### Oregon Statehood Centennial Commemorative Postage Stamp

The Department will issue a 4-cent stamp to commemorate the centennial anniversary of Oregon Statehood through the Astoria, Oreg., post office, on February 14, 1959.

**POSTMASTERS SHALL NOT PLACE THIS STAMP ON SALE BEFORE FEBRUARY 15, 1959**

The stamp will be 0.84 by 1.44 inches in dimension, arranged horizontally, printed by the rotary process, electric-eye perforated, and issued in sheets of 50. The color of the stamp will be blue-green. An initial printing of 120,000,000 has been authorized.

The central subject of the stamp is an unhorsed covered wagon, typical of those used over the Oregon Trail by the early settlers, with Mount Hood to the right. The terrain slopes to the left, or west, meeting the Pacific Ocean. In the upper portion of the design, in dark gothic lettering arranged in two lines, is "Oregon Statehood 1859-1959." In the sky, to the left of the wagon, is a white star, symbolizing Statehood, while across the bottom, in white gothic lettering against a solid background, is "U. S. Postage 4 Cents."

Collectors desiring first-day cancellations of the 4-cent Oregon Statehood commemorative stamp may send addressed envelopes, together with remittance to cover the cost of the stamps to be affixed, to the Postmaster at Astoria, Oreg. Envelopes submitted should be of ordinary letter size and each must be properly addressed. An envelope must not be sent for return of first day covers. Collectors should refrain from requesting hand cancellations since

### Christmas, a Special Time for Safety

Christmas, the most joyous time of the year, is often turned to tragedy by accidents which might have been prevented. When this holiday season is over there will be many reports of violent death and injury due to accidents.

The great improvement made in the Department-wide accident experience demonstrates that postal employees know how to work and drive safely.

I urge you to make this Christmas season a special time to apply your knowledge of safety at home, on the streets and highways, and at work so that you may more fully enjoy the holidays.

To each postal employee and his family, my best wishes for a joyous accident-free Christmas and New Year.

The Postmaster General

covers will be machine canceled so far as practicable. Orders for first day covers must not include requests for uncanceled stamps. The outside envelope to the Postmaster should be endorsed "First Day Covers Oregon Statehood Stamp."

For the benefit of collectors desiring stamps of selected quality for philatelic use, the 4-cent Oregon Statehood centennial commemorative stamp will be available at the Philatelic Sales Agency, Post Office Department, Washington 25, D. C., on and after February 16, 1959. To insure prompt shipment, mail orders to the Agency should include no other stamp issues. **The Philatelic Sales Agency does not service first day covers.**

**Postmasters are reminded of the notice by the Postmaster General in the September 11, 1958, issue of the Postal Bulletin requiring postmasters to submit requisitions for each new stamp issue as announced in the POSTAL BULLETIN so that**

### Gross Postal Receipts for Calendar Year 1958

#### I. Introduction

Postmasters will submit again this year a special statement of account (Form 1553 or 1555) showing the actual cumulative amounts in their cash books for all accounts as of the close of business December 31, 1958. Regional controllers will use these amounts together with authorized deductions for outside sales in adjusting gross postal receipts for calendar year 1958 to exclude the effect of rate increases as required by Public Law 85-426.

#### II. Special Statement of Account for Computing Gross Postal Receipts

A. Prepare special statement of account as indicated and mail to reach regional controller not later than January 6, 1959.

Complete front of statement of account and sign certification on reverse. Do not attach any supporting papers to the special statement; these will be submitted as usual with the regular statement of account covering the full period (1st-class offices) or quarters (2d-, 3d-, and 4th-class offices) ending January 9, 1959. Follow instructions in Postal Manual 425.3 regarding inventory of stamp stock except that first class offices, which have taken an inventory within five days of December 31, may determine total stamp stock by running totals of Forms 3295 and 3367 instead of actually counting the main stock.

B. Postmasters are also reminded to prepare Form 1568, *Outside Sales Report*, for the quarter ending December 31, 1958, and submit to regional postal installations manager as prescribed in Postal Manual 321.75.

**Inauguration of Airmail Service, United Air Lines, Inc., AM-1**

Effective on or about January 11, 1959, airmail service will be inaugurated over an extension of route AM-1 between Chicago, Ill., and Baltimore, Md., via Columbus, Dayton, Ohio, and Washington, D. C.

Official cachets will be furnished Chicago, Airport Mail Facility Chicago, Columbus, Airport Mail Facility Columbus, Dayton, Washington, Airport Mail Facility Washington and Baltimore.

The usual treatment, outlined in 145.3 Postal Manual, is authorized.—Bureau of Transportation, 12-18-58.

**III. Adjustment to Gross Postal Receipts**

A. For information of postmasters, the basis on which gross postal receipts for calendar year 1958 will be adjusted by regional controllers to eliminate the effect of rate increases is as follows:

Class of Post Office	Period	Adjusted Receipts will be:*
1.....	1/1/58-6/27/58	100% of actual receipts.
	6/28/58-10/17/58	89% of actual receipts.
	10/18/58-12/31/58	85% of actual receipts.
2-3-4.....	1/1/58-6/27/58	100% of actual receipts.
	6/28/58-10/17/58	86% of actual receipts.
	10/18/58-12/31/58	82% of actual receipts.

**\*NOTES:**

- The reduction for Quarter I of PFY 1959 is smaller because rate change was effective only from Aug. 1, 1958.
- The reduction applicable to the 1958 receipts of first-class offices is smaller than for second-, third-, and fourth-class offices because the rates for certain classes of mail (e. g. fourth-class, publishers' second-class, and bulk rate third-class), which originate predominantly at first-class offices were not increased effective Aug. 1, 1958.
- Other rate changes established by law which become effective at later dates will require different adjustment factors for calendar year 1959 and subsequent periods.

B. The above adjustment factors that will be used to exclude the effect of the new postal rates in computing 1958 gross receipts, are averages developed on a national basis for the two groups of offices, i. e. first-class and all others. Where the revenue at an office is derived predominately from a class or type of mail which would produce more or less than the average revenue increase from rate changes, consideration will be given to such further adjustments as may be found necessary to more accurately reflect the gross

**Large Mailings of Third-Class Matter and Income Tax Forms in December 1958**

The POSTAL BULLETIN of July 17, 1958, directed attention to the need for making arrangements to handle anticipated large volumes of third-class matter mailed under the bulk rate during the last week of December, prior to the postage rate increase on January 1, 1959.

All postal installations are alerted to the fact that in addition to the anticipated heavy volume of third-class mail, income tax forms will also be handled during this same period. It is of the utmost importance that plans be made to cope with the heavy volumes of mail during this period in order that there will be no delay in service.

It may be necessary in some instances to continue the employment of Christmas assistants after December 24 in order to handle the expected volumes of mail without delay. Approval of the Regional Operations Director must be requested in such instances.—Bureau of Operations, 12-18-58.

*All Postal Installations Having Government-Owned Vehicles*

**Truck Display**

Poster space on mail trucks has been assigned the Bureau of Operations during the last 2 weeks in December 1958 and first 2 weeks in January 1959. Postal installations operating Government-owned mail trucks will receive a supply of "Be Wise—Mail Early Everyday" posters. Two posters will be displayed immediately on each mail truck through January 15, 1959.

Truck posters may be ordered from Post Office Department supply centers on POD Form 4750.—Bureau of Facilities, 12-18-58.

The minimum charge for third-class matter mailed at either the 10-cent or new 16-cent per pound rate is 2 cents per piece, except that mailings of authorized nonprofit organizations will continue to be accepted at the minimum charge of 1 cent per piece.

*Computing Postage*

Postmasters accepting bulk third-class mailings on and after January 1, 1959, must exercise care in determining whether the pound rate or minimum piece rate is applicable. If 5 pieces, subject to the 10-cent a pound rate, weigh 1 pound or less, charge 2 cents per piece; if the 5 pieces weigh more than 1 pound, charge the pound rate. If 8 pieces, subject to the 16-cent a pound rate, weigh 1 pound or less charge 2 cents per piece; if the 8 pieces weigh more than 1 pound, charge the pound rate.

Adoption of this procedure is optional with each State agency.

Postmasters will continue postmarking this mail until the local State Employment Security office makes request to have their official mailings handled and dispatched without postmark. This authorization is applicable only to matter mailed without stamps affixed bearing the inscription *Employment Security Mail—United States Postage Accounted For Under Act of Congress*, as provided in section 137.4, Postal Manual.

These forms have been revised to show the increased second-class and controlled circulation postage rates which must be charged effective January 1, 1959.

The revised forms must be used for all mailings of second-class and controlled circulation publications made after December 31, 1958, except that the current edition (March 1957) of Form 3541 will be used for (1) classroom publications (132.123, Postal Manual) and (2) free matter for the blind (138.322, Postal Manual).

Effective January 1, 1959, the advertising rates will apply to ALL advertising in the copies. Postmasters are reminded that the provision for charging 1 cent for each zone to which a mailing is made when the total weight of an issue or edition does not exceed 1 pound was eliminated effective May 27, 1958.
