First-class post offices requiring *less-than-bulk quantities* in addition to the automatic distribution and all *other post offices* may submit a requisition (Form 17) to their designated sectional center facility on their next scheduled requisitioning date.

Shipment of the new 8-cent Historic Preservation stamps will be made as fast as production and distribution facilities permit.—*Communications and Public Affairs, 9-23-71.*

All Postmasters at Offices Having Vehicle Maintenance Facilities

Vehicle Parts

Effective July 1, 1971, VMF's began requisitioning vehicle parts from the Western Area Supply Center, Topeka, KS. The shipping order (Form 4686) included with the shipment of parts contains sufficient information for posting stock record cards. Do not forward Form 4686 to the postal data center.

Each accounting period postal data centers will be provided the value of parts transferred from the supply center to your vehicle facility inventory through other media.

Do not reduce the balance on your Form 4637, "Budgetary Control Register," by these amounts. These parts are funded through Headquarters. The cost will be reflected in the vehicle accounting system when issued out of the local VMF inventory. Although the balance shown on Form 4637 will not be reduced by the amounts obligated by orders to the Western Area Supply Center, there is no authorization to exceed the budget allowance including the obligations to the Western Area Supply Center.

Mailster parts previously ordered from the Western Area Supply Center on Form 4520, "Transfer Order and Voucher," will continue to be ordered in this manner and a copy furnished the PDC as currently instructed.—*Finance Department, 9-23-71.*

First-class post offices requiring less-than-bulk quantities in addition to the automatic distribution and all other post offices may submit a requisition (Form 17) to their designated sectional center facility on their next scheduled requisitioning date.—*Communications and Public Affairs, 9-23-71.*

*All First- and Second-Class Post Offices***Origin Destination
Information System (ODIS)**

Form 1300-H, "ODIS Header Sheet," has been replaced by two new forms. The Forms 1300-HH, "Origin—Destination Information System—Heavy Sample Header Sheet," will be used for the heavy sample tests, and the Form 1300-HR, "Origin—Destination Information System—Regular Sample Header Sheet," will be used for the regular sample tests. The new forms are now available from the area supply centers and should be ordered by all using offices on Form 4750, "Special Requisition for Supplies." Do not order any other items on this form. Post offices which have back orders for the Form 1300-H should replace these orders requesting the new forms. Form 1300-H or a reproduction thereof may be used until the new forms are received.—*Support Group, 9-23-71.*

*All Postal Facilities***Calcium Chloride Ice Melt**

Calcium chloride, anhydrous type, ice melt in pellet form is more uniform in ice melting properties and does not have the objectionable characteristics of ice melt with a sodium chloride base. Therefore, calcium chloride ice melt is preferred and is to be used by all postal facilities.

Calcium chloride ice melt is available in 80 pound sacks from General Services Administration under FSN 6810-082-2644. The price per sack is \$3 and the unit of issue is "SA." The October 1, 1971, edition of the "Stores Stock Catalog" shows the price as \$3.30. This increase in price will not take place due to the President's freeze on prices. However, after October 1, 1971, the unit of issue will be "BAG" (BG).

Post offices with FEDSTRIP authority should requisition their seasonal requirements as soon as possible and should specify "Pellet Form Only" when requisitioning.

Post offices that do not have FEDSTRIP authority are authorized local procurement of ice melt. Insure that ice melt procured locally is the calcium chloride type.—*Support Group, 9-23-71.*

1971 NATIONAL AGREEMENT

The 1971 National Agreement entered into on July 20, 1971, contains provisions which require modifications to the existing timekeepers instructions. In order that salary payments may be made in accordance with the terms of the Agreement, the following instructions must be followed by all post offices.

1. Service Day Determination

Effective Saturday, October 2, 1971, all employees except road duty and rural carriers will have a common method for service day determination—the same as currently exists for full time employees (annual rate regular employees).

Changes to Fiscal Handbook, Series F-21, "Timekeepers Instructions," are effective October 2, 1971. Modify 221.212 to read:

.212 TOUR OF DUTY BEGINNING ONE DAY AND ENDING IN ANOTHER

If a tour of duty begins on one day and extends into the following day, record the hours worked to the day in which the greater portion of the tour falls. If the service day is equally divided by midnight, record the work hours to the day in which the service began. NOTE: Section 221.212b will apply through 11:55 p.m. (2392 hours) Friday, October 1, 1971. A limited number of part-time flexible employees on Tour I may be affected. For example, see exhibit A.

2. Overtime for Part-Time Flexible Schedule Employees

Part-time flexible schedule employees (formerly known as substitute employees) will now also be credited with overtime for service in excess of 8 hours a day or in excess of 40 hours in a week. A common criteria for overtime credit now applies to all part-time employees who are covered by the National Agreement Handbook. F-21 should be modified. Amend 227.13 to read:

.13 Other Employees

.131 Part Time Employees COVERED BY The National Agreement These employees are eligible for overtime credits for work in excess of 8 hours per day or 40 hours per week. The 8 hours per day or 40 hours per week must be in a pay status and can be the result of all work

or a combination of work and paid leave.

.132 Employees NOT COVERED by The National Agreement (Postal assistants, Summer Aids, Christmas Casuals, Employees in Public Policy type programs such as postal trainees for handicapped, summer helpers, veterans readjustment employment program etc.)

These employees are eligible for overtime credits for work in excess of 40 hours per week. The 40 hours per week must be in a pay status and can be the result of all work or a combination of work and paid leave. For entitlement to overtime, whole hours are extended on a weekly basis and all fractions are to be carried to the pay period totals and rounded in accordance with the rounding rule.

3. Overtime Credit for Full-Time Employees

a. Change to Handbook F-21

Modify 227.12 to read:

.12 Full-Time Employees

.121 These employees are eligible for overtime for work in excess of 8 hours per day or 40 hours per week. The 8 hours per day or 40 hours per week must be in a pay status and can be the result of all work or a combination of work and paid leave.

.122 Full-time employees covered by the National Agreement are also entitled to remuneration at the overtime rate for each hour worked outside of their regularly scheduled work week, provided the temporary schedule change was not made at the request of the employee. For example:

Regular schedule Monday—Friday, 8—4:30

A part-time flexible schedule employee assigned to an 11:00 p.m. start on Friday, Saturday, and Sunday evening, will have the following calendar day—service day relationship:

NAME	DES/ACT	BEGIN TIME	CALENDAR DAY	SERVICE DAY
S. JONES	41-0	(2300) 11:00 PM	Friday Oct. 1	Friday Oct. 1
S. JONES	41-0	(2300) 11:00 PM	Saturday Oct. 2	Sunday Oct. 3
S. JONES	41-0	(2300) 11:00 PM	Sunday Oct. 3	Monday Oct. 4

Time cards should be endorsed "Service Day Change" in the Saturday, October 2, 1971 block. PSDS will be programmed to effect the change.

EXHIBIT A

Work week temporarily changed to Saturday—Wednesday. Monday schedule changed to 6—2:30.

Employee authorized:

8 hours overtime Saturday and Sunday.

2 hours overtime and 6 hours straight time Monday.

8 hours straight time Tuesday and Wednesday.

No compensation for Thursday and Friday.

Exhibit B

b. Records

A record of schedule change authorizations must be maintained in each post office for all overtime credits incurred as a result of authorized temporary changes to scheduled work weeks which did not require work in excess of 8 hours per day or 40 hours per week. The record must include the employees name, SSN, date, hours authorized, and name of authorizing supervisor for each occurrence. This record will be the sole source of information for timekeeping purposes, and will be used for other management purposes as the postmaster directs.

c. Procedures at Timecard offices

Effective October 2, 1971, timekeepers should post overtime hours as per current instructions. If full-time employees are due overtime credits for work outside their regularly scheduled work week, which is not in excess of 8 hours a day or 40 hours a week, post the number of hours for which overtime credit was authorized in the OT column of the timecard; post the hours worked in the work hours block. The timecard will NOT crossfoot. The supervisor must sign

EXHIBIT B

the timecard in the leave blocks of day or days concerned. These cards should be forwarded at the close of the pay period to the postal data center with other special handling timecards as described in 262.2, F-21. Employees will be paid for hours shown on timecard even though they do not crossfoot.

d. Procedures at PSDS Offices

Overtime in excess of 8 hours a day or 40 hours a week will continue to be recorded through the PSD System in accordance with current instructions. If full-time employees are due overtime credits for work outside their regularly scheduled work week, which is not in excess of 8 hours a day or 40 hours a week, **MAKE NO OVERTIME AUTHORIZATION INPUT INTO THE PSD SYSTEM.** The employee will record his time through the system in the usual manner. Form 2243, PSDS Hours Adjustment Record, should be prepared at the work location from the records described in b above. Form 2243 must be signed by a supervisor (*NOT* a timekeeper or PSD technician). The Form 2243 will be certified in the accounting section and forwarded to the PDC for payment.

4. Retroactive Payments (July 20, through October 1, 1971 only).

Timecards and PSDS records must be reviewed for all employees to determine whether any adjustments are due employees as a result of the recalculation of (1) overtime for part-time flexible schedule employees, or (2) overtime credits for full-time employees which resulted from management directed temporary changes to work schedule.

a. Overtime for Part-Time Flexible Schedule Employees

(1) PSDS Offices:

Data for pay periods 15 through 20 will be recalculated by the ADPCs and the adjustments sent to the respective PDCs for payment. Adjustment will be included in the salary checks following receipt of data by PDCs.

Post offices must review the PSDS printouts for the pay periods involved to determine whether any employees **NOT COVERED** by the National Agreement worked in excess of 8 hours on any day. Since this category of employee is **NOT** entitled to overtime on a daily basis, post offices must insure that they are not erroneously paid for it. Also, check 9S payroll edits.

(2) Timecard Offices:

Recalculate timecards from July 20 through October 1, 1971, for part-time flexible schedule employees on the basis of overtime credit for work in excess of 8 hours per day or 40 hours per week. If employees are due overtime pay which has not been paid, adjustment is to be made by means of a Form 2240. Form 2240 should be endorsed "National Agreement Recalculation" and forwarded to the respective postal data center for payment. Adjustment will be included in the salary checks for the period following receipt of Form 2240 at the PDC.

b. Overtime Remuneration for Work Performed by Full Time Employees Outside of But Not in Excess of Basic Schedule

When review of schedules, general orders and other records available to

Plastic Case Dividers

Additional stock of items 0-1037-A and B are now available at the supply centers. Offices having requirements for these items should requisition them on Form 1580, "Requisition for Supplies," during regular requisitioning cycles.—*Administration Department, 9-23-71.*

the work location supervisors discloses that a full-time employee is due additional remuneration for service performed outside of, but not in excess of his basic work schedule, the following procedures will apply:

(1) Prepare an adjustment request on Form 2240 (timecard offices) or Form 2243 (PSDS offices). Post the hours which are to be paid at the overtime rate in the OT block; make no change to the WORK HOURS. If Sunday premium adjustment is necessary, that too will be recalculated and posted. (Sun. Prem. and OT cannot be pyramided)

(2) The adjustment requests will be endorsed "National Agreement Recalculation.—Schedule change at managements direction.—No increase in work hours." A work location supervisor *must* sign the comment. Forward the 2240/2243's to the respective Postal Data Centers through the accounting section. Payment will be made in the pay period following receipt of adjustments by the PDCs. Handbook F-21 will be updated to reflect these changes.—*Support Group 9-23-71.*
