Courteous Service To Customers

Postmasters are requested to take immediate measures to insure that all employees are instructed to:

1. Greet postal customers courteously and pleasantly.
2. Ascertain the customer's need in a business-like manner.
3. Close out a transaction in a manner that supports good public relations between the Postal Service and its customers.—*Customer Services Group, 2-10-72.*

All Post Offices

Delivery of Treasury Checks

Treasury checks enclosed in envelopes which do not indicate a date of delivery will be delivered on the first scheduled delivery after receipt.

Treasury checks enclosed in envelopes which indicate a date of delivery will be delivered on that date or the first scheduled delivery after that date. In emergency or other infrequent situations, customers receiving delivery service may request pre-delivery of their mail at the office of delivery, providing withdrawal of the mail does not interfere with carriers' delivery schedules.—*Customer Services Group, 2-10-72.*

First-class post offices requiring additional *bulk quantities* should immediately submit a separate requisition (Form 3356) to the Bureau of Engraving and Printing using item No. 455.

First-class post offices requiring *less-than-bulk quantities* in addition to the automatic distribution and all other post offices may submit a requisition (Form 17) to their designated sectional center facility on their next scheduled requisitioning date.—*Communications and Public Affairs, 2-10-72.*

All Post Offices

Disposition of Exchanged Reply Coupons

Postmasters must forward all foreign issued international reply coupons redeemed through December 31, 1971, with Form 2961, *Statement of Foreign-Issue Reply Coupons Exchanged*, to their postal data center with their statement of account for accounting period 10 (or postal quarter No. 3). See Handbook F-1, *Financial and Cost Controls*, section 224.5.—*Finance Department, 2-10-72.*

NEW PROCEDURES FOR JOB CLEANER PAYMENTS

Effective with service performed for pay period 4 (ending date of February 18, 1972), all payments for contract job cleaner services will be centralized at the St. Louis Postal Data Center.

Beginning with pay period 4, there will be a change in the certification procedures for this service. Form 1264, November 1967 edition, will no longer be used as a positive certification of service. Instead, a Form 1264-X, Certification for Job Cleaners Services, December 1970 edition, will be furnished for each contractor for use in advising the St. Louis PDC when other than full service has been performed.

If service has been performed in accordance with the contract and full payment is to be made, no action is required of the postmaster. If less than full service, or no service, is performed, an exception card (Form 1264-X) must be completed and forwarded to the St. Louis PDC in time for processing on Monday following the close of the pay period. Failure to receive the exception card by this date will result in a check being processed in full payment to the contractor. For example, if a contractor's schedule requires service on 10 days of a pay period and he performs service for only 5 days, the number 5 will be entered in the CFY (current fiscal year) block. Always use the current fiscal year block except at the close of the fiscal year. Separate instructions will be issued with the year end closing instructions concerning the use of the PFY (prior fiscal year) block. (See exhibit.)

If no service is performed during the pay period, check block 2 and send to the St. Louis Postal Data Center by Monday following the close of the pay period.

All exception cards must be signed, dated, and the pay period annotated

as indicated by items 3 and 4 of the exhibit. You are again cautioned to submit an exception card ONLY when partial or no service is performed. Failure to do so will cause a check to be issued for the full payment to the contractor.

Each time an exception card is submitted to the St. Louis Postal Data Center, a new card will be prepared by the Postal Data Center and returned to the post office or installation for use when the contractor performs less than the required service in a subsequent pay period.

At this time no changes in the method of contracting for job cleaner service will be made. Contracts completed for service after February 4, 1972, will be sent to the St. Louis Postal Data Center for processing.

Timely submission of contracts (Forms 7331, Contract Job Cleaners, formerly Form 4835) and exception cards (Forms 1264-X) is of utmost importance to avoid costly cancellation and collection procedures resulting from overpayments.

All checks for job cleaner service will be forwarded direct to the postmaster for verification and distribution. Previously, checks were mailed to the contractor's home address.

Where the postmaster has failed to submit a partial pay certification (Form 1264-X), or notify the St. Louis PDC of contract termination, he must return the check to the St. Louis Postal Data Center for cancellation. If the contractor is overpaid, the check must be returned to the St. Louis Postal Data Center with the completed exception card for processing in the next payment cycle. A new Form 1264-X will be returned with the corrected check.

After February 4, 1972, all requests for adjustments must be submitted to the St. Louis Postal Data Center on a memorandum, appropriately signed, stating reason for adjustment.

New Forms 1264-X, Certification for Job Cleaner Services, to be used for exception payments only, will be mailed to the post offices and other installations for all contractors during the third week in February. Destroy all Forms 1264 (Nov. 1967) on hand on February 11, 1972.

When emergency cleaning service is required and there is no existing contract for this service, have contractor furnish an invoice, prepare Form 7334, Order-Invoice-Voucher (formerly Form 4732), show A/C 55447, and forward to your support Postal Data Center for payment.
