INSTRUCTIONS OF ASSISTANT POSTMASTER GENERAL BUREAU OF POST OFFICE OPERATIONS

ENDORSEMENT OF UNNUMBERED INSURED PARCELS

It has been brought to attention that many unnumbered parcels insured at the 5- and 10-cent fees are being improperly endorsed with the "Insured No." stamp, and as a result delivery receipts for such parcels are being obtained unnecessarily at offices of address.

Postmasters and supervisory employees should take action to assure that unnumbered insured parcels are properly endorsed by both accepting employees and firm mailers with the **elliptical** insured stamp, appropriately modified by cutting off the work "Minimum," and the 5- or 10-cent fee paid entered within the insurance endorsement.

MATTER BEARING REQUEST FOR NOTICE ON FORM 3547

It has come to attention that some post offices are erroneously rating undeliverable third-class pieces with 3 cents postage due where such matter is returned to sender endorsed with the new address of the addressee or reason for nondelivery in lieu of sending a notice on Form 3547.

In such cases postage shall be collected from the sender at the rate chargeable on the piece returned. The increase to 3 cents in the charge for notice on Form 3547 which became effective February 1, 1954, does not apply when the mailing piece is returned to sender.

Employees handling undeliverable matter bearing request for notice on Form 3547 are reminded of the importance of supplying legible and complete new addresses, if available, or the reason for nondelivery. Identifying key

numbers shall always be furnished if shown on the mailing piece. In disposing of the mail care must be exercised in the treatment of matter bearing the sender's pledge to pay forwarding postage. In every case where a new address is known and the mail bears the sender's forwarding postage guarantee, the matter shall be forwarded after notice of the new address is furnished on Form 3547. Form 3547 shall not be used for any purpose other than to furnish the sender with a new address for the addressee of third- or fourth-class matter.

Postmasters shall promptly examine the manner in which mail undeliverable as addressed bearing the inscription "Form 3547 Requested" is being handled at their respective offices and take corrective action where necessary. Employees assigned to this work should be familiar with the instructions in VI-130, POM, and they shall be adequately supervised to insure that such instructions are followed.

3-CENT NEBRASKA TERRITORIAL COMMEMORATIVE POSTAGE STAMP

The Department will issue a 3-cent stamp to commemorate the 100th anniversary of the establishment of the Nebraska Territory, through the Nebraska City, Nebr., post office, on May 7, 1954.

The stamp will be 0.84 by 1.44 inches in dimensions, arranged horizontally with a single outline frame, printed by the rotary process, electric-eye performed and issued in sheets of 50. The color of the stamp will be purple. The printing of 110,000,000 Nebraska Territorial commemorative stamps has been authorized.

The central design of the stamp is a reproduction of "The Sower," which surmounts the dome of the capitol at Lincoln, Nebr. In the background is a view of the impressive Mitchell Pass with Scotts Bluff dominating the right side of the scene. The numerals "1854" and "1954" in dark gothic are placed in the upper left and right corners, respectively. In the lower right corner appears the denomination "3c" and "U. S. Postage" in two lines and placed across the bottom is the wording "Nebraska Territorial Centennial" all in white-face gothic.

Stamp collectors and dealers desiring first day cancellations of the stamp may send a reasonable number of addressed envelopes to the Postmaster, Nebraska City, Nebr., with money-order remittance to cover the cost of the stamps to be affixed. **Postage stamps and personal checks will not be accepted in payment.**

Envelopes submitted should be of ordinary letter size and each must be properly addressed. An enclosure of medium weight should be placed in each envelope and the flap either sealed or turned in. An outside envelope must not be sent for return of first-day covers. The envelope to the Postmaster, Nebraska City, Nebr., should be endorsed "First-Day Covers." Collectors should refrain from requesting hand cancellations since covers will be machine canceled so far as practicable. Orders for first-day covers must not include requests for uncanceled stamps.

For the benefit of collectors desiring stamps of selected quality for philatelic use, the 3-cent Nebraska Territorial commemorative stamp will be available at the Philatelic Agency, Post Office Department, Washington 25, D. C., on and after May 10, 1954. To insure prompt shipment, mail orders to the Agency should include no other stamp issues. **The Philatelic Agency does not service first-day covers.**

Postmasters at direct- and central-accounting post offices will receive an initial supply of the 3-cent Nebraska Territorial commemorative stamps on orders prepared in the Department. Therefore, postmasters at these offices will not submit requisitions for same. Direct- and central-accounting postmasters are furnished commemorative stamps as fast as they can be manufactured. They are, therefore, requested to refrain from reporting the nonreceipt of shipments until a reasonable time has elapsed after the first day of issue.

Postmasters at district accounting offices may obtain needed quantities of the 3-cent Nebraska Territorial commemorative stamps by requisition on their central office.

Postmasters will please post a copy of this notice on the bulletin board, give information to the press, and notify all local stamp clubs regarding the issuance of the 3-cent Nebraska Territorial commemorative stamp.

Postmasters are cautioned not to place the stamp herein announced on sale before May 8, 1954.
