W. W. Howes, First Assistant Postmaster General.

SECOND ASSISTANT POSTMASTER GENERAL, Washington, September 14, 1938. MAILS FOR ALASKA

Winter restrictions upon mail for interior Alaska become effective October 1, 1938.

The Postal Guide, July 1937, page 113, article 24, and page 155, article 30, fully covers the dispatch of mail, articles transmissible, and articles excluded from the mails during the closed season for offices designated "R" under Alaska in the State list of post offices.

Postmasters will immediately give this matter their personal attention and see to it that all employees concerned fully understand the foregoing mentioned instructions and that all articles excluded are not accepted for mailing for transmission to post offices designated "R" during the winter period stated.

In this connection postmasters are informed that the affixing of specialhandling stamps to the mail matter excluded under the instructions referred to above will not entitle it to preferred treatment, and if such matter with special-handling stamps affixed is offered for mailing it should not be accepted for dispatch during the closed season.

Inquiries or tracers should not be sent without first allowing a reasonable length of time for transmission, delivery, and response. In this connection see section 809, paragraph 8, Postal Laws and Regulations, concerning notices of undeliverable matter.

INSURED PARCEL POST SERVICE WITH BRITISH GUIANA EFFECTIVE OCTOBER 1, 1938

Effective on the date named, insured as well as ordinary parcels up to the maximum weight of 22 pounds per parcel and larger di ensions (as stated below) may be accepted for mailing to British Guiana. The exchange of registered parcels will be discontinued on the same date.

In case of loss, rifling, or damage of insured parcels, indemnity will be paid under the usual conditions in the actual amount based on the actual value (current price or, in the absence of current price, the ordinary estimated value) at the time and place of mailing the parcel but not exceeding \$100 when mailed in the United States (including Alaska, Puerto Rico, Virgin Islands, Guam, Samoa, and Hawaii), provided in any case that the indemnity shall not exceed the amount for which the parcel was insured.

Accordingly, the July 1938 Postal Guide, Part II, should be amended

Page 88.—Item "Parcel Post (British Guiana)." Make changes as indicated in the following five items below the table:

Parcels which are 3½ feet or less in length may measure 6 feet in length and girth combined.

ADD the following between subitems "Dimensions" and "Prohibitions"

Insurance.—Parcel-post packages may be insured subject to the following limits of indemnity when prepaid at the postage rate applicable in addition to the insurance fees mentioned

	Fee		Fee
Limit of indemnity:	cents	Limit of indemnity:	cents

after mailing, 10 cents. (See sec. 107, par. 4.)

Parcels containing coin; platinum, gold, or silver, whether manufactured or unmanufactured; precious stones, jewelry, or other precious articles must not be accepted for mailing unless they are insured.

Every parcel containing precious stones, jewelry, or any article of gold, silver, or platinum exceeding \$500 in value must be packed in a box measuring not less than 3 feet 6 inches in length and girth combined.

Each insured parcel must be marked to show (both in roman letters and in arabic figures) in United States currency and in gold frances, the amount for which the parcel is insured. This amount must also be shown on the relative dispatch note. (See sec. 107, par. 2(f).)

For further information concerning insurance service, see sections

Observations.—Dry coloring powders such as aniline blue, etc., may be accepted only when enclosed in stout metal boxes placed inside wooden boxes with sawdust between the two receptacles.

ADD the following in alphabetical order, as shown: "British Guiana (insured)" in section 76, page 43.

¹ Group shipments limited to 3 ordinary (uninsured parcels); however, a dispatch note and a customs declaration must be attached to each insured parcel.

Insured parcels for and from British Guiana will be handled in transit between the United States post office of origin or delivery and the authorized United States exchange office of dispatch or receipt without being recorded or receipted for in transit between such offices and, except as may be otherwise stated herein, will be treated in other respects in the same manner as has been prescribed for insured parcels exchanged with other foreign countries as set forth in the Postal Guide.

J. W. COLE, Acting Second Assistant Postmaster General.

THIRD ASSISTANT POSTMASTER GENERAL, Washington, September 15, 1938.

NEW ISSUE OF 14-CENT ORDINARY POSTAGE STAMPS

Postmasters are hereby advised that the 14-cent stamp bearing the likeness of Franklin Pierce will be the next denomination to be made available in the new regular series.

The stamp will conform in general design to the preceding denominations of this series having single line borders. It will be printed in blue by the rotary process and issued in sheets of 100.

The new 14-cent stamp will be first placed on sale at Washington, D. C., on October 6, 1938, and at other post offices as soon thereafter as practicable. Stamp collectors desiring first-day cancelations of the new stamp on October 6 may send a limited number of addressed covers, not in excess of 10, to the Postmaster, Washington, D. C., with a cash or postal money order remittance to cover only the cost of the stamps required for affixing. Postage stamps will positively not be accepted in payment. Each cover should bear a pencil endorsement in the upper right corner to show the number of stamps to be attached thereto. Envelopes for covers should not be smaller than 3 by 6 inches. Compliance cannot be made with unusual requests, such as for the affixing of plate number blocks, etc., and all

Requests for uncanceled stamps must not be included with orders for

first-day covers to the postmaster at the above office.

For the benefit of collectors desiring stamps of selected quality for philatelic use, the new 14-cent stamp will be placed on sale at the Philatelic Agency, Washington, D. C., on October 6, 1938. To insure prompt shipment, mail orders to the Agency must be limited to the 14-cent stamp excluding other varieties of stamps heretofore on sale.

Postmasters at direct and central-accounting post offices may submit separate requisitions for a limited supply of the new issue 14¢ stamps to conform to local mailing requirements, but such requisitions must exclude higher denominations not yet issued.

So far as manufacturing conditions will permit, all regular requisitions for 14-cent stamps after October 6 will be filled in whole or in part with

stamps of the new issue.

covers must be fully addressed.

So far as required to meet specific requests from local patrons, postmasters at district-accounting offices may obtain needed stocks of new design 14-cent stamps by requisition on the central-accounting postmaster after October 6.

In some cases shipments of the new 14-cent stamp may be received by postmasters prior to the close of business on October 6. In all such cases care must be exercised not to allow any of the stamps to be sold before October 7.

RAMSEY S. BLACK. Third Assistant Postmaster General.
