All Postal Installations

17-Cent Airmail Postage Stamp

The 17-cent international airmail stamp will be first placed on sale at Lakehurst, N.J., on July 13, 1971.

**POSTMASTERS SHALL NOT PLACE THIS STAMP ON SALE BEFORE
JULY 14, 1971**

Size: 0.84" x 1.44" (horizontal)
ISSUED IN SHEETS OF 50
Printing: Unlimited
Designer: Robert J. Jones

To obtain first day cancellations, collectors may submit requests to the Postmaster, Lakehurst, NJ 08733. See Postal Service Manual, section 257.2. Mint quality stamps will be available from the Philatelic Sales Unit, Washington, DC 20036, beginning July 14, 1971. All production will be tagged.

First-class post offices requiring more than 3,000 stamps of this issue should immediately order minimum lots of 5,000 or the multiples in section 422.321, old Postal Manual, from the Bureau of Engraving and Printing on Form 3356, using item No. 180.

First-class offices requiring 3,000 stamps or less and all other post offices may requisition the 17-cent airmail stamp from their designated sectional center facility on their next scheduled requisitioning date using Form 17, Stamp Requisition. The quantity requisitioned from the SCF shall not exceed a 6-week supply.

Shipment of the new 17-cent international airmail stamp will be made as fast as production and distribution facilities permit.—Office of the Special Assistant to the Postmaster General, 6-24-71.

All Post Offices

Historic Stamp Posters

Copies of the new colorful Historic Stamp Posters will be sold by mail to the public. The 30- by 40-inch posters, printed in full color, are in four categories—history, transportation, environment, and space. Cost per poster is \$1.50 or four for \$5, plus a handling charge of 50 cents. Posters may be ordered from Historic Stamp Posters, U.S. Postal Service, Washington, DC 20036. A stock of Form 3305, Order Form, is being distributed to all post offices. Additional forms can be obtained from the area supply centers on Form 4750. If order forms are out of stock, the public can write to the above address stipulating the type posters desired.—Office of the Special Assistant to the Postmaster General, 6-24-71.

*All Post Offices Having Government-Owned Vehicles***Vehicle Make/Model Code Changes**

Effective June 26, 1971, with the start of postal fiscal year 1972, the following vehicle make/model codes will be changed:

1/4-ton Universal Rand, 1964-65, make/model code 04; 1/4-ton Tubular, 1965-66, make/model code 05; and 1/4-ton Westcoaster, 1966, make/model code 06 will all be shown as make/model code 09.

1/2-ton Willys, 1960-63, make/model code 11; and 1/2-ton Studebaker, 1963-64, make/model code 12 will all be shown as make/model code 19.

1-ton Dodge, 1962-63, make/model code 34; and 1-ton International, 1964, make/model code 35 will all be shown as make/model code 39.

The above changes will be included in the next revision to the M-2 and M-3 Handbooks.

*All Vehicle Maintenance Facilities***Vehicle Repair Parts Requisitioning**

By July 1, 1971, requisitions for vehicle repair parts stocked at the Western Area Supply Center, Topeka, KS, may be forwarded in accordance with instructions in Publications 29, 30, 31, 33, 34, 35, and 40.

These new catalogs are scheduled for delivery by July 1, 1971. All Vehicle Maintenance Facilities have been included on the initial distribution list.

*All First-, Second- and Third-Class Offices***Bird Repellent**

Bird repellent, Item C-102, is available from area supply centers for use at facilities where bird roosting on building ledges is a problem. The repellent is packaged in a plastic squeeze tube and will cover about 50 linear feet in a one-eighth-inch wide strip. First-, second- and third-class offices needing this item may requisition from area supply centers on Form 1580 during normal requisitioning cycles.

*All Post Offices***Box Rental Rates**

Post office box rental rate adjustments are effected the beginning of each fiscal year. Therefore, postmasters are reminded to review the provisions of 169.231, Postal Service Manual, to insure the collection of proper rental fees beginning July 1, 1971.—*Finance and Administration Department, 6-24-71.*

*All Postal Installations***Mail Equipment**

No. 3 sacks manufactured from brown lightweight nylon material (Resintex) are to be used for surface transportation dispatches the same as canvas No. 3 sacks and maximum use of these sacks should be made by post offices.

Mailers should be furnished these lightweight sacks whenever they request No. 3 sacks.

When packing surplus empty equipment these brown lightweight No. 3 sacks should not be commingled with other mailbags. They should be packed 25 to the bundle using the 25th as a container.

Do not confuse these No. 3 brown lightweight mailbags with FCM or airmail equipment.—*Operations Department, 6-24-71.*

*Post Offices With Government-Owned Vehicles***Vehicle Accounting Forms**

All postmasters who have Government-owned vehicles assigned to their office should close out all vehicle accounting forms for A/P 13-71 at the close of business June 25, 1971. The motor vehicle forms 4547, 4580, 4505, 4520, 4543, 4534, and 4590 must be submitted so as to reach the postal data center no later than Tuesday, June 29, 1971.

Do not hold these A/P 13 documents for submission with your postal account.

A/P 1-72 documents must be submitted in accordance with SPECIAL POSTAL BULLETIN 20819 of June 15, 1971, page 3, column 2.—*Finance and Administration Department, 6-24-71.*

*All Postal Installations***Green Glow Lights, Item C-1868**

A limited supply of contrasting color glow lights, item C-1868, has been procured and is available in the area supply centers. These green lights are to be used for rapid visual identification of certain areas such as breakout doors and ladders to breakout doors. Due to the limited supply, requisitions should be held to an absolute minimum and submitted only for immediate requirements.—*Facilities Department, 6-24-71.*

*All Supervisors Participating in the In-Office Cost System***In-Office Cost System Pocket Guide**

The May 16, 1971, postal rate revisions necessitate the following changes to your yellow pocket guide, *Pocket Guide On Basic Functions and Activity Codes, New System for Estimating "In-Office" Costs by Class of Mail and Service.*

Note: The changes indicated below also apply in exhibit 5 of the Handbook F-36.

—*Finance and Administration Department, 6-24-71.*

*All Offices Using Daily Rate Contract Vehicles***Contract Vehicle Time Record—Form 1804**

It is no longer necessary to compute hours of vehicle use on Forms 1804 for *daily rate* contract vehicles. Daily entries; i.e., date, operator's name, and clock rings, must continue to be entered for each vehicle use. To determine average daily hours and miles of vehicle use at the time of contract readvertisement, refer to the current Form 4569, *Vehicle Use Plan*.

These instructions affect only daily rate contracts and DO NOT pertain to Forms 1804 for hourly rate contract vehicles, Equipment Maintenance Allowance, or any vehicle hire where payment is in any way dependent on hours of vehicle use.—*Operations Department, 6-24-71.*

*All Postmasters***Lobby Display—"Sport Fishing U.S.A."**

All postmasters will soon be furnished a poster issued by the Department of the Interior regarding their new book, *Sport Fishing U.S.A.*

Display the poster in a prominent location in the public lobby in accordance with section 243.212 of the Postal Service Manual from time of receipt in July through the month of October 1971.

Postmasters in buildings operated by the General Services Administration should submit the posters upon their receipt to the superintendent of the building for display.—*Office of the Special Assistant to the Postmaster General for Public Information, 6-24-71.*

*All Postal Installations***New Districts and Metropolitan Areas—Correction**

POSTAL BULLETIN 20818, dated June 10, 1971, page 7, announced the new districts and metropolitan areas. This list is amended to show Santa Ana in the Los Angeles Metro Center instead of the San Bernardino, CA, District.—*Office of the Deputy Postmaster General, 6-24-71.*

*All Post Offices***Bulk Third-Class Rates**

In the POSTAL BULLETIN of June 6, 1971, the provisions of sections 134.121 and 134.71, Postal Service Manual, were discussed. These sections do not provide for attachments to catalogs mailed at the lower of the two bulk third-class pound postage rates.

Some confusion about the proper interpretation of these regulations exists among both postal employees and catalog mailing customers. An interpretation that material outside of the cover is not an attachment if it is integrally bound with the catalog was one permissible interpretation of the regulations. Because catalogs prepared in this way have been accepted at the bulk third-class rate for catalogs and in consideration of the lead time for planning and preparing catalog mailings, postmasters may continue to accept catalogs having a single piece of other printed material bound with the catalog outside of the cover at the special third-class rate for catalogs. This acceptance will be permitted until regulations are clarified with adequate notice to our customers.

Catalogs having materials externally attached by methods other than the common binding of the catalog pages are subject to the higher third-class rate. Postmasters should, where possible, notify customers who mail catalogs that this notice has been issued, and that the Postal Service plans to publish regulations clarifying the question of attachments to catalogs. It is planned that the regulations, if adopted, would become effective about January 1, 1972.—*Finance and Administration Department, 6-24-71.*

*All Postal Installations***Arrest of Postal Offender**

The following postal offender has been apprehended:

Claude Morris O'Steen, Jr.

Destroy the wanted circular concerning him.—*Chief Inspector's Department, 6-24-71.*

*All Post Offices***Parcel Post Size Limit Increase**

Attention is directed to the increase in the size limit for fourth-class mail between first-class post offices from 78 to 84 inches in length and girth combined, effective July 1, 1971. See section 135.311, Postal Service Manual.

This new size limit was prescribed by Public Law 89-593, September 20, 1966, and will apply to parcels mailed at a first-class post office in the 48 contiguous States of the United States addressed for delivery at the same office or to another first-class post office in the 48 contiguous States.

Postmasters may want to give advance notice of this change to local parcel post mailers.

All parcels mailed under the conditions stated in section 135.312, Postal Service Manual, will continue to be subject to a 100-inch limit.—*Finance and Administration Department, 6-24-71.*

*All Post Offices***International Rates—Correction**

In the notice International Rates, Fees, and Other Mailing Conditions in the POSTAL BULLETIN of June 17, change paragraph 4, under A. Postage Rate Changes, to read as follows:

The *Samples of merchandise classification and the acceptance of Combination packages and Articles grouped together* are discontinued.—*Finance and Administration Department, 6-24-71.*

*All Deputy Ethical Conduct Counselors***Code of Ethical Conduct**

Those retired employees who are reemployed pursuant to Postal Service Order No. 71-7, May 28, 1971, are included within the definition of special Government employees for the purposes of Publication 73, *Code of Ethical Conduct*.

Each such special employee is required to file a Form 2418, *Confidential Statement of Employment and Financial Interests*.—*Law Department, 6-24-71.*

*All Postal Installations***Tort Claims****Form 2198—Accident Report**

Effective June 26, 1971 (A/P 1-72), all postmasters and other officials in charge who prepare Form 2198, Accident Report—Tort Claim, shall record, immediately after their signature, the finance number and cost ascertainment group letter assigned to their installation. Section 251.221, Postal Service Manual, and Form 2198 will be revised accordingly. This is necessary so that the postal data centers can properly record data and prepare periodic reports on the payment of tort claims.

PDC Issuance of Claim Checks

A computerized system has been developed to record data on the payment of all tort claims made by the U.S. Postal Service. In order to properly code required information, all checks in payment of tort claims must be issued by the postal data centers. Accordingly, effective June 26, 1971 (A/P 1-72), postal inspectors will no longer submit requests to postmasters to issue checks in payment of tort claims, but will submit their requests to the postal data center servicing the region in which the accident occurred. The payment procedure published in Methods Handbook Series M-44, *Settlement Manual Tort Claims*, Appendix VIII, will no longer be followed.—*Law Department, 6-24-71.*

*All Postmasters***Sexually Oriented Advertising**

Postmasters will soon be furnished a poster calling attention to the postal customer's right to curb the mailing of sexually oriented advertising to his home.

The poster should be displayed indefinitely in a prominent location in the public lobby in accordance with section 243.212 of the Postal Service Manual.

Postmasters in buildings which are operated by the General Services Administration should submit the posters upon their receipt to the superintendent of the building for display.—*Finance and Administration Department, 6-24-71.*

*All Postal Installations***Rubber and Steel Stamps****Rubber Line Stamps**

Effective immediately, field offices shall requisition rubber line stamps, items 500, 502, 518, 574, 575 and rubber type, item 645, directly from Sterrett Manufacturing Co., Onarga, IL 60955, the contractor for fiscal year 1972. Use Form 1567, Requisition for Rubber and Steel Stamps Only. Headquarters will continue to handle billings and payments for these items.

Rubber and Steel Postmarking, Dating, and Miscellaneous Stamps

Requisition all rubber and steel postmarking, dating, and miscellaneous stamps except the above enumerated rubber line stamps, from the supply centers on Form 1567. Enter finance number applicable to the installation on the top of the form at the right side of the State and ZIP Code line.

Items 716-A and 718-D, roller die replacements, listed in Publication 24, Supply Catalog, are no longer furnished. When replacement die is needed, requisition complete item 716 or 718.—*Facilities Department, 6-24-71.*

*All Postal Installations***International Symbol of Accessibility to the Handicapped**

The Director of Information for the President's Committee on Employment of the Handicapped has made available to the U.S. Postal Service a limited supply of an International Symbol of Accessibility to the Handicapped.

This symbol is a 4½ by 4¾ inch reflective decal sign that depicts a stylized silhouette of a person sitting in a wheelchair, and is identified with Post Office Item Number C-9900. It is available for use only at those post offices in buildings designed or modified to eliminate barriers to handicapped employees and customers. It should *not* be displayed if the facility entrance is not barrier free. The sticker should be used on doorways wide enough to admit a wheelchair, and on entrances which are at ground level or have a ramp instead of a stairway.

*All Postal Installations***Pamphlet 18, Your Retirement System**

The Civil Service Commission has revised Pamphlet 18, *Your Retirement System*, to include amendments to the retirement law through January 8, 1971. This is a very comprehensive document which answers retirement questions asked by employees, former employees, and prospective employees of the Federal Government. It explains in simple terms the operation of the Civil Service Retirement System and the benefits it provides for employees and their families. Pamphlet 18 is useful as a reference in retirement counseling.

Installation heads should requisition Pamphlet 18 from appropriate area supply centers during the regular requisitioning cycle, using Form 1580, *Requisition for Supplies*. Upon receipt of the revised edition of this pamphlet, all previous editions will be obsolete and should be destroyed.

Give a copy of Pamphlet 18 to each new employee covered by the retirement system and, *upon request*, to career employees presently on the rolls.—*Personnel Department, 6-24-71.*

Mounting heights should be such that the sticker is in the line of vision of people either in wheelchairs or standing.

Since the supply centers are stocked with a limited supply, only one sticker will be available for use at a postal facility entrance that is accessible to the handicapped. If, in the future, additional stickers become available, the symbol could then be used at such locations as drinking fountains, telephones that can be reached by a person in a wheelchair, restrooms that will admit wheelchairs and have bars to assist disabled users, and at parking spaces wide enough to permit transfer from vehicle to chair.

This item may be requisitioned from your area supply center on Form 1580 during regular requisitioning cycles.—*Operations Department, 6-24-71.*

Warning Notice—Unrecovered Stolen Canadian Money Order Forms

This current list is to be posted and used by window clerks. Destroy all previous notices. Interim notices of individual series received from the Inspection Service should be inserted in proper sequence pending publication of a new consolidated listing.

THE CANADIAN POSTAL ADMINISTRATION HAS DECLARED THE FOLLOWING ORDERS VOID: OLD STYLE ORDERS WITHOUT PREFIX, ORDERS WITH PREFIX "A", "B", AND "C-00" to "C-92". THESE ORDERS SHOULD NOT BE CASHED. HOLDERS THEREOF SHOULD BE ADVISED TO SEND THEM TO THE POST OFFICE DEPARTMENT AT OTTAWA, CANADA, FOR VALIDATION.
