DANIEL WEBSTER COMMEMORATIVE POSTAGE STAMP

THIRD ASSISTANT POSTMASTER GENERAL,
Washington, August 29, 1932.

Postmasters and postal employees are hereby notified that arrangements are being made to issue a special postage stamp to mark the one hundred and fiftieth anniversary of the birth of Daniel Webster, which is being appropriately celebrated this year.

The stamp is the same size as the regular issue, 75/100 by 87/100 inch in dimensions. The stamp is of the 3-cent denomination, printed in purple. The central subject is a full face likeness of Daniel Webster, reproduced from a marble bust. In a semicircular white ribbon panel, with folded ends, over the portrait and touching the border at top and sides are the words "United States Postage" in small solid roman letters. In an upright oval panel with white edge and solid background in each lower corner is the numeral "3" in white roman. In a panel with solid background, connecting the ovals, is the word "Cents" in white roman. Above the base panel is a narrow ribbon with folded ends which extend over the ovals containing the denomination numerals. In the center of this ribbon at the base of the portrait are the words "Daniel Webster" in dark roman letters, and in the folded ends are the dates "1782" at the left and "1932" at the right. On either side, extending from the top of the stamp to the ovals in the lower corners and partially obscured by the end of the semicircular panel, is a fasces. The stamp is inclosed in a narrow white line border.

The Daniel Webster commemorative stamp will be first placed on sale October 24, 1932, at Exeter, Franklin, and Hanover, N. H., and at other post offices on October 25, or as soon thereafter as production will permit. The Daniel Webster stamp will also be on sale at the Philatelic Agency on October 25 for the benefit of stamp collectors, but the agency will not prepare first day covers.

Postmasters at direct and central accounting post offices may obtain a limited supply of the new stamps by requisition on the department, using Form 3201-A, indorsed "Webster." Postmasters at third-class and fourth-class post offices may submit requisitions on Form 3338, with required remittance of postal funds, to the central accounting postmaster for needed supplies of the new stamp.

Stamp collectors desiring first-day cancellations of the Daniel Webster stamp may send a limited number of addressed covers, not to exceed a total of 25, to the postmasters at the above named post offices, with a cash or postal money-order remittance to exactly cover the value of the stamps required for affixing; *other postage stamps will positively not be accepted in payment.* Covers will be accepted from individual subscribers only, and each cover must be properly and legibly addressed; covers bearing pencil addresses will not be accepted. Special care must be taken in addressing covers to bear blocks of four of the stamps to allow sufficient clear space for the attaching of the stamps. Compliance can not be made with unusual requests, such as for the affixing of stamps bearing plate numbers or the irregular placing of the stamps on covers, etc. Requests for a supply of uncanceled stamps must not be included with orders for first-day covers. If uncanceled stamps of the new commemorative issue are desired for collection purposes, a separate order should be sent to the Philatelic Agency, Division of Stamps, Post Office Department, Washington, D. C., and it will receive prompt attention.

F. A. TILTON,
Third Assistant Postmaster General.

WILLIAM PENN COMMEMORATIVE STAMP

THIRD ASSISTANT POSTMASTER GENERAL,
Washington, August 29, 1932.

Postmasters and employees of the Postal Service are notified that the department is preparing to issue a special postage stamp in the 3-cent denomination to commemorate the two hundred and fiftieth anniversary of the arrival of William Penn in America.

The stamp is of the same size and shape as the stamps of the regular issue, seventy-five one-hundredths by eighty-seven one-hundredths inch in dimensions, and is printed in purple ink. In a horizontal line across the top of the stamp are the words "United States Postage" in small solid Roman letters. In the center of the stamp is the likeness of William Penn in armor, reproduced from an engraving of a portrait painted from life in 1666, the original of which is in the possession of the Pennsylvania Historical Society. On either side of the head, running perpendicularly, are the dates "1682," the year of William Penn's arrival in America, at the left, and "1932" at the right. Within an upright rectangle with white edges and solid background, in each lower corner, is a white keystone bearing the numeral "3" in solid Gothic. In a narrow panel across the base connecting the corner rectangles is the word "Cents" in white Gothic. Below the portrait on a narrow white ribbon panel is the name "William Penn" in small solid Gothic letters.

The William Penn commemorative stamp will be first placed on sale October 24, 1932, at the post offices in New Castle, Del., Chester, Pa., and Philadelphia, Pa. The stamp will be on sale at other post offices beginning October 25 or as soon thereafter as distribution can be made. The William Penn stamp will also be placed on sale at the Philatelic Agency, Division of Stamps, Post Office Department, Washington, D. C., on October 25, for the benefit of collectors. The agency will not, however, prepare covers.

Postmasters at direct and central accounting post offices may submit separate requisitions to the department for a limited supply of the William Penn stamp, using Form 3201-A, indorsed "William Penn." Postmasters at district post offices may obtain a small quantity of the William Penn stamp by requisition on the central accounting postmaster.

Stamp collectors desiring first day cancellations of the William Penn stamp may send a limited number of addressed covers, not to exceed a total of 25, to the postmasters at the offices designated above, with a cash or postal money-order remittance to exactly cover the value of the stamps required for affixing; *other postage stamps will positively not be accepted in*

payment. Covers will be accepted from individual subscribers only, and each cover must be properly and legibly addressed; covers bearing pencil addresses will not be accepted. Special care must be taken in addressing covers to bear blocks of four of the stamps to allow sufficient clear space for the attaching of the stamps. Compliance can not be made with unusual requests, such as for the affixing of stamps bearing plate numbers or the irregular placing of the stamps on covers, etc. Requests for a supply of uncanceled stamps must not be included with orders for first-day covers. If uncanceled stamps of the new commemorative issue are desired for collection purposes, a separate order should be sent to the Philatelic Agency, Division of Stamps, Post Office Department, Washington, D. C., and it will receive prompt attention.

F. A. TILTON,
Third Assistant Postmaster General.

NEW 8-CENT AIR MAIL STAMPS AND STAMPED ENVELOPES

THIRD ASSISTANT POSTMASTER GENERAL,
Washington, August 29, 1932.

Postmasters and employees of the Postal Service are notified that the department is preparing to issue air mail stamps and air mail stamped envelopes in the 8-cent denomination, to conform to the new air mail rate which became effective July 6, 1932.

The 8-cent air mail stamp is of the same size, shape, and design as the 5-cent air mail stamp of the current issue, containing a reproduction of the insignia of the air mail service as the central design. No modification has been made except to substitute the denomination numeral "8" in the circular panel in each lower corner and to change the color to olive green.

The 8-cent air mail envelopes are of the same general style as those heretofore issued in the 5-cent denomination, having a distinctive border printed in red and blue and with embossed stamps of corresponding design showing an air mail plane in flight as the central subject on a dark background, underneath which is the large numeral "8" in white. The stamp is printed in olive green. The issuance of 8-cent air mail envelopes will be restricted to sizes Nos. 8 and 13, standard quality, white, with or without printed return cards at the following rates:

Prices of 8-cent air mail stamped envelopes

Size No.	Dimensions	Price per 1,000	
		Printed	Un-printed
13.....	3¾ by 6¾.....	\$82.20	\$81.96
8.....	4½ by 9½.....	82.92	82.68

The new 8-cent air mail stamps and stamped envelopes will first be placed on sale at the post office in Washington, D. C., on September 26, 1932, and at other post offices where there is demand, beginning September 27, or as soon thereafter as distribution can be made. For the benefit of stamp collectors, the 8-cent air mail stamp will also be placed on sale September 26 at the Philatelic Agency, Division of Stamps, Post Office Department, Washington, D. C. *Compliance can not be made with requests for the preparation of first-day covers either in the Washington post office or the Philatelic Agency. It will be necessary for collectors desiring first-day covers of the new 8-cent air mail stamp or stamped envelopes to arrange for the service through private sources.*

Postmasters at direct and central accounting post offices may submit requisitions on the proper forms for the 8-cent air mail stamps and stamped envelopes required, on the basis of an estimated 3-month supply. All requisitions transmitted prior to October 1 should be on a separate form with other items of stamp stock excluded. So far as practicable, advance shipment will be made on postmasters' requisitions in order to have the new denomination air mail stamps or stamped envelopes available for sale on September 27. *Should these stamps or envelopes be received prior to the authorized date, the postmaster will positively withhold same from sale until September 27. Postmasters will be held strictly accountable for any violation of this rule.* Postmasters are also advised that all requests for 8-cent air mail stamps and stamped envelopes received in the department prior to this announcement have been canceled and new requisitions should be submitted for the stock desired.

Postmasters at district post offices may obtain needed supplies of 8-cent air mail stamps and stamped envelopes by requisition on the central accounting postmaster.

F. A. TILTON,
Third Assistant Postmaster General.

POSTMASTERS MUST NOT PAY CANADIAN MONEY ORDERS DRAWN ON OFFICES IN CANADA

THIRD ASSISTANT POSTMASTER GENERAL,
Washington, August 26, 1932.

It is noted that many postmasters continue to pay Canadian money orders drawn on offices in Canada, regardless of the notice which appeared in the daily POSTAL BULLETIN under date of March 15, last, and the monthly supplement for April, 1932, warning postmasters not to cash such orders, as credit for payment will not be allowed by the issuing postal administration.

Postmasters are again cautioned not to pay Canadian money orders drawn on offices in Canada, and are informed that in each instance reported by Canada, the account of the paying postmaster is debited with the amount and unless he is able to recover it from the payee he must make the sum good from his personal funds.

F. A. TILTON,
Third Assistant Postmaster General.
