP, Department of Justice, Federal Bureau of Investigation, Federal Trade Commission, National Association of Attorneys General, and the Securities and Exchange Commission.

Know Fraud's primary goal is to help consumers *know* the signs of fraud and *know* how to prevent it from entering their homes. Unlike most other crimes, telemarketing fraud and mail fraud perpetrators rely on one key element to succeed — victim participation. With guidance from Know Fraud, potential victims *can* help stop these perpetrators.

From November 6 to November 10, 1999, every home in America (approximately 120 million addresses) will receive a postcard (see page 42) with valuable fraud prevention tips. The jumbo postcard can be displayed near the phone to remind consumers to make informed decisions about fraudulent solicitations and avoid being victimized. It features an address and web site to get more information or to submit complaints.

Know Fraud research indicates that consumers victimized by telemarketing fraud may not report the crime or obtain help because they don't know where to turn. Consumers primarily resolve fraud issues through the local media, not law enforcement groups. To address this, the Know Fraud postcard provides a toll-free telephone number for victim assistance. Consumers can reach the FTC's Consumer Response Center, a Postal Inspection Service support center, or will be given the number to their local offices of the Postal Inspection Service or the FBI. All callers hear a greeting from actor Andy Griffith, followed by an automated fraud-prevention message.

Know Fraud agencies are working with Platypus Productions, Inc., to produce a fraud prevention video, hosted by Louis Gossett Jr. The video will be distributed to every public library in the country along with fraud prevention material and a Spanish version of the Know Fraud postcard. Consumers can also access the Know Fraud web site (<http://www.consumer.gov/knowfraud>).

Andy Griffith will alert the public to the Know Fraud postcard mailing in a taped public service announcement (PSA) to air in October. His PSA will become part of a four-minute promotional video, narrated by Postmaster General William Henderson, and part of video news releases being distributed through public information officers across the country.

On November 4, 1999, Know Fraud partners will host a national press conference in Washington, DC, and approximately 60 other press conferences are planned around the United States. Local news agencies are invited to use the Griffith PSA and the video news releases for local broadcasts. In addition, the U.S. Postal Service will distribute a publicity kit offering guidance to help plan local press conferences.

As a Know Fraud partner, the Postal Inspection Service wants consumers to know what to do and who can help when they face fraud issues. Perhaps more important than fighting crime, we hope to prevent it. We believe we can, but only if the public Knows Fraud.

Y2K UPDATE

### **End User Computing**

End User Computing is an important element of the Postal Service's Year 2000 readiness activities. Desktop workstations, laptop computers, and end user software have been prepared to function correctly through the change from 1999 to 2000. All end user equipment was tagged with a Year 2000 sticker when the work was completed. If you don't have a sticker on your desktop, notify your local information systems manager.

Many employees have received e-mail messages from friends and colleagues that contain instructions for implementing Year 2000 workstation "fixes." There is no need to take any action, other than deleting the message. Please do not make

any changes to your settings or software configuration since unauthorized work on your system can destabilize the work that has already been done.

If you have questions regarding end user activities and Year 2000 readiness, please refer to the End User Computing update in *Postal Bulletin 22002 (7-15-99)*.
