Campaign for National Health Agencies, Care, Crusade for Freedom, and the American-**Korean Foundation**

The Post Office Department is joining the other executive departments and agencies in a combined effort to give financial support to the 10 nationally recognized health agencies and joint crusade for CARE, Crusade for Freedom, and The American-Korean Foundation.

President Eisenhower has asked participation and support in a message dated September 25, 1958:

As Americans, we enjoy the tradition of sharing our material and spiritual benefits with our fellow men at home and abroad. Much of this good work is done through the research, educational and service programs of our national voluntary health agencies. During the 1959 Federal service campaign we shall • be invited to support the programs of the following:

American Cancer Society

American Heart Association

The Arthritis and Rheumatism Foundation

Muscular Dystrophy Associations of America

National Association for Mental Health

National Multiple Sclerosis Society

National Society for Crippled Children and Adults

National Society for the Prevention of Blindness National Tuberculosis Association

United Cerebral Palsy Associations

At the same time, to maintain the work of private charities aboard, we are invited to support the Federal service joint crusade agencies: CARE

Crusade for Freedom

The American-Korean Foundation

Knowing the great needs and capabilities of these voluntary agencies, I am sure Federal and military personnel will again respond to their annual appeals with generosity.

The national health agencies will campaign between January 1 and February 15, 1959, in any local area where the Red Cross conducts its traditional independent solicitation in March. However, if the Red Cross participates in a local united fund or community chest in your area and does not solicit independently in March, the national health agencies may conduct their campaign in any continuous 6-week period between January 1 and April 30, 1959. In this case, the State or local committee of the health agencies will provide information as to the exact period.

The national health agencies solicit concurrently with three international-relationship agencies that have been approved for on-the-job solicitation in the Federal service during the current fiscal year: The American-Korean Foundation, Inc., CARE, Inc., and Crusade for Freedom, Inc.

I add my support to this undertaking and urge all officials and employees of the Department to support this worthwhile campaign. Let us give voluntarily and generously.

Revised Procedure for Ordering Bulk Quantities of Stamps

Effective February 7, 1959, a new stamp requisitioning procedure will be placed in operation for ordering bulk quantities of stamps from the Bureau of Engraving and Printing. Under the revised procedure a punch card requisition will be used.

Postmasters requiring bulk stock during February shall order from the Office of Industrial Services, Bureau of Engraving and Printing, Washington 25, D.C., on Form 3308, Bulk Stamp Requisition, immediately or before February 6.

An initial supply of the new forms will be furnished postmasters without requisition. A revision to Part 422, Postal Manual, will be released before the effective date.-Bureau of Facilities, 1-22-59.

4-cent and 8-cent Jose de San Martin Postage Stamps

The Department will issue a 4-cent and an 8-cent Jose de San Martin stamp, the fourth in the "Champions of Liberty" series, through the Washington, D.C., post office, on February 25, 1959.

> POSTMASTERS SHALL NOT PLACE THESE STAMPS ON SALE BEFORE FEBRUARY 26, 1959

y – An and a set of the And the set of the set of

> The stamps will be 0.85 by 0.98 of an inch in dimension (Famous American size), arranged vertically. The 4-cent denomination will be issued in sheets of 70 (7 across and 10 deep) while the 8-cent denomination will be issued in sheets of 72 (8 across by 9 deep). The 4-cent denomination will be printed on the Cottrell press in a single color—blue, and the 8cent denomination will be printed on the Giori press in red, blue, and golden ocher. Initial printing orders of 120 million 4cent and 40 million 8-cent San Martin stamps have been authorized.

Both denominations will feature a medallion with a three-quarter portrait of San Martin, reproduced from a print provided by the Library of Congress. The wording "Jose de San Martin 1778-1850 Hero of the Andes" encircles the head. The medal is shown suspended from a ribbon, while directly above the pendant is a torch of liberty between two sprays of leaves. The wording "Champion of Liberty" forms the top of the stamp and "United States Postage" the bottom, both printed in modified Gothic. The denominations are shown in the lower right corners.

Collectors desiring first day cancellations of the 4-cent and 8-cent San Martin stamps may send addressed envelopes, together with remittance to cover the cost of the stamps to be affixed, to the Postmaster at Washington 13, D.C. Collectors should plainly indicate in the upper right corner of the covers whether the 4-cent or 8-cent denomination is desired.

An enclosure of medium weight should be placed in each envelope and the flap either turned in or sealed. Envelopes submitted should be of ordinary letter size and each must be properly addressed. An envelope must not be sent for return of first day covers. The outside envelope to the Postmaster should be endorsed "First Day Covers San Martin Stamps." Collectors should refrain from requesting hand cancellations since covers will be machine canceled so far as practicable. Orders for first day covers must not include requests for uncanceled stamps.

For the benefit of collectors desiring stamps of selected quality for philatelic use, the 4-cent and 8-cent San Martin stamps will be available at the Philatelic Sales Agency, Post Office Department, Washington 25, D.C., on and after February 25, 1959. To insure prompt shipment, mail orders to the agency should include no other stamp issues. The Philatelic Sales Agency does not service first day covers.

Postmasters are reminded of the notice by the Postmaster General in the September 11, 1958, issue of the Postal Bulletin requiring Postmasters to submit requisitions for each new stamp issue as announced in the POSTAL BULLETIN so that ample quantities will be available at all post offices on the following day after official first day sale.

Postmasters at first-class post offices requiring the 4-cent issue in lots of 35,000, and the 8-cent denomination in lots of 36,000, or multiples thereof, will submit **separate requi-**

Mail for the American Heart Association

The Department has approved the request of the American Heart Association, and will again permit the use of the simple form of address, **Heart, c/o Postmaster**, during the 1959 national campaign, scheduled to run during the month of February 1959.

All letters will be handled in accordance with the instructions in the POSTAL BULLETIN of November 6, 1958, except that the mail will be delivered to the authorized representative of the American Heart Association in each of the designated central cities, in accordance with instructions given by letter to the postmasters from the headquarters office of the organization.—Bureau of Operations, 1-22-59.

Special Cancellation The Heart Fund

Postmasters who have special canceling machine die hubs reading **NEW HOPE FOR HEARTS SUPPORT THE HEART FUND**, shall use them during the period February 1 through February 28, 1959. After that time they shall be withdrawn and retained for future use.

These special hubs were bought by the sponsors and furnished to post offices designated by them. Postmasters at offices which do not have the hubs shall not submit requisitions or requests for them.—Bureau of Operations, 1-22-59.

sitions immediately for each denomination to the Office of Industrial Services, Bureau of Engraving and Printing, Washington 25, D.C. Offices requiring less than the above quantities shall submit separate requisitions immediately to their regional distributing office.

Postmasters shall post a copy of this notice on the bulletin board and give information to the press regarding the issuance of the 4-cent and 8-cent Jose de San Martin "Champion of Liberty" stamps.—Office of the Special Assistant to the Postmaster General, 1-22-59.

Rotary Locks

There is evidence to indicate that in many offices, units and installations Rotary locks in good condition are not being used because of certain dial readings. Instead, the locks are classed in the defective category and sent to the Mail Equipment Shops for repairs. A substantial portion of the purportedly defective Rotary locks reaching the Shops have dial readings of less than 999 and are found to be in serviceable condition.

Dial readings on a Rotary lock are not to be used in determining whether the lock is serviceable or unserviceable or whether it shall be used or not used. The only exception is a reading of 9999 at which time the lock automatically freezes and must be sent to the Shops for servicing.

The adhesive substance in POD Label No. 60, *Defective Lock Label*, is of such nature that it is difficult for the Shops to remove the label from **Rotary locks**. Accordingly, in attaching this label to **Rotary locks** only, secure it through the lock shackle. Do not put it around the lock.—Bureau of Facilities, 1-22-59.

Shortpaid Postage Charge Suspended Indefinitely

The period of suspension of the 5cent shortpaid postage charge announced in the POSTAL BULLETIN of October 2, 1958, as terminating January 31, 1959, is hereby extended indefinitely.

While this suspension is in effect, continue to rate shortpaid and unpaid domestic mail for the deficient postage only and follow the procedures in section 147.12, Postal Manual.—Bureau of Operations, 1-22-59.

Removing Mail From Pouches and Sacks

Section 333.341, Postal Manual, provides that each opened pouch and sack shall be carefully examined to insure that no mail is left therein. The quantity of mail overlooked and subsequently removed at mail bag depositories and other postal installations indicates need for closer compliance with this regulation.

Supervisors shall immediately instruct all personnel responsible for removing mail from pouches and sacks as to the proper method of examination of such equipment, and shall check thereafter to see that proper examination is performed.

Installation heads, field services officers, and other officials shall insure prompt corrective action where lax enforcement of this regulation is observed.—Bureau of Operations, 1-22-59.

Erroneous International Parcel Post **Indemnity Claims**

Adjusting exchange offices are frequently receiving indemnity claims for damage to parcels from other countries which were filed in the belief that the numbers on the packages indicate they are insured.

The numbers alone do not mean that the parcels are insured. Each insured package bears definite insurance indicia very near the number. The language of the indicia may vary by countries.

Facsimilies of insurance indicia used on most insured parcels from other countries are found in section 387.221 of the Postal Manual. The tabulated data under the country items in the Directory of International Mail show whether insurance service is available.

Postmasters should guard against accepting indemnity claims based only on the fact that the parcels bear numbers.—Bureau of Transportation, 1-22-59.
