Notice to Employees of Alimony and Child-Support Garnishment Process

This sets forth procedures required to comply with the provisions of Public Law 95–30, effective June 1, 1977. The new statute provides that the Postal Service must notify an employee within 15 days of effective service that it has received garnishment process against the employee's wages. The new statute also provides that the Postal Service is to have a minimum of 30 days after effective service to respond to the process. In order to comply with these legal requirements, installation heads should immediately notify an employee for whom a garnishment order for alimony and/or child support is received, in writing, attaching a copy of the process.

The following format for notification is suggested:

To: (*Employee*)
(*Duty Station or last known home address*)

On (*date*), the attached order for the garnishment of your wages for alimony or child-support was received. The Postal Service is legally bound to honor a garnishment order for this purpose if it is legally valid. We are obligated to respond within 30 days; you will be advised further when the Postal Service complies with the order. If you wish further information, please contact (*Personnel Office, Installation Head, etc.*).

Signed: (*Installation Head*)

POP-UP ADVERTISEMENTS

Reports from the field indicate that materials referred to as *pop-up* advertisements are being enclosed in copies of second-class publications. These types of advertisements usually comprise an assortment of die-cut pieces pasted to a folded sheet which is bound into or enclosed in copies of publications. When the sheet is unfolded, die-cut figures representing people and items such as tables, airplanes, boats, houses, and fences, assume positions at an angle to the surface of the page to give a three-dimensional effect.

Section 132.223 of the POSTAL SERVICE MANUAL specifies that second-class publications must be formed of printed sheets. For postal purposes, a *sheet* is a leaf comprising two pages (front and back). In the opinion of the Postal Service, *pop-up* advertisements formed from die-cut forms which are folded and attached to a leaf are not printed sheets. Accordingly, publications which contain *pop-up* advertisements fail to meet a basic qualification for second-class mail privileges.

Beginning July 8, 1977, postage at the applicable third- or fourth-class rate must be charged on *pop-up* advertisements contained in copies of publications mailed at the second-class rates of postage.—*Rates & Classification Dept., 6–30–77.*

Policy on Employee Name Changes

The name by which an employee is known will be the name on the employee's application for employment, or on a subsequent Form 50, *Notification of Personnel Action*, which has officially changed that employee's name in the records of the Postal Service.

In the case of a female employee who marries after beginning employment, her notification of marriage and intention to use her new married name is sufficient authority to process a name change personnel action. If she desires not to use her new married name, but to continue using the name by which she is currently carried on the Postal Service rolls, no justification or action is required. Any changes to tax exemptions, health benefits enrollment, designations of beneficiary, etc., will be made as requested, according to existing procedures.

In all other cases where an employee requests to be known by a name other than the one appearing on Postal Service records, including female employees reverting to a maiden name, the request may be approved provided that it is supported by:

1. A written statement that the employee intends to use the requested name in all matters concerning the Postal Service, and

2. Appropriate evidence that the use of the requested name will not be for fraudulent purposes. Such evidence must be either a copy of a judicial order granting a name change, or a notarized affidavit that the use of the requested name will not be for an illegal, improper or fraudulent purpose.

In all cases involving a name change, a Form 50 will be issued, using nature of action code 780 and the associated procedures. All documents supporting the requested change will be filed as permanent records in the Official Personnel Folder immediately below the Form 50 which effects the name change.

Permanent directives will be modified to reflect this policy.—*Employee Relations Dept., 6–30–77.*

Pay Increase—National Agreement 1975–1978

The scheduled $600 per annum pay increase for eligible Bargaining Unit employees under the provisions of the 1975 *National Agreement* is effective July 21, 1977. Because this date is other than the first day of a pay period (PP), special payroll procedures will be necessary to produce a timely and correct payment for PP 16–77 (July 16 to July 29).

Provisions to capture hours of service at the old and new rate within the pay period are outlined below:

A. Processing Personnel Actions

Personnel Service Centers. Personnel actions effective on or after July 21 must reflect the new salary rates. Personnel change actions affecting salaries that are effective July 21 thru July 29 and processed in PP 16–77 must be submitted as a *PDC Hold Out—No Tape* action. The change will be processed by the PDC as an adjustment in PP 17–77.

B. Timekeeping Procedures

1. Timecards (Form 1230). The postal data center will issue a special timecard, color coded, and identified as PP 42–77, for all eligible Bargaining Unit employees. This special timecard will be used to adjust the salary for employees in a pay status (work or leave) July 16 thru July 20. The special timecard 42–77 will be mailed for receipt at postal installations no later than July 13. All daily entries for leave, work, Sunday work, night work, and overtime hours for the service days July 16–20 will be transcribed from the normal PP 16 timecard to the special 42–77 timecard. The special 42–77 timecard will be appropriately totaled and submitted to the respective servicing PDC. All special 42–77 timecards, *including the unused cards, must* be submitted for receipt by July 22, 1977. NOTE: The PDC will maintain a control to account for *all* PP 42–77 cards sent out. All must be returned. Do not alter the regular PP 16–77 timecard; these timecards will be completed for the entire period and submitted in the usual manner.

2. Higher Level Service. Eligible Bargaining Unit employees serving higher level in a non-bargaining (PES–PMS–PTAC schedule) position may require submission of two Forms 1640, *Certificate for Additional Salary Payment.* One Form 1640 will be required to reflect higher level service for July 16–20 only. This Form 1640 must be identified in bold print as **PP 42–77—7/16–7/20 Only.** The special Form 1640 will be certified and completed in the usual manner and be submitted together with the special PP 42–77 timecard for receipt in the PDC by July 22. *Another Form 1640* will be used to reflect higher level service for the period July 21 through July 29. This Form 1640 will be identified as PP 16–77, ending July 29, 1977. The form will be completed, certified, and submitted in the usual manner together with the regular PP 16–77 timecard. The PDC will compute each Form 1640 and respective timecard at the appropriate rate for payment in the August 5, 1977, pay check. It is important that the Form 1640 be identified and submitted with the respective timecard.

3. PSDS Facilities. The ADP Center will automatically transmit the necessary time credits required for the pay increase, for Employee Master Records (EMR's) of all eligible employees with SCH Codes 4 and 5, to the PDC's at the end of the pay period. Also included will be cases of employees whose basic level SCH is 4 or 5 and the higher level (H/L) SCH is 3, 6, or 7.

Prior Pay Period Manual Pay Adjustment. Since the salary increase of July 21 is effective on day 6 of PP 16, it will be necessary to prepare separate Forms 1223, *Earnings and Deductions Statement,* when proc-

Where a sub rural carrier served on a route during the old pay rate period (Saturday, July 16 through Wednesday, July 20) all entries for this period (7/16–20) will be transcribed from the regular certificate to the special PP 42–77 certificate. This certificate will show service through July 20 only. It will be completed, certified, and submitted for receipt at your PDC by July 22, 1977.

Special PP 42–77 certificates *not* used; i.e., where the regular rural carrier served the route 7/16–20, will *not*—repeat not—be returned to the PDC.

The Form 1314, *Statement of Service Performed on Rural Route,* for PP 16 will be completed and submitted in the normal manner.

Hours for the sub rural carriers serving between July 16–20 will be entered in hundred hours (00.00) in the *Actual Work Hrs.—Week I* block. Enter trips in *Trips Week I* block. Entries should be K, J, A (annual), S (sick), etc. The number of trips for the substitute(s) should equal the days off of the assigned carrier. See Exhibit No. 1.

5. Non-Receipt of Timecard/Certificates. If no prepunched card is received for eligible employees who worked or were on leave, prepare an unpunched card and identify it as related above. Submit such cards with the other special PP 42–77 timecards/certificates for receipt at the PDC by 7/22/77.

UNIFORM ALLOWANCE PROGRAM

Change in Method of Payment for Purchases

It was announced in a previous POSTAL BULLETIN that on a recommendation of the Joint Labor-Management Uniform Control Committee, the U.S. Postal Service had decided to change the method of supplying uniforms or work clothes to persons eligible to receive them under the Contract Uniform Program or the Work Clothes Program, by allowing the employee to purchase these items from a licensed vendor.

It was originally planned to have the vendor paid by the employer. However, in an attempt to interest a number of large nationwide retail chain stores in becoming vendors, it was recommended that payment be made to the employee instead of the vendor. Since that time only a few of these stores have entered the program. Furthermore, numerous complaints have been received from other vendors advising that a number of postal employees (greatly in excess of what had been anticipated) have failed to pay for merchandise purchased on credit, thereby creating a financial hardship for these vendors. Because of this, some vendors have considered dropping out of the program. Therefore, because of the lack of interest in the program on the part of the large chain stores and because of the collection problems being experienced by the vendors, the Joint Labor-Management Uniform Control Committee has recommended that the employer make payment directly to the vendor rather than to the employee.

On this recommendation, the employer has decided to make payment directly to the vendor. This change will become effective on July 21, 1977. The following instructions are issued for each of the programs covered by this change.

Contract Uniform Program

This program covers vehicle maintenance employees formerly entitled to uniforms under the Contract Uniform Program and now receiving an allowance of $75.00 per anniversary year, and custodial maintenance employees and mailhandlers formerly entitled to uniforms under the Contract Uniform Program and now receiving an allowance of $60.00 per anniversary year. To be eligible under the Contract Uniform Program, employees must (a) be in the public view at least 4 hours a day for 5 days a week, or (b) in other instances, be in public view a combined total time

Continued on p. 6

Continued from p. 5

of not less than 30 hours per week. Eligible employees are as follows:

A. Mailhandlers and Group Leaders (Mailhandlers) assigned to dock areas, platforms, and other locations who meet the 4-hour-a-day or 30-hour-a-week criteria.

B. Maintenance (Custodial) not otherwise authorized to wear uniforms who are assigned to *multi-occupied* buildings operated by the U.S. Postal Service and who meet the 4-hour-a-day or 30-hour-a-week criteria.

C. Vehicle (Maintenance) employees who meet the 4-hour-a-day or 30-hour-a-week criteria, including time on road calls.

These employees will obtain the authorized uniform items from licensed vendors who will be reimbursed in the same manner as the regular uniform program. Postmasters and installation heads are requested to continue using Form 1959, *Employee Data for Uniform Items Furnished under Contract,* to establish and terminate employees from this program. *Any employee who has an anniversary date of July 20, 1977 or prior will continue to be reimbursed by the employer until the expiration of his or her anniversary year.*

In order that employees and vendors may receive payment in a timely manner, employees are requested to submit invoices to their postmaster or installation head within 10 days from the receipt of the merchandise so that Forms 1498, *Uniform Allowance Payment Record,* may be submitted for payment. Eligible employees may continue to purchase any combination of the approved items from the licensed vendors, not to exceed their authorized allowance including sales tax and alterations if applicable. No emblem or craft designation will be displayed. Identification will be provided through badges or identification tags furnished by the postmasters or installation heads. In cases where the employee does purchase in excess of his/her allowance or existing allowance balance, the employee is personally responsible to any duly licensed vendor for the excess over the allowance. The full amount of the vendor invoice shall be processed on the Form 1498 regardless of the amount. The postal data center will only pay the maximum left in the employee's account.

Work Clothes

The work clothes program is for full-time employees as defined in Article VII of the *National Agreement* and further, these employees must work full-time in units designated as having dirty work. Flexible employees are not eligible for work clothes under this program. Postmasters and installation heads are requested to continue using Form 1960, *Eligible Full-Time Employees Requiring Work Clothes,* to establish and terminate full-time employees from this program. *Any employee who has an anniversary date of July 20, 1977, or prior will continue to be reimbursed by the employer until the expiration of his or her allowance year.*

In order that employees and vendors may receive their payments in a timely manner, employees are requested to submit invoices to their postmasters or installation heads within 10 days after receipt of the merchandise so that Forms 1498 may be submitted promptly for payment. Eligible employees will be able to purchase any combination of the approved items from licensed vendors, not to exceed their authorized allowance including sales tax and alterations if applicable. In cases where an employee does purchase in excess of his or her authorized allowance or existing allowance balance, the employee is personally responsible to any duly licensed vendor for the excess over the allowance. The full amount of the vendor invoice will be processed on the Form 1498 regardless of the amount. The postal data center will only pay the maximum left in the employee's account.

Payment

Claims for payment for a given allowance year in either the contract uniform program or work clothes program that are not presented to the postmaster or his authorized representative within 30 days after the close of a given allowance year will be considered forfeited and may not be paid in response to late filed claims. On any claim filed within the 30-day period after the close of an allowance year, the invoice must be certified to in writing by the vendor that the merchandise described thereon was actually shipped during the allowance year.

Postmasters will promptly process invoices for payment to vendors. Assure that invoices are in accordance with Handbook F–42, *Uniform Allowance Program.* (NOTE: Signed Forms 1498 should be mailed directly to St. Louis Postal Data Center on Friday of the first and third week of each accounting period. This procedure should be strictly maintained to assure prompt payment to vendors.)

Before processing invoices for payment, postmasters must satisfy themselves that purchases are in accordance with the guidelines set forth in Section 422.3 of the POSTAL SERVICE MANUAL.

Any employee with an anniversary date of July 20, 1977, or prior will be responsible for payment to vendor.—Labor Relations Dept., 6–30–77.

Passport Program Information

Effective with passports issued on or after July 1, 1977, recipients of the regular 24-page passport who subsequently need extra visa pages can only obtain them by applying for a new passport and paying the full application fee. The Passport Office has developed a flier to advise applicants of the advantages of the 48-page passport. This flier is to be displayed in passport literature racks *or the content otherwise made known to passport applicants.* Use Form 7380, *Requisition for Supplies,* to obtain your initial requirements from your area supply center. Ask for: **Item #DSP–8, Info on 48-Page Passports.** Limit the requisition quantities to not more than 150 copies for each facility in the passport program.—*Customer Services Dept., 6–30–77.*

Blank Money Order Stock Inventory

The money order automatic blank stock distribution program has been revised to eliminate future overstocking. To implement this program, the Money Order Division must have an accurate count of the blank money order stock at all post offices.

Beginning July 1, 1977, the Money Order Division will mail out preprinted inventory cards. The national inventory will start in the states of Louisiana and Texas, and will follow the tentative schedule listed in the following table for the remainder of the states. A count of all blank money orders in each office as of the requested date must be taken, and the total filled in on the inventory card. Care must be taken to include any money orders assigned to an office but stored elsewhere for safe keeping. *Do not* include any international money orders, old style money orders, or defective money orders. The completed inventory card must be forwarded to your Management Sectional Center immediately upon completion and no later than the date on the card.

It is important that this inventory is accurate and prompt, as this will be used to determine future shipments to individual post offices. Any inaccuracies could result in further overstocking or shortages in blank money order stock.

Travel Regulations

The following regulations are effective immediately:

170 Travel, Relocation, and Interviews at Request of Another Postal Service Department or Office

170.1 When an employee is requested to travel by a department or office of the Postal Service other than his own, the requesting department or office will pay for the travel. This rule also applies to travel for interviews and relocation expenses.

170.2 The employee will prepare a Form 1012, *Travel Voucher,* and submit it to the requesting office for approval and submission to the postal data center.

170.3 A transportation request will be executed to show the finance number of the requesting department or office.

This new subchapter will be included in the next revision of Methods Handbook M–9, *Travel.*—*Finance Dept., 6–30–77.*

1977 ZIP Code Program

Advertising for the 1977 ZIP Code Program will be released to every TV and radio station in the country in late June. Newspaper proofs will be sent directly to publications in the top 25 markets.

Each TV station will receive one 60-, two 30-, and one 10-second films. All radio stations will receive a musical commercial in 60-, 30-, and 10-second tapes, plus live announcer copy in various lengths. Newspapers in the top 25 markets will receive proofs in various sizes. Regional communication departments will receive a small quantity of back-up materials.

All MSC postmasters will receive a package containing TV commercial storyboards, copies of the lyrics of the radio commercials, and a sample print ad. Actual films or tapes can be requested from the regions.

Postmasters who have originating TV or radio stations in their area should contact the media in mid-July to assure that the stations have received the new materials and are incorporating the commercials in their public service schedule.—*Customer Services Dept., 6–30–77.*

License Required for Contractor Use of Agency Official Mail

A final rule was published in the Federal Register on Friday, May 13, 1977, advising Federal Government agencies that a permit must be obtained from U.S. Postal Service Headquarters for agencies to authorize contractors to mail under the official mail indicia. The procedure is intended to prevent the misuse of official envelopes and labels, and to assure that the Postal Service receives proper payment for services provided. The new regulations will be included in a future revision of Chapter 1, POSTAL SERVICE MANUAL.

The licensing requirement is effective immediately; however, the Manager, Government Revenue and Examination Branch, Finance Department, is authorized to suspend, temporarily, the application of the new regulations to any agency to avoid disruptions of Government operations.

Any agency that wishes to authorize a contractor to use official envelopes or labels must obtain a permit from the Government Revenue and Examination Branch, Finance Department, U.S. Postal Service. The method of mailing must use: (a) Form 3602, *Statement of Mailing with Permit Imprints,* (b) Form 3602-C, *Statement of Mailing Bulk Rates,* (c) Form 3541, *Statement of Mailing—Second Class Publications,* or (d) the postage meter concept prescribed for Federal Government agencies. Agencies must provide information to identify fully the specific mailing contractors and the points of entry through which they will enter the mail into the mail stream. Mail not properly prepared may be refused by the receiving post office, unless the agency mailer agrees that reimbursement will be at the higher rate.

To minimize the impact of these new regulations on Federal agencies, these requirements will be waived for contractors who have not been able to obtain a permit number during the current introductory period, which will end October 9, 1977. After October 9, 1977, requests for a waiver of compliance with the requirements will be considered on an individual case basis only. Any mailing presented by a contractor for a Federal agency must be properly prepared for the class of service requested.

If any official mailing other than first class or priority is improperly prepared or otherwise fails to qualify for a rate with which the pieces are endorsed, the postmaster may refuse the mail. Postal personnel accepting an official mailing which does not comply with the criteria for the class indicated must submit an exception report with an appropriate mailing statement or other record to the Government Revenue and Examination Branch.

Postage and fees for all contractor official mail will be collected on a centralized basis from Headquarters. Post offices must not attempt collections or make any refunds.

Beginning immediately, all contractor mailings must be reported by the originating post office to the Government Revenue and Examination Branch by submission of either a proper invoice form or an exception report. Two copies of GPO Form 712, *Certificate of Conformance,* properly executed, are acceptable in lieu of a Form 3602. After completion of the initial introductory period, all licensing and preparation requirements will be strictly enforced.

Postal personnel must promptly submit all pertinent documents to the Government Revenue and Examination Branch, Finance Department, U.S. Postal Service, Washington, DC 20260 for billing purposes; otherwise, the revenue may be lost.—*Finance Dept., 6-30-77.*

Any stock remaining on hand after July 31, 1977, will immediately be withdrawn from all philatelic outlets and handled in accordance with section 224, Handbook F-1, *Financial and Cost Controls.*

The Inspection Service and Postal System Examiners will give attention in this area during audit reviews.—*Customer Services Dept., 6-30-77.*

Permits for Blind Stands

This notice rescinds sections 243.27 through 243.275, *Vending Stands and Vending Machines,* POSTAL SERVICE MANUAL. This action is necessary because the MANUAL provisions conflict with the Randolph-Sheppard Act Amendments of 1974, and implementing regulations issued by the Department of Health, Education, and Welfare on Wednesday, March 23, 1977. Among other things, the HEW regulations set forth requirements and procedures to be followed by the U.S. Postal Service and other Federal agencies in establishing blind stands in Federal buildings and postal facilities.

A postal policy directive will be published shortly to detail the obligations of the U.S. Postal Service under the Randolph-Sheppard Act.

In the interim, if contacted by a State Agency for the Blind regarding a blind stand at their location, postal managers will consult, through normal channels, with the Regional Director, Employee and Labor Relations. No action shall be taken without written direction from that office.—*Employee Relations Dept., 6-30-77.*

Post Offices with Rural Routes

Rural Carrier Equipment Maintenance Allowance

Equipment maintenance allowance is currently being paid at the rate of 18.5 cents per mile or major fraction of a mile scheduled per day or $7.40, whichever is greater. The increase from 18 cents to 18.5 cents per mile was effective May 7, 1977, in compliance with a *National Agreement* Memorandum of Understanding covering gasoline price increases as established by the Bureau of Labor Statistics.

A special equipment maintenance allowance for routes having a large number of stops in relation to the number of miles is currently being paid at the daily rate shown on the *Special Equipment Maintenance Allowance Schedule—Rural Routes,* on page 9 of this BULLETIN. This schedule replaces the old schedule provided in POSTAL BULLETIN 21108, 3-24-77.—*Delivery Services Dept., 6-30-77.*

Obsolete Markings

Section 121.42e of the POSTAL SERVICE MANUAL states that: *Unauthorized labels which do not designate the address, nature of contents, or handling, are not permitted. Obsolete markings will be obliterated.*

Pieces of mail with such obsolete or unauthorized markings will not be accepted or dispatched by the originating office. The failure of accepting post offices to strictly enforce this requirement is causing delivery and handling problems.—*Rates & Classification Dept., 6–30–77.*

Foreign Obscenity Complaints

In responding to customer complaints regarding obscene advertisements mailed from foreign sources, the postal employee must ask the customer to open the mail piece, initial and place the date of receipt on the envelope and each piece of the contents. In addition, the employee should advise the customer that although postal obscenity laws cannot be enforced against foreign mailers because they are outside United States jurisdiction, the mailing will be referred to the Postal Inspection Service for appropriate attention. Such attention includes contacting appropriate foreign authorities and requesting them to cause the firm to remove the customer's name from its mailing list, and to consider action against the promoter under any applicable foreign laws.

All complaints of foreign obscenity mailings must be sent to the Postal Inspector in Charge, Special Investigations Division, Room 3400, Washington, DC 20260.—*Inspection Service, 6–30–77.*
