ORDERS OF THE POSTMASTER GENERAL.

Treatment of Undelivered Registered Letters and Parcels Originating in Foreign Countries, Except Cuba, Canada and Mexico; and of Registered Mail From All Countries When Addressed to Persons Who Are Deceased.

OFFICE OF THE POSTMASTER GENERAL,
WASHINGTON, D. C., May 22, 1903.

ORDER No. 494.

Section 948 of the Postal Laws and Regulations, Edition of 1902, is amended to read as follows:

SECTION 948. Should a registered letter or parcel originating in a foreign country, other than Cuba, Canada or Mexico, remain undelivered for thirty days after its receipt, or for three months if specially held for delivery, it must, even though bearing the name and address of the sender, or a return request, be indorsed with the cause of its non-delivery and sent to the Dead Letter Office in the manner prescribed in Section 890.

2. When an undelivered registered letter or parcel originating in any foreign country is accompanied by a return receipt, such receipt must be indorsed in the same manner as the registered letter or parcel and must not be detached therefrom.

3. When a registered letter or parcel originating in any foreign country is addressed to a person who is dead, delivery may be made only to the legal representative of the addressee. If such delivery can not be made, the letter or parcel must be indorsed with the cause thereof and disposed of as prescribed in paragraph 1 of this section, or, in the case of letters and parcels from Cuba, Canada and Mexico, in accordance with amended Section 949. If claimed by a relative of the deceased addressee, such relative may be furnished with the sender's name and address, if possible.

H. C. PAYNE,
Postmaster General.

OFFICE OF THE POSTMASTER GENERAL,
WASHINGTON, D. C., May 22, 1903.

ORDER No. 495.

Section 675 of the Postal Laws and Regulations is amended to read as follows:

SECTION 675. Undeliverable matter of the second, third and fourth classes may be returned, but only after the postage for such return shall have been paid. The rate of postage for the return of matter of the third and fourth class is the same as that chargeable when it was first mailed; but the rate for the return of matter of the second class is one cent for every four ounces or fraction thereof.

2. When postage shall have been furnished for the return of matter as herein provided, the postmaster must affix the necessary stamps to each separately addressed piece, cancel the stamps, make the necessary change in address, and promptly return the matter.

3. If matter of the second, third or fourth class of *obvious value* is undeliverable, the postmaster must notify the sender of that fact by card notice (Form 3540) and give him an opportunity to furnish the return postage, or in the case of third and fourth class matter to withdraw the matter, if he so prefers, from the mails (either himself or through some person authorized by him), at the office where it is held, upon payment of one cent postage for each card notice sent him. The stamp representing such postage must be attached to the card notice (Form 3540) when presented, or be affixed to the matter itself when withdrawn, and be canceled by the postmaster.

4. No more notices of non-delivery of third or fourth-class matter than are actually necessary should be sent. When there are several pieces of undeliverable third or fourth class matter of *obvious value*, from the same sender, one notice on Form 3540 may be used to cover as many of such pieces as practicable, and the form should be suitably altered with the pen to show that it is for a bulk number of pieces, the names and addresses on which are not to be given unless demanded; but when demanded, a separate notice must be furnished for each piece and postage therefor be collected accordingly as provided in paragraph 3. When the sender himself, or through some person authorized by him, upon receipt of a bulk notice, elects to withdraw such matter from the mails at the office of address, all pieces covered by such notice must be withdrawn at the same time. Such pieces may not be distributed among several persons. (Note:—There is no provision of law by which the sender of undeliverable second class matter may withdraw it in this manner from the mails at the office of address.)

5. Under the foregoing provisions, undeliverable matter of the third and fourth classes addressed for local delivery at the office of mailing, must not be returned to the sender by letter carrier, or by rural free delivery carrier, without a new payment of postage on each piece at the rate chargeable thereon when the matter was originally mailed.

6. Undeliverable matter of the second, third or fourth class ("nixies") received at a terminal office from railway postal clerks must be treated as hereinbefore provided, and as if such office were the post office of original address.

See Section 485 as to statute requiring new postage; Sections 571 and 572 as to return of matter to sender before dispatch where postage is unpaid, or the matter is misdirected, without payment of new postage; Section 627, note, as to sending local matter redirected to new address without new postage.

H. C. PAYNE,
Postmaster General.
