

DAILY BULLETIN

OF

ORDERS AFFECTING THE POSTAL SERVICE.

VOL. XXXIII.

POST OFFICE DEPARTMENT, WASHINGTON, FRIDAY, JULY 26, 1912.

NO. 9884

The Daily Postal Bulletin

ISSUED FROM THE OFFICE OF
THE POSTMASTER GENERAL.

ORDER OF THE POSTMASTER GENERAL.

OFFICE OF THE POSTMASTER GENERAL,
WASHINGTON, July 25, 1912.
ORDER NO. 6431.

Postmasters of the first, second and third classes in the State of New Jersey are granted leave of absence for as many days, not exceeding eight, as may be necessary to enable them to attend the convention of the New Jersey Association of Postmasters, to be held at Atlantic City, N. J., Sept. 2, 3, and 4, 1912.

FRANK H. HITCHCOCK,
Postmaster General.

Undelivered Letters from Geological Survey.

OFFICE OF FIRST ASST. P. M. GEN.,
WASHINGTON, July 23, 1912.

The attention of postmasters is called to the necessity for complying strictly with the ten-days' return requests on letters mailed by officers of the Geological Survey.

All specific requests on undelivered letters should be carefully observed, and if no time is specified by the writers, card letters should be returned in accordance with the provisions of Section 672, Postal Laws and Regulations, as amended. See paragraph 63, page 56, Official Postal Guide of July, 1912.

C. P. GRANDFIELD,
First Asst. P. M. Gen.

Billing of Registered Mail Received from, or Addressed to, Foreign Countries.

OFFICE OF THIRD ASST. P. M. GEN.,
WASHINGTON, July 24, 1912.

To Those Concerned:

A number of reports have been received to the effect that postmasters and railway postal clerks are not properly billing registered mail received from, or addressed to, foreign countries.

In dispatching registered mail addressed for delivery in foreign countries postal employees will record the foreign address (post office and country), and not the name of the United States exchange offices to which the registered matter is to be sent. In billing registered mail received from foreign countries postal employees will record the foreign post office and country of origin, and not the United States exchange or other office from which registered matter in transit is directly received. See Article 54, Paragraphs x and y, page 82, of the July, 1912, Postal Guide.

Frequently foreign registered letters have registration labels attached with the name of the post office of origin printed thereon, which will enable postal employees to determine the office of origin, even though the postmark is indistinct. Information as to the name of the country of origin can frequently be obtained from the postage stamps borne by the article. In cases where it is impracticable to determine the post office and country of origin postal employees should write as much of the names of the office and country of origin as is known and add in parenthesis the word "foreign," followed by the name of the exchange office at which the registered matter was first received.

JAMES J. BRITT,
Third Asst. P. M. Gen.

Dispatches of Registered Mail in Pouches or Sacks Closed With Rotary Locks.

OFFICE OF THIRD ASST. P. M. GEN.,
WASHINGTON, July 25, 1912.

To Those Concerned:

Add the name of Burley, Idaho, to the list published on pages 91 to 93 of the July, 1912, Postal Guide of post offices of the third and fourth classes, branch post offices and named stations (independent or otherwise) in possession of rotary-lock keys, and therefore authorized to make as well as receive dispatches of registered mail closed with rotary locks.

JAMES J. BRITT,
Third Asst. P. M. Gen.
