## QUALIFICATION REQUIREMENTS FOR SPECIAL THIRD-CLASS RATES

Revisions to section 134.5, Postal Service Manual, are explained in the following notice which was published in the Federal Register of January 15, 1973 (38 F.R. 1566):

Section 134.5(a) of Title 39, Code of Federal Regulations, lists eight types of organizations or associations eligible for special third-class bulk mail rates. The present regulations do not, however, contain any definitions of the eight categories.

In the daily issue of August 26, 1972 (37 F.R. 17423), the Postal Service, complying voluntarily with the advance notice requirement of the Administrative Procedure Act (5 U.S.C. 553(b), (c)) regarding proposed rulemaking, published proposed eligibility standards for determining whether an organization is entitled to special third-class mail rates as a nonprofit organization within the purview of 39 CFR 134.5 (a). The proposed eligibility standards were based on long-standing administrative interpretations made through the years. Interested members of the public were given 30 days within which to submit written data, views, or arguments concerning the proposed regulations.

After consideration of all comments received, the Postal Service has determined to adopt the proposed criteria essentially as published, with certain modifications. The educational category has been more precisely defined so as clearly to include education-oriented organizations in addition to schools, colleges, universities, etc., such as, for example parent-teachers' associations, symphony orchestras, museums, and zoos.

In addition, the philanthropic category has been modified so as not to exclude organizations such as animal welfare leagues and other charitable organizations. In this regard the word *philanthropic* has been historically interpreted in Postal Service regulations as synonymous with *charitable* (see 39 CFR 134.5(b)). This interpretation is also consistent with the Internal Revenue Service's charitable organization category as respects tax exempt organizations. (26 U.S.C. 501(c)(3).) The definitions of agricultural, labor and veterans organiza-

tions have been modified to parallel similar definitions in use by other agencies. In addition, organizations which are *action* organizations as defined in 134.53(1) (a) and (b) cannot qualify for special third-class rates as religious, educational, scientific or philanthropic organizations.

Generally, an organization granted income tax exemption under Title 26, United States Code, section 501(c)(3), as a religious, educational, scientific, or charitable (philanthropic) organization, under section 501(c)(5) as an agricultural or labor organization; under 501(c)(8) as a fraternal organization; or under 501(c)(19) as a veterans' organization will be considered as qualifying for the special third-class rate.

The definitions set out below more clearly express historical interpretations by the Postal Service than the proposed regulations and, where possible, parallel similar definitions in use by other Government agencies. These regulations are effective January 15, 1973.

### 134.5 QUALIFICATION REQUIREMENTS AND APPLICATION PROCEDURE FOR SPECIAL THIRD-CLASS RATES

#### .51 Kinds of Organizations or Associations That May Qualify

Only the following organizations or associations not organized for profit, none of the net income of which benefits any private stockholder or individual, may be authorized to mail pieces at the special rates provided by 134.121 and 134.122.

- |                  |                 |
|------------------|-----------------|
| a. Religious     | e. Agricultural |
| b. Educational   | f. Labor        |
| c. Scientific    | g. Veterans'    |
| d. Philanthropic | h. Fraternal    |

*Primary Purpose.* The standard of *primary purpose* in this definition shall require that the organization be both organized for and operated for the primary purpose. Organizations which incidentally engage in qualifying activities only to accomplish other goals do not meet the primary purpose test.

#### .52 Definitions

##### a. Religious

A nonprofit organization whose

primary purpose is one of the following:

(1) To conduct religious worship—for example, churches, synagogues, temples, or mosques;

(2) To support the religious activities of nonprofit organizations whose primary purpose is to conduct religious worship;

(3) To perform instruction in, to disseminate information about, or otherwise to further the teaching of particular religious faiths or tenets.

##### b. Educational

A nonprofit organization whose primary purpose is: (1) the instruction or training of the individual for the purpose of improving or developing his capabilities; or (2) the instruction of the public on subjects beneficial to the community.

An organization may be educational even though it advocates a particular position or viewpoint so long as it presents a sufficiently full and fair exposition of the pertinent facts to permit an individual or the public to form an independent opinion or conclusion. On the other hand, an organization is not educational if its principal function is the mere presentation of unsupported opinion.

The following are examples of organizations which are educational:

(1) An organization, such as primary or secondary school, a college, or a professional or trade school, which has a regularly scheduled curriculum, a regular faculty, and a regularly enrolled body of students in attendance at a place where the educational activities are regularly carried on;

(2) An organization whose activities consist of presenting public discussion groups, forums, panels, lectures, or other similar programs. Such programs may be on radio or television;

(3) An organization which presents a course of instruction by means of correspondence or through the utilization of television or radio;

(4) Museums, zoos, planetariums, symphony orchestras, and other similar organizations.

*Continued on p. 3*

Continued from p. 2

c. *Scientific*

A nonprofit organization whose primary purpose is one of the following:

- (1) To conduct research in the applied, pure or natural sciences;
- (2) To disseminate systematized technical information dealing with applied, pure or natural sciences.

d. *Philanthropic (Charitable)*

A nonprofit organization organized and operated for purposes beneficial to the public. Examples of philanthropic (charitable) organizations are organizations which are organized for:

- (1) Relief of the poor and distressed or of the underprivileged;
- (2) Advancement of religion;
- (3) Advancement of education or science;
- (4) Erection or maintenance of public buildings, monuments, or works;
- (5) Lessening of the burdens of Government;
- (6) Promotion of social welfare by organizations designed to accomplish any of the above purposes or;

- (a) to lessen neighborhood tensions;
- (b) to eliminate prejudice and discrimination;
- (c) to defend human and civil rights secured by law; or
- (d) to combat community deterioration and juvenile delinquency.

The fact that an organization which is organized and operated for the relief of indigent persons may receive voluntary contributions from the persons intended to be relieved will not necessarily prevent such organization from being exempt as an organization organized and operated exclusively for charitable purposes. The fact that an organization, in carrying out its primary purpose, advocates social or civic changes or presents opinion on controversial issues with the intention of molding public opinion or creating public sentiment to an acceptance of its views does not preclude such organization from qualifying so long as it is not an *action* organization as described in 134.53 (1), (2), (3).

e. *Agricultural*

A nonprofit organization whose primary purpose is the betterment of the conditions of those engaged in agricultural pursuits, the improvement of the grade of their products, and the development of a higher degree of efficiency in agriculture. The organization may further and advance agricultural interests through educational activities; the holding of agricultural fairs; the collection and dissemination of information concerning cultivation of the soil and its fruits; the rearing, feeding, and management of livestock, poultry, bees, etc., or other activities relating to agricultural interests.

f. *Labor*

A nonprofit organization whose primary purpose is the betterment of the conditions of workers. Labor organizations include, but are not limited to, organizations in which employees or workmen participate, whose primary purpose is to deal with employers concerning grievances, labor disputes, wages, hours of employment, working conditions, etc. Examples are labor unions and employees' associations formed for the stated purposes.

g. *Veterans'*

A nonprofit organization of veterans of the armed services of the United States, or an auxiliary unit or society of, or a trust or foundation for, any such post or organization.

h. *Fraternal*

A nonprofit organization which meets all of the following criteria:

- (1) Has as its primary purpose the fostering of brotherhood and mutual benefits among its members;
- (2) Is organized under a lodge or chapter system with a representative form of government;
- (3) Follows a ritualistic format; and
- (4) Is comprised of members who are elected to membership by vote of the members.

Fraternal organizations include such organizations as the Masons, Knights of Columbus, Elks, college fraternities, and the like. Fraternal organizations do not encompass such organizations as business leagues, professional associations, civic associations or social clubs.

.53 **Examples of Organizations or Associations That May Not Qualify**

The following and similar organizations do not come within the prescribed categories even though they may be organized on a nonprofit basis: Automobile clubs; business leagues; chambers of commerce; citizens' and civic improvement associations; individuals; municipal, county, or State governmental bodies; mutual insurance associations; political organizations; service clubs such as Civitan, Kiwanis, Lions, Optimist, and Rotary; social and hobby clubs; associations of rural electric cooperatives; trade associations; and religious, educational, scientific, and philanthropic *action* organizations.

Religious, educational, scientific and philanthropic *action* organizations for purposes of this section are defined as follows:

(a) An organization is an *action* organization if a substantial part of its activities is attempting to influence legislation by propaganda or otherwise. For this purpose, an organization will be regarded as attempting to influence legislation if the organization—

- (1) contacts, or urges the public to contact, members of a legislative body for the purpose of proposing, supporting, or opposing legislation; or
- (2) advocates the adoption or rejection of legislation.

The term *legislation*, as used in this subdivision, includes action by the Congress, by any State legislature, by any local council or similar governing body, or by the public in a referendum, initiative, constitutional amendment, or similar procedure. An organization will not fail to meet the operational test merely because it advocates, as an insubstantial part of its activities, the adoption or rejection of legislation.

(b) An organization is an *action* organization if it participates or intervenes, directly or indirectly, in any political campaign on behalf of or in opposition to any candidate for public office. The term *candidate for public office* means an individual who offers himself or is proposed by others, as a contestant for an elective public office, whether such office be national, State, or local. Activities which constitute participation or intervention in

2. The *Postal Contracting Manual* annual subscription rate from the Superintendent of Documents, Government Printing Office, has been increased to \$10.50 domestic. The publication is identified at the Government Printing Office as GPO Catalog Number P-1.12-6:972.

**Availability of Publication 151**

The pamphlet, *Selling to the Postal Service*, Publication 151, dated August 1972, is designed to provide information and guidance to prospective bidders on doing business with the Postal Service. It is available from the area supply centers. The pamphlet covers such areas as: procedures involved in selling to the Postal Service; where to obtain specific assistance; a representative sampling of the commodities the Postal Service is interested in purchasing; a synopsis of the way we buy; what is expected from the successful bidder; and a listing of procurement publications available to assist the bidder.

Copies of Publication 151 may be ordered on Form 4750, *Special Requisition for Supplies*, to cover your needs until your next regular requisition. Do not order any other item on this requisition. All previous editions of this pamphlet are obsolete and shall be destroyed.—*Administration Department, 1-18-73.*

a political campaign on behalf of or in opposition to a candidate include, but are not limited to, the publication or distribution of written or printed statements or the making of oral statements on behalf of or in opposition to such a candidate.

(c) An organization is an *action* organization if it has the following two characteristics: (1) its main or primary objective or objectives (as distinguished from its incidental or secondary objectives) may be attained only by legislation or a defeat of proposed legislation; and (2) it advocates, or campaigns for, the attainment of such main or primary objective or objectives as distinguished from engaging in nonpartisan analysis, study, or research and making the results thereof available to the public. In determining whether an organization has such characteristics, all the surrounding facts and circumstances, including the articles and all activities of the organization, are to be considered.

**.54 Application****.541 Filing**

Application on Form 3624, *Application to Mail at Special Bulk Third-Class Rates for Qualified Nonprofit Organizations or Associations*, must be filed by the organization or association at the post office where mailings will be deposited. The application must include evidence that the organization is nonprofit, and, if available, a certificate of exemption from Federal income tax should accompany the application. An exemption from the payment of Federal income tax is not required in order to qualify for the special third-class bulk rates. Such exemption will be considered as evidence of qualification for preferred postal rates but will not be controlling in the matter. When an organization submits proof that it has been granted income tax exemption under Title 26, United States Code, section 501(c) (3), as a religious, educational, scientific, or charitable (philanthropic) organization; under section 501(c) (5) as an agricultural or labor organization; under section 501(c) (8) as a fraternal organization; or under section 501(c) (19) as a veterans' organization, it will be considered as qualifying for the special third-class rates unless the available evidence discloses some disqualification.

Improper Emergency Opening of Rotary Lock Pouches

There are an excessive number of cases involving the improper opening of registered mail pouches when the rotary lock or key is defective. Registered mail pouches with defective locks should be opened by slitting the seam of the pouch. The *leather strap* at the neck of the pouch *shall not be cut*. These pouches, when empty, shall be forwarded to the main office registry section or the mail bag depository, whichever is applicable. A memorandum explaining the reason for the emergency opening shall accompany the pouch.—Finance Department, 1-18-73.
