## 7-Cent Air Mail Stamp in Coils

The Department will issue the 7-cent "fire red" stamp in coil form on October 22, 1960, through the Atlantic City, N.J., post office.

**POSTMASTERS SHALL NOT PLACE THIS STAMP ON SALE BEFORE OCTOBER 23, 1960**

Size: 0.75" x 0.87"  
Color: Red

ISSUED IN COILS OF 500 AND 3,000

Since the design is vertical the perforations will appear at the sides of the stamp

To obtain first-day cancellations, collectors may submit requests to the Postmaster, Atlantic City, N.J. See Postal Manual 145.3. This issue will be available at the Philatelic Sales Agency, Post Office Department, Washington 25, D.C., **on and after October 24, 1960.**

The new 7-cent airmail stamp in coil form will be furnished postmasters on a regional basis as stocks of the blue 7-cent airmail stamp are exhausted. Requisitions should be submitted in the regular manner (USE ITEM 767 FOR COILS OF 500 AND ITEM 768 FOR COILS OF 3,000 STAMPS); however, the Bureau of Engraving and Printing has been authorized to substitute the blue 7-cent airmail coils until the stock is depleted.—Office of the Special Assistant to the Postmaster General, 9-15-60.

## Irregularities in International Mail

It has come to the attention of the Department that quantities of international mail received at dispatching exchange offices have been prepared as parcel post, although the packages bear postage at the rates applicable to printed matter, small packets or other articles instead of the parcel post rates to the countries concerned.

Postmasters are instructed to see that accepting clerks at their offices consult the Directory of International Mail and the appropriate sections of the Postal Manual for the proper classification, rates of postage, and preparation when matter is presented for mailing to other countries. Postmasters will also establish procedures at their offices whereby outgoing international mail articles and parcels will be checked for proper classification and prepayment of postage before dispatch.—Bureau of Transportation, 9-15-60.

*All Post Offices***Christmas Packages for Abroad**

In anticipation of the increased mailing of parcel post packages to other countries during the holiday season, postmasters must see that accepting employees thoroughly familiarize themselves with applicable regulations. General information concerning the mailing of international parcels appears in part 231 of the Postal Manual. Specific regulations concerning each individual country and the parcel post rates to be charged are shown under the caption *Parcel Post* of the country item in the Directory of International Mail.

Accepting employees must in every case see that the correct number of Forms 2922, *Instructions Given by Sender*; 2966, *Customs Declarations*; and 2972, *Dispatch Note*, as indicated under the parcel post caption of the appropriate country items in the Directory of International Mail, are attached to parcels for other countries. Require mailers to describe the contents of parcels in detail on the customs declaration tag, Form 2966, showing the exact nature, quantity, and value of each kind of article enclosed. General descriptions, such as *Christmas gifts, clothing, merchandise*, are not acceptable.

Accepting employees must familiarize themselves with the packing requirements for international parcels set forth in section 231.21, Postal Manual. If a parcel tendered for mailing is not packed adequately for the length of the journey and the protection of the contents, the mailer should be informed that it cannot be accepted until properly prepared.

Special attention should also be given to the current export license regulations in subchapter 250 of the Postal Manual.

The long sea transit frequently involved in the transmission of parcels by surface means, and customs inspection and other formalities that parcels may be subjected to in the countries of destination, require that mailings be made as early as practicable to assure delivery by Christmas Day. Surface parcels mailed not later than the dates shown below will

*All Postal Installations***Letter Writing Week**

Letter Writing Week will be held from October 2 to 8.

The Postmaster General in a letter currently being sent to postmasters at all offices is requesting their cooperation in the observance of Letter Writing Week.

Also being sent postmasters is a press release which should be retyped with proper local information inserted and distributed to the press and radio and television stations. Newspapers gladly publish items about Letter Writing Week, both in their editorial and news columns; radio and television stations willingly give time for spot announcements and short programs featuring the week; and merchants are eager to cooperate by promoting the campaign in their advertising and window displays. Contact them and furnish such suggestions and information as may be suitable for their use.

Offices serving rural areas will receive two streamers for each rural carrier which should be displayed during the period October 2 to 8, on the carrier vehicles. Large posters for lobby display will not be furnished this year; however, a streamer will be furnished each office for display in the lobby. All post offices of all classes will display the streamer.

As in every campaign, postal personnel will inject ideas both novel and appropriate which will be of great assistance. Postmasters are urged to use their proposals whenever feasible.

Postmasters are requested, when the material mentioned is received, to give this most worthy project their earnest, personal attention and perfect their plans for local participation in the observance of the event. This observance will be a great success if this is done.—*Office of Special Assistant to the Postmaster General, 9-15-60.*

*All Post Offices***"Our American Credo"  
Post Office Film**

"Our American Credo" is an appropriate title for the Department's newest motion picture now being mailed to a selected list of postmasters located in cities having television stations and to all Assistants to the Regional Operations Directors.

This sound film is available in both full color and black and white prints. It is carefully edited for use on television and takes 13½ minutes to show.

Featuring the significance of the six "American Credo" stamps, the film has wide public appeal and should prove unusually popular to mass audiences as well as to civic, social, school, and philatelic groups.

The film, narrated by Matt Crowley, opens with exterior views of Mount Vernon and links George Washington whose "Observe good faith and justice toward all nations" was featured on the first of the "American Credo" stamps, with Thomas Jefferson, Benjamin Franklin, Francis Scott Key, Patrick Henry, and Abraham Lincoln, whose precepts are emphasized on other stamps in this series.

How stamp designs are chosen . . . the Postmaster General's Citizens' Stamp Advisory Committee in action . . . the significance of the "Champion of Liberty" stamp are other highlights of this fast moving story.

The covering letter to postmasters urges them to contact their local television executives and also to make the film immediately available to schools, chambers of commerce meetings, women's clubs, church groups, and philatelic organizations, as well as area postal employees.

Additional prints of the film in full color are being sent to the Assistants to Regional Operations Directors for use by postmasters for showing before local groups.

Requests for this film should be made to the Assistant to the Regional Operations Director in your regional office. It is hoped this movie will be shown to a great many audiences as soon as possible since it contains much timely information.—*Office of the Special Assistant to the Postmaster General, 9-15-60.*

**Money Orders for Payment in IRAQ**

The Department has been advised that the maximum amount of money orders purchased on any one day by the same person for payment in Iraq, through the medium of the British Postal Administration, may not exceed 10 pounds (\$28.20 United States money at the present conversion rate). Postmasters will bring this matter to the attention of all concerned but it should be remembered that conversion of United States money into the foreign equivalent should be made only when the purchaser specifically requests an order expressed in the foreign currency.—*Bureau of Finance, 9-15-60. Third- and fourth-class post offices shall immediately submit requisitions for this stamp (Form 17) to their RDPO. Do not include stamps other than the First Automated Post Office in the United States on the initial requisition.—*Office of the Special Assistant to the Postmaster General, 9-15-60.*

**Christmas Packages for Abroad**

(Continued from p. 2)

Air service is available to practically all countries of the world. Recommend to senders that airmail packages be mailed during the early part of December in order to reach the addresses before Christmas.

Postmasters should give as much publicity as possible to this subject without expense to the Department.—*Bureau of Transportation, 9-15-60.*

*All Postal Installations***Post Office Numbers on Equipment Requisitions**

Attention is invited to paragraph E.2, page 10, "Property Accounting" in POSTAL BULLETIN No. 20204, dated June 30, 1960, in which post offices are instructed to include their post office number at the right of the office name space on Form 73, *Equipment Requisition*.

Requisitions are still being received in the Bureau of Facilities without post office numbers. This information is vital to the property accounting program. Space requirements officers will complete the information on forms on hand before submission to the Department. They will return subsequent requisitions received at the regional office without the post office number to the initiating office for completion.

Postmasters are cautioned to review Form 73 before approving to assure the post office number (7 digits) has been included.—*Bureau of Facilities, 9-15-60.*

*1st- & 2d-Class Post Offices***Assignment of Employee Activity Code Numbers**

In item under this subject in the POSTAL BULLETIN of September 8, 1960, activity codes 6 and 7 should be changed to read as follows:

| Code | Activity                           |
|------|------------------------------------|
| 6    | Custodial, protective and cleaning |
| 7    | Custodial, maintenance             |

*Bureau of Finance, 9-15-60.**All Post Offices***Stolen Canadian Money Order Forms**

The following blank Canadian money order forms have been reported stolen:

A-90,719,018 to A-90,720,000, inclusive

A-91,898,614 to A-91,898,700, inclusive

Notice of these thefts must be added to the list of stolen Canadian money order forms at all points of payment.

If any of these forms is presented the postmaster will refuse payment and notify the postal inspector of his district.—*Bureau of Finance, 9-15-60.*

Parcel Post for Colombia

It is reported that increasing numbers of parcel post packages addressed to Colombia are being returned from that country as prohibited. It is apparent that parcels are being accepted without regard to the instructions under "Observations" and "Prohibitions" on pages Colombia (3), (4), and (5) of the Directory of International Mail.

Postmasters will see that accepting employees are cautioned to give particular attention to parcels for Colombia and see that mailers are familiar with the stringent requirements of the Colombian authorities. Parcels are to be accepted only with the understanding that the sender has assurance from the addressee or other reliable source that his articles will be admitted.—*Bureau of Transportation, 9-15-60.*
