Celebrate The Century Express Educational Train Tour

The U.S. Postal Service and the nation's railway system have teamed up once again to bring the best of the mails and the rails to cities from coast to coast as the Celebrate The Century Express traveling history exhibition embarks on its second historic nationwide tour.

The Celebrate The Century Express is a specially outfitted four-car Amtrak train and traveling postal history exhibition that serves as the "iron ambassador" of the *Celebrate The Century* commemorative stamp and education program.

This colorfully painted Amtrak P42 Genesis series diesel locomotive pulls a restored vintage railway post office (RPO) car, a *Celebrate The Century* stamp exhibit car with educational multimedia displays showcasing how commemorative stamps bring American history to life, a classic business car, and a baggage car. The CTC Express exterior bears colorful images of many of the stamps from the 1900s through the 1990s. Its interior features multimedia educational exhibits geared toward students, history buffs, and both serious and casual stamp collectors. It is a history museum on rails that highlights the Postal Service's traditional role of binding the nation together through universal mail service.

Visitors will get a look at how mail once rode the rails aboard the vintage 1926 RPO car loaned by noted rail historian James Bistline of Alexandria, VA. The car was fully operational and in service until the 1970s. It was restored by Northern Rail Car of Milwaukee, WI.

Celebrate The Century Express began this 18-month journey last year in Tampa, FL. It has traveled more than 13,000 miles, visiting 36 cities in 18 states. The train was open to the public for 95 days, attracting more than 150,000 visitors, including thousands of schoolchildren.

"Last year's success proved that a visit by the Celebrate The Century Express is a unique opportunity for the Postal Service to rally together with communities large and small in a celebration of America's past as the country moves forward into the future," said Postmaster General William J. Henderson.

The CTC Express train has resumed its tour with a three-day kick-off event in Little Rock, AR, on April 20, followed by whistle stops in Mineola, TX; Temple, TX; Fullerton, CA; and San Diego, CA.

Leg two begins in Grand Canyon, AZ (May 31); Williams, AZ (June 2–4); Santa Fe, NM (June 9–11); Oklahoma City, OK (June 14); Wichita, KS (June 16–18); Kansas City, MO (June 23–25); Keokuk, IA (June 28–29); and Mendota, IL (July 2–4).

Leg three will begin in Ypsilanti, MI (July 15–16), and continue in Holland, MI (July 21–23); Monon, IN (July 26); Bloomington, IN (July 29–30); Bardstown, KY (August 4–6); Cincinnati, OH (August 9); and Huntington, WV (August 12–13). Subsequent legs of the tour are being finalized and will be announced soon. The train is expected to make at least 36 stops this year before concluding its two-year run in November 2000.

If you have not had an opportunity to tour this museum-on-rails, don't miss the chance when it comes to your area.

DMM REVISION

Manifest Mailings with Registered Items

Effective June 1, 2000, *Domestic Mail Manual* (DMM) S911.2.2 is revised to clarify standards for registered pieces that are paid with permit imprint as part of a manifest mailing.

DMM standards specify that registered items paid with permit imprint must have both the postage amount and the registry fee printed on the mailpiece as part of the permit imprint indicia. This revision clarifies that mailpieces that are part of a manifest mailing must have only the registry fee shown in the indicia; the postage amount does not have to be shown.

When postal employees see registered pieces paid with permit imprint in the mailstream, with only the fee shown, they are to assume that the correct postage has been paid and should *not* return the mailpieces for additional postage or fees.

This revision will appear in the next printed version of the DMM and is included in the monthly update of the online DMM available via Postal Explorer *(http://pe.usps.gov).*

DMM REVISION

Standard Mail (A) Weighted Fee

Effective June 1, 2000, *Domestic Mail Manual* (DMM) R600.8.5 is added to include computed rates for the Standard Mail (A) weighted fee. The weighted fee is charged *only* for Standard Mail (A) pieces endorsed "Address Service Requested" or "Forwarding Service Requested" that are returned to the sender. The fee is calculated by multiplying the single-piece First-Class Mail or Priority Mail rate (depending on the weight of the piece) by 2.472.

A description of the calculation for the weighted fee has appeared in DMM F010.5.3 since the inception of the weighted fee. The addition of this table to the DMM R module does not change how the fee is applied or the actual amount charged; the table is added to make it easier for customers and employees to determine the correct fee for returned pieces based on the weight of the piece.

The weighted fee directly covers the postage for the returned Standard Mail (A) piece and indirectly covers the postage for the forwarding of other Standard Mail (A) pieces from the same mailing. For every piece of Standard Mail (A) that is returned, it has been determined that 1.472 pieces are successfully forwarded. The single-piece First-Class Mail or Priority Mail rate, as appropriate, for the returned piece (1.000) is added to the estimated number of successfully forwarded pieces (1.472) for a total factor of 2.472. The fee is calculated individually for each piece and is rounded up to the next whole cent.

Example

A mailing of 3-ounce pieces endorsed "Address Service Requested" includes pieces to 25 customers who filed change-of-address orders with the Postal Service. Ten of those customers filed a change-of-address within the previous month, so their pieces are forwarded to them at no charge to the addressees; the sender is notified and charged for (separate) change-of-address notifications ($0.50 for manual, $0.20 for electronic). The other 15

customers filed change-of-address orders 17 months before the mailing. Those 15 pieces are returned to the sender and charged the weighted fee for each piece since these pieces could not be forwarded. Here's the calculation:

1 piece x 2.472 x $0.77 (First-Class Mail 3-ounce rate) = $1.91
15 pieces x $1.91 each = $28.65

Remember, each piece is calculated and rounded up separately to the nearest whole cent.

At first this may seem expensive. But remember, the sender is getting a lot of service for the weighted fees:

- 25 pieces of mail were "re-handled" by the Postal Service.
- 10 pieces were forwarded at no charge to the addressees.
- 10 change-of-address notifications were returned to the sender.
- 15 pieces were returned to the sender with each customer's new address attached.

Additional Resources

Postal employees should refer customers to an article in the June 1999 issue of the *Mailers Companion* that describes the weighted fee in detail and offers smart tips to mailers for how to use ancillary service endorsements to get the right service for their business. The *Mailers Companion* is available online at *http://www.usps.com* (click on *get info,* then *Postal Periodicals and Publications,* and then *Mailers Companion).*

These changes will be included in the monthly update of the online DMM available via Postal Explorer *(http://pe.usps.gov)* and will appear in the printed version of DMM Issue 56.

District Accounting Office Procedures for "Operation Switchover Retail Uniform"

"Operation Switchover Retail Uniform" is a temporary process for the initial distribution of new retail apparel items. It applies to uniform items purchased by retail employees from April 1, 2000, through March 31, 2001. This process does not apply to carriers, maintenance, or any other nonretail clerk in the uniform program. Accounting personnel must follow the guidelines outlined in this article to ensure proper payment of uniform invoices under a special pricing agreement with approved uniform vendors. With the exception of offices in the Pacific, Southeast, and Western areas, all offices will use these guidelines when inputting uniform invoices into the Uniform Allowance System. Offices in the Pacific, Southeast, and Western areas will continue to process uniform payments with the credit card payment system.

Under the purchase agreement, uniform vendors have agreed to provide a minimum of five new uniform tops and one piece of approved neckwear for a flat price of $125 or $140 (one year's allowance). Any invoice that does not provide the minimum quantity of approved items at the agreed upon price of $125 or $140 will be returned to the uniform vendor for collection from the purchasing employee. Invoices including uniform items not contained in the special agreement (shoes, coats, pants, etc.) will also be returned to the uniform vendor for collection from the purchasing employee. The employee who placed the order also must be sent a copy of the cover letter used to return the invoice to the uniform vendor.

Headquarters will provide a listing of eligible employees to all district accounting offices. Included with the listing will be additional instructions for use by the accounting staff at each district.

Timekeeping Changes for Extension to the 1995–1999 USPS–NRLCA National Agreement

The one-year extension of the 1995–1999 National Agreement between the Postal Service and the National Rural Letter Carriers' Association (NRLCA) contains provisions that require a change in timekeeping procedures for rural carriers. Specifically, the Agreement provides for changes in pay practices for certain instances when a regular carrier works a relief day. This article describes the procedures for recording work on relief days on the employees' time cards, effective May 20, 2000 (pay period 12-2000).

New DACA Codes

The following new DACA (Days Assigned Carrier Absent) codes have been added:

3 – Relief Day Worked Paid at 50%

5 – Relief Day Worked Paid at 150%

Under the provisions of the Agreement, there are now three ways in which a regular carrier may be compensated for working a relief day. These methods are listed in the chart below. Whenever a regular rural carrier (Des 71, FLSA Code B) works a relief day, the appropriate DACA code must be entered on the employee's time certificate for that day.

Relief Day Worked	Additional Compensation	Future Day Off (X Day)	DACA Code
Carrier is on relief day work list and opts to mutually agree to an X day.	None	Within 12 weeks* — scheduled immediately	R
Carrier is not on relief day work list, or carrier is on relief day work list **and** opts for 50% pay plus future X day.	50% daily evaluated pay	Within 12 weeks*	3
Carrier is on relief day work list **and** opts for 150% pay.	150% daily evaluated pay	None	5

** Excludes the beginning of the guarantee period through end of the designated Christmas period.*

Relief Day Work Hours

When a regular rural carrier works a relief day and DACA Code 3 or 5 is entered on PS Form 1314*, Regular Rural Carrier Time Certificate,* for that day, the hours worked on that day must be recorded on the time card. Enter the total hours *actually* worked on the relief day in the Travel Hours block of the time certificate. (The title of this block will be changed to Relief Hours. Until that change is made, old versions of the form may still be used and relief hours entered into the Travel Hours block). Include all hours worked on a relief day in the Actual Weekly Hours block on PS Form 1314. Relief day work hours are not recorded in the Travel Hours block if the day is recorded as DACA Code R.

The option of receiving 50% pay plus a future X day is not valid if the carrier works 56 or more hours in the week. If the carrier chooses this option, but then exceeds 56 work hours for the week, enter DACA Code 5 for that relief day. The carrier will be compensated at 150% of daily evaluated pay and will not receive a future X day.

X Days Not Received When Required

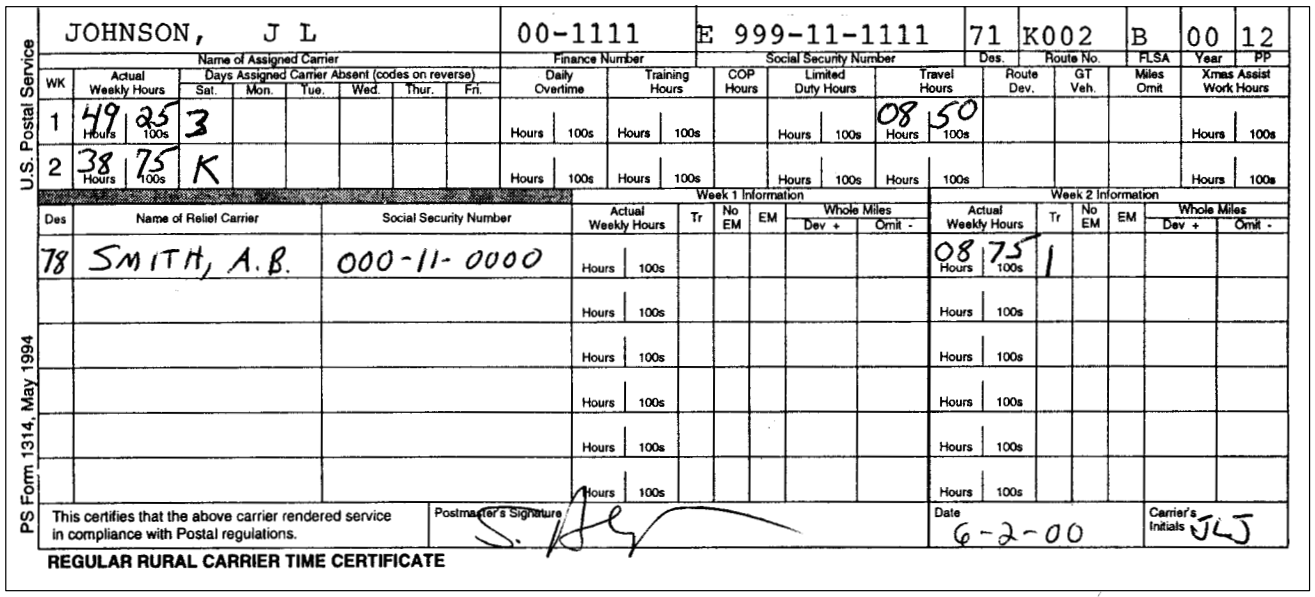

If the carrier does not receive an X day within 12 weeks of working a relief day on or after May 20, 2000, the carrier is entitled to 100% of the daily evaluated pay in lieu of the X day. When this occurs, submit a PS Form 2240-R, *Rural Pay or Leave Adjustment Request,* to change the original relief day from DACA Code 3 to DACA Code 5.

During the period from the beginning of the guarantee year through the end of the designated Christmas period, regular carriers who work a relief day that is recorded as DACA Code 3 must receive an X day in the same pay period. If the carrier does not receive a corresponding X day in the same pay period, the work on the relief day must be recorded as DACA Code 5, and the carrier is compensated at 150% of the daily evaluated pay for that day.

Example 1

Carrier is not on the relief day work list, but works 8.50 hours on the relief day in week 1.

- Enter DACA Code 3 in the block for the relief day.
- Enter the actual hours worked (8.50) in the Travel Hours block. Include these hours in Actual Weekly Hours.

Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

This listing will be provided to all Postal Service employees responsible for accepting and cashing Postal money orders. Do not cash new style money orders **000 000 001 to 692 600 000**. Advise holders to send invalid money orders to: Canada Post Corporation, Ottawa, Canada K1A 0B1. Check for altered dollar amounts by holding money orders to the light.

Priority Mail Global Guaranteed Expansion — More Countries, New Rates

Priority Mail Global Guaranteed (PMGG) is an international expedited service designed to meet customer needs for guaranteed day-certain delivery with tracking and tracing capability. It provides market-tested value in terms of both price and service. Effective May 28, 2000, we are expanding PMGG — you'll now be able to guarantee delivery to more than 200 countries worldwide. PMGG remains a documents-only service. Additionally, there are new multiple rate groups based on weight and destination. A half-pound package can be sent to Canada or Mexico for as little as $20 or to Singapore for $24.

The new PMGG *Service Guide,* effective May 28, 2000, is your reference for countries and cities served and for allowable contents. You'll notice changes to this *Service Guide* — it's larger because it contains more countries and territories and includes a country listing with the appropriate rate group and rates. It's very important that you use the *Service Guide* to ensure that you follow proper acceptance procedures. Acceptance errors could cause a PMGG mailpiece to be returned to sender.

We'll use the same PMGG label as before. When assisting a customer with the label, be sure that all the blocks are filled in. Please make sure the customer signs the label and lists the contents. Always refer to the PMGG *Service Guide* for allowable contents. Every country is different in what they allow into their country as documents. (Remember that PMGG is transported out of the United States, cleared through commercial customs, and delivered by DHL Worldwide Express, Inc. Therefore, allowable contents may vary from what you may be used to accepting for other postal services.) Be certain to inform customers of the price and guaranteed delivery day (other countries may have different weekend days or holidays).

There are some changes in the operations of the POS/IRT equipment. All the countries and rates are listed in the machines. Refer to the *Service Guide* to confirm cities served, guaranteed delivery day, and allowable contents.

The efforts of retail employees have led to customer awareness and satisfaction and increased PMGG volume. We can increase customer satisfaction even more by listening to their needs. When you ask them "When would you like this delivered?" and they respond with "by the end of the week" or "has to be there by Friday," you can tell them with confidence that PMGG is the premier international guaranteed service they're looking for with a confirmation of delivery.

Plans for further enhancements to PMGG service are forthcoming. If you have questions, refer to the *Service Guide* or your district coordinator. Also call your coordinator if you need an additional *Service Guide.* Check the Web site, *www.pmgg.usps.com,* for additional information.

IMM AND PUBLICATION 51 REVISION

International Mail — Priority Mail Global Guaranteed (PMGG)

Effective May 28, 2000, the *International Mail Manual* (IMM) and Publication 51, *International Postal Rates and Fees,* are revised to reflect the implementation of new Priority Mail Global Guaranteed (PMGG) postage rates and the extension of PMGG service to a significant number of additional destination countries.

PMGG is an expedited delivery service for documents that is the product of a business alliance between the U.S. Postal Service and DHL Worldwide Express Inc. It provides senders with reliable, high-speed, time-definite service from designated U.S. Zip Code areas to principal locations in most countries and their territorial possessions. Service is guaranteed to meet destination-specific delivery standards, or postage will be refunded.

The revisions to part 215 and the Individual Country Listings will be incorporated into the printed version of *International Mail Manual* (IMM) Issue 23 and the next printed version of Publication 51, *International Postal Rates and Fees.* They will also be reflected in the online IMM and Publication 51, which can be accessed via Postal Explorer *(http://pe.usps.gov).*

Prior to the May 28 implementation date, affected postal installations will receive software for their respective integrated retail terminals (IRTs) or point-of-service (POS) ONE terminals.

International Mail — Changes in International Postal Rates

Pursuant to its authority under 39 U.S.C. 407, the U.S. Postal Service announces the implementation of new postal rates for the following categories of international surface mail:

- Regular printed matter items and small packets mailed to Mexico.
- Books and sheet music mailed to Mexico and to all other countries *except Canada.*

These rate changes are effective at 12:01 a.m. on Sunday, May 28, 2000. Prior to May 28, postal installations will receive updated software for use with integrated retail terminals (IRTs) and point-of-service (POS) terminals.

The applicable changes to the Individual Country Listings will be incorporated into the printed version of *International Mail Manual* (IMM) Issue 23 and the next printed version of Publication 51, *International Postal Rates and Fees*. They will also be reflected in the online versions of the IMM and Publication 51, both of which can be accessed via Postal Explorer *(http://pe.usps.gov).*

ICM UPDATE

International Customized Mail

On April 3, 2000, the U.S. Postal Service (USPS) amended an International Customized Mail (ICM) service Agreement dated October 20, 1999. The Amendment modifies the qualifying rate charts for Global Direct — Canada mail in Annex 1 to the Agreement. In accordance with *International Mail Manual* (IMM) 294, the Postal Service previously announced entering into an International Customized Mail service Agreement with this qualifying mailer and hereby makes public the following information regarding this Amendment:

a. Term: April 17, 2000, through December 31, 2000.

b. Type of mail: *Global Direct — Canada.*

c. Destination countries: Canada.

d. Service provided by the Postal Service: The Postal Service has agreed to:

1. Furnish the mailer with the equipment and other supplies the mailer is required to use for qualifying mail.
2. Provide the mailer or mailing agent with the training necessary to prepare ICM mail in conformity with the requirements for qualifying mail.
3. Arrange with air and surface carriers, as appropriate, for qualifying mail to be transported internationally for delivery by the proper postal authority.
4. Provide a mutually agreed upon level of sales support.

e. Minimum revenue commitments: The mailer has agreed to a minimum requirement of $10 million of combined ISAL, IPA, and Global Direct revenue during Postal Fiscal Year (PFY) 2000. If the mailer does not tender $10 million of combined ISAL, IPA, and Global Direct revenue during Postal Fiscal Year 2000, the mailer must reimburse the USPS the amount of the additional discount it received above the qualifying discount earned subject to this Agreement in accordance with Exhibit 1.

f. Worksharing: The mailer has agreed to tender the mailpieces to be delivered under this Agreement in accordance with USPS preparation requirements.

g. Rates: Based on a commitment of $10 million annually for postage for international mail, the mailer will receive a fifteen and one-quarter percent (15.25%) discount off of non-discounted published rates for ISAL and IPA mail in effect on the mailing date. If the mailer does not pay at least $10 million in postage for international mail during all of PFY 2000, the discount for ISAL and IPA mail will be determined by the amount of postage paid during PFY 2000 in accordance with Exhibit 1. Based on a commitment of $10 million in postage annually for international mail, the mailer will pay the rates for Global Direct — Canada Admail and Global Direct — Canada Publications mail as detailed in Exhibit 2.

New Linerless Self-Adhesive Stamp Coils

The 33-cent *Fruit Berries* linerless self-adhesive stamp coil (Item Number 777400, coil of 100) has the following features and characteristics that need to be conveyed to postal customers. The main impetus of producing this new product is to be environmentally responsible and to practically avoid costs. The elimination of backing liner and plastic coil container saves material resources and could potentially reduce production and storage costs.

Features:

1. A tab of leading liner is attached on the first stamp to facilitate the initial application, and a small strip of liner is attached to the last five stamps for adhesive protection.
2. The stamps are packaged in sticks of five coils that are attached to one another, with scorings between adjacent coils.
3. Each individual coil is shrink-wrapped and printed with product information and barcode. Arrow symbols and the words "Tear Here" are also printed to indicate scored lines for opening.
4. The stamp images are re-oriented by 90 degrees to facilitate use by left-handed as well as right-handed customers.

Characteristics:

1. The stamps use USPS-qualified environmentally benign pressure-sensitive adhesive.
2. The coil is designed to be used manually. No dispenser will be offered by the USPS.
3. The stick format of packaging saves storage space and thus reduces inventory costs.

Philatelic Products

There are no philatelic products associated with these stamps.

STAMPIN' THE FUTURE® PROGRAM

Kids' Educational Summer Fun Sponsored by the U.S. Postal Service and the U.S. Department of Education

The future is coming — this summer.

Stampin' The Future®, that is. As part of its highly successful series of education programs, the United States Postal Service, together with the U.S. Department of Education, will sponsor a Stampin' The Future summer education extension kit for kids across the country.

Launched from the new, kid-designed *Stampin' The Future* stamp issue, this kit rockets kids into a world of stamp collecting fun. It features 11 six-inch by nine-inch activity cards full of stamp scavenger hunts, craft activities, puppet shows, and picture games. Kids will learn how to collect and protect their stamps, create and write stamp greeting cards, explore international stamp collecting, design giant stamp place mats, hunt for stamps, and trade for favorites.

Slated for distribution in the latter part of June 2000, the Stampin' The Future kit will go to the Department of Education's 21st Century Community Learning Center programs, park programs, all kinds of summer camps, library youth programs, and other youth groups across America. The kit's colorful cards will feature the new U.S. *Stampin' The Future* stamps as well as some *Stampin' The Future* stamp designs from kids around the world.

The brainchild of Azeezaly S. Jaffer and others at USPS, Stampin' The Future challenged children from the United States and 27 countries to design stamps based on their own visions of the future. More than 120,000 children in the United States participated. The four American winners will meet some overseas winners at the World Kids' Congress this summer in Anaheim, CA. Hosted by the USPS as part of the World Stamp Expo 2000 (July 7–16), the contest winners will join postal authorities from participating countries for the official *Stampin' The Future* issuance ceremony.

Be sure to keep your eyes peeled for more exciting news about ongoing USPS youth programs and what they are bringing to kids where you live.

Retrieval of Plastic Label Holders

The Mail Transport Equipment Office has been notified that postal facility opening units (LDC 010) are not saving the plastic label holders used to close and address plastic sacks destinating at their locations. It has also been noted that the national inventory of plastic label holders has fallen far below the inventory levels of sacks on which they are used.

Plastic label holders are reusable and must not be thrown away. They should never be intentionally removed from the draw tapes of sacks on which they are attached. After each plastic sack is emptied, the label should be removed from the label holder, and the sack/label holder combination should be prepared for return to the serving mail transport equipment service center.

Label holders found to be separated from their sacks should be consolidated for return to the mail transport equipment service center, along with the sacks. Please contact your serving area mail transport equipment specialist for more site-specific shipping information.

Equipment Maintenance Allowance Schedule for Rural Routes

Rural Carriers

In accordance with provisions of Article 9, Section 2.I.3 of the Rural Carrier National Agreement, effective January 1, 2000 (pay period 02-00), the equipment maintenance allowance (EMA) will increase from 36.0 cents per mile to 37.0 cents per mile.

The EMA is now the greater amount of 37.0 cents per mile or a minimum of $14.80 per day.

Auxiliary Rural Carriers, Rural Carrier Reliefs, Rural Carrier Associates, and Auxiliary Assistance

Employees providing auxiliary assistance or serving auxiliary routes under provisions of Article 9, Section 2.I.5, receive an EMA of 37.0 cents per mile or $4.30 per hour, whichever is greater, not to exceed the amount provided in the special equipment maintenance for the route stops and miles.

EMA Rate Schedule

The EMA rate schedule on pages 85–86 supersedes all previously published EMA schedules for employees receiving EMA.

Optional EMA Rate

The optional EMA rate, effective November 7, 1998, remains at $0.55 cents per mile.

Thrift Savings Plan Open Season and *PostalEASE*

The next Thrift Savings Plan (TSP) open season is May 15 through July 31, 2000. TSPBK08, *Summary of the Thrift Savings Plan for Federal Employees* (NSN is 7530-03-000-9364; unit of issue is EA; bulk pack quantity is 150; edition date is March 1997), provides a good overview of TSP. The following information should assist personnel offices in conducting this open season.

PostalEASE Used for Enrollment

The *PostalEASE* telephone enrollment system is the method employees *must* use to make TSP open season elections. Personnel and employing offices must not distribute TSP1, *Thrift Savings Plan Election Form,* to employees for making TSP open season elections. TSP1 is no longer stocked at the material distribution center (MDC).

Direct Mailings to Employees

Direct mailings to employees include the following:

- Career employees receive from the national level a direct mailing of leaflet TSP0500, *TSP Open Season* (NSN is 7530-05-000-0701; unit of issue is EA; bulk pack quantity is 4,800), and *PostalEASE* instructions at their mailing addresses of record during May.
- Career employees newly eligible to participate in TSP also receive from the national level a direct mailing of an enrollment package that contains a cover letter and TSP BK08, *Summary of the Thrift Savings Plan for Federal Employees* (March 1997), during May.

The return address for undeliverable TSP enrollment packages for newly eligible employees is the employing office of record. The disposition of returned items is at the discretion of the district office or other administering office. Forwarding a returned enrollment package to an employee offers that employee an opportunity to submit a correct PS Form 1216, *Employee's Current Mailing Address* (NSN is 7530-02-000-7354; quick pick number is 118; unit of issue is SE; bulk pack quantity is 4,000).

Eligibility

Career employees hired before January 1, 2000, are eligible to participate in this open season. Also, career employees hired before July 1, 2000, and previously eligible to participate in a TSP open season during a prior appointment are eligible.

All employees who participated in TSP and cancelled their TSP contributions after January 31, 2000, are *not* eligible to participate in this TSP open season. They must wait for the TSP open season beginning October 15, 2000.

Effective Dates

The windows of opportunity for employees to make TSP open season elections via *PostalEASE,* which automates the processing of TSP elections, and the resulting effective dates are as follows:

If employee enters TSP open season election via *PostalEASE* from...	Then effective date will be
5-15-00 8:00 a.m. through 7-11-00 12:00 noon Central Time (CT)	7-1-00 (PP 15-2000)
7-11-00 12:01 p.m. through 7-25-00 12:00 noon CT	7-15-00 (PP 16-2000)
7-25-00 12:01 p.m. through 7-31-00 5:00 p.m. CT	7-29-00 (PP 17-2000)

Because *PostalEASE* provides employees the ability to complete a TSP open season election without contacting the local personnel office and automates the processing of such elections, it should minimize use of PS Form 6886, *Thrift Savings Plan Request for Retroactive Contributions,* which is completed in cases of administrative error for TSP open season elections. Personnel offices have the authority to determine whether an administrative error has occurred; if an error has delayed a TSP open season election past the appropriate effective date, personnel and the employee must complete PS Form 6886 and submit it to the Eagan Accounting Service Center (ASC). The effective dates for elections delayed due to administrative error must be made retroactive to July 1, 15, or 29, 2000, depending on the date the employee would have otherwise entered his or her open season election via *PostalEASE*. (PS Form 6886, which was published in *Postal Bulletin* 21665 (3-31-88), must be reproduced locally as needed.) Personnel offices also have the authority to determine whether a belated open season election opportunity exists. If so, personnel must submit the employee's election to the Eagan ASC for processing, in accordance with administrative instructions provided to personnel offices regarding *PostalEASE.* Belated open season elections are not retroactive in most circumstances.

Note: Processing deadlines and the closing date of this TSP open season require using a third pay period effective date for elections received from 12:01 p.m. CT on July 25, 2000, through 5:00 p.m. CT on July 31, 2000.

Open Season Materials

In addition to the direct mailing of TSP information to employees, the MDC will automatically distribute residual supplies of the open season leaflet (TSP0500) and summary (TSPBK08) to Human Resources at district offices, area offices, processing and distribution centers, bulk mail

centers, airport mail centers, remote encoding centers, the Employee Service Center for the DC Metro Area, Office of Inspector General, Inspection Service divisions, Headquarters, and selected Headquarters field units. (The August 1996 and July 1995 versions of TSPBK08 are still valid and may be used if the March 1997 version is unavailable. All prior versions of this item are obsolete and must be recycled.) The MDC expects to distribute the extra materials listed above during June 2000.

Offices that would like any other TSP materials for use during the open season must order a supply from the MDC, which will fulfill the order if the materials have been provided by the TSP.

Participant Statements

Employees with a TSP account receive a participant statement from the TSP Service Office in May 2000.

Publicity

Human Resources at district offices, area offices, processing and distribution centers, bulk mail centers, airport mail centers, remote encoding centers, Office of Inspector General, Inspection Service divisions, Headquarters, and selected Headquarters field units receive a supply of posters this open season from TSP. Installations that receive the posters must widely distribute and post them on bulletin boards.

To assist in publicizing the TSP open season, all offices must post (1) the open season notice on page 89 of this *Postal Bulletin* through July 31, 2000 *and* (2) the current TSP fact sheet on bulletin boards.

Federal Employees' Group Life Insurance (FEGLI)

1999 Open Enrollment Period

April 24 through July 30, 1999

This is a reminder to all employees who made an Open Enrollment Election last year on the RI 76-27, FEGLI '99 Open Enrollment Period Election Form.

WHAT: The Office of Personnel Management (OPM) offered all career employees the opportunity to elect new life insurance coverage under the Federal Employees' Group Life Insurance (FEGLI) program.

WHEN: For those employees who made an election during the open enrollment period and who now meet pay and duty status requirements (see below), their new coverage took effect May 6, 2000. The new premium deductions will be reflected in the May 26, 2000, paychecks.

PAY AND DUTY STATUS REQUIREMENT

FEGLI requires that before coverage becomes effective, a full-time employee must be in a pay *and* duty status for at least 32 hours during the pay period before the effective date. Being on annual or sick leave, for example, represents pay status only, not pay *and* duty status. A part-time employee with a regularly scheduled tour of duty must be in a pay *and* duty status for one-half the regularly scheduled tour of duty, during the pay period prior to the effective date, for an election to become effective. An employee who is without a regularly scheduled tour of duty (for example, a part-time flexible employee) or who is employed on an intermittent basis must be in a pay *and* duty status for one-half the number of hours customarily worked, during the pay period prior to the effective date, for an election to become effective. An open enrollment period election cannot become effective until the pay *and* duty status requirements are met and will *automatically* become effective when they are met.

*Through 1990 the F Fund was invested in the Wells Fargo Bond Index Fund.

The C Fund is invested in the Barclays Equity Index Fund, which tracks the S&P 500 stock index. The F Fund is invested in the Barclays U.S. Debt Index Fund, which tracks the Lehman Brothers Aggregate Bond index. Because of expenses and changing balances in the C and F Funds, their returns vary from Barclays' returns. The G Fund is invested in special issues of U.S. Treasury securities.

Future performance of the three funds will vary and may differ significantly from the returns shown above. See the "Summary of the Thrift Savings Plan" for detailed information about the funds and their investment risks.

The monthly C, F, and G Fund returns represent net earnings after deduction of accrued administrative expenses. The C and F Fund returns also reflect the deduction of trading costs and accrued investment management fees.

The C, F, and G Fund monthly returns are dollar-weighted: they reflect net earnings on the changing balances invested during the month. The C, F, and G Fund returns for the last 12 months assume, except for the crediting of earnings, unchanging balances (time-weighting) from month to month and that earnings are compounded on a monthly basis.

Product recall notices

Consumers can check out important information about product recalls at their post offices. The Postal Service is working with the U.S. Consumer Product Safety Commission (CPSC) to alert consumers of products that have been recalled because of safety concerns. Product recall notices will be posted in postal lobbies.

The notices were included in the Spring 2000 Drive Period kit. Check the planogram for information about placement in the Box Lobby zone.

Any sites that still need a recall notice can call their district retail manager for an extra copy. Watch your Summer/Fall kit for a new recall notice. More information will be included in the next issue of *Postal Bulletin*.

Delivery Confirmation

Delivery Confirmation service to United States territories and possessions (with the exception of Puerto Rico and the U.S. Virgin Islands) and freely associated states, as listed below and in DMM section G011.2.0, is indefinitely suspended (effective April 20). Accordingly, that service will no longer be available for mailpieces addressed to these destinations. This service suspension stems from insufficient telecommunication capabilities in these areas to support the capture and reliable transmission of data required for Delivery Confirmation service. As communication capabilities are updated in these areas, consideration will be given to providing Delivery Confirmation service or other services that require communications support.

Integrated retail terminals (IRTs) and POS ONE terminals will be updated later this year to disallow Delivery Confirmation service to the identified destinations. In the meantime, retail personnel must refer to the list on the following page to determine which destinations are not served.

Interagency Agreement

The U.S. Postal Service (USPS) and the Selective Service System (SSS) have an Interagency Agreement whereby the U.S. Postal Service agrees to facilitate Selective Service registrations at all classified post offices, stations, and branches. The agreement does not extend to contract post offices. The SSS reimburses the USPS for its participation in the SSS registration program. Here are answers to some frequently asked questions.

Where can I get a supply of SSS registration forms?

Selective Service items may be ordered through the Material Distribution Center (MDC) by using Touch Tone Order Entry (TTOE); sending via cc:mail a completed PS Form 7380, *MDC Supply Requisition*; or mailing PS Form 7380 to:

What are the current post office responsibilities?

Registration materials must be available in the post office lobby unless for security reasons it is not advisable. There should be no blue and gray SSS Form 1s or Registration Forms at any U.S. Post Office. For registration of young men, there should be only SSS Form 1M(UPO) and Registration Mail-Back Form at U.S. Post Offices.

What's in Store

There are four easy steps to insure a successful Selective Service Registration program:

1 Requisition these materials from MDC Supply Requisitions, as described on the previous page.

2 Check several times a week to make sure adequate supplies are on display at the service table areas or behind the counter. When stocks of registration forms and materials are near depletion, request resupply of registration materials through normal distribution channels at the MDC.

3 If a prospective registrant comes into the post office to register, direct him to the counter Display Box 45 at the service table area where he may retrieve a Mail-Back Registration Form and an SSS Form 1M(UPO). If forms are kept behind the counter for security reasons clerks will have to provide the registrant with the requested form.

4 If asked by the perspective registrant how to register, instruct him to complete the Mail-Back Form and an SSS Form 1M(UPO) according to the directions and mail the form (with the proper postage) directly to Selective Service for processing.
