The Postal Bulletin.

ISSUED FROM THE OFFICE OF
GEN'L SUP'T RAILWAY MAIL SERVICE
JAMES E. WHITE, GEN'L SUP'T.

Mode of Address for Packages for Peru.

POST OFFICE DEPARTMENT,
OFFICE OF FOREIGN MAILS,
WASHINGTON, D. C., Jan. 5, 1894.

The Postal Administration of Peru has called attention to the circumstance that packages of printed matter mailed in other countries frequently reach Peru with the wrappers so torn that the addresses are illegible, and consequently the packages cannot be delivered.

To remedy this evil the Peruvian office recommends that the address of such packages be written not only on the wrapper of the package but on the article itself; so that if the wrapper should be entirely destroyed the article itself would show for whom it was intended, thus rendering its delivery possible.

The foregoing recommendation applies to articles destined for any foreign country, and postmasters will please cause the attention of the public to be called thereto.

By direction of the Postmaster General.
N. M. BROOKS,
Superintendent of Foreign Mails.
