Is Your Post Office Historic?

The American Public Works Association Bicentennial Commission is preparing a *History of Public Works in the United States 1776-1976* as its major contribution to our Nation's bicentennial celebration. In support of this project, the Postal Service has been requested to provide information on any post offices that have historical significance. *Postal Life* has previously highlighted the post offices at San Antonio, Tex., and Leadville, W. Va. However, we know there must be other locations that are equally worthy of being included in the bicentennial publication. Submit any historical information at the earliest opportunity to Rita L. Moroney, Director of Research, Office of the Postmaster General, U.S. Postal Service, Room 3411, 12th and Pennsylvania Avenue, Washington, DC 20260.—*Real Estate and Buildings Department, 8-9-73.*

Lobby Space Use

Part 232.6, *Postal Service Manual*, is being revised to reflect the policy stated below concerning use of lobby space by nonprofit charitable or philanthropic organizations. You may apply this policy immediately.

National organizations which are wholly nonprofit in nature and which are devoted to charitable or philanthropic purposes may request use of lobby space for annual or special fund-raising campaigns, providing they do not interfere with the transaction of postal business or require expenditures by the Postal Service or the use of its employees or equipment. Requests will be forwarded to the Customer Services Department, USPS Headquarters for action. If permission is given, each organization will be provided a sectional center mailing list and be informed that the sectional center must be requested to give permission on an installation-by-installation basis. The local postmaster will rely on his reasoned business judgment to restrict activities which may prevent, unduly impair, or interfere with the transaction of business or provision of postal services to the public.

Local charitable and other nonprofit organizations may request use of lobby space directly from their postmaster. The postmaster must determine that the requested activity will not interfere with the transaction of normal postal business, and then obtain approval of the SCF Manager before granting the request.

This supersedes the item on page 2, POSTAL BULLETIN 20919, April 5, 1973.—*Customer Services Department, 8-9-73.*
